AUDITOR’S REPORT

Milbridge, Me., Feb. 20, 1940.

Board of Selectmen, Gouldsboro, Me.:

In accordance with chapter 216 of the Public Laws of 1937, I hereby certify that I have audited the accounts of the selectmen, treasurer and tax collector for the municipal year 1940, and to the best of my knowledge these accounts are correct.

In order to conform to the State system of uniform accounts, it was necessary to make several changes as will be seen in the town report, one of the more important changes is the substitution of an administration and a net town debt account, instead of the contingent account.

Under the State system, no overdrafts or unexpended balances are carried forward except those in which there are State funds, such as the school and State-aid accounts.

I would recommend that an appropriation of $285 be made to take care of the ministerial and school fund. Apparently this money has been used by the town in the past, as none of the present officers have any knowledge of it. The statutes provide that this money shall be kept separately from town funds, and invested in such securities as are legal for trust funds or deposited in some savings account at any bank organized under the laws of this State or the laws of the United States.

I wish to compliment the officers upon the neatness, accuracy and completeness of their records, and commend the tax collector upon the small amount of uncollected taxes. A full detailed report of audit will be sent you later.

Respectfully submitted,

A. F. SAWYER,
Auditor.

RICHARD SHAW,
Town Clerk.

SCHOOL REPORT

REPORT OF SUPERINTENDENT

To the Superintending School Committee and Citizens of the Town of Gouldsboro:

It is with a great deal of pleasure that I herewith submit my second annual report of your school affairs for approval. There is much satisfaction to be derived from working in a friendly community with a professionally minded school committee, understanding parents and cooperative town officials.

It has been the aim of the school department for the past year to live within its budget and at the same time provide adequate schooling privileges for your boys and girls, young
men and young women, who in a relatively few years hence will themselves be carrying on the burden of town management.

As may be noted in the financial statement which follows, the school department's current operating expenses did not exceed the budget made available through local appropriations and reimbursements from the State. In addition to the finances provided in the appropriations, the school account received $2,273.85 from the State school fund and for the first time in several years, equalization money to the sum of $986. Since, under the general provisions of the equalization law, all allocations from the fund must be utilized for school maintenance and expended at the end of the fiscal year, the amount was used to supplement funds already appropriated by the town for the improvement of school equipment, by the purchase of reference material, blackboards, teachers' desks, chairs, clocks, maps, text-books, etc.

If equalization continues, it will be possible to operate next year on a budget of $7,800 with a possible reduction the following year to $7,500. It would not be advisable later to attempt further reductions, since we are now operating on nearly a rock-bottom basis, unless pupil enrollment is appreciably decreased, permitting the closing of another school. Such a reduction cannot be predicted at this time. We must not economize at the expense of the next generation.

It is my desire to continue the plan of improving the school system, started by my predecessors, until our grade school graduates have the same educational privileges as those in larger and more highly-developed areas. These boys and girls will eventually have to compete with those of other communities for jobs and in other life activities since a transmigration of labor is continually taking place between localities.

This improvement can begin by standardizing the daily teaching programs of the various schools, to be followed later by a standardization of all text-books and work-books in use. Eventually we should provide for an art and music supervisor, in cooperation with some other town, in order to lessen the expense, for no longer are these courses considered luxury courses, but rather important adjuncts to everyday living.

We are greatly in need of an adequate guidance program, which includes testing and follow-up. Because of the addition-
al expense involved it is suggested that testing be done at the beginning on three levels, namely, grades 1-4-8. It has long been recommended that the teacher be aware of the child's various skills and abilities in all phases of school work and school life. The teacher needs information about many aspects of the child's life.

Measurement of mental age is not enough. The teacher needs a well-rounded picture of the child. She needs to know the mental age, chronological age, language abilities, reading abilities, background experiences, interest, physical condition, etc. With the information derived from cumulative records and report cards, the teacher will be able to plan for efficient guidance in conjunction with the parent. Best results follow when the home and the school work together.

We should soon begin to think in terms of a "community school" plant which contains all the facilities necessary for carrying on a well-rounded program of formal educational activities, a balanced program of health, safety and physical education, and a wide range of recreational activities for developing the worthy use of leisure time. The administration of this would also afford ample opportunity for adult participation in many worthwhile community activities.

The use of school facilities for evening classes for adults is spreading rapidly over the country. There could be provided space for the widest range of community interests and activities, such as parent-teacher meetings, indoor and outdoor recreational activities, work in dramatics and music and public forum groups. Truly, with this rich field of opportunities for children and adults the modern school is the real center of community life. It is to be hoped that no false ideas of economy will permanently interrupt the continued development of this phase of our educational life.

Fortunately we are favored at the present time with good teaching and better than average equipment for the kind of schooling offered. We are also greatly indebted to two of our "permanent" summer residents, Mrs. E. T. Paine, of Prospect Harbor, and Morton E. Bunker, of South Gouldsboro, for their donations and improvements over the past several years. To them is extended the appreciation of a grateful community and the gratitude of inspired boys and girls.

Respectfully submitted,

R. H. HASKINS,
Superintendent of Schools.

NURSE’S REPORT

Flanders Bay Nursing Service

To the Citizens of Gouldsboro, I hereby submit the report of the Nursing Service given beginning January 1, 1939, and ending December 31, 1939:

The seven-point program was emphasized in January, after the winter weighing of 137 pupils was completed. The teachers were consulted to see what children qualified for seven-pointer. Other children were told corrections they needed to obtain qualification.

The Cancer Prevention and Early Diagnosis Campaign was conducted during March and April. Over 1,000 pamphlets on these subjects were placed in the library, schools and stores. A set of Early Diagnosis pamphlets was sent to each home, through the schools, and posters were exhibited in all public places.
During April, forty-nine school children were vaccinated for smallpox immunization, this being a part of the school program each year. The nurse assisted.

A new health protection was added to the school program this year, by the testing of the water supply used by the schools.

Gouldsboro took an active part in the school Health Day program on May 18. One hundred and fifty-four seven-point children from the Flanders Bay Section took part in the exercises. There were eleven 50 per cent and one 100 per cent, seven-point rooms represented; the honor of the one 100 per cent, room going to Gouldsboro grammar school, as well as six of the 50 per cent, rooms being from Gouldsboro schools. Pictures were taken. Miss Abbie Buck, from the Maine Public Health office, was the guest speaker.

All mothers were invited to bring their babies and pre-school children to the Winter Harbor annual clinic on August 22. Dr. Strong was the examining physician, and Miss Waters, nutritionist from the State Department of Health, was present and talked to each mother.

With the opening of schools in September, the first week was given over to special inspection in each room for skin infection and a sanitary inspection of the school buildings as well as playground and equipment.

Annual school health inspection was completed in all rooms in September. Notices were sent to all parents where symptoms of defects were found and a full report was left with each teacher and superintendent of schools. Routine school room visits have been made during the year to talk over health problems with the teacher and give help whenever needed.

Number of pupils inspected, 130; with defective teeth, 56; defective vision, 7; defective hearing, 1; defective throats, 13; defective skin, 2; 100 per cent. underweight, 17. Corrections secured; teeth, 43; vision, 3; throats, 3.

During the year 546 instructive and investigative visits have been made to babies, pre-school and school children, pre-natal patients and tuberculosis contacts, as well as visits to give bedside care.

Twenty-three patients were taken to hospitals, doctors, and clinics in nearby cities. Twenty-five school children have been
taken to dentists and oculists for corrective work. All tuberculosis contacts and suspects have had X-ray follow-ups as advised, and home supervision by the nurse.

In closing I extend thanks to all who have cooperated in any way to the success of the nursing service, and for the splendid cooperation of selectmen, members of the school board and superintendent of schools.

Respectfully submitted,

CLYE H. RICKER, R. N.,
Public Health Nurse.

THE INFORMATION BOOTH

During the fifty-one days that the information booth was open, 498 calls were registered. This is an average of nearly ten per day. This seems, at the first glance, to be rather small. But when one considers that the booth was located on the blind side of the road and a third of a mile from the signs marking the entrance to Route 186, the average seems extremely good. The number of cars directed to Schoodic was 68. Of this number, nearly a third had never heard of the Schoodic drive before. Many, after having taken the drive, returned to the booth to express their appreciation and thanks for the information given, some remarking that although this was their first visit to this part of the State, it was to be by no means their last. How much advertising these people give us among their friends, of course, is speculation, but there is sure to be some.

Parties that wished to spend the night on the seashore have been directed to various points on 186. In some instances these parties have stayed not only overnight but have remained for two or three days.

Parties, from within our own State and without, seeking a place on the seashore for a day's outing, have been directed to the Sands, Corea, Schoodic and elsewhere on Route 186.

If we take all these things into consideration, the booth, in spite of the handicaps under which it operated, has amply justified its existence.

The booth this summer has brought out the lack of certain things to which should be given some consideration.
1. Need for advertising the Schoodic drive. We are now placing emphasis on the Acadia National Park. But because of the great amount of publicity by the government, State Publicity Bureau, and other agencies, to the people coming in from other states as well as to some within our own State, the Acadia National Park and Bar Harbor are one and the same place. It seems to me, therefore, that our advertising should be the Schoodic Drive of the Acadia National Park, and not the Acadia National Park, Schoodic Drive.

2. Lack of road signs. To show a stranger to Schoodic Point, the one thing that attracts most people to our section, we have at the present time one, and only one, small sign. This sign can only be read within three lengths of a car, not even that after dark, and reads, "The Moore Road." It is not surprising that strangers have stopped at the booth this summer and complained of having driven all the way around Route 186 and not found their way to Schoodic. It would seem advisable to have good legible signs at both entrances to the Schoodic Drive. Also in Birch Harbor, opposite the entrance of the Drive, a sign pointing the way to Winter Harbor, Prospect Harbor and Corea.

3. An advertising folder of this section. A great many calls have been made for a folder, containing a road map and pointing out the interesting features of Route 186. The information booth at Bangor has complained recently about the lack of such a folder to fill their many requests.

4. A better location for the booth. For the best service the booth should be on the other side of the road where it could be seen as one approaches in either direction. A suggestion has already been made that seems to have merit. That is to make a new turn at the entrance of route 186 in front of the town house for those coming from or going west. To move up the signs from the lower turn and designate this as the official entrance to route 186. The triangular piece thus formed to be graded in and the booth placed there. This would not only make an ideal place for the booth, but also eliminate the bad turns on the road now used.
A summary of this season at the booth follows:

### Total number of calls
498

A. W. COLE.
WARRANT

For the Annual Town Meeting
March 4, 1940

HANCOCK ss.
TOWN OF GOULDSBORO, STATE OF MAINE.

To Irving P. Hinckley, Constable of the Town of Gouldsboro,
in said County,

GREETING:

In the name of the State of Maine, you are hereby directed
to notify and warn the inhabitants of the town of Gouldsboro,
qualified by law to vote in town affairs, to meet at the town
house, West Gouldsboro, in said town, on March 4, 1940, at 10
o'clock in the forenoon, to act on the following articles, to wit:

Article 1  To choose a moderator to preside at said meeting.

2  To choose a town clerk for the ensuing year.

3  To hear the report of town officers and commissioners and
act thereon.

4  To choose three members of the board of selectmen and
assessors for the ensuing year.

5  To see if the town will vote to authorize the selectmen to
serve as overseers of the poor for the ensuing year.

6  To choose a member, or members, of the board of over­
seers of the poor.

7  To see if the town will vote to elect one member as over­
seer of the poor and raise a sum of money for salary.

8  To see if the town will vote to fix the compensation of the
collector and treasurer.

9  To choose a collector of taxes for the ensuing year.

10 To choose a treasurer for the ensuing year.

11 To choose a member, or members, of the superintending
school committee.

12 To choose constables for the town.
13 To choose fence viewers for the town.
14 To choose surveyors of lumber and measurers of wood and bark.
15 To choose a fire ward, or wards, for the ensuing year.
16 To see if the town will elect one, or more, road commissioners or authorize the selectmen to appoint the road commissioner or commissioners.
17 To choose a budget committee for the ensuing year.
18 To choose all other necessary town officers.
19 To see if the town will vote that poll taxes shall be due and payable on the first day of May.
20 To see if the town will vote when all taxes shall be due and payable.
21 To see if the town will vote to authorize the selectmen and treasurer to make a temporary loan, or loans, not exceeding in the aggregate the sum of $12,000, in anticipation of and to be paid out of current taxes for the municipal year of 1940.
22 To see if the town will vote to authorize the selectmen and treasurer to issue the town's negotiable notes or bonds, not exceeding $17,000, for the purpose of renewing, refunding or paying the certain indebtedness of the town, due during the municipal year, 1940, to wit:

</tr>
<tr>
<td>Gertrude Whitaker</td>
<td>$1,000.00</td>
</tr>
</tbody>
</table>

23 To see if the town will vote to raise and appropriate a sum of money for the following accounts, to wit:

- Administration.
- Fire Department.
- Street Lights.
- Health and Sanitation.
- Roads and Bridges.
- Third-Class Maintenance.
- Snow removal.
Cutting Bushes.
Support of Poor.
Aid to Dependent Children.
Soldiers' Aid.
Schools.
School Repairs.
Superintendent's Account.
Interest Account.
Town Debt.

24 To see if the town will vote to raise and appropriate a sum of money to pay its part of the State patrol and 50-50 maintenance.

25 To see if the town will vote to raise and appropriate the sum of $50.00 for repair of State-aid highways, not under State patrol.

26 To see what sum the town will raise and appropriate for State-aid road construction (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of section 19, chapter 28, Revised Statutes of 1930, or under the provisions of section 3, chapter 229, Public Laws of 1937.

27 To see what sum of money, if any, the town will recommend to take from the joint State-aid account for the purpose of applying bituminous surface treatment to State-aid roads, in excess of the requirements of section 2, chapter 132, Public Laws of 1935.

28 To see if the town will vote to raise and appropriate a sum of money to insure the town buildings.

29 To see if the town will vote to raise and appropriate $2,000.00, more or less, for payment of W. P. A. Project which was expended during the year 1939. This amount to apply directly on our permanent loans.

30 To see if the town will authorize the selectmen to sell and dispose of all tax titles held by the town on such terms as they deem advisable, and to execute quit-claim deeds for such property.

31 To see if the town will vote to install the following street lights:
   At Workman's driveway in Birch Harbor.
   Pole at eastern side of bridge on North side of stream in Prospect Harbor.
32 To see if the town will vote to raise and appropriate the sum of $25.00 to purchase forest fire hand-tools, under the supervision of the Maine State Forest Service.

33 To see if the town will vote to raise and appropriate a sum of money for advertising under the supervision of the State of Maine Publicity Bureau.

34 To see if the town will vote to raise and appropriate the sum of $285.00, the amount of the school fund note, to be invested as a trust fund. The interest thereon to be paid to the schools.

35 To see if the town will vote to accept the road to the Samuel estate from Noyes farm to the gate at the entrance of the estate as a town road.

36 To see if the town will vote to change the location of the section of the Island road in Corea near the residence of Mrs. Jennie Young to eliminate the turn near the corner of Mrs. Young's house to a direct line from the driveway of Sheldon Young to the driveway of Mrs. Thaddeus Young.

37 To see if the town will vote to approve the action of the school committee in indefinitely closing the grammar schools in Corea and South Gouldsboro.

38 To transact any other business that may legally come before the meeting.

The selectmen hereby give notice that they will be in session at the Town House at West Gouldsboro, at nine o'clock in the morning, on the day of said meeting, for the purpose of revising and correcting the lists of voters.

Given under our hands this 22nd day of February, A. D. 1940.

MAURICE W. GUPTILL,
RICHARD SHAW,
STEPHEN C. COLE,
Selectmen of Gouldsboro, Me.
