*To the Citizens of Rome:*

This is a true report of the finances of Rome, of all monies received and paid, as per warrants. The Town has one more note of \$4,774.00, held by Depositors Trust Co. of Oakland. The Town was not able to get this work audited in time for this report as the State is short of help in this department.

You will find the true finances of the March Audit.

*To the tax payers of the Town of Rome:*

I hereby submit my report as tax collector for the year 1941:

The total amount of uncollected tax for 1941 amounts to \$1,727.03. I wish to say that no tax liens have been taken out in 1940 or 1941, all amounts turned in to the Treasurer has represented cash. I shall be obliged to take out a few liens on 1941 tax in order to protect the town as some unsettled estates are involved. There are a few uncollected taxes over a period of years which should be written off, as the property

belongs to the town now by virtue of tax liens. It was my purpose to clean up all back taxes during 1941, but illness prevented my doing that, I plan to do that as soon as possible. I beg to call your attention to the fact that without taking out tax liens, the amount of uncollected tax is the smallest in many years. I wish to take this opportunity to thank all who showed so much interest during my illness and by their assistance enabled me to make as good a showing as I have.

Signed:

GEORGE G. DOWNS, *Coll.*

Interest

\$15 57

Now we need more than \$150 on the 5 cemeteries. We need \$50 in the Tuttle cemetery to dig up the blue berry bushes. It will do no good to cut them we have to dig up the bushes to kill them. And we need \$50 back of the Pond cemetery as we want the trees cut around the wall and the stairs cleaned and we need \$150. in the Blaisdell and Robin cemeteries and Hoyt Hill cemetery. We need \$250 to put the cemeteries in shape.

E. A. WARREN,

*Superintendent of the Town of Rome Cemeteries.*

*To the Inhabitants of the Town of Rome:*

In accordance with your request this department, represented by Mr. C. G. Hawes has completed an examination of the accounts of your town officials for the municipal year ended February 21, 1941.

Our report, herewith submitted, was prepared from your town records and, to the best of our knowledge and belief, properly reflects the true financial condition of your municipality as of the above date; subject, however, to a probable shrinkage in final settlement of unpaid taxes, tax liens, deeds, and the balance of impounded trust funds.

The data obtained by us is summarized in the following:

	Comments
Exhibit A	Comparative Balance Sheet
B	Report of Treasurer
C	1940 Valuation and Commitment
D	Statement of Appropriation Accounts
Schedule 1	Reconciliation of Treasurer's Cash Balance
2	Uncollected Taxes
3	Tax Liens
4	Tax Deeds
5	Accounts Receivable
6	Cemetery Trust Funds
7	Analysis of Change from Net Debt to Surplus
8	Accounts Payable
9	Notes Payable
10	Excise Tax Collections
11	Supplemental Taxes — 1940
12	Supplemental Taxes — 1939

Respectfully submitted,

HAROLD E. CRAWFORD,  
*Municipal Auditor.*

## COMMENTS

*Cash:*

All cash recorded as received appeared to be properly accounted for and deposited in the bank. Expenditures were made by check from properly authorized warrants. The cash balance was reconciled with the bank.

*Tax Liens and Deeds:*

All income from tax liens and deeds appeared to be properly accounted for by your Treasurer. Those unpaid as of February 21, 1941 were listed and are shown on Schedules 3 and 4.

*Trust Funds:*

The trust fund investments were checked and listed on Schedule 6. The income from these funds appeared to be properly accounted for.

There is a small balance amounting to \$31.63 of trust fund cash impounded in the banks, which is probably of little value.

*Taxes:*

The 1940 tax commitment was added and found in agreement with the records of the Assessors. As far as could be determined, all cash collected has been turned over to the Treasurer. Lists of all unpaid taxes were prepared by us and shown on Schedule 2, with the exception of the unpaid taxes for the year 1934, the detail for which is not available.

## REMARKS

An acute shortage of teachers now exists. Teachers are not leaving school because they wish to, but because they have to. Unless salaries are increased teachers will be forced to leave in much larger numbers next year. The increasing flow of teachers into better paid occupations threatens the quality of educational opportunity because these teachers cannot be replaced by adequately trained persons. Already standards are being lowered by the granting of "special certificates." Prices are going up and the value of the buyer's dollar is coming down. Now is the time to permit more generous financial support of schools. Incomes in general are rising faster than the cost of living. Property is worth more. Tax delinquency is less. Both the schools and teachers are doing good work. Your superintendent wishes to thank all who have contributed in any way to the advancement of the schools during the past year. The financial statement for the present year follows.

# Annual Report of Public Health Nursing

— 1941 —

---

During 1941, twenty-one families were serviced by the Public Health Nurse. Two expectant mothers, seventeen infants, twenty-three preschool children, five school children and four crippled children were extended advisory nursing services. Medical supervision, well balanced diets, habits of play, rest and sleep, the importance of immunization and vaccination were highlights discussed with the mothers. It is hoped that in the spring the town of Rome will sponsor a vaccination clinic in order that its children and citizens may be protected against disease in such a time of national distress.

BARBARA GOURVILLE,

*Public Health Nurse.*
