Cash deficit charged to 1936 farm account		11.47
		2,736.16

CR.

Increase in inventory	169.30	
Cash receipts for 1935	490.80	660.10
Net cost of Farm to Town for year 1935		2,076.06

## ASSETS AS OF FEBRUARY 20, 1936

## Due Welfare Department

Due From:	Case	Amount
Springfield	Fred Leteure family	450.63
Eagle Lake	Doris Albert	312.01
	Walter Smart	585.73
Auburn	Mary Pearl	188.86
Garland	Harry Skillin	
	Balance due on town orders	66.04
Lincoln	Perley Stevens	483.86
Abbot	Everett Hodsdon	12.00
Milo	Harry Holland	493.68
	Herman Heath	491.46
Brownville	John Smith	28.38
Harmony	Anna Quimby	316.38

South Paris	Lucie Parlin	34.71
Bowerbank	Sherman Badger	14.48
Exeter	Eugene Demmons	55.53
	Merle Demmons	25.93
State	Alfred Crocker	21.87
	Ray Metheny	54.00
	Mettie Clark	44.41
	Mary Nicholas	19.00
	Peter Nicholas	24.38
	John Ronco, Jr.	20.00
	Fred White Family	48.20
	Evelyn Pike	15.52
	Annie Heilner	26.01
	Service Man	17.68
	Albert Boyce	20.00
	Service Man	18.43
Undetermined	Henry Badger	239.33
	Ora Mann	46.75
Total		4,175.26

NOTE: Approximately \$2,500.00 should be available in the near future. At the present time we have three families on relief in other towns, one in Milo, one in Parkman and one in Belfast; we also have one single person in Portland, on relief at a very small expense.

### CANNING CENTER

The canning center this year was located in the Hughes building on Mechanic Street under the supervision of Mrs. Marjorie Gray, Supervisor, and Herman Larrabee, Assistant.

The arrangements in this place were very much better than the year before and the output of the center was more than double that of 1934. The total number of cans for the season was approximately 33,000. For the expense of fitting up and moving the center, the town received about 1,500 cans and the town has been allotted about 1000 cans from the surplus.

If the center is conducted another season, there will be a very small expense for the town for operating as the room was left ready for use another season.

H. R. WILLIAMS,  
ERA Administrator.

## WELFARE CASES

Resident	Expense	Credit
Bennett, Frank & Agnes	\$768.44

## Report of Public Health Nurse

---

FEBRUARY 1, 1935—FEBRUARY 1, 1936

To Board of Selectmen and Citizens of the Town of  
Dover-Foxcroft, Maine.

Since headquarters are within the town, telephone, office and street visits have been innumerable, it has not been possible to keep a full account of each and every service rendered and a record of only the important or permanent cases has been attempted.

To make a brief and concise report of such activities as have taken place within the past year is almost an impossibility.

While the prime objective of our service is HEALTH EDUCATION and PREVENTION OF DISEASE working toward maximum body, mind and moral efficiency i.e. HEALTH ASSURANCE through correlation of instruction in health habit formation and disease prevention, and activities of all sorts involving problems of medical and social nature, it has been necessary to supplement our prime object with adaptable and practical solutions such as emergency relief by demonstration in bedside care, securing hospitalization and material aid. The efforts have not been confined to any one group or age.

Since the basis of a disease prevention program seems to lie with children of school age and because at this age they are more amenable to teaching, it is possible that more emphasis has been put on the child although work among adults and parents in the teaching of hygiene, care of the sick and the necessity of corrections has been a good part of the program.

The demands for medical-social welfare have increased but resources for obtaining aid in these cases seem to be on the decrease. However, the response to specific requests has been generously met in town by the Percolator Club, the Welfare Committee of the Town Club, Eastern Maine General Hospital and state institutions, dentists, doctors and oculists.

Statistics are dry and uninteresting and in no wise do they measure time, effort or result but the following figures will show some of the work covered in the last year:

Patients receiving service in the home.....111

Infants ..... 8

Preschools ..... 18

Schools ..... 26

Prenatal ..... 6

Deliveries ..... 2

Postpartums ..... 2

Tuberculosis ..... 6

General adults ..... 35

Social welfare ..... 8

Note: Many of these patients have received more than one visit.

Hospitalization secured for 10 patients

Bedside (emergency) care, 14 patients

Operations with anaesthesia at nurse's home, 3

patients

Operations with anaesthesia at patient's home 2

Patients accompanied to hospitals, 10

Talks to clubs and other service as requested.

### SCHOOL NURSING

Although the county nurse is not designated as a "school nurse" as her specific duty, class-room inspections have been given as requested, home visits to school children made, school children received at the office for treatment, etc. Since it had been some time since school children had received a complete physical examination, it seemed wise that 1935 should be a year for this purpose. Therefore early in the spring this was done and at the end of the school year the following statistics were available:

Schools visited were North Street, Pleasant Street, Brockway, Macomber's Corner, Bear Hill, South Dover and East Dover.

Total number of pupils examined.....598

Number of pupils without defects ..... 155

Defects as follows:

Vision or eye strain ..... 74

Hearing ..... 23

Teeth .....	269
Enlarged tonsils .....	97
Enlarged glands .....	36
10% or more underweight .....	21
Other defects including enlarged thyroids, skin disease, orthopedic defects, etc. ....	58
Corrections noted since last complete physical examination.	
Glasses (new or refitted) .....	58
Teeth (mostly fillings) .....	107
Throat .....	62

The Audiometer Test was given to 200 Academy students. At the first examination 58 failed this test and were given a second trial. At the final analysis only three could be called hard of hearing.

During the 1934-1935 school year, much school time was lost on account of various types of contagious disease. Therefore one might here stress the need of cooperation of parents in isolating children in the family who are suffering with such a disease and protect others by keeping them indoors when excluded from school on account of communicable disease of any sort.

Many follow-up visits have been made to homes in behalf of correction of defects found at school examination. As soon as school opened in the fall all schools were visited and class-room inspection made for evidence of skin disease which might be communicable to others. While we still find a few cases, the number is much less than a few years ago. At this time all medicine closets and first aid kits were inspected and replenished as necessary. All pupils at North Street school have been recently weighed.

The large number of dental defects among school children proves the need of some sort of dental clinic work.

#### INFANT & PRESCHOOL CLINICS

Two of these clinics were held with Miss Ricker at the Chapel the use of which was kindly given by the Community Church. Due to lack of funds it was necessary to curtail the number of clinics. However, the at-

tendance was very good there being 49 in all, 11 infants and 28 preschools. Sixteen of these children presented no evidence of defects. Dr. E. D. Merrill kindly consented to act as clinician. The parent was interviewed if necessary and instruction given in regard to care. Literature suitable to age of child was distributed.

RECOMMENDATIONS FOR YOUR  
CONSIDERATION—1936

1. Closer co-operation of parents in protecting the public by keeping children who are suffering from communicable disease away from those who have not been exposed.
2. Immunization—Shick test and Toxoid for diphtheria; Vaccination against small-pox.
3. Reporting of all communicable diseases to health officer.
4. Tonsil and Adenoid Clinic privileges.
5. Dental Clinic privileges
6. Tuberculosis Clinic.

In closing we wish to express our appreciation and thanks for the loyal suport of the townspeople, taxpayers, Christmas Seal purchasers, The Piscataquis Observer, Bond purchasers, Memberships, organizations, clubs, churches, doctors, dentists, oculists, town officers, school board, superintendent of schools, teachers, and in fact all who have contributed in time, money and interest this past year toward our endeavors to make Dover-Foxcroft a healthier place to live in.

Respectfully submitted,  
Piscataquis County Nursing Service  
by LOUISE B. NICHOLS, R. N.  
Public Health Nurse.

**REPORT OF LIBRARIAN**

The library has been able to resume its full schedule the past year because of the increase of the appropriation at the last town meeting.

The circulation of books and the use of the library for study purposes is about the same as in the past years. The sending of boxes of books to the rural schools, which had been discontinued for a number of years, was resumed last fall and is much appreciated by teachers and scholars.

\* From State & other Snow Removal.

State road constructed in 1935: State aid road on Pleasant Street, 1400 feet—the State held back enough of the State aid joint fund to tar this piece of road this spring.

Third Class road to Lincoln Dow's corner and on Atkinson road 2700 feet—the State Highway Commission re-designated for 3rd class construction the road from Lincoln Dow's Corner to the Atkinson line to meet Atkinson 3rd class completed some years ago.

Special Resolve road—construction of ERA construction on Park Street 1100feet—There is another \$1000 Special Resolve money to continue this work the coming summer.

ERA & WPA Road Project: From Lincoln Dow's corner on the road to South Dover: a first class piece of road has been constructed and the work is still going on under the Federal WPA project. There is now completed on this job some over 3000 feet and the project has several months to run provided that Federal money is available.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

I herewith submit my fourth annual report of your schools for 1935-36.

### TEACHERS

The following is the list of teachers employed in the Dover-Foxcroft Elementary Schools for the year 1935-36. Also their position, number of pupils registered, years of experience and annual salary.

Teacher	Position	No. Pupils Registered	Years' Exper.	Salary per year
<b>Grammar School:</b>				
Harriette E. Crockett	Gr. 8B & Pr.	29	21	\$859.95
Bertha M. Tardy	Gr. 8A	30	26	831.60
John F. Harriman	Gr. 7B	28	1	831.60
Bernice W. Sterling	Gr. 7A	31	15	831.60
Effie D. Bolton	Gr. 6	32	12	831.60
<b>Pleasant Street:</b>				
Ava E. Goff	Gr. 5 & Pr.	26	22	859.95
Alice Austin	Gr. 4	25	11	831.60
B. Thelma Nichols	Gr. 3	33	12	831.60
Ola F. Blood	Gr. 2	26	15	831.60
Gertrude Calkins	Gr. 1	22	8	718.20
Marion Trimble	Gr. Sub.	36	3½	756.00
<b>North Street</b>				
Harriette H. Crockett	Gr. 6 & Pr.	31	23	859.95
Mildred C. Hewett	Gr. 5	29	11	831.60
Marion G. Rollins	Gr. 4	29	16	831.60
Mildred P. Pratt	Gr. 3	36	12	831.60
Dorothy Packard	Gr. 2	31	10	831.60
Louise MacFadyen	Gr. 1	26	7	831.60
Dorothy F. Greenlaw	Gr. Sub	42	12	831.60
<b>Special Teachers:</b>				
Gertrude Gately	Music		1	787.50
Madelyn C. Ballard	Secretary		4	160.00
Dr. C. N. Stanhope	Physician			150.00
<b>Rural Teachers:</b>				
E. Evelyn Bowley	Bear Hill	26	8	642.60
Doris Hathorn	Brockway	23	15	756.00
Velma Burgess	E. Dover S-4	21	3	642.60
Nellie Downs	E. Dover 5-8	28	18	756.00
Louise Campbell	South Dover	17	3	642.60
Marion Doore	Norton Hill	9	2	529.20

Last winter at the close of the municipal year, our school attendance was badly broken up, due to communicable children's diseases. These carried on, to practically the close of the school year in June. As a result, the level of accomplishment, by grades, was

low. During the summer vacation the physical condition of the boys and girls improved wonderfully. At the opening of school in September, they were ready for work. At first considerable review work was necessary, and the report from teachers was that they were making slow progress. But the latter part of the fall term, there was a very noticeable improvement, which has continued up to the present. Attendance, for the most part, has been excellent. We have a few families, who, apparently, feel that there is no obligation on their part, to see to it, that their children attend school regularly, and allowed to continue, it is not long before the child entertains the same attitude. In some cases road conditions have made it impossible for children to attend regularly.

Two transfers and one new teacher were the only changes in our teaching staff for the year 1935-36. Miss Louise Campbell, teacher at Bear Hill, was transferred to South Dover, and Miss E. Evelyn Bowley of Milo, with 8 years experience, a graduate of Gorham Normal School, with summer work at the University of Maine Summer School, was elected teacher at Bear Hill. Miss Bowley came to us with the best of recommendations and her work in the school maintains them.

Last spring Mrs. Aldine Farrar resigned her position in the Sub-Primary School at East Dover, which she had so efficiently filled for the past several years. Miss Velma Burgess was elected to fill the vacancy for the year 1935-36, the Macomber school where she had previously taught, being closed.

Teachers attending summer school in 1935 were: Miss Dorothy Greenlaw, Bates College; Miss Marion Doore, Farmington Normal School; Miss E. Evelyn Bowley, University of Maine. The State Teachers' Convention at Bangor and the County Convention in Greenville were well attended by teachers throughout the school system.

Last fall two courses in Education were offered to the teachers of the union. With two exceptions, all took advantage of this opportunity. The courses, "Modern Methods in Teaching", and "Tests and Measurements and their Interpretations", were given

in the Grammar School building for 15 weeks at about one third the expense of attending summer school. Each course entitled teachers to two hours credit toward college work. The Instructors were Prof. Ernest Jackman and Dr. J. C. Crawford, of the Faculty of the University of Maine, College of Education. In conjunction with the course in Measurements a complete testing program was carried out in the schools. The objective in putting on the Testing program was for the following information: 1. To find out how the accomplishment of pupils, by grades, compared in our schools, with those of other school systems throughout the United States, where a similar program had been carried out. 2. To ascertain, in which subjects there was need of improvement in our method of instruction and use of materials. 3. To develop a systematic type of remedial work, giving attention to individual instruction. 4. To ascertain weaknesses in the system of teaching and the program arrangement, in order that we may reduce the need for remedial teaching.

Our teachers did a fine piece of work, and our boys and girls, in practically every grade, ranked above that of the country average. Teachers were highly complimented by both instructors. They expressed, that it had been one of the finest groups they had worked with.

### BOOKS AND SUPPLIES

The introduction of the following books has been made: New Geographies "Neighborhood Stories" by Atwood & Thomas for grade 3; "History of Maine" by Glen W. Starkey for grade 8; Dictionaries for grades 6 and 8A Grammar building; four sets of supplementary readers for grades Sub, 1, 2, 3; four sets of Library books, together with many separate copies. Replacement costs of books has been large this year and will continue to be for the year 1936-37. It will be necessary to make re-placements or new introductions of arithmetics, geographies, and histories in many of the grades next year. We are asking for \$200 additional in this account. This is about \$1.40 per pupil, which is below the state average.

Mrs. Dorothy Howse is at present working in the office on a W.P.A. project, cataloging books and will continue until about May 1st. It is believed that by that time a complete record of books will have been taken, and from then on the distribution of all books will be handled by a card system, so that the office will know the number and condition of all books, in all school rooms.

All necessary supplies have been furnished. It is the desire of your Superintendent and School Committee Members, to furnish your schools with a liberal amount of supplies. We believe that the greatest efficiency of your teaching force can be realized only when they have had ample supplies to work with. This we feel has been done. In all instances, we feel that the teachers have shown results, which warrant the expenditures.

### REPAIRS

Mr. Pearl, as in past years, has had general supervision of repairs. Only one C.W.A. Project has been carried on this year, that being the dismantling of the Foxcroft Center school building. The Committee found that more could be realized from sale of materials, than from the building. \$151.35 has been received for lumber, clapboards, windows, and brick, besides approximately \$75 worth of materials used to repair school buildings in town and at East Dover. There are un-sold windows and weights and several hundred brick.

Major repairs for the year are as follows:

**NORTH STREET:** Repaired two roofs and built a new piazza; equipped five rooms with double roller shades.

**GRAMMAR:** Put new coating of asphalt on roof and lengthened the chimney.

**EAST DOVER:** Bought steam heating plant of Sangerville Masonic Order and installed in building at a cost of \$352.55.

**PLEASANT STREET:** Double roller shades were bought for four rooms.

The total cost of shades for North Street and Pleasant Street buildings was \$186.86. New steam valves have been installed in many of the radiators at a cost of \$72.00. The buildings are in excellent condition. Your School Committee have a program for the future, whereby they may be kept so, at a reasonable expense.

### THE ACADEMY

The longer period at the Academy is giving a much broader program for students. A vast amount of individual work is being done. The instruction is of a practical type, such as is being carried on in the more advanced schools of our country. Prin. Stone and his faculty, are making a real study of the students and their school problems. It would be an interesting day for any citizen of our town to visit the Main room of the Academy, which has been turned into a Library laboratory. You will find many carefully supervised groups, working on many different problems. The several departments are fast developing home-room libraries, which make a great deal of material outside of their textbooks, available to the students in their courses.

### SPECIAL TEACHERS

Reports of your District Nurse, Mrs. Louise Nichols, and School Physician, Dr. C. N. Stanhope, will be found in your report. During the epidemic of diseases, last spring and the Infantile Paralysis scare last fall, they spent a great deal of time in our schools. It is difficult to state in dollars and cents the value of a School Physician and School Nurse. Many corrections are made through their examinations, which might not be called to the attention of parents until serious complications had developed.

Miss Gertrude Gately, Music teacher in our school system, is doing a very commendable piece of work with our boys and girls. A Grammar school Orchestra and Violin class have been started this year. It does seem now, with the Boys' Band, organized by Mr. Crockett, and the additional interest in instrumental music in our schools, that a very capable Grammar School Orchestra is in the making. I urge parents to

give a little more thought to education of their children in music, having them learn to play some instrument.

### THE COMING YEAR

The School Department, through the splendid co-operation of all interested in the schools, has been able to complete the present municipal year, with substantial balances, in all departments. It was stated by the School Committee, to last year's Budget Committee, that if conditions warranted it, they would return to the teachers, at the opening of schools in September, 5% of the salary reduction since 1931. It was possible to do this. The maximum weekly wages are: Principals \$23.89; other teachers in town \$23.10; Rural \$21.

Again, as in years past, your School Committee has made a complete financial report to your Budget Committee, showing to that committee, that lower reductions in school appropriations would not, in the minds of the committee, be advisable, for the best interests of education in Dover-Foxcroft. The School Committee and Superintendent are always ready to discuss school matters and do not want any citizen to feel that they haven't any part or interest in our schools. Whether you have children or not you are interested in Dover-Foxcroft, and its future depends upon the quality of schools maintained.

To my Teachers, to members of my School Board and the Selectmen, to the Parents and their boys and girls, and to the Citizens of Dover-Foxcroft, I thank you for your splendid cooperation in the past. I solicit it in the future.

Respectfully submitted,

PERRY F. SHIBLES,

Superintendent of Schools.

To Superintendent Perry F. Shibles:

Herewith is submitted the report of the School Physician for the current year.

At the time of opening school last Fall there were cases of infantile Paralysis in nearby towns. Since this disease is ushered in with minor symptoms it was

deemed best to be over rather than under cautious. For that reason all children showing any evidence of "colds" or digestive upset were excluded from school for observation. Within this district no cases developed. The State Dept. of Health was called in a few instances and concurred fully in this manner of handling the situation. As might be expected your physician was besieged with phone and office calls without number but the results compensated for the great increase of extra work.

Routine examinations show that teeth still give us the greatest number of defects. It is gratifying to see the number of corrections that have been made and to note the expected improvement in scholastic standing. Gain in weight and vigor has followed removal of defective teeth and tonsils. Much still remains to be done in this work.

As usual, Mrs. Nichols has given freely of her time and effort in observation of suspects and in examinations. The large number of corrective measures would not have been carried out without her assistance. I hope sincerely you may continue to have her in your schools.

The number of school hours lost this year from sickness has been very small. There has been no epidemic of any serious disease. Scabies (the itch) still appears from time to time and will continue to do so until proper attention in treatment and care is given. It can be completely wiped out.

Eternal vigilance is the price to be paid for a freedom from communicable diseases. Prevention of sickness is a busy job for teachers and parents but, as compared to caring for a sick child, it is nothing. Teachers and parents alike have been most helpful in the task and I am sure you may expect this watchfulness to continue. Utopia has not been reached however. In due course of time there will be more measles, mumps, whooping cough, chicken pox, scarlet fever etc., just how many cases being directly proportional to carelessness in letting down the bars of regulations.

Respectfully yours,

C. N. STANHOPE, M. D.

**To Perry F. Shibles, Superintendent of Schools:**

I herewith submit my second annual report as Music Supervisor in the public schools of Dover-Foxcroft for the year 1935-36.

Last spring the Grammar School Glee Club presented an operetta "Yanki San" as part of the school exhibition given in May. This year the Glee Club in conjunction with the Grammar School orchestra plans to present a concert during exhibition week.

Two new extra-curricular activities have been started this year. The Grammar School orchestra and a violin class composed of pupils from the third through the eighth grade. The Boys' Band which was organized by interested citizens of the town with the personal help of George Crockett has helped fill out certain sections of the school orchestra tremendously. The Brass wind and Wood wind sections are much stronger than the string sections. The violin class will help to strengthen the string section.

The Music department of Foxcroft Academy is planning a Musical to be presented early in March. The Girls' Glee Club gave a program of Christmas music at the December meeting of the Parent-Teacher Association. The Academy orchestra has played several times for Town functions, the school plays and Commencement.

We have tried in our regular school work this year to combine somewhat Music and Art. The child has expressed the mood or story of a certain piece of music in drawing. The idea has been carried out a little further by the seventh grade in the booklets they are making outside of school. They select a piece of music which appeals to them and find a picture and a poem which expresses to them the same story.

May I express my appreciation for the co-operation of the Superintendent, Principals, Teachers and Parents.

Respectfully submitted,

GERTRUDE I. GATELY,

Supervisor of Music.

## REPORT OF FOXCROFT ACADEMY

To the Joint Committee of Foxcroft Academy:

I hereby submit my seventh annual report.

## THE FACULTY

Frank G. Stone, A.M.	Principal
Bessie H. Cooper, A. B.	Dean of Girls and English
Ruth V. Belknap, B. S. in Ed.	English
Elizabeth R. Eames, A. B.	French
Dorothy M. Culley, A. B.	Mathematics
Elizabeth G. Cooper, A. B.	Latin
Clara L. Swan	Commercial Subjects
Kenneth W. Barker, B. S.	Science

Alfred J. Fortier	Science
Arnold G. Westerberg, A. B.	History
Gertrude Gately, B. S. E.	Music
Madelyn C. Ballard	Secretary to Principal

Miss Culley was the only member of the faculty who attended summer sessions last year, her work being done at Harvard. During the past year there have been no changes in the faculty. Your faculty, as has been previously noted, is well qualified by training and experience. It has carried on the work of the school in an efficient and conscientious manner.

### THE BUILDING

During the past year, the building has been painted on the exterior; exits at the rear of the building, which make it more serviceable to the school as well as providing an element of safety which has been much needed have been built. The school office has been remodeled in the interests of better service; and library shelves installed in Room 8 to make adequate provision for the Social Studies library and in Room 2 for the Science library. The Laboratory in Room 2 has been equipped with gas thus filling a need which has long existed. The grounds about the building have been further improved by grading and the completion of a road around the building. I feel that much has been done under the supervision of the Building Committee in spite of limited funds to make the building more serviceable to the school.

### THE STUDENT BODY

#### Enrollment by Classes

Class	Boys	Girls	Total
Freshmen	34	49	83
Sophomores	34	30	64
Juniors	30	25	55
Seniors	21	25	46
Post graduates	1	2	3
Special		1	1
	120	132	252

**Enrollment by Curricula**

Class	College Prep.		English		Commercial	
	Boys	Girls	Boys	Girls	Boys	Girls
Freshmen	7	12	22	21	5	16
Sophomores	5	7	28	4	1	19
Juniors	7	6	16	6	7	13
Seniors	1	4	19	12	1	9
	—	—	—	—	—	—
	20	29	85	43	14	57

The student body is made up of 232 residents of Dover-Foxcroft and 20 students from Sebec and Atkinson. This shows a slight increase over the enrollment for last year. Our student body on the whole, is doing a good grade of work and co-operates well with the faculty. Young people of high school age are faced with many perplexing problems. Foxcroft Academy is the community agency in Dover-Foxcroft to aid these young people to a better solution of these problems.

**SCHOOL PROGRAM**

In brief, our school program is built around three curricula: College Preparatory, Commercial, and English or General.

The College Curriculum fits students of average mental ability or better, possessing good character and habits of work, for admission to most colleges. Its content is determined by college admission requirements.

The Commercial Curriculum gives the foundation for work of a general commercial nature including the work in handling accounts and secretarial work. This curriculum serves the needs of those who expect to do office work.

While the work required in the above curricula is quite highly specialized in the last two years, the English Curriculum offers opportunities for those students; and these constitute a majority; who do not wish the specialization required for entrance to an academic college or for secretarial and office work. Recent changes in our school program have been sought to enrich and make as practical as possible the offerings for these students. This year changes have been authorized by the Joint Committee for a second year of

Mathematics and a course in Current History. Both of these courses are proving their value in offering added opportunities to students. As a part of the work in Mathematics, an introduction to work in mechanical drawing is being given. This work is proving both valuable and interesting to many students.

The course in Current History is particularly valuable in these times when people are confused as to the ideals and purposes as well as the successes of democracy as a form of government. It is fair to assume that the American schools should teach the principles of Americanism. Most observers agree that America suffers more from the weakness of ideals within rather than attacks of forces from without. On the whole, students are responding very well to this type of study and are beginning to recognize the problems facing the American nation today.

The Faculty and The Joint Committee seek to be alert to the problems of the school and to change and adapt the work of the school as well as the conditions imposed upon them permit.

#### CONCLUSION

In conclusion, I wish to express my appreciation to the many friends of the school and especially to the Building Committee, Joint Committee, and Superintendent of Schools, who have helped in the successful operation of Foxcroft Academy during the year just passed. Such co-operation makes it a pleasure to work in this community.

Respectfully submitted,

FRANK G. STONE, Principal.

### REPORT OF MAYO MEMORIAL HOSPITAL TRUSTEES

The Trustees of the Mayo Memorial Hospital present herewith a brief report of the equipping, opening and progress of the Hospital since the property came into the possession of the town.

At the special town meeting in September, when the property was accepted by the town, Mr. C. A. Runnals and Mrs. Sara M. Glidden were elected as Trustees on the part of the town and H. R. Williams was appointed to represent the Board of Selectmen.

The most important question that confronted the Trustees was the selection of a Superintendent for the Hospital. By patient waiting we have every reason to believe we were very fortunate in securing for this important position, Miss Dorothea M. Rice, R. N.

Miss Rice is the daughter of Mr. and Mrs. Seldon D. Rice of Guilford, well known residents of this county, and was graduated from the Massachusetts Memorial hospital Oct. 11, 1919. For a year following she did private duty in and around Boston, then for a year was head nurse on the obstetrical floor of the Lynn hospital, following which she was superintendent of the Obstetrical department of the Brockton hospital for 17 months, and Assistant Superintendent of nurses in the same hospital for two years.

After having taken a post graduate course in the Boston Lying-in hospital Miss Rice returned to the Massachusetts Memorial hospital where for seven months she acted as head nurse on the obstetrical floor, and then as Assistant Superintendent of nurses. After 10 months of service there illness necessitated lighter work, with the result that Miss Rice resigned from that position and spent two years as Assistant Superintendent of the Florence Crittenden home and hospital in Brighton.

In December, 1930, she assumed the position of Obstetrical supervisor at the Maine General hospital, Portland and in 1935 took a six weeks course at Simmons College, Boston.

The next in importance was the selection and pur-

chase of the equipment for the Hospital and Miss Rice cooperated with the Trustees in a most helpful way in the selection of such an outfit as would give us a well equipped hospital at an expense not very much exceeding the means available. We have not furnished the waiting room and sun parlor. The nurses' rooms have only the bare necessities. We have not purchased the rubber hall runners necessary to protect the floors and make them safe. Nor have we any typewriter and safe, the latter being a very necessary part of the equipment of a hospital.

It is not necessary in this report to go into details of the equipment as at the opening on January 25, 1936, about five hundred people visited the hospital during the afternoon and evening and know better than we can tell here that the institution is one of which our town can be justly proud.

The donations on this afternoon and evening, too numerous and extensive to detail in this report, were simply wonderful and showed the splendid interest that the townspeople have in the hospital. There were many donations also from people outside the town and for all those and other gifts received since the opening, the Superintendent and Trustees wish to express their sincere appreciation.

Again the Trustees feel that they were exceptionally fortunate in securing for a cook for the hospital, Mrs. Ethel Sawyer. Mrs. Sawyer is too well known in this and other towns to need any words of commendation in this report. Her work thus far has proven conclusively the wisdom of our choice. We are pleased to report that all connected with the hospital since it was opened, have cooperated in every way possible to make it successful.

The work done by the various women's organizations and clubs of the town has been of great assistance and value to the Hospital in equipping and preparing materials for use after the opening for business. One or two groups are still going each week to carry on this work.

It is too soon as yet to determine very definitely the income from the Hospital as compared with the ex-

pense but very careful accounts for the month of February show something more than a hundred dollars more earnings than expense.

At the present time there are patients to nearly the full capacity and there is every indication that the Superintendent, nurses and all concerned are working for the best interests of these patients and the success of the Hospital.

CLAIR A. RUNNALS,

SARA M. GLIDDEN

HARVEY R. WILLIAMS

Hospital Trustees.

# Annual Town Warrant

---

To Charles E. Washburn, or any Constable of the Town  
of Dover-Foxcroft, in the County of Piscataquis:

## GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Dover-Foxcroft qualified to vote in town affairs, to assemble at Central Hall in said Town, on Monday the sixteenth day of March, A. D., 1936, at ten o'clock in the forenoon, then and there to act upon the following articles, viz:

Art. 1. To choose a Moderator to preside at said meeting.

Art. 2. To choose a Town Clerk, fix the compensation and raise and appropriate money therefor.

Art. 3. To choose one selectman for three years and fill any vacancy in accordance with the provisions of the Town by-laws.

Art. 4. To choose one Assessor of Taxes and fill any vacancy in accordance with the provisions of the Town by-laws.

Art. 5. To choose one Overseer of the Poor and fill any vacancy in accordance with provisions of the Town by-laws.

Art. 6. To choose a Town Treasurer, fix the compensation, and raise and appropriate money therefor.

Art. 7. To choose a Collector of Taxes, fix the compensation, and raise and appropriate money therefor.

Art. 8. To choose an Auditor of accounts.

Art. 9. To choose a member of the School Committee for three years and fill any vacancy in accordance with the provisions of the Town by-laws.

Art. 10. To see if the town will vote to accept the

report as printed.

Art. 11. To choose one or more Road Commissioners.

Art. 12. To choose one or more Constables.

Art. 13. To choose two members of the Board of Trustees of the Mayo Memorial Hospital, for not more than three years.

Art. 14. To choose all other officers to be elected at the annual meeting.

Art. 15. To see how much money the town will vote to raise and appropriate for Common Schools.

Art. 16. To see how much money the town will vote to raise and appropriate for Free High School.

Art. 17. To see how much money the town will vote to raise and appropriate for textbooks for Common Schools.

Art. 18. To see how much money the town will vote to raise and appropriate for school telephones, lights and water service.

Art. 19. To see how much money the town will vote to raise and appropriate for services of the School Committee.

Art. 20. To see how much money the town will vote to raise and appropriate for repairs on schoolhouses.

Art. 21. To see how much money the town will vote to raise and appropriate for school supplies.

Art. 22. To see how much money the town will vote to raise and appropriate for salary for Superintendent of Schools.

Art. 23. To see if the town will vote to authorize the School Committee to appoint a school physician in accordance with provisions of Chapter 73 of the Public Laws of 1909, and raise and appropriate money therefor.

Art. 24. To see if the town will authorize the

School Committee to make arrangements with the Trustees of Foxcroft Academy for tuition for its High School scholars.

Art. 25. To see how much money the town will vote to raise and appropriate for insurance on school buildings.

Art. 26. To see how much money the town will vote to raise and appropriate for officers' bills and miscellaneous expenses.

Art. 27. To see if the town will vote to purchase the bonds for the Treasurer and Collector.

Art. 28. To see what sum of money the town will vote to raise and appropriate for salaries and expenses of the Board of Health and recording Vital Statistics.

Art. 29. To see what sum of money the town will vote to raise and appropriate for Sewer Maintenance.

Art. 30. To see what sum of money the town will vote to raise and appropriate for construction of Sewer back of houses on North Street to Summer Street.

Art. 31. To see how much money the town will vote to raise and appropriate for construction and repairs of sidewalks.

Art. 32. To see how much money the town will vote to raise and appropriate for general repairs of high ways and bridges.

Art. 33. To see how much money the town will vote to raise and appropriate for State Road Patrol.

Art. 34. To see if the town will vote "yes" or "no" on the question of raising and appropriating money necessary to entitle the town to State Aid in accordance with the provisions of Section 20 of Chapter 28 of the Revised Statutes of 1930.

Art. 35. To see what sum the town will appropriate for State Aid road construction (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, or under the pro-

visions of Section 3, Chapter 173, Public Laws of 1935.

Art. 36. To see if the town will vote to raise and appropriate the sum of Eleven Hundred and Seven Dollars (\$1107) for the maintenance of Third Class Road.

Art. 37. To see what sum of money the town will vote to raise and appropriate to treat the village streets against dust.

Art. 38. To see what sum, if any, the town would recommend to take from the joint State Aid account for the purpose of applying bituminous surface treatment to State Aid roads built within the past five years in accordance with the provisions of Chapter 271, P. L. 1931.

Art. 39. To see what sum of money the town will vote to raise and appropriate for street lighting.

Art. 40. To see what sum of money the town will vote to raise and appropriate for the support of the poor.

Art. 41. To see if the town will vote to, and elect one member of the Board of Mothers' Aid for three years.

Art. 42. To see if the town will vote to raise and appropriate the sum of One Thousand dollars to pay Bridge Bond No. 25 which becomes due July 21, 1936.

Art. 43. To see if the town will vote to raise and appropriate the amount necessary to pay interest on Bridge Bond.

Art. 44. To see if the town will vote to raise and appropriate a sum of money for Memorial Day.

Art. 45. To see what sum of money the town will vote to raise and appropriate for band concerts or other music.

Art. 46. To see what sum of money the town will vote to raise and appropriate for the services of a Public Health Nurse or take any action thereon.

Art. 47. To see how much money the town will

vote to raise and appropriate for the care of cemeteries.

Art. 48. To see if the town will vote to raise and appropriate a sum of money to be used for destroying rag weed along the sides of public highways.

(By request of Dr. George H. Coombs,  
Director of Public Health)

Art. 49. To see if the town will vote to raise and appropriate the sum of Three Hundred and Sixty-Five Dollars (\$365) to pay Wester Blethen and wife one dollar per day for the ensuing year.

Per petition of the following taxpayers:

F. H. Palmer	Bernice G. Palmer
C. H. Weston	T. E. Wood
E. C. Weatherbee	A. W. Gilman & Co.
H. W. Thayer	R. G. Gould
Ober & Clark	Haskell & Corthell
Ralph H. Vaughan	J. L. Demeritt
Ada Barney	C. W. Genthner
Violet M. Austin	S. T. Oaks
P. E. Ward & Co.	Francis C. Peaks
B. B. Anderson	I. A. Hall
Charles Bearce	C. A. Merrill

A. H. Comeau

Art. 50. To see how much money the town will vote to raise and appropriate for Boys' and Girls' Agricultural clubs within the town.

Art. 51. To see how much money the town will vote to raise and appropriate for the support of the Thompson Free Library.

Art. 52. To see how much money the town will vote to raise and appropriate for abatements.

Art. 53. To see what sum of money the town will vote to raise and appropriate for advertising the advantages and attractions of Dover-Foxcroft.

Art. 54. To see if the town will authorize the Selectmen and Treasurer to make a temporary loan in anticipation of taxes.

Art. 55. To see if the town will vote to authorize the Selectmen to execute and deliver release deeds for

the town to convey the town's interest in lands previously sold to the town for taxes.

Art. 56. To see if the town will vote to authorize the Treasurer and Collector to refuse payment on all orders given while persons receiving the same are indebted to the town.

Art. 57. To see if the town will vote to authorize the Tax collector to allow 2% discount on all taxes paid before July 1, 1936.

Art. 58. To see if the town will vote to authorize the Selectmen to have installed one or more lights on Union Street between those now maintained at either end.

(Per petition of 18 residents of Union Street)

Art. 59. To see if the town will vote to authorize the Selectmen to locate and install one or more lights on Fairview Avenue.

Art. 60. To see what sum the town will vote to raise and appropriate to be expended for a night officer and the regulation of traffic, or take any action thereon.

Art. 61. To see if the Town will vote to raise and appropriate the sum of Three Thousand dollars (\$3000) to pay on Bond Issue of 1934.

Art. 62. To see if the Town will vote to raise and appropriate the sum of Ten Hundred Twenty Dollars (\$1020) to pay interest on bonds for the ensuing year.

Art. 63. To see what action the town will take in relation to the purchase of the snow removal equipment leased for use for the present season, namely, a McCormick-Deering road plow and a sidewalk plow, the amount of lease contract to be allowed on the cost price of the same.

Art. 64. To see what sum, if any, the town will vote to take from Highway Appropriation to purchase snow fence.

Art. 65. To see if the town will vote to amend the by-law adopted at the Annual Town Meeting March

17, 1924 by changing the word "shall" to the word "may" in the first line of Paragraph 3 of said article and by inserting in said Paragraph after the word "with" in line 5 the following, "and in their judgment such tank or pump will not interfere with traffic nor create a fire hazard," so that the article shall read:

"The Municipal Officers may issue a license for the maintenance of such tank or pump when they are satisfied that the above regulations have been complied with and in their judgment such tank or pump will not interfere with traffic nor create a fire hazard, which license they shall record in a book kept for that purpose. Any such license once given may be revoked by the Municipal Officers when, in their judgment, the erection and maintenance of such tank or pump does not conform to the above regulations."

Art. 66. To see if the town will vote to authorize the Selectmen to petition the Legislature for an act to create a Town Manager form of government for the Town of Dover-Foxcroft.

(By request of W. E. MacDougal, M. D.)

Art. 67. To see if the town will vote to change the name of Grove Street to Averill Road.

(By request of Alice Averill)

Art. 68. To see if the town will vote to raise and appropriate the sum of five hundred (\$500.00) dollars to pay first note of Hospital loan, and two hundred one dollars and eighty-eight (201.88) to pay interest on said loan for the ensuing year.

The undersigned, Selectmen of Dover-Foxcroft will be in session at their office in Central Hall building on Monday, the sixteenth day of March, A. D., 1936, at nine o'clock in the forenoon for the purpose of hearing and deciding upon the application of persons claiming the right to have their names entered upon the voting list of said town. Given under our hands at said Dover-Foxcroft this second day of March, A. D., 1936.

H. R. WILLIAMS

WALLACE DOW

LISLE M. SNOW

Selectmen of Dover-Foxcroft.

52	Abatements	
	500.00	500.00 ✓
61	Bond Issue of 1934	
	3,000.00	3,000.00
62	Int. on bonds	
	None	1,020.00
64	Snow fence (From highway fund \$1,000.)	
	None	
68	Hospital loan	
	None	701.88
<hr/>		<hr/>
	90,752.00	93,477.88

In making comparisons between last year and this it should be noted that money was appropriated for items not appearing in the above in an aggregate amount of \$6,300.00, making the total for last year \$97,052.00.

The valuation last year, as used in making the assessment, was \$2,793,079. Deducting from that amount \$70,000.00 estimated to have been lost through fires and from other causes, and not making any allowance for a possible increase from any source (which, of course, may happen) gives us a valuation of \$2,723,079 for the present year. A tax assessed upon that valuation at a rate of .044 should produce in revenue \$119,815.48. Adding to this the income from 1100 polls at \$3.00, or 3,300.00, makes a total of \$123,115.48.

Estimated expenses, based on the above recommendations:

Budget recommendations,	93,477.88
State tax	21,007.59
County tax (estimated)	3,481.03
	<hr/>
	117,966.50
Overlay	5,148.98
	<hr/>
	123,115.48

We would call attention to the fact that any increase in appropriations over the amount which we have recommended, if in an amount which will not be covered by the overlay, will necessarily mean an increase in the rate over .044. We do not feel that it is for us to say at what rate the tax should be kept, but we do feel that it is proper for us to recommend that every possible effort be made by all municipal officers charged

with the expenditure of money to keep within appropriations. We regard it as more important to keep our expenditures within our available resources than to try to keep our tax rate at any arbitrary figure. It is no advantage to the tax payers to keep the tax rate down unless the expenditures can be kept within the limits of the money produced by that rate.
