THRIFTY FOLKS

By the thousands have insured with us and secured substantial savings for themselves. Ask the man with our emblem on his car,—HE knows. And there's no secret about it,—we simply avoid the reckless operators and the tipsy drivers. Low rates are due to low accident ratios.

Report of the Superintendent of Schools

To the School Board and Citizens of Hebron:

I respectfully submit herewith the annual report of the Superintendent of Schools.

The town of Hebron has maintained five elementary schools during the past fiscal year, and has enrolled a total of seventy-five pupils as follows:

School	Teacher	Enrollment Fall Term
Academy	Helen Varner	23
B. Hill	Iva Eastman	17
Sodom	Helmi Piippo	15
Nelson	Florence Whitman	8
Center	Verna Hicks	12

The enrollment in the Academy school would have been larger (in fact too large) of the conveyance of the Back Street pupils had not been changed to the Center School. This brings the two schools nearer the same size and it was getting to a place where it was very difficult for one teacher to handle all of the pupils at the Academy school.

During the school year the following conveyances are being furnished at public expense.

Name	Route	Cost per Week	No. of Pupils
Fred Gurney	Back Street to Center School	\$7 50	6
Iva Eastman	Residence to Brighton Hill School	5 00	8
Mrs. H. J. Salo	Residence to Sodom School	5 00	1

HIGH SCHOOL TUITION

During the last School year Hebron paid over nineteen hundred dollars to other towns and private schools for high school privileges for boys and girls of Hebron. It occurred to me that Hebron and Paris

might both benefit from a contract between these towns, by the terms of which Paris would furnish high school privileges for all Hebron pupils at a cost of about eight or nine hundred dollars per year. This would allow Hebron to pay all, or a part, of the cost of transporting these pupils to and from South Paris and still save money. At a public meeting of interested persons held at the Center School in August, this was explained and looked upon with considerable favor until it was learned that the roads would not permit bus travel for about six weeks during the spring.

REPAIRS

The following repairs have been made on the school buildings during the past year:

- New floor and painting at the Nelson School.
- New larger blackboards at the Academy School.
- Old Academy School blackboards installed at Center School.
- “School Zone” signs have been erected on the highways at all of the schools.
- Sodom School shed was shingled.

The following repairs are very desirable for the coming year:

- Sodom—Paint inside and repair foundation.
- Center—Paint outside of building.
- Nelson—Repair fence and flagpole.
- All schools need inexpensive urinals.
- Also other small repairs are needed from time to time.

FINANCES

In order for a town to be eligible to receive money from the State Equalization Fund it is necessary that the municipal tax rate of that town shall be “in excess of a rate which is 3 mills less than the average of such rates for all the towns of the State.” Also the apportionment is made only “to towns wherein a rate of taxation considerably in excess of the average rate for the state fails to produce a school revenue sufficient to secure a reasonable standard of educational efficiency.” Hebron did not receive any apportionment from this fund this year as they have in the past. This means that the policy of increasing the length of the school year from 32 weeks by means

of equalization fund money can not be continued this year unless the money comes from another source.

Some more money could be spent advantageously in the textbooks and supplies account. Many teaching aids are now available that are certainly worth while.

In closing this report may I express my appreciation to the citizens of Hebron and the teachers for their willingness to cooperate with the School Committee and me in our efforts to maintain and improve the educational system of Hebron.

Respectfully submitted,

WILLIAM O. BAILEY,

Supt. of Schools.
