REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens:—

Herewith is the fifth annual report it has been my pleasure to submit. Several interested citizens have suggested that this report could be shortened without making it less complete and at the same time saving the town the three dollars or so that each page in this report costs. Following these suggestions I will make this brief.

Early last fall the State Department wrote that Sherman High would be in danger of forfeiting its Class "A" rating unless the commercial course were dropped and a teacher hired to fill this vacancy who would be prepared and certified to teach in the regular high school subject field, or unless an additional teacher be hired outright. The committee and superintendent did not feel that the commercial course should be dropped and therefor took the other course of hiring an additional teacher for the high school. This change can be discussed at the Annual Meeting. If it is thought best to retain the additional teacher, it will necessitate an increased appropriation to pay this salary. If an additional appropriation cannot be

made, the commercial or agricultural course will have to be discontinued until funds are available, for we must have three teachers in the high school outside of these two special courses.

The only other serious matter is the condition of the school houses. At least \$100 is needed to make repairs on the rural buildings this year and an additional \$300 should be appropriated to complete the high school roof and to brighten up the interior of the high school building. This \$400, with the unexpended balance of over \$200 in the repairs account will do a fair job in putting the buildings in passable shape.

Enrollment is very nearly what it was for the past few years except in the high school where we have a larger group of tuition pupils than heretofore. Woodbridge school now has a large enrollment, 29 pupils, and if further children from that neighborhood apply for admission, the Morgan school may have to be re-opened.

Respectfully submitted,

HARRY E. LEWIN, Superintendent
