Balance on hand Feb. 14th, 1927 142.63

$1,358.02

York, Maine, February 14th, 1927
KATE L. MARSHALL, Treasurer.

BOOKS—Crystalized Thoughts of Men—Undying Tribute to Their Authors

In olden times it was often the case that an author spent years writing a book then could not own a copy of his own volume. But today with the development of the press it is possible to purchase books suitable for all ages.

The committee has purchased this year as usual books for young people and adults, including reference books, fiction and non-fiction.

We have endeavored to keep the books up to the usual standard during the past year. There have been more gifts of books during the year than ever before, for which we feel very grateful to the donors.

We have at present fifteen magazines on the reading table, also our two local papers, "The York County Pioneer" and "Old York Transcript", which are donated by the editor.

"All that man has done, thought, gained or seen, it is lying as in magic preservation in the pages of books. They are the chosen possession of men."

Respectfully,

MYRTIE E. BANKS
SALLY M. COOK
MARION B. McINTIRE.
YORK, MAINE

YORK HOSPITAL

Paid John J. Sullivan, Treasurer  $1,250 00

HEALTH DEPARTMENT REPORT

February 12th, 1927

To the Board of Selectmen,
Town of York, Maine.

The following is my report for the year just closed:

Infectious Diseases reported during the year are as follows:

- Whooping Cough 2
- Measles 27
- Vincent's Angina 3
- Influenza
- Pneumonia 2
- Scarlet Fever 13
- Mumps 2
- Chickenpox 4
- Tuberculosis 2
- Poliomyelitis 2

These cases were quarantined, supplied with reading matter from the State Department, watched closely, and as
many as the law requires, were carefully fumigated. Right here I wish to make it plain that the law requires parents or guardians to report cases of infectious disease to the Health Department when no physician has been called to the case.

Milk Inspection

In company with the State Inspector all farms, dairies, and barns were visited and such advice as seemed helpful was given wherever necessary.

Hotels and Boarding Houses were inspected.

There were many complaints during the summer months in regard to overflowing cess-pools which gave very little trouble as nearly all were ready and willing to put them in good condition. A few rebelled and seemed to enjoy their surroundings much better than their neighbors. On the whole we had very little trouble.

There were issued nearly six hundred Food Handler's Certificates.

Mr. Thomas Thumith has been appointed Plumbing Inspector and will at once enter upon his new duties. All new and repair work will come under the State Plumbing Law.

Respectfully submitted,

F. W. SMITH, M. D.,
Health Officer.

MALCOLM McINTIRE,
Treasurer, York, Maine.
Auditor’s Report

To the Citizens of York:

The Auditor of Town Accounts for the Town of York for the year ending February 1927, presents the following report:

I have examined the accounts of the several officers of the town and found them correctly cast and vouchers shown for all money expended.

The annual visit to the “New Home” was made and a very thorough inspection of the buildings showed them to be in very good condition, inside and out. The inmates, seven in number appeared to be well cared for and contented, under the excellent management of the Superintendent and wife.

There was shown to me the following properties on the premises belonging to the Town of York:

- About 45 cords of wood
- 3 tons of coal
- 10 tons of hay
- 35 bushels of potatoes
- 2 barrels of beans
- 2 barrels of pork
- 1 barrel of flour
- 1 barrel of sugar
- 1 barrel of molasses
- 18 hens
- 3 cows
- 2 horses

and a sufficient amount of food supplies for the present.

It seemed to me that the “New Home” had been very ably managed, everything was in order, neat and clean in every part and managed in a manner that is a credit to the Town. We were fortunate to have a Superintendent who was able to keep the place in so good condition, and a word of praise should be given to Mrs. Goodwin for her housekeeping and neatness within the house.

Respectfully submitted,

SAMUEL H. JUNKINS, Auditor.

Respectfully submitted,

JOHN C. STEWART,

Town Clerk, York, Maine.

YORK, MAINE
REPORT OF THE
Superintendent of Schools

To the Superintending School Committee and Citizens of York:

I herewith submit for your consideration my first annual report as superintendent of your schools.

Since I became superintendent of your schools on July 1, 1926 my time has been mainly devoted to becoming acquainted with your teachers and schools and to studying your local school problems. Every town has its own individual school problems which must be worked out, each in a different manner.

The town of York is now maintaining twenty elementary schools. The enrollment in the rural schools is small with the exception of the Pine Hill School. The attendance, on the whole, has been very good. There have been a few cases of truancy where parents with no sufficient excuse have seen fit to keep their children out of school.

With the opening of school this Fall thirteen new teachers began their work in your schools. I believe that the present teaching force is doing very creditable work. I sincerely hope that we may retain a majority of our teachers for the coming year. Changing teachers yearly is not for the best interests of the school system.

The Clay Hill school was closed at the beginning of the Fall term and the pupils in this district have been conveyed to Cape Neddick. This has been a most satisfactory arrangement to all concerned.
At the close of the present school year the school at Agamenticus automatically closes because of the small attendance there.

With suitable motor conveyance provided I would recommend that the Brixham and Lincoln schools be closed for the coming year. I believe that if the pupils from that locality should be conveyed to the Village School for one year the parents would not want those schools reopened.

During the past year the cost of elementary education per pupil in the town of York was $60.70. This cost was $11.13 greater than that of any other town of the size of York in this State. The reason for this is the high cost of maintenance of the small rural schools in this town.

I believe that the teachers in the High School are doing excellent work. There seems to be a splendid spirit of cooperation between teachers and pupils. One of the most serious problems which confronts Mr. Woodman and his assistant teachers is the problem of home study. I hope that the parents will encourage their children to do home study. I wish to call your attention to Mr. Woodman’s report.

Miss Greene in the domestic science department is getting splendid results in her work. Through her effort a school lunch has been established in the High School this year. This provides the pupils of the school a lunch at moderate cost.

I would recommend in the manual training department that a plan be adopted similar to that in use in other towns of this State whereby the pupils purchase their material before they begin their projects.

On Nov. 8, 1926 a school savings system was introduced into the Village, York Beach and Cape Neddick Schools under the supervision of the York County Trust Company. During the three months which this system has been in operation the pupils have deposited $553.41 of which $229.67 has been transferred to regular savings accounts. The object of school savings is to teach the children the habit of thrift. I wish to take this opportunity to thank all those who have helped in carrying out this plan so successfully.
During the Summer general repairs were made on all the school buildings. A steam heating system was installed at the York Beach school. This coming year a new heating system should be installed at the High School.

In closing this report I wish to express my appreciation of the kindnesses and courtesies shown me by the people of York. I wish also to thank all those who have cooperated with me so faithfully for the best interests of the boys and girls of this town.

Respectfully submitted,

ELMER O. SMALL,
Superintendent of Schools.

- Paid High School Laboratory | 66 91

#### Total Deficit Feb. 11, 1927

$1,666 04

At the first meeting of the present school committee held March 12, 1926, $1,218.64 worth of old bills were approved and paid which should have been paid the previous year. If these bills had not been paid the total deficit at the present time would be $447.40. The school committee believing in a pay-as-you-go policy are glad to announce that all bills against the school department of this town are paid up to February 11, 1927.

We believe that all schools in town are being taught by competent teachers and are being maintained satisfactorily.

We wish to make the following recommendations:
(1) We recommend that a new heating plant be installed at the High School building for economic reasons as well as for the comfort of the pupils. It is estimated that a new heating plant will cost about $3,000.00 and the saving of fuel alone in five years will pay for the plant.

(2) We recommend that in the near future that the Beech Ridge School have a proper heating plant installed.

(3) We recommend that no money be raised for High School transportation for the coming year, for the reason that it is impossible to show justice to all pupils and for the further reason that it is illegal to pay pupils for attending school. We feel that the town of York is doing its part in furnishing to its boys and girls a free High School education.

(4) We recommend that the town take some action toward the disposal of the North Village, South Side, Scituate and Clay Hill school buildings, all of which have been closed and there appears to be no possibility of their further use.

(5) We recommend that the Brixham and Lincoln schools be closed at the end of the present school year for economic reasons as well as for the best interests of the pupils. The cost of education per pupil the past year at the Brixham school has been $76.54, at the Lincoln school $77.36 while the cost per pupil at the Village school has been $60.33. We recommend that with proper motor conveyance the pupils be brought from Brixham Corner to the Village School.

The attendance at the school at Agamenticus has been so small and is so small now that it could be automatically closed but the school committee are of the opinion that it should be maintained for the balance of the school year.

GEORGE N. BAKER
FRANK W. SMITH
ARTHUR W. NORTON
REPORT OF THE
Principal of York High School

To E. O. Small, Superintendent of Schools:

I hereby submit my first annual report with recommendations. York High School opened September 13, 1926 with the following enrollment:

<table>
<thead>
<tr>
<th></th>
<th>Boys</th>
<th>Girls</th>
<th>Total</th>
</tr>
</thead>
<tbody>
<tr>
<td>Post Graduates</td>
<td>1</td>
<td>1</td>

<td>16</td>
<td>16</td>
<td>32</td>
</tr>
<tr>
<td></td>
<td>57</td>
<td>59</td>
<td>116</td>
</tr>
</tbody>
</table>

Average attendance for the fall term 108.4, with 93 instances of tardiness, and 42 pupils not absent for any session during the term. This low average attendance was caused by sickness. The average attendance for the first half of the second term has been better. The cases of tardiness should be materially decreased. It is just as easy to be on time as to be always five or ten minutes late.

Our present enrollment is 9 less than that of the first term. We have gained one and lost four by transfer; we have lost two on account of sickness and four either because they could not or did not care to keep up in their work. Right here I wish to say that in order to get the most out of High School each pupil should do at least one hour of home study every school day, and that it is the duty of the parents to see that this is really done or even increased if the pupil's work is still unsatisfactory. The trend in higher education is towards work that is increasingly difficult and it is only by systematic, conscientious work of the pupil, the parent and the teacher that we can insure the pupil against failure.
We have rather a large enrollment in our Commercial course. To make this course more efficient provision should be made for a larger room with a glass partition, so that practice work in typewriting and shorthand might be carried on at the same time, and under the supervision of the same teacher.

The janitor service has been excellent. However it must be discouraging and it is certainly wasteful, when three furnaces and a heater, each red hot, fail to heat three or four of the rooms to a temperature varying between 50 and 60 degrees. A change of heating system certainly deserves the consideration and support of every citizen who has the welfare of the High School at heart.

Reference books of all kinds should be available in a High School Library. The library in the High School is fairly well equipped, but provision should be made for the purchase of a few new books, either to replace those worn out or to make the Library more complete. A sum of about fifty dollars each year should be expended to build up the library.

In closing I wish to acknowledge the co-operation of each teacher, and of everyone connected with the school.

Respectfully submitted,

ORLANDO C. WOODMAN,
Principal.
REPORT OF THE
Supervisor of Music

To the Superintendent of Schools:

It is with pleasure that I submit my first report as Supervisor of Music in the schools of York.

The reading of music is as essential as the reading of language, and it is my aim to develop not only musical ability, but to create love of music as well. A music-loving people must develop from the teaching of vocal music in the public schools, and in the organization of orchestras, bands and glee clubs in the high schools throughout the country.

The work is progressing satisfactorily in the grades. The teachers are interested and helpful; the boys and girls are eager and willing, and attain a good standard in their work.

The music at the High School consists of a first and second year chorus, a girls' glee club and a boys' glee club. The glee clubs are doing exceptionally good work, but a larger membership is desired.

A great need in the schools of York is a good orchestra. The boys and girls in the lower grades should be taking lessons on instruments necessary to start an orchestra such as strings, wood-wind, brass and percussion. Teachers from Portsmouth may, I think, be engaged to come to York certain days if a sufficient number of pupils can be obtained. I have tried to put this matter through. Several children are anxious to start, but, of course, co-operation of the parents is necessary. Within a few years, with the earnest effort of only a few, a very creditable orchestra could be organized. We have, at present, a trio composed of High School students which is much enjoyed at various entertainments, but which is not interested in meeting for regular rehearsals under the head of school music.
Much interest has been shown by the children of the York Village Grammar School in the operetta, "The Snow Queen" for which they have been rehearsing during the last month. I earnestly hope that my successor will desire to continue it.

My work in York has been very interesting and pleasant, and it is with considerable regret that I leave to take up similar work in Westbrook.

In concluding, I wish to thank the pupils, teachers, superintendent and citizens who have co-operated with me in making this an enjoyable year.

Respectfully submitted,

JOSEPHINE N. BRIGGS.
Mr. E. O. Small, Supt. of Schools,

Dear Sir:

Herewith I beg to submit the annual report of the Manual Arts Department. The year just past has been a busy and successful one for this department. Very few pupils have been absent on account of illness. I have spared no pains to keep the work up to as high a standard as the ability of the individual pupil renders possible. We are working out each year a well defined progressive plan based on a systematically arranged series of exercises involving the correct use of nearly all hand tools for wood. These exercises are applied in the construction of useful articles. The course is designed to cover three years but supplementary processes are easily added to the course, one or two years more for such pupils as wish to continue their work in this department. Constant effort is made to better adapt the work to local needs, and to broaden its scope in such ways as resources permit and best judgment approves. The outline of work planned for the current year is as follows:

Sixth Grade: Blocks, Coat Hangers, Towel Rollers, Match Holders, Bread-Boards, Tooth Brush Holders, Tabourettes, Aerophanes, Waste Baskets, Clothes Hangers.

Seventh Grade: Ironing Boards, Skis, Costume Poles, Magazine Racks, Caning

Eighth Grade: Hard Wood Tables, Morris Chairs, Bookcases, Book Racks, Foot Stools.

The High School pupils electing work in this department are given instructions in Home Mechanics. All projects are selected by the instructor and each pupil is required to make a free hand drawing of the piece of furniture to be made by
Graded instruction is given to all classes in regard to qualities and cost of each kind of lumber, its natural and finished appearance and its most appropriate uses. On recommendation of State Officials the Manual Arts Department at the Village School has been painted white to give a more finished and brighter atmosphere to the room.

I recommend:

1. That the town furnish materials at least equivalent to the State's minimum requirement which amounts to about $325.00.

2. That all wood used in the school be bought three months in advance because of the impossibility of procuring suitable lumber on short notice.

3. That the pupils at the Beach and Cape Neddick Schools be transported to the only Manual Arts Room at the Village Grammar School. This will give these pupils an equal footing with the Village pupils who are benefiting by good heat and light. I wish to call your attention that there is no heat and very little light in the Beach School basement.

4. That during his High School course a pupil shall be permitted Manual Arts credit of 10 points toward graduation for double periods.

5. That the Elementary Grades be required to complete at least a forty-minute period a week in free sketching, which is fundamental in the training of the eye, mind and hand in cooperation.

In closing, I wish to thank all those who have helped to make this year successful.

Respectfully submitted,

ANDREW C. HOOPER.
Elmer O. Small, Supt. of Schools,
York Village, Maine.

Dear Sir:

Herewith I submit the report of the Home Economics Department for the year ending February, 1927.

The State Supervisor, Florence L. Jenkins, with the aid of some of the leading Home Economics workers in the state, met together last year and drew up a "Suggested State Course in Home Economics." This is not a course that is to be followed absolutely but one that may be varied according to the conditions under which one has to work.

The course is as follows:

Seventh Year—150 minutes required per week.
Foods and Health—½ year
Construction
Clothing—½ year.
Textiles.

Eighth year—150 minutes required per week.
Foods and Health—1-3 year
Clothing
Cares, constructions and hygiene—1-3 year.
Home Problems
Home nursing; child care—1-3 year.

Freshmen—1 double period each day
Problems of Dress—
Selection; Design; Construction—½ year.
Hygiene and Sanitation—\( \frac{1}{4} \) year
Home Selection and Furnishing—\( \frac{1}{4} \) year

Sophomore—1 double period each day.
Foods and Nutrition—\( \frac{1}{2} \) year.
Home Management—\( \frac{1}{2} \) year
Course as it is being carried out:

Sixth Year—120 minutes per week.
Clothing
Construction
Textiles

Seventh Year—120 minutes per week
Foods and Health

Eighth Year—120 minutes per week
Clothing
Construction
Care
Hygiene

Freshmen—3 double periods per week.
Home Selection and Furnishings—1-4 year
Clothing—1-4 year
Foods—1-4 year
Hygiene and Sanitation—1-4 year

Sophomores—
Home Nursing and Child Care—\( \frac{1}{2} \) year
Home Management Problems—\( \frac{1}{2} \) year

The idea of Home Economics meaning simply Cooking and Sewing should be done away with. It has a broader meaning. The study of Food—it's composition, use in the body and its limitless value in relation to health. Clothing—construction, care and hygiene. Home problems—the care and furnishing of a home with a thought for balance, rhythm and harmony, hygiene and sanitation and first aid. These are all included in the term Home Economics and each plays a most important part.
A school lunch has been started at the High School and carried on successfully with the aid of the High School girls who have willingly assisted during their free periods.

During the first half of the year poster work in foods was conducted at Cape Neddick School. During the last half sewing will be the problem.

At York Beach we have tried to carry on foods classes but the lack of equipment and the lack of heat in the room we worked in, made it impossible to carry on. Sewing classes will be conducted until warm weather when we will resume our food classes.

I suggest that the Cape Neddick and York Beach girls be transported to York Village this coming year, where facilities for working are good.

The Home Economics room has been moved to the second floor of the High School building giving the Department a room with good working facilities.

Respectfully yours,

MARTINA E. GREEN.

Warrant for Town Meeting

March 14, 1927

To Arthur E. Bragdon, Constable of the Town of York:

In the name of the State of Maine you are required to notify and warn the inhabitants of said town of York qualified to vote in town affairs, to assemble in the Town House in said town on Monday, the fourteenth day of March, A. D. 1927, at nine o’clock in the forenoon to act on the following articles, to wit:

First.—To choose a moderator to preside at said meeting.

Second.—To choose a Town Clerk, three Selectmen, Assessors of Taxes and Overseers of the Poor, Town Treasurer, Collector of Taxes and Constable, one School Committeeman, one Road Commissioner, one or more Fire Wards, one Auditor of Accounts and all other officers necessary for the ensuing year.

Third.—To fix the remuneration of the town officers for services for the ensuing year, also the price for labor on the highways.

Fourth.—To see what sum of money the town will vote to defray the incidental expenses of the town for the ensuing year.

Fifth.—To see what sum of money the town will vote for repairs of highways for the ensuing year.
Sixth.—To see what sum of money the town will vote for the repairs of bridges the ensuing year.

Seventh.—To see what sum of money the town will vote for the Support of Poor for the ensuing year.

Eighth.—To see what sum of money the town will vote to raise for elementary and secondary schools including teachers’ wages, fuel, janitors’ service, conveyance, text-books, reference books, and school supplies for desk or laboratory use.

Ninth.—To see if the town will vote $3,000.00 to install a new heating system in the High School.

Tenth.—To see what sum of money the town will vote for the repairs of school buildings for the ensuing year.

Eleventh.—To see what sum of money the town will vote for instruction in industrial education in the schools for the ensuing year.

Twelfth.—To see if the town will vote to raise $500.00 to pay premiums on insurance on school buildings for the coming year.

Thirteenth.—To see if the town will vote to close the Brixam school for the coming year.

Fourteenth.—To see if the town will vote to close the Lincoln school for the coming year.

Fifteenth.—To see if the town will vote to raise $360.00 to pay for High School Conveyance for the balance of the school year ending June 10, 1927.

Sixteenth.—To see what sum of money the town will vote for a water supply for the ensuing year.
Seventeenth.—To see if the town will vote the sum of three thousand dollars to meet the deficiencies in the appropriation for 1926.

Eighteenth.—To see what sum of money the town will vote for Memorial Day.

Nineteenth.—To see what sum of money the town will vote for care of grounds, walks and shrubbery around the Town House.

Twentieth.—To see what sum of money the town will vote for street lighting for the ensuing year.

Twenty-First.—To see what sum of money the town will vote to pay interest on and for the reduction of the debt of the town for the ensuing year.

Twenty-Second.—To see if the town will vote to instruct and authorize the Treasurer to hire money on the credit of the town to meet pressing liabilities when so directed by the Selectmen.

Twenty-Third.—To see what sum of money the town will vote for the Health Department for the ensuing year.

Twenty-Fourth.—To see if the town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the town to State Aid as provided in Section 19 of Chapter 25 of the Revised Statutes of 1916.

Twenty-Fifth.—To see if the town will appropriate and raise the sum of $1,466.00 for the improvement of the section of State Aid Road as outlined in the report of the State Highway Commission, in addition to the amount regularly raised for care of highways and
bridges. The amount being the maximum which the
town is allowed to raise under the provision of Sec­
tion 18, Chapter 25 of the Revised Statutes of 1916.

Twenty-Sixth.—To see if the town will vote to
raise money and what sum for the maintenance of
state highways during the ensuing year, within the
limits of the town under the provisions of Sections
8, 17, 26, 27 and 28, Chapter 25 of the Revised Statutes
of 1916.

Twenty-Seventh.—To see what sum of money the
town will vote for the purpose of removing snow from
the highways.

Twenty-Eighth.—To see what sum of money the
town will vote in aid of the York Public Library for
the ensuing year.

Twenty-Ninth.—To see what sum of money the
town will vote to raise for the maintenance of the York
Hospital for the ensuing year.

Thirtieth.—To see if the town will vote to accept
the report of the doings of the Selectmen in laying
out a town way at York Beach beginning at a point in
the road leading from York Beach to Cape Neddick
near the York Beach School House and running across
to Freeman Street near the Hastings-Lyman Hotel.

Thirty-First.—To see if the town will vote to ac­
cept the report of the doings of the Selectmen in lay­
ing out a town way beginning at a point in the Wood­
bridge Road, so-called, and running to the land of Henry
Tonetti.
Thirty-Second.—To see if the town will vote to accept the report of the Selectmen in laying out a town way beginning at a point in the road near the residence of William Baston and running in a Southwestern direction to meet the town road at the other end.

Thirty-Third.—To see if the town will vote to accept the doings of laying out a town way over Garrison Avenue, so-called, as it is laid out on a plan of Moseley and Foster which is recorded in plan book 3, page 57, York County Registry of Deeds and raise a sum of money therefor.

Thirty-Fourth.—To see if the town will vote to install three hydrants from Rice’s Bridge to the entrance to the residence of Charles C. Goodrich.

Thirty-Fifth.—To see if the town will vote to oil the road beginning at the Northeastern end of Passaconaway Bridge and continue this oiling up the road past the Inn, as far as Mrs. Charles Kenney’s place, and appropriate a sum of money therefor, on petition of Mary D. Beardsley and ten others.

Thirty-Sixth.—To see if the town will vote the sum of $500.00 to be expended in removing the ledges on the Logging Road and otherwise improve said road from the State Road to a point called Big Bridge Hill, on petition of Mrs. Charles Webber and sixty others.

Thirty-Seventh.—To see if the town will vote to raise the sum of $2,000.00 to gravel and widen the road from Josiah’s River to the Wells town line, on petition of Leon A. Moulton and fourteen others.
Thirty-Eighth.—To see if the town will vote to grade and surface with tarvia the way known as the Cliff Road beginning at the entrance of the road leading past Passaconaway Inn and extending in a North-easterly direction to the point where Intervale Road enters said Cliff Road at the Northeasterly end of said Intervale Road a distance of 3,500 feet, and appropriate a sum of money therefor, on petition of Frank J. Cairns and seven others.

Thirty-Ninth.—To see what sum of money the town will vote to raise to be expended and used for advertising the resources, advantages and attractions of the State of Maine.

Fortieth.—To see if the town will instruct the Selectmen to install a suitable heating apparatus for the Town Hall and raise $400.00 therefor, on petition of Fred W. Marshall and thirty-two others.

Forty-First.—To see if the town will vote to install a hydrant at the cross roads a Beech Ridge Church on petition of Chester L. White and seven others.

Forty-Second.—To see if the town will vote to purchase five hundred feet of double jacket fire hose for the use of the York Beach Fire Department and appropriate a sum of money therefor, on petition of Caleb S. Bowden and twenty-three others.

Forty-Third.—To see if the town will vote to appropriate the sum of seventeen hundred dollars to be used in paying the balance due on the combination pumping engine located at York Beach, on petition of Harley G. Ellis and twenty-eight others.
Forty-Fourth.—To see if the town will vote the sum of $250.00 to be used in placing insurance policies covering death, accident and sickness on the members of the York Beach Fire Department, on petition of W. C. Hildreth and thirteen others.

Forty-Fifth.—To see if the town will vote to install a hydrant near the Catholic Church on Church Street at York Beach and appropriate a sum of money therefor, on petition of F. E. Parsons and sixteen others.

Forty-Sixth.—To see if the town will vote to install an electric light on Broadway at a point opposite Norwood Avenue, at York Beach, on petition of Fred A. Coates and fifteen others.

Forty-Seventh.—To see if the town will vote to install five street lights on the highway at York Heights, so-called, between the residences of Charles F. Blaisdell and Maurice Grover and appropriate a sum of money therefor, on petition of John J. Sullivan and ten others.

Forty-Eighth.—To see if the town will vote to widen and straighten the highway from the top of the hill near the residence of Norris E. Trafton to the causeway Southerly of the residence of Nelson Trafton, and appropriate a sum of money therefor on petition of Joe Briley and nine others.

Forty-Ninth.—To see if the town will vote to gravel and tar the Bald Head Cliff Road, so-called, leading from Cape Neddick River to Wells line or such portion of said road as may seem advisable and ap-
appropriate a sum of money therefor, on petition of Henry W. Weare and twenty-six others.

Fiftieth.—To see if the town will raise money to provide for the services of a public health nurse, or take any action thereon.

Fifty-First.—To see if the town will vote to discontinue a portion of the town road beginning at a point near Alfred I. Mitchell's land and running to the main road near Bass Cove, so called.

Fifty-Second.—To see if the town will vote the sum of $25.00 to be used as prize money for Boys' and Girls' Clubs.

Fifty-Third.—To see if the town will vote to require all taxes to be paid not later than October 1st, 1927, and that interest at the rate of 1 per cent. per month be charged on all taxes not paid on or before October 1st, 1927.

Fifty-Fourth.—To pass any other vote or votes that may be necessary and legal for the administration of the town for the ensuing year.

The Selectmen hereby give notice that they will be in session for the purpose of revising and correcting the list of voters, on Friday and Saturday, March 11th and 12th from one to four o'clock p. m.

Dated at York this nineteenth day of February, A. D. 1927.

JOSEPH P. BRAGDON,
NELSON C. HUTCHINS,
SAMUEL A. PREBLE,
Selectmen of York.
