During the past year the schools have maintained a fair average of attendance. I have been successful in securing good teachers. In nearly every case the teacher has worked hard for the interest of the school

and has met with deserved success. I would again urge upon all parents the necessity of frequent visits to the school-room. Some of the teachers during the past year have expressed their surprise that parents do not visit their schools more frequently. . We hope that the time is not far distant when the parents will take a more active part in the welfare of the schools.

We are pleased to report the excellent work accomplished by our Principal of the High School. We consider the town very fortunate in having so good an instructor in this school.

The scholars are working with a will and are determined to make this one of the leading schools in our county.

Respectfully submitted,

D. W. BERRY,

*Superintendent of Schools.*
