Selectmen's Report

To no one's surprise, and with a write-in candidacy, Hank decided to stay with us in his role as Selectman. The three of us make a balanced team, and with the incredible folks in the office, Bremen has never been in better shape.

In the Town Office, we have reorganized the staff to better serve the residents. Kelly Clancy, our very able Town Clerk, has moved into the role of Administrative Assistant, Tax Collector, and Treasurer. Susan Anneley joined us during the summer, and, as an already experienced Town Clerk, has moved into the Town Clerk and Deputy Registrar position. Julie Cruz, who has been a Deputy Clerk for a couple of years, continues as the Deputy Clerk and Registrar. Penny Card, who did a great job, has moved on to other interests.

Where could there possibly be another town where the Town Office phones you to let you know your vehicle registration is about to expire? Or creates an email list to keep you informed of Town happenings? Or keeps treats handy for the hungry? And finds an answer for you when they don't have one right at hand? We're very lucky; please let them know.

Our Town Ordinances have become outdated and dysfunctional, and several groups have tackled them with the support of our Town Attorney, Jonathan Hull, over the last few years. They are now coming together to be voted on in 2017. Another Ordinance Review Committee was appointed, comprised of Walter Voskian from the Planning Board, Harold Schramm of the Appeals Board, and Wendy from the Selectmen. They combined three ordinances into one Land Use Ordinance and combined it with a list of uniform definitions for the Town that the Planning Board created out of the multiple definitions throughout our ordinances. The Harbor Committee is working on their ordinance, and the Shellfish Conservation Committee has created a new proposed ordinance after several years of work as well. The Land Use Ordinance will be voted on at the Town Meeting; watch the web site for other voting opportunities.

And it doesn't stop there. In collaboration with the Conservation Commission, the Hay Conservation and Recreation Area has been completed with a kayak ramp, Town sign and kiosk. The Town Forest and Trail has a new Town sign, and, thanks to a generous donor, the Town now has a new area to explore, 40.5 acres behind the Hillside Cemetery.

The Town Center has new steps, deck, and ramp, and a new handicapped accessible bathroom has been completed.

The roads continue to improve, the paving of the Town Center driveway and parking lots matched by chip sealing, tree trimming and culvert work on the Nobleboro Road. The Heath Road Bridge has for some time needed major work. The Town received a \$95,000 grant toward the expense of replacing the bridge. We have now received the Army Corps of Engineers and DEP permits, and the engineering is completed.

A special thanks to all of you who give of your time and energy to support the Town. Don't hesitate to contact the office and any committee if you would like to volunteer and help us out. We need your participation in every aspect of our Town!

Sincerely,
Your Selectmen

Assessors Report 2016

James Murphy, Jr., Assessors Representative
Murphy Appraisal Services, Inc.

As expected, 2016 was a year that was boring for the assessing in Bremen. Not to worry, boring in municipal government is a good thing. The revaluation has had a year to settle, and there are always some follow-up issues. A year later is when I find out if my revaluation conclusions concerning seeing the future were accurate. It can be very humbling, as being able to predict the future is not my strong suit.

The most exciting thing this year was my continued discussion with the state assessing auditors concerning the yearly review of the assessing in Bremen.

Each year the assessors in every municipality in Maine are audited. The audits check everything (mostly). They review the Homestead and Veterans exemptions to be sure everyone qualifies. They check the Tree Growth, Farm Space and Open Space Applications. Errors can result in refunds back to the state for overpayments of reimbursements so the assessing needs to be right. Following the laws of the state is very important. If done on site, the audit takes about 3-5 hours, as long as the local assessor is ready.

Part of the audit entails reviewing all property sales to include or exclude for use in the actual ratio. I had hoped to be at a 100% Certified Ratio for 2017, but it looks like we will still be at about 95%. (The State Certified Ratio is really set by the Bremen Board of Assessors and must be within 10 percentage points of the actual ratio.)

Now, you see, the state assessing audits are due by September 30 each year to have the state valuations completed by November 1st as required by statute. The state auditors said they were here in February, but in August I told them they had not been. In September I reminded them again, and they finally concluded that they had not audited Bremen. Could I email them all the data, they asked. I had sent the data in January, but I said that I would send it again. I made a trip here on a Saturday morning to do this.

The audit was completed, and I was told the ratio was 88%. No way. I reviewed their data and corrected the five errors that increased the ratio back to 97%. Nope. Based on 2 sales out of 16 and not fully recognizing the corrections, the ratio will be 88%. Now I am a fairly capable assessor (most of the time), but I have a hard time understanding after reconciling

an audit, pointing out the error and then not seeing it fixed. But as the state valuations are due by the November 1st deadline, it is what it is. Not my fault the audit was late.

The point of this little assessing story is this: If you had pointed out an error that I continuously failed to correct, would you not be frustrated? Of course you would. That is why I try hard to communicate as best as I can by putting notes in your door when I check permits, updating and reviewing data all the time, sending letters for new values, returning emails and messages every time I am in Bremen, clearly saying yes or no, and listening to your concerns.

But not calling after two no-shows on scheduled appointments in February, being reminded in August and not correcting data in October is not the way to run a government audit. Everyone makes errors, and no one is perfect, but when someone is trying to help you get it right, why would you not pay attention? But here we are. Maybe the 2017 audit process will be better.

For 2017, the Homestead Exemption increases from \$15,000 to \$20,000. This will again reduce the Town taxable value and increase the tax rate. It also again shifts the increased tax rate from Homestead owners to nonresident, commercial and vacant land owners. Do not let anyone at the state tell you they lowered your taxes; they only shifted the burden from Homestead Exemption qualified to non-Homestead owners.

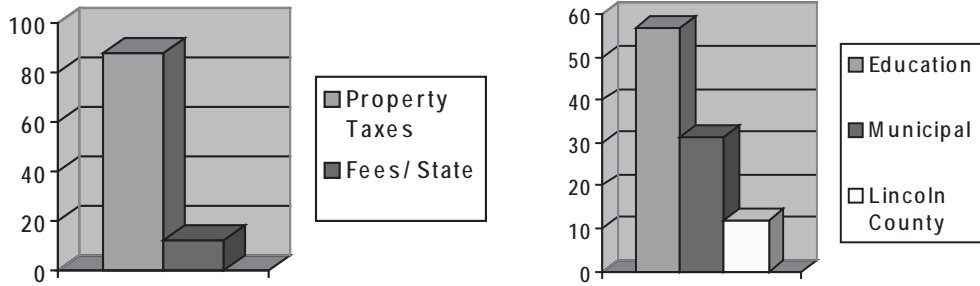

Tax relief in the form of the Maine Homestead Exemption is available to all qualified property owners. You do not need to complete a new application as long as you continue to reside in the same residence in Bremen. You are eligible for this program if you have owned a residence in Maine for the last 12 months as of April 1st of the year of the commitment, are a resident of the Town, and if your Bremen home is your declared place of residence.

Also available is the Veterans Exemption, Blind Exemption and other programs that can assist at the town and state level. Please call me if you have a question. I am usually scheduled for the Bremen Town Office every other Wednesday.

Bremen Volunteer Fire Department

The Bremen Volunteer Fire Department had another active year in 2016. We had a total of 112 separate calls, and we still have 3 weeks left in the year. Below you will find our call totals.

Medical calls.....	70	Service calls	10
Mutual Aid.....	12	Search and Rescue.....	1
Accidents	15	Brush fire.....	1
Power lines down.....	3		

This year we worked well with the First Responders in lift assist at the medical calls. Without their guidance this service would not be available.

We spent many hours in training, both in-house and with our mutual aid departments. We cross-trained with each other's Jaws of Life and other extrication equipment. We also worked with others on pump and tanker relays.

We bought and will be applying tracks on our ATV. We installed more blue 911 emergency signs this year but still have more to do. Please contact the Town Office for this free service that makes locating you in an emergency much easier.

Our supper auction, turkey dinner and annual holiday party were all huge successes this year. We could not have done it without the Patriotic Club and all the other volunteers.

We picked up more new members and got them through their mandatory training, and they have been active on calls. As always, we are welcoming any volunteers who wish to join in any of our Town groups, departments or organizations. All are welcome to stop by the Fire Department for more information any Wednesday night, or call the Town Office to see who to contact for more information.

The upcoming year will consist of mandatory trainings, truck and equipment testing, mutual aid, department training and more hydrant work.

Thank you to all who support our Fire Department; without you there would not be an organization. Thanks also to all the volunteers who bake, cook, clean and just plain help. We appreciate all your work.

Respectfully submitted,
FERN POLAND, Chief

NEW MEMBERS NEEDED! NOW!

Bremen Rescue/ First Responders

Who and what are the Bremen First Responders? There is no ambulance service in Bremen; we are ably served by Central Lincoln County Ambulance Service, located in Damariscotta. But, it can take as long as 20–25 minutes for them to respond to Bremen if they are extremely busy. So, like other towns on the peninsula, we have First Responders who go to the scene of a medical emergency to start treatment until the ambulance arrives. We are all trained and licensed by the Maine Emergency Medical System and must renew our licenses with re-education every three years. Please note: We arrive in our own vehicles, carrying emergency equipment bags. We often are wearing the gorgeous, (NOT!) chartreuse vests and coats to help identify us. We may have a red flashing light on in our vehicles, and we appreciate it if you let us by when we are responding to a call. We gather information and start treatment when necessary and can relay information to the responding ambulance. And, we're usually accompanied by members of the Bremen Fire Department. This year, we're delighted to have a new EMT, Cheryl Tomasello, join us. She's had quite a year and done beautifully. But we're always looking for new members, so if you're interested, please contact one of us.

As of December 22, the Bremen First Responders had been paged to over 100 calls, including fire calls where we stand by to make sure everyone is okay. We've seen a number of motor vehicle accidents this year, two involving motorcycles. Falls, cardiac events, and many other situations are included in the calls to which we respond. We can even respond to islands, if necessary. The demands of getting enough education credits keeps creeping up, to the point we need more than three hours every month. Thus, we have trainings in Bremen, attend other town's trainings, and attend the very large EMS Conference in Rockport most years. The paperwork/online work also continues to rise. Though the changes in protocol, equipment and treatments allows us to do more, these changes also necessitate new education.

We are very, very grateful to the residents of Bremen for "outfitting" us so well! Your gifts allow us to each have a defibrillator, in addition to a very full bag of emergency medical equipment and oxygen, plus much extra equipment carried on the Rescue truck. We try to get to your location as

soon as possible, but once in a while have difficulty finding you. The Fire Dept. has blue number signs available for you, just call the Town Office and ask for a sign. Sometimes a location is not at a residence or business – in this age of cell phones, please be sure you reach Lincoln Country Communications Center in Wiscasset. Their phone number is 563–3200, if 911 doesn't work. We hope you never need to call for help, but hope we can be of aid if needed. Also, if someone has fallen and has difficulty walking, or you cannot get them up, please call 911 for our help. We're happy to help someone get back on their feet, etc. We do not charge for coming – thanks to the Town of Bremen.

Last, we simply cannot thank our firemen friends enough! They bring us equipment, direct traffic and ambulances, handle communications, help us lift patients, etc. They are our right arms, and we are so thankful to have them coming on our calls. We work together, and though sometimes the work is challenging, it's wonderful to know the Bremen firemen are there to support us!

Respectfully Submitted,

Director, EMT-B

NEW MEMBERS NEEDED — BECOME AN EMT

Code Officer's Report

2016 was a busy year for the Town. We issued six (6) growth permits this year for new houses. Below is the list of permits that I issued for 2016.

Twenty-three (23) Building Permits

Eight (8) Interior Plumbing Permits

Eleven (11) Septic Permits

Permits were for a studio, barn, boat shed, garage, deck, and dormers.

Any building or new development of any nature needs to be reported to the Town, as most of that type of activity needs to be permitted either by the Code Officer or the Planning Board. Any activity in the Shoreland Zone needs approval from the Planning Board. Most other permitting is handled by the Code Officer. I can be reached either through the Town Office or by my cell phone for appointments and permits.

Bremen K-12 Education Report

Kimberly Schaff, Principal, Great Salt Bay Community School
Steven Bailey, Superintendent of Schools, AOS 93
Judith Mohr, Chair, Bremen School Board
Stephanie Nelson, Chair, Great Salt Bay CSD Board

Great Salt Bay Community School:

Great Salt Bay Community School is a K-8 grade school serving the children of Bremen, Damariscotta, and Newcastle. The mission of the school is to provide a nurturing, safe, and enjoyable environment in which all children are challenged and inspired to pursue excellence in all aspects of their education.

At all grade levels our learning curriculum is guided by the Maine learning standards. As described by the Maine Department of Education, these “academic standards provide a set of clear expectations as to what students should know, understand, and be able to explain as they progress through each K-12 grade level.” These standards include: English language arts, mathematics, science & technology, social studies, health & physical education, and visual & performing arts. In order to ensure the quality of our educational program, our students in grades 3-8 participate in the Maine Educational Assessment (MEA). Consistently, our students have performed above the state average in the areas of reading and mathematics at almost all grade levels. On the science MEAs, our fifth and eighth grade students performed well above the state average.

Seeking to provide our students with an enriching, vibrant, 21st century education, our teachers and staff supplement the classroom experience with visiting educators and field trips. Some of the visiting educators have included Mary Boothby (8th grade printmaking), Mary Cerrullo (3rd grade oyster program), Tim Dinsmore (7th grade archeology unit), Sara Gladu (DRA - environmental education), John Meader (myths & astronomy), Belinda Ray (5th grade writing program), and staff from Chewonki and the Darling Marine Center. Our students have participated in field trips to Biscay Orchards, Boothbay Botanical Gardens, Camden State Park, Maine State Museum, and Old Fort Western.

Great Salt Bay School recognizes that co-curricular and extracurricular programs are an integral part of the total educational program. The co-curricular programs include debate team, drama club, jazz band, math

team, robotics club, student council, and yearbook. Our student athletes can participate in archery, basketball, cheerleading, cross country, field hockey, golf, soccer, softball, and track & field. In all of these sports, students have the opportunity to develop good sports skills and attitudes while playing against other schools in AOS 93, as well as the other schools in the Busline League.

Throughout the year the school hosts a number of events to strengthen the sense of community within the school and with the families of GSB. In the fall we gather together for our Open House and PTO sponsored Welcome Back Dinner, the Harvest Fair, and parent/teacher conferences. In the winter we showcase our music and arts programs with the Winter Band and Choral Concerts, the Beginner Band Concert, the Strings Concert, and the Young Artist Showcase. In the spring we encourage families to get involved in Unplug It Week, the Bike Rodeo, spring concerts, and finally our 8th grade graduation.

Recognizing the importance of connecting our students to their community, our school has built strong community educational collaborations. These include the Darling Center, DRA, Farms & Farms Kitchen, Hidden Valley Nature Center, Camp Kieve, Miles of Friends, Skidompha Library, and the CLC YMCA. Moreover, we pride ourselves in our efforts to give back to community. Each winter our school community sponsors a food drive, GSB Cares-A-Ton, which helps our local food pantry and we host a Red Cross blood drive. This year GSB has expanded its involvement with our senior living communities by bringing our musicians to perform at Coves Edge and Lincoln Home. These experiences enrich the lives of all those involved, especially our children.

Finally, Great Salt Bay Community School is fortunate to have an active PTO. The mission of the PTO is “to act as an organization that supports GSB students in their many activities and provide assistance to GSB staff in their numerous programs.” The PTO organizes fundraisers, including a Jog-a-thon in September and a “Spring \$5 Fundraiser,” with all proceeds benefiting the school in the form of school-wide cultural events, classroom tools, student scholarships, and extracurricular events. The PTO provides parents the opportunity to learn more about what goes on at GSB, as well as information on issues and topics that are important to parents and students. In addition to the PTO, the school community benefits from the Friends of Great Salt Bay. This non-profit organization is specifically dedicated to supporting our school with a mission to “Enhance the Education of GSB students.”

Each year the Great Salt Bay Community School strives to make the educational experience stronger for its students. Our goal is to “Be Better Than Our Best.” Our students are blessed to live in a community that recognizes that supporting its public school is one of the most important investments of all. Together we are making our future stronger as a community and as a nation by educating our children. Thank you for your support of Great Salt Bay Community School.

We look forward to continuing the Great Salt Bay commitment to excellence!

Bremen, Grades 9-12:

Bremen has 32 students in grades 9-12, with 30 that attend Lincoln Academy. 1 student attends another private school and 1 student is enrolled in another high school opportunity. These students continue to achieve to high levels. There are 10 students graduating (9 for whom tuition is paid) and 7 students entering grade nine. Changes in the number of students at the secondary level have caused fluctuations in the budget from year to year. The budget is so dependent upon three things: 1) number of students, 2) numbers and types of special education services our students require, and 3) costs for transportation. The largest variable is the number of students. During 2016-2017 five (5) additional students were added to the payments, at an additional cost to the town of about \$55,000, that had not been budgeted. Central Office Administrators of the AOS meet with the Head of School of Lincoln Academy and his Assistants routinely to align curriculum and refine plans to prepare our grade eight students for a successful transition and experience at the Academy.

Before I close, I would like to extend a personal thank you and provide thanks from the town to Judy Mohr, Chair of the Bremen School Board. Judy is retiring from the Board this year. She has served this community and students of this town during multiple terms on the school board, and for the past three years has been the Bremen representative on the AOS 93 Board. Judy is very knowledgeable about the school system and has been a dedicated, committed and ever consistent Board member. Her involvement to support the needs of our students has been a model for others to follow.

Thank you all for your continued support for our kindergarten - grade 12 learners. It is greatly appreciated.

Sincerely,
STEVEN W. BAILEY
Superintendent of Schools

Lincoln Academy

Winter 2017 School Report for Sending Towns

Lincoln Academy is an independent secondary school chartered in 1801 to serve the midcoast area. It offers a comprehensive program, including courses at all levels in the areas of English, Mathematics, Science, Social Studies, World Languages, Fine and Performing Arts, Technology Education, Physical Education, and Health. Regional Vocational, Alternative Education, and Special Education programs are available. On a ten-year cycle Lincoln Academy is accredited by the New England Association of Schools and Colleges (NEASC), and was most recently reaccredited in 2015.

In 2017 Lincoln Academy will have newly constructed/renovated fields for both the baseball and softball teams. Other new facilities include The Cable-Burns Applied Technology and Engineering Center (ATEC), Kiah Bayley Hall Dormitory, and the William A. Clark Athletic Field, which all opened in 2015.

Governance: Lincoln Academy is governed by an independent Board of Trustees. Officers include: Christine Wajer '85, President; Sarah Maurer, Vice-President; Dennis Prior '91, Secretary; Robert Nelson, Treasurer. Members include: Ann McFarland '73, Faustine Reny '01, Robert Baldwin '62, Stephen Dixon, Lisa Masters '83, Jon McKane, Karen Moran, William Morgner, Pam Gormley, Marcus Hutchins, and Hugh Riddleberger. David Sturdevant is Head of School.

The Student Body, Day and Residential: Lincoln Academy has a current enrollment of 587 students in the 2016-17 school year. The majority of students come from 16 local towns. 89 residential students come from 19 countries around the world. After 5 consecutive years of growth, the Residential population has met available housing capacity and for the foreseeable future will remain between 80 and 90 students.

Graduates: Of the 148 graduates in the Class of 2016, 102 enrolled in postsecondary education; 90 enrolled in 4-year colleges/universities, 12 enrolled in programs shorter than 4-year (2 year and certificate programs), 43 are employed/seeking employment, and 3 enlisted in military service.

Curriculum: Lincoln Academy remains committed to its comprehensive curriculum as we strive to meet the needs of all students. We have added new courses this year, including AP Computer Science Principles, Introduction to Design, Engineering and Technology, Wood Projects, Metal Projects,

Mechanical Projects, and Introduction to Engineering Design. The new courses take advantage of the space and tools in the ATEC building, as well as serve our increasingly diverse population of day and residential students.

Finances: Unlike most independent schools, The Board does not set day tuition. Because most students' tuition is paid by their sending towns, the tuition is established by the State Department of Education using a formula based on average per pupil expenditures of Maine public high schools during the previous two years. The tuition for the 2016-17 school year was increased by 3.9% from the prior year to \$10,530.49 per pupil. The Insured Value (IV) factor is an amount in addition to tuition intended to fund capital maintenance and debt service. The legislated IV factor amount of 10% was reduced in 2009 to 5% and remained at 5% through 2013-14. The legislature voted to partially restore the IV by voting to increase the amount to 6% of the calculated tuition figure for 2014-15. The 6% rate was carried over into 2016-17 and is \$631.83 per pupil for this year. While towns are allowed to continue to pay the full 10% and some of our area towns have done that in the past, this year all sending towns have elected to pay the mandatory 6% rate.

Supporting Lincoln: The state-determined tuition is simply not enough to provide the quality educational experience that Lincoln Academy promises to every student. Because of this, LA depends on support from donors to the Lincoln Fund to make up the deficit. Private contributions have allowed Lincoln to support programs and capital improvements. Money raised through the Lincoln Fund supports students and faculty, and is vital to the life of the school. Since 1997, over \$1.625M has been contributed to general operations, over \$715 for specific programs, and about \$15M for capital projects. Contributions to annual and capital campaigns provide for the perpetuation of and improvements to LA's programs and physical plant without increasing local taxes.

Adult and Community Education

CLC Adult and Community Education provided services to over 900 adults in 2016. We offered the HiSET high school completion program, assisted adults in preparing for college, worked with literacy students and English language learners, provided medical certificate programs and served up a wide variety of enrichment classes for all ages.

We provide basic literacy services along with high school completion classes free of charge in our Learning Center program on Tuesday and Thursday evenings and Monday mornings. Free College Transitions courses are offered through The Lincoln County College Connection (TLC³) – a cooperative program with 3 other Lincoln County Adult Education programs. Dozens of adults from Lincoln County participated in classes that will help them prepare for college through that program.

In 2015-16 we had only 4 students complete a high school credential, a lower number than usual for our program. Another 16 worked towards a high school credential or on basic language and math skills. Anyone 17 or older who is out of school and wants to earn a high school credential or who needs to improve their reading, writing or English language skills, should contact us to get started.

We continue to work with Lincoln County Healthcare to provide vocational training in several medical programs. In response to the critical need for CNAs, we started a CNA apprenticeship program to allow students to “earn while they learn”. In total we conducted 3 Certified Nursing Assistant courses with 24 students completing the program and receiving certification and employment. We were also able to offer CPR, CRMA and PSS classes.

Hundreds of students enjoyed the more than 120 low-cost, high impact courses offered in Community Education. We continued our combined brochure with the RSU40 Adult Ed brochure which offers a single point of information for classes throughout Lincoln County.

Thank you to each of our supporting towns for the funding that provides these important services. Information about all our programs and services can be found on our web site: <http://clc.maineadulted.org> or by calling us at 563-2811.

Planning Board

The past year was another busy time for our all-volunteer Planning Board. The Board considered thirteen applications, mostly under provisions of the Shoreland Zoning Ordinance. The Board approved eight applications, denied two, and deferred action on three others.

While the number of applications dipped from last year's total of nineteen, the Board was still busy. Several applications – including one for an after-the-fact permit and one for a site plan revision – were unusually complex, requiring close consultations with Town Attorney Jonathan Hull. The Board conducted advertised on-site inspections for all but one application.

In another major effort, the Board continued its work on revising the Town Zoning Ordinances, a major part of which – a new Land Use Ordinance – is near fruition. This project benefited from preliminary work by the Board and considerable efforts by the Town Consultant, the Town Attorney, and a three-person Ordinance Review Committee drawn from the Selectmen, the Planning Board, and the Board of Appeals. At this writing, the Planning Board is completing its review of the new Land Use Ordinance and will soon send a draft to the Selectmen for review.

The Board continued to produce comprehensive minutes of its meetings to keep the public informed and to provide an inclusive record for future reference. The minutes continued to reflect that all Board decisions are based soundly on applicable ordinances. All of this has benefitted from the work of our ever-patient recording secretaries, Penny Card and her successor Susan Anneley.

The Board also worked with Code Enforcement Officer Stan Waltz to improve communications and to clarify lines of authority, especially in the Shoreland Zone. As a result, Stan now attends Board meetings.

Board members have worked to keep apprised of the latest planning board-related developments at state and local levels. Several members, for example, have attended training sessions sponsored by the Mid Coast Council of Governments and the Maine Municipal Association. New Board members are encouraged to take one of these courses.

In an effort to keep the Selectmen aware of our activities, a Planning Board member regularly attends meetings of the Selectmen. And the Chair of the Selectmen continues to attend and participate in our meetings.

As of this writing, the Board has a full complement of seven members. To ensure a quorum, however, the Town, at the suggestion of the Planning Board, this year approved positions for two alternate members to sit as members in the absence of regular members.

Finally, as we look forward to another productive year in 2017, the Planning Board reminds Bremen residents and others that a permit must be secured from the Board prior to any construction in the Shoreland Zone. Prospective applicants should consult the Shoreland Zoning Ordinance, available on the Town website, when contemplating construction.

Harbor Committee

2017 will be my tenth year as Harbor Master. I thought 2015 was busy, but 2016 topped them all off by far due to dealing with the arrival and exit of the Columbia, which now sits on the beach just north of Little Harbor, Louds Island. Robin Lailer, Bruce Poland, and I, who all serve on the Harbor Committee, along with our Town Attorney Jonathan Hull, got together and worked on revising the existing Shellfish Conservation Ordinance that was last revised in 2007. We, hopefully, will be wrapping that up in time for a vote at this year's Town Meeting.

I spent 2 days in Castine attending the annual Harbor Master Training. It is a bit repetitive, but each year something new is featured, and there is a change in the instructors which always gives a new perspective. I must say the food was fabulous!

Only a few new moorings were issued this year. Space is still limited, but there is not a waiting list like there is in most towns. Walter and Robert Kaler continue to put out the floats in the spring and take them over to a cove on Bremen Long Island where they are protected for the winter.

King Tides come once or twice a year bringing waters even higher than your typical high tide. It will bring high tide levels topping off at 12 feet!

Bremen Conservation Commission

The Bremen Conservation Commission continues to work on ways to enhance recreational use of town-owned properties, to conserve land for future generations of Bremen residents, and to educate the public about the ecology of these properties.

We continued to work with the Selectmen and other towns and conservation organizations to help preserve habitat, scenic views and protect fragile land, as well as facilitate their use as appropriate. Current recreational areas in Bremen include: *Forest & Walking Trail*, *Hay Conservation Recreation Area*, *Hillside Trail*, *Clam Island*, *Fogler Weston Memorial Spring*, *Bremen Long Island Karl F. Berger Preserve*, and *Pond Preserve*.

We thank the Selectmen for all their work and cooperation, in particular, Hank Nevins for making the *Hay Conservation Recreation Area* ready for its official opening on September 18. We also thank those who donated beautiful wooden benches: Annette Bossler, In Loving Memory of Franz Bossler, 1933-2015; Nancy Terrell Hall, In Loving Memory of Dr. Donald Hall, 1914-2004; and Robert Simpson, In Loving Memory of Lorraine Kay (Carter) Simpson, 1946-2016. Also thanks to the Bremen Fire Department for helping plant native bushes as a natural screen for the lower parking lot. The property will be kept as a meadow and habitat for bobolinks and monarch butterflies to honor the legacy of environmental conservationist writer John Hay who chose to spend the twilight of his life in the pristine property that Bremen is now fortunate to steward. A kiosk is being made that will have seasonal displays of plants, birds, butterflies, etc. that can be seen in the meadow. Clammers, birders, kayakers, and others are already enjoying the beauty of this special property.

Enhancements were made on the following recreational areas during 2016:

Pond Preserve on Turner Road - trails, signage, and parking space completed by Pemaquid Watershed Association; many residents have already walked the preserve. *Hillside Trail* - we are working on trails and

benches for this gem of donated property above Hillside Cemetery. *Clam Island* – we visited the island and met several times with Maine Island Trail Association about their taking on stewardship of the island. A public meeting was held on December 8, 2016 at the Town Center for input on the partnership.

Although emphasis in 2016 was on adding amenities to the town properties, BCC still keeps an eye open for properties with conservation value that may become available for sale or donation or candidacy for easements. Consequently, we continue to ask that residents support the Bremen Land Conservation Reserve Fund (LCRF), a town fund, by voting that the Town continues to fund the LCRF. Bremen is a lush green jewel in the mid-coast landscape. Help us keep it that way for enjoyment now and in the future.

We welcome input and participation from the public. Meetings are the first Monday of the month and last one hour. If you have a special conservation interest or just want to help, consider becoming an Associate Member. If you have any questions, contact Juanita at juanitar45@icloud.com. ***Watch for the date:*** BCC will be having a Harvest Picnic in September 2017 – date and location to be announced.

Alewife Report

I try to time my spring visits to Muscongus Brook so that they coincide with new or full moons as this is when the alewives like to run. Some of my best information comes from elver fishermen who stand at the estuary nightly during this time of year. Moon tides also encourage the elver to run, and it was reported that I'd missed the first alewives when they showed in mid-May. I saw what I guess was their second run on June 1st.

Unfortunately, this past spring had been dry and the problem was made worse by a dry, snowless winter. The brook was running low on June 1, and although this greatly restricts access to fish, there were some running. I found groups of them well upstream (above the north bridge) on June 3 although I needed to part a couple of beaver dams to ensure this. Beavers have relocated to the brook and recognizing the pending drought, shut off most of the flowing water. By June 18 during the next moon cycle and expected run attempt, the brook was fishless and all but dry.

There are a couple, rather old, man-made constrictions in the brook between both crossings with Route 32. One appears to be old bridge footings, and another is what I am told is the remains of an old mill dam. When beavers build dams at either or both of these spots upstream, alewife access is shut off regardless of drought/flood conditions. Beaver dams at these locations become very steep. I believe one could ignore beaver dams entirely in the stream and the alewife run would remain, although not thrive. Beaver and alewife evolve together. One could also cut a small breach in each beaver dam every day during the run allowing alewife passage. Alewives are all too happy to spawn in beaver ponds, and it may be that this is how some survived and spawned during the drought this past summer.

I am not sure how many actually made it to Webber Pond this spring. Some did. The Dept. of Marine Resources was not able to stock the pond this spring. I have not heard of any reliable reports of young alewives seen schooling in the pond last summer. During another year when MEDMR could not stock the pond and spawning only occurred via the stream, young-of-the-year alewife were only found at the southern end of the pond near the stream outlet.

Although Muscongus Harbor appeared to have large schools of fish this spring, just how many were alewife vs. mackerel remains to be seen as the 2016 run was cut short due to drought. With a bit of luck, many of those

alewives will return next spring for another effort at spawning. Perhaps conditions and access will be more favorable in 2017.

And like every year, please approve the current management plan. Passing it keeps this resource in Town control.

Nobleboro/Jefferson Transfer Facility

The Transfer Station, operated by Nobleboro and Jefferson, and under contract with Bremen, Damariscotta and Newcastle, provides for the disposal of most types of solid waste generated in the five towns. This year our household waste went to PERC in Orrington. The construction and demolition bulky materials are hauled to a landfill in Norridgewock. We use the services of Lincoln County Recycling to recycle cardboard, newspaper, plastic and many other products. We also recycle our universal hazard waste (televisions, computer, fluorescent light bulbs, mercury switches and rechargeable batteries).

You will see the Transfer Station attendants out helping the customers with their trash and recyclables. They worked very hard to keep the facility neat & safe. Our hopes are that they make your trip to the Transfer Station a positive experience. The Town would like to give many thanks to our three employees – Barry Howell, Brandon Achorn & Linwood Rideout - for all they do for the Transfer Station.

At the Maine Solid Waste annual meeting Barry Howell was presented with the Manager of the Year Award. This award was well deserved for his efforts at the Transfer Station. He works hard to save the towns money wherever he can by encouraging all the recycling programs. He has worked with Lincoln County Recycling to start collecting organist (food waste) for them to make into compost. He also set up a program with Paint Care which takes all kinds of paint for recycling. This all takes items out of the solid waste mainstream which saves money.

In 2016 we installed a new set of scales. Our old scales were not able to get certified. The new scales have a metal surface rather than wood. The metal surface should last a lot longer.

This year with the effort of the employees and the public we saved money on the tipping costs of the trash. By doing this we were able to lower the tax commitment to the towns by 4.44%. We feel in the future we will be able to keep the tax commitment level.

The Transfer Station is open from 8:00 a.m. to 4:00 p.m., Tuesday through Saturday. The front gate is closed at 3:50 p.m. each night to allow time to close out the computer. We are closed on Sunday and Monday. This allows our staff to have two days off in a row.

We will continue to review our operations in an effort to provide good

service and the most efficient Transfer Station possible. We are interested in your comments and recommendations and will attempt to incorporate them whenever possible.

 RICHARD SPEAR

Bremen Library Association

2016 has been a very busy and productive year at the Bremen Library! We wish to thank the Town for its generous support in helping us to continue to offer library services to the local community and beyond.

Our two annual fundraising events, the plant sale in May and wreath sale in November, drew many year-round and summer residents as well as people from neighboring communities, both to volunteer for the events and to support the library with their purchasing dollars. These two events are as much about connecting personally with our supporters as they are about raising money, as anyone who attends these events can attest. The feeling of community is palpable.

In so many ways throughout the year, the library strives to further cultivate this sense of community. We continue to offer a monthly “Monday Night at the Bremen Library” series with topics that range from Bill Mook’s presentation on Oyster Farming and Ocean Acidification to the ever popular “Antiques Roadshow” with John Bottero. In addition, the monthly book group offers yet another way to experience community at the library.

We continue to offer monthly story hours for local children as well as a weekly summer reading program with special events in July and August. And of course, we enjoy offering our annual Family Ornament Making Night every December, which brought in record numbers this year with a packed house of 23 children and 11 adults. Please stay tuned as the children’s

program and room have been specifically targeted for improvements and upgrades this year. We are delighted to do all we can to encourage our youngest generation of readers in Bremen.

In recent years, we have strived to reach out to the greater community. Coastal Senior College now uses our facilities for multiple classes each semester, and in October, both The Women's Network and Candidate Robin Mayer held events at the library, as well as the Bremen Union Church in December.

As always, the meeting room at the library is available for residents to sign out for events. If you are interested, please contact the librarian, Sue Trouwborst, for details, or better yet, stop in and chat with her in person, sign out a few books, one of our DVDs, or the latest issue of your favorite magazine. And while you are there, ask how you can get involved! We always welcome new volunteers and look forward to an opportunity to better get to know fellow Bremen residents through working together to support our gem of a library as it approaches its 75th birthday.

Bremen Historical Society

The Historical Society's annual meeting in June was a little different from those in the past. We began with the usual business meeting and potluck, then came the different part. Instead of a presentation from a speaker, we showed a documentary titled *In the Blood*. The production was made from archived film and still photography with oral histories depicting 19th century logging in Maine and was produced by Sumnar McKane of Wiscasset.

Logging Camp

do this work yourself?"

This year the society was privileged to receive three donations of historical significance to Bremen. One is a collection dating back to 1901 of ledgers, manuals, and badges from the Bremen Grange #213. Some of these items, which were donated by Mary Sue Weeks, are in our display case at the back of the Town Center meeting room. Another donation is a colorful hooked rug made by Silvia Ghoreyeb and donated by Joanne and Tom Kostenbader of Bremen. The third item is a Webster International Dictionary published in 1890 first owned by Bremen resident Tyler Davis and donated by Barbara Briggs of Nobleboro.

In July, a large crowd enjoyed a presentation by Bremen resident Nancy Schmehl that she titled *Colonial Kitchen*. Nancy spoke about colonial life in the kitchen and showed us numerous hand painted tin kitchen and housewares that she herself had painted. It really seems there is no end to the talented people in Bremen as evidenced by the work Nancy has produced. More than one person in the audience asked, "Did you really

The society thanks these donors for their contributions to our collection of historical Bremen artifacts.

Our speaker series most often begins in June, sometimes May, and runs through the end of the summer. These events are usually scheduled to take place on the last Sunday of the month. Watch the Lincoln County News for date, time, and place announcements.

The Historical Society would like to recognize the numerous contributions made to our group by Richard Bedell. Dick held the position of vice-president for a number of years and represented the Historical Society at town events such as the country fair. Dick passed away on December 8, 2016 and will be missed by all who knew him.

The Patriotic Club

Another year gone by, and it's time to reflect on the activities of the Patriotic Club.

January and February were regular business meetings. In April, Barry Howell, the manager of the Nobleboro/Jefferson Transfer Station, talked about "How Everything Works and Where It Goes." Garbage is a very lucrative business, but it can be costly when things are not put in their proper places. You can pick up pamphlets at the Transfer Station that categorize every product that comes through their gates and specifically tells you where the items should go. Recycle! Recycle! Recycle!

Caroline Janover, a nationally known author on dyslexia, spoke to the group in May concerning this disorder. This disorder seems to cover every type of learning/reading disability there is.

In June, we awarded scholarships to four high school graduates who were going on to further their education. The Scholarship Fund is one of our biggest fundraisers for the year. We have fun raising these funds at the Supper/Auction with the firemen in July and at the Country Fair in October.

We also help support the Lincoln County Energy Fund, the Waldoboro Food Bank, the Union Church of Bremen, the Bremen Library, the First Responders and the Fire Department.

The Patriotic Club was established in 1912. The Club started with a small group of women wanting to raise money for a statue base for a Civil War soldier that stands proudly alongside the Bremen Union Church. Our motto symbolizes service to the Town and the surrounding communities.

New members are always welcome. Dues are only \$10.00 per year. Donations are accepted, but we have more fun with our fundraising activities. Please join us. New ideas welcome.

Muscongus Community Club

The Muscongus Community Club building was The Muscongus School of Bremen in 1875. The land was donated by Sands Woodbury and George Bryant. The school closed in 1942. Upon closure of the school, Adeline Woodbury Butler, niece of Sands Woodbury, donated the land and building to the Muscongus community. In 1947, The Muscongus Community Club was formed and the schoolhouse became the club's headquarters. In the years before the ease of travelling for entertainment etc., the Club held card parties, dinners and holiday parties for the locals. We even had a kindergarten for local children.

Until two years ago, the Muscongus Community Club had been yearly donors to local food banks, our local fire department, our first responders and college scholarships to ALL Bremen high school graduates since 1988 attending their first year of higher education.

The reason for the “until two years ago” situation is due to lack of volunteers due to death, illness, and those moving away from our community. The volunteers were necessary for doing the cooking for suppers, food sales and lawn sales in order to earn the funds to donate as well as maintain the building.

The building has been well-cared for over the years and is a fully-equipped facility for holding events of every sort – weddings, anniversary celebrations as well as retirement, birthday, Halloween, and card parties.... just waiting for you to ask us about our last existing schoolhouse in Bremen.

You can do your own cooking right on the premises. Dishes, silverware and utensils are available for your use during your event. Tables and chairs and bathroom facilities are also available with running water. Yes, we have modernized the schoolhouse over the years. We are waiting for you to make your plans.

The Schoolhouse is vintage 1800s, and, therefore built for the time.... not insulated, so use is only available during the spring, summer and fall.

We would love to be able to

continue our path to donating to worthy causes, but it is so important to have a few more hands on board to make it possible to hold on to this special building.... the last schoolhouse in Bremen. Yes, there are two other schoolhouses, but they have been made into private homes.

We look forward to hearing from anyone wishing to join us in maintaining the Club's purpose of donating to worthy causes.

Sincerely,
 JUDITH MOHR

Bremen Union Church

The Bremen Union Church is not only the home of several dozen followers of Jesus, aged 6 months to 88 years, who gather together most Sundays for worship, learning, and fellowship; it is also a place of worship by invitation or by happenstance for summer residents, vacationers, and those who find a need to be with others in the body of Christ, singing or listening, actively participating or peacefully letting the Spirit wash over them, searching or solid in their relationship with God. We have been blessed by the nearly 200 different people who have worshipped together here in this historic building this year and hope that we have been able to be a blessing to each of them. As we affirm in each service of Holy Communion: “All whom Christ would welcome, are welcome at this table.”

Many more people find their way to our church building to attend some of our outreach, missions, or fundraising events. We are thankful that we are able to provide our free Simply Supper Community Meals, Bible studies, and Mission Speakers. In 2016, members of the church provided four Simply Supper meals and delivered meals to homebound Bremen residents. Pastor Kathy and other church members led evening and morning study groups as well as an early morning Men’s Breakfast and study group. Our special Mission Speakers this year were Jenny Benakos, a medical technologist we sponsor on the Mercy Ship, currently serving in Benin, Africa; Edie Vaughan, from the volunteer group F.I.S.H. (Friends In Service Helping), who coordinate free transportation for Lincoln County residents who need rides; and Martha Brown, who coordinates donations to the Shelter for Homeless Veterans in Augusta. Our strong financial and physical support of the Waldoboro Food Pantry, serving Waldoboro and Bremen, continues. We look forward to our continuing relationship with Taliana, age 6, in Colombia and with the women, children, and yet-to-be-born in the Child Survival Program in Bolivia – both programs through Compassion International. Next March will be an exciting time when the Miller Family, missionaries in Malawi, come to visit and lead worship!

We thank those who’ve supported BUC this year in so many ways; your prayers are a special blessing and a joy and your physical help with projects, often done quietly and without fuss, has helped continue this mission and ministry. **Please note that we are taking a break from having a Rummage Sale in 2017. Please donate your good items to other groups who will make

use of them in the coming year.

We are often asked, "What is a Union Church?" We are the Bremen Union Church – that's a name that came into being many years ago, likely because of our Civil War statue of a Union soldier in the churchyard; it is not a denomination to which BUC belongs. We like to think of it as a word which emphasizes the fact that all believers are united as brothers and sisters in Christ and that our individual denominational heritage, traditions, and winter associations don't separate us when we worship here.

Town House Committee and Bremen Town House Association

The mission of the Bremen Town House Association is to preserve and improve the historic Bremen Town House for the use and benefit of the people of Bremen and others.

The Bremen Townhouse was 142 years old in 2016 and is Bremen's only historic public building. Constructed in 1874 for the Oak Lodge of the Good Templars, an international temperance organization, this building has served the Town of Bremen since 1877 when the Town began using the Templar's Hall for its annual meeting (paying a rent of \$12). In 1884, the Good Templars deeded the building to the Town, and it has served as the Town Hall, home to Bremen's Ocean Grange, the Patriotic Club, a school classroom and it was also the original site of the Bremen Library.

While wearing many hats over the years, the Bremen Town House continues to bring the community together for such cheerful activities as the Patriotic Club's Country Fair and the Library Wreath Sale. This committee invites you to use the Town House for your next meeting, or special party. Available three seasons of the year, the Town House is a part of our heritage and is a great place to gather for community events and private celebrations.

The Committee and Association wish to thank the generous volunteers and the Town for supporting the Bremen Town House and helping to ensure it continues to be available for all to enjoy.

NEW MEMBERS NEEDED!

Central Lincoln County Ambulance

Hello Residents of Bremen:

I would like to share some of what we have been up to in the last year. We responded to a total of 2,767 calls in 2016. For the Town of Bremen we have responded to 72 Emergency calls, and have provided 10 Community Paramedicine Home visits.

The Community Home visits are now in their third year of the pilot project, and we have been able to demonstrate a positive impact on the patients we have served. Wound care and bloodwork remain our top areas of referrals, along with vitals, respiratory management, and medication compliance. We have worked with asthma education and some congestive heart failure patients. Over all the project is going well, and we are gaining more support for reimbursement.

We have increased our training with our new Medical Control Doctor in an effort to continue to provide the best possible care. Doctor Matt Opacic is one of the Miles Hospital Emergency Department physicians. He has a tremendous amount of experience in emergency medicine and has helped us to implement our new stroke care program.

In 2016 we updated an old 2006 ambulance with a brand new 2016 model, as part of our equipment plan. The cost was \$122,000.00. We also were fortunate to receive a private donation of \$24,000.00, approximately 50% of the cost to help purchase a 2007 used ambulance to replace a 2002 model van. In addition to that we were able to purchase one more of the advanced Zoll Cardiac monitors for \$28,000.00. This leaves us with just two more to go to finish our project of updating all of our monitors. As always, the town money we receive goes into our capitol savings and is used towards equipment purchases.

Please contact us if you have any questions, concerns, or would like to learn more about our service.

Respectfully,
WARREN S. WALTZ
Service Chief

Office of the Sheriff Lincoln County, Maine

Greetings,

Time has slipped by and another year in Lincoln County law enforcement has come to an end. For me, time seems to pass faster and faster each year and 2016 was no exception. In fact, the dust has yet to settle on another busy year here at the Sheriff's Office.

Our greatest challenge in 2016, which will undoubtedly follow us into 2017 and I fear beyond, is the use and abuse of illicit drugs like heroin, fentanyl, and other opioids. We have seen an uptick in the use of these dangerous substances individually and even more concerning, in combination with each other. The results are too often deadly and whether deadly or not, have a devastating effect on users and their families.

Another product of substance abuse is its direct relation to other crimes. More often than not drug use is involved in crimes against property i.e., thefts, residential, and commercial burglaries. It surfaces in family violence, assaults, and sex crimes; and is ever present on our roads and highways in impaired driving incidents, traffic accidents, and traffic fatalities. Substance abuse can touch us all and requires a community effort to curb its effects.

Understanding that enforcement alone cannot solve this problem, the Sheriff's Office and every police department in Lincoln County have joined forces with: Lincoln Health – Miles and St. Andrews; Mid-Coast Hospital and its Addiction Resource Center; local physicians, clinicians, and other service providers; concerned citizens and volunteers to form the Lincoln County Recovery Collaborative (LCRC) a coalition fighting back substance abuse on every front.

I am excited about the project as it evolves and changes to meet the needs of our communities and have committed the full resources of your Sheriff's Office to do everything we can to stem the tide of substance abuse.

I want to thank the Town of Bremen for its ongoing support for the men and women of the Lincoln County Sheriff's Office. We responded to over 684 calls in town this past year and yes, many of them were drug related, a reminder that none of us are immune. I am extremely proud of my staff who continue to do their very best to meet your law enforcement needs. Although keeping up with an ever increasing volume and complexity

of calls may cause us to fall short on occasion, we are committed to our mission of meeting this goal.

Thank you for the opportunity to serve as your Sheriff and for allowing me to be a part of the team of law enforcement professionals serving Lincoln County. Please reach out to me at any time if I can be of assistance to you.

Respectfully submitted,
SHERIFF TODD B. BRACKETT

United States Senate

Washington, DC

Dear Friends of Bremen:

Since being sworn into the Senate in 2013, I have made it my mission to address at the federal level the most important issues facing our great state. Working closely with my colleagues in the Maine Congressional Delegation, we've been able to successfully secure a number of legislative victories that support our state's economy, our rich traditions, and the hardworking people I am proud to represent.

In an increasingly polarized Congress, my goal as an Independent is to put partisanship aside, build consensus and further common-sense solutions to address the needs of the American people. To this end, I have cofounded the Former Governors Caucus, a group of former state executives who are frustrated with legislative gridlock and eager to find bipartisan solutions. And as always, I aim to bridge the partisan divide by hosting barbeque dinners in Washington with colleagues ranging from Ted Cruz to Elizabeth Warren. If you know a person's children, then you see them as a mother or father and not a rival vote, and working to further personal dialogue and build relationships can lay the foundation for successful legislation.

One of the accomplishments of which I am most proud is the legislative victory that protects our college students and their families from an expensive hike in student loan interest rates. In 2013, as students faced a significant spike in interest rates that would have taken thousands of dollars out of their pockets, I brought together colleagues from across the political spectrum to broker compromise legislation called the Bipartisan Student Loan Certainty Act. Thanks to this bill, students will save \$50 billion over the next 10 years by lowering their interest rates, which means that a student in Maine will now save between \$3,000 and \$6,000 over the life of their loan.

Being an Independent in the Senate has allowed me to make calls and vote on policies that are best for Maine, but it has also made it possible to play key roles in finding simple solutions and legislative fixes that make good commonsense to both parties. Of course, much of what we do in the Senate doesn't happen on the Senate floor, or even in committee. Instead, it involves working across all levels of government to ensure the State of Maine receives attention and support from the federal government.

Take, for example, the opioid and heroin epidemic devastating

communities across our state. While Congress has passed legislative solutions aimed at expanding access to medical treatment, I've also pressed for other changes that can be accomplished more quickly and make a more immediate difference in Maine. For example, I successfully urged the U.S. Department of Health and Human Services to increase the number of patients to whom a doctor can provide medication-assisted treatment, and in 2015 brought the Director of the Office of National Drug Control Policy to Brewer to meet directly with Mainers and hear their stories. I've also engaged law enforcement – including the Drug Enforcement Agency – to crack down on the production of opioids and work to limit their diversion. Together, Senator Collins and I helped pass the Northern Border Security Review Act to combat drug and human trafficking along our border with Canada.

While the opioid epidemic is certainly our biggest public health crisis, job loss in Maine is still our number one economic problem and that's why we need to focus on bringing good paying jobs back to Maine and protecting the ones we still have. As a member of the Armed Services Committee, I teamed up with Senator Collins and Representative Poliquin to successfully secure a provision in the defense bill that can help domestic shoe manufacturers like New Balance. The three of us also worked together with the Department of Commerce to establish an Economic Development Assessment Team, known as an EDAT, to assist Maine's forest industry in the wake of several mill closures. We have an incredible spirit of innovation and ingenuity in Maine and I believe finding ways to invest in that spirit will reignite Maine's forest products sector and our economy. Part of our economic path forward must also include expanding access to highspeed broadband, which can help connect our businesses and communities to information and economic opportunities.

As a member of the Senate Armed Services and Intelligence Committees, I work to keep Maine and our nation safe. Part of that important work means continuing to work for funding for the construction of Navy ships that will be used to protect American interests across the globe. We all know that "Bath Built is Best Built," which is why I've fought to authorize funding for Navy ships built at BIW. The best way to preserve peace is by deterring war through unassailable strength, and to do that we must support our shipbuilders and our brave service members and invest in our military. I strive to meet this solemn responsibility every day as a member of these committees, which is why I hardly ever miss a hearing and take great care in overseeing the agencies sworn to keep us safe. Armed Services Chairman John McCain called me "one of the most serious and hard-working

members” of the Committee, and that’s a humbling compliment from a true American hero.

As always, please call or write me with thoughts or concerns with matters currently before Congress, or if you need assistance navigating a federal agency. As a public servant, it is critical to me to listen and learn from you, which is why staying connected with people from all over our beautiful state remains a top priority for my work in the Senate. Please call my toll-free line at 1-800-432-1599 or one of my offices: Augusta (207)622-8292, Bangor (207)945-8000, Presque Isle (207)764-5124, Scarborough (207)883-1588, or Washington, D.C. (202)224-5344. You can also write me on our website at www.king.senate.gov/contact.

It is an honor and a privilege serving the people of Maine in the Senate, and I look forward to working with you in our search for a more perfect Union.

Sincerely,
ANGUS S. KING, JR.
United States Senator

United States Senate

Washington, DC

Dear Friends:

It is an honor to represent Maine in the United States Senate. I am grateful for the trust the people of our State have placed in me and welcome this opportunity to share some key accomplishments.

Growing our economy by encouraging job creation remains a top priority. The tax relief bill enacted during this last Congress contains provisions I authored to provide small businesses with the certainty that they need to invest, grow, and, most important, hire new workers. The 2017 National Defense Authorization Act includes a provision the Maine delegation worked together to champion requiring that military recruits be provided with athletic footwear made in America, as is required for other equipment and uniform items whenever possible. This is a great victory for our troops and for the 900 skilled workers at New Balance factories here in Maine.

Maine's contributions to our national security stretch from Kittery to Limestone. As a senior member of the Appropriations Committee, I successfully advocated for critical funding for projects at the Portsmouth Naval Shipyard and \$1 billion towards the construction of an additional ship that will likely be built at Bath Iron Works. This funding will strengthen the Navy and our national security, and the additional destroyer will help meet the Navy's goal of a 355-ship fleet.

Maine's growing population of older individuals creates many challenges. That's why, as Chairman of the Senate Aging Committee, my top three priorities are fighting fraud and financial abuse directed at our nation's seniors, increasing investments in biomedical research, and improving retirement security.

The Aging Committee's toll-free hotline (1-855-303-9470) makes it easier for senior citizens to report suspected fraud and receive assistance. Last May, a call to the hotline helped lead to the arrest of a national crime ring targeting seniors, and in June I worked to secure the humanitarian release of a Maine senior who had been imprisoned in Spain after being victimized by an international drug smuggling scam.

The Aging Committee also released an extensive report detailing the findings of our bipartisan investigation into the abrupt and dramatic price increases for prescription drugs whose patents expired long ago.

I advocated strongly for the \$2 billion increase in funding for the National Institutes of Health to advance research on such diseases as diabetes and Alzheimer's. I also championed and authored portions of the 21st Century Cures Act that will further support biomedical innovation and make significant reforms to our mental health system.

The Senate also took steps in the past year to combat the nation's heroin and opioid epidemic by passing the Comprehensive Addiction and Recovery Act (CARA), which I was proud to cosponsor. CARA is a monumental step forward in our effort to address the devastating addiction crisis affecting countless families and communities across the country and right here in Maine.

A Maine value that always guides me is our unsurpassed work ethic. In December 2016, I cast my 6,236th consecutive vote, continuing my record of never missing a roll-call vote since my Senate service began in 1997.

I appreciate the opportunity to serve Bremen and Maine in the United States Senate. If ever I can be of assistance to you, please contact my Augusta state office at (207) 622-8414 or visit my website at www.collins.senate.gov. May 2017 be a good year for you, your family, your community, and our state.

Sincerely,
SUSAN M. COLLINS
United States Senator

U.S. House of Representatives

I hope this letter finds you well. It's a privilege to share an update on my work to represent you and your family in Washington and in Maine.

As always, the interests of my constituents are what guide my work. There are many things I could talk about in that regard. But I want to focus here on one issue of particular importance—economic development. Having good-paying jobs allows future generations to make this wonderful state their home. With that goal in mind, I'm working to address Maine's economic challenges and capitalize on its opportunities.

One such opportunity is agriculture, where Maine is bucking national trends. The average age of our farmers is actually going down while acreage in cultivation is going up. Consumer demand for local food is driving that growth. I've been successful in reforming federal policies to help farmers and processors meet that demand. My work will continue this year as Congress reauthorizes the Farm Bill.

I'm also working to support jobs in our coastal communities. Last year, I helped block Sweden's proposed ban on the export of Maine lobsters to the European Union. I also introduced legislation to lift unnecessary regulations on seafood exporters and invest in working waterfront infrastructure.

On the House Appropriations Committee, I'm defending federal programs that support jobs throughout Maine. These programs invest in worthy projects that are beyond the reach of private, municipal, or state resources. In our state, they provide loans to small businesses, clean polluted sites for redevelopment, find new marketable uses for Maine's natural resources, build broadband infrastructure, and much more.

Aside from economic development, advocating for Maine veterans is one of my highest priorities. With Congress' current agenda, I'm also fighting to defend Medicare and Social Security, protect clean air and water, and ensure that our communities have the resources to address hunger, homelessness and lack of health care access.

Just as important as my policy work in Washington is what my office does to help individuals in Maine. Every year, my staff helps hundreds of constituents who have issues with federal agencies or programs. Please call my Portland office at (207) 774-5019 for assistance. It's an honor to serve you.

Take care,
CHELLIE PINGREE, Member of Congress

Governor's Report

Dear Citizens of Bremen:

Maine has a long tradition of civil participation in both state and local government, and I thank you for being informed and involved citizens.

My vision for Maine is prosperity, not poverty. For this reason, one of my top priorities continues to be the reduction and eventual elimination of the income tax. Raising the minimum wage is not the path out of poverty; I want Mainers to earn a career wage. Reducing the income tax is the biggest and most immediate pay raise for all hard-working Mainers.

Not only does an income tax cut put more money back in your pockets, but it will also attract businesses that can offer good-paying careers to keep our young people here. It shows the nation that we are serious about wanting people and businesses to come – and stay – in Maine.

Unfortunately, voters approved a referendum question to raise the income tax to 10.15% on successful Maine households and small businesses. Enacting the second highest income tax rate in the country shows the nation we are eager to punish people for being successful. It will drive them out of our state and make it even more difficult to attract much-needed doctors, dentists, scientists, engineers and other professionals to Maine. They can live in neighboring New Hampshire, which takes no income tax from their paychecks. Even worse, there is no guarantee the extra revenue from this tax will go to fund education, as proponents promised.

As successful people leave Maine, state and municipal government will lose the significant amount they pay in property, sales and income taxes. This will put even more upward pressure on local property taxes. Municipalities will have to get more creative to provide local services without increasing property taxes. Reforming the tree growth program, collecting property taxes on land in conservation or preservation programs, charging a payment in lieu of taxes on state land that is taken off the property tax rolls and having non-profit organizations pay a two-percent tax on their net revenues are all ways for municipalities to increase revenues.

Such bold measures would take strong leadership and commitment from local officials and residents. If ever I can be of assistance to you or if you have any questions or suggestions, I encourage you to contact my office by calling 287-3531 or by visiting our website at www.maine.gov/governor.

Sincerely,
PAUL R. LEPAGE, Governor

State Senator's Report

Dear Friends and Neighbors:

It is an honor to represent you in the Maine Senate, and I am grateful for the trust you have placed in me to work for the betterment of this community and our region.

I am proud of the results of the 127th Legislature which worked hard to continue reforming our state's welfare system and achieved the long sought-after goal of banning the purchase of alcohol, tobacco, and lottery tickets with welfare benefits. While there is more work to be done in reforming our welfare system, I believe these efforts will help deter such abuse of the system and help ensure that benefits are going to those who truly need them. The 127th Legislature also worked in a bipartisan fashion to begin addressing the drug crisis affecting our state. They approved putting 10 new drug enforcement agents on the street, as well as providing funding for treatment programs and drug use prevention efforts.

Improving Maine's economy remains an important issue facing many businesses. As a business owner, I understand that having a strong economy means a bigger tax base and lower property taxes. It will be my top priority over the next two years in Augusta to bring forward meaningful reforms that accomplish those goals and expand economic opportunity for all Mainers.

Maine's education system also needs attention and improvements. As a former teacher, I understand that our children are the next generation of small business owners, doctors, and teachers. The education policies that are decided in Augusta should put our children first. I will work with my colleagues in Augusta to support a budget that puts education first. If we can improve our education system and the economy in Maine, we can attract new businesses that will provide jobs to keep our children in the state after they graduate.

Again, thank you for entrusting me to represent you in Augusta. I look forward to working with you over the next two years. Please feel free to contact me if you ever need my help in navigating the state bureaucracy. I would be happy to assist in any way that I can. I can be reached in Augusta at 287-1505 or by e-mail at Dana.dow@legislature.maine.gov.

Sincerely,
DANA DOW

State Representative's Report

Dear Bremen Residents,

It is an honor to serve as your State Representative. I intend to work hard to retain your trust and build upon the work I've done in the Legislature over the past four years.

This year the Legislature will be taking up roughly 1500 bills, but our chief focus will be on passing a balanced budget for the next two fiscal years, addressing rising property taxes, ending the heroin crisis and implementing the four citizen initiatives passed by voters in November of 2016.

Lawmakers must also find common ground on measures that will help Maine's working families get ahead while making sure those who truly need help don't get left behind. I will work with anyone with good ideas about how to bring more jobs to Lincoln County, take care of our seniors, support our veterans, improve education and keep people warm during the winter.

Just as in previous years, I'll be continuing my work as co-chair of the bipartisan Veterans Caucus and as a member of the Legislature's Marine Resources Committee. As a marine biologist and as someone who represents many coastal communities in Lincoln County, I've been putting a lot of work into finding ways to address the many growing threats to our working waterfront, whether it's rising sea levels, a more acidic ocean or managing fisheries. Thousands of people depend on marine life – directly and indirectly – to make a living, and it's important to be a voice for them in Augusta.

Whether we are dealing with the above issues or any other topic, I remain ready to work with all of my colleagues, regardless of party affiliation, to make sure we're doing the best work we can for the people of our district and all the people of Maine.

Please contact me if I can be of any help or if you want to discuss or testify on any legislation. My email is mick@mickdevin.org and my phone number is 975-3132. I also send out e-newsletters from time to time. Let me know if you would like to receive them.

Respectfully,
MICHAEL DEVIN
State Representative

Independent Auditors' Report

We have audited the accompanying financial statements of the governmental activities and each major fund of the Town of Bremen, as of and for the years ended December 31, 2016 and 2015, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Town of Bremen as of December 31, 2016, and 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Bremen's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

**Management's Discussion and Analysis
Calendar Year Ending December 31, 2016**

As management of the Town of Bremen, Maine we offer readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town of Bremen for the calendar year ending December 31, 2016. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our annual report of the Town of Bremen, Maine.

Administrative Notes	FY 2013	FY 2014	FY 2015	FY 2016
Excise Tax Revenue	137,941.81	140,870.20	134,869.12	142,671.92
Unappropriated "Surplus"	1,039,897.83	1,039,897.83	1,067,427.52	1,180,067.64
Mil Rate	.0107	.0106	.0121	.0126
County Tax	235,836.39	235,747.70	243,661.97	260,219.46

THE FINANCIAL STATEMENTS

The financial statements presented herein include all the activities of the Town of Bremen, Maine (the Town) using the integrated approach as prescribed by GASB Statement No. 34.

The Government-wide Financial Statements present the financial picture of the Town from the economic resources measurement focus using the accrual basis of accounting. They present governmental activities and business activities separately. These statements include all assets of the Town (including infrastructure) as well as all liabilities. Additionally, certain eliminations have occurred as prescribed by the statement in regards to interfund activity, payables, and receivables.

The Fund Financial Statements include statements for each of the categories of activities - governmental, and fiduciary. The governmental activities are prepared using the current financial resources measurement focus and modified accrual basis of accounting. Reconciliation of the Fund Financial Statements to the Government-Wide Financial Statements is provided to explain the difference created by the integrated approach.

REPORTING THE TOWN AS A WHOLE

The Statement of Net Position (see Exhibit A) and the Statement of Activities (see Exhibit B) report information about the Town as a whole and its activities. These statements include all assets and liabilities of the Town using the accrual basis of accounting, which is similar to the accounting used by most private sector companies. All of the current year's revenue and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Town's net position and changes to it. Net position is the difference between assets and liabilities, which is one way to measure the Town's financial health or financial position. Over time, increases and decreases are one indicator of whether its financial health is improving or deteriorating. Other factors to consider are changes to the Town's property tax base and the condition of the Town's infrastructure.

In the Statement of Fund Balance we separate the Town's basic government activities as:

General Government	County Tax Assessment
Health and Welfare	Protection
Highways and Bridges	Unclassified
Education	Recreation

Property taxes, excise taxes, fees, interest income, and State and Federal grants finance the activities. Detail relating to the activities is in Schedule A-2 and A-4.

REPORTING THE TOWN'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds, not the Town as a whole. Management established many funds to help it control and manage money for particular purposes to show that it is meeting legal responsibilities for using certain taxes, grants, or other money.

Governmental Funds

All of the Town's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end. The government statement provides a detailed short-term view of the Town's general Government-wide Financial Statements as explained in the reconciliation statements.

THE TOWN AS A WHOLE

(Government-Wide Financial Analysis)

As noted earlier, net position may serve over time as a useful indicator of the Town's financial position. In the case of Bremen, assets exceeded liabilities by \$4,420,251.65 at the close of the fiscal year 2016 compared to \$4,111,589.66 at the close of the fiscal year 2015. This shows an increase in net position of \$308,661.99 for the year 2016.

Exhibit A of the audit has a breakdown of the numbers listed below:

	2016	2015
Current and Other Assets	2,850,370.22	2,324,555.82

Total Net Position	<u>4,420,251.65</u>	<u>4,111,589.66</u>

Governmental Activities

The cost of all Governmental Activities for 2016 was \$2,091,534.69. Charges for services were \$46,293.71. Operating grants and contributions of \$115,551.58 reduced the cost to the Town. The Town's programs listed below show the net cost (total cost less revenues generated by the activities). The cost shows the financial burden that was placed on the Town's taxpayers by each of the functions with a comparison to 2014 and 2015.

TOWN OF BREMEN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The accounting policies of the Town of Bremen conform to generally accepted accounting principles as applicable to governmental units.

1. Financial Reporting Entity

The Town of Bremen was incorporated in 1828. The Town operates under a town meeting form of government.

In evaluating the Town of Bremen as a reporting entity, management has addressed all potential component units. The primary criteria for including a component reporting entity are the exercise of financial accountability by the Town of Bremen's municipal officials.

The Town's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is responsible for establishing Generally Accepted Accounting Principles (GAAP) for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements.

2. Basic Financial Statements - Government-Wide Statements

The Town's basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental. The Town's fire protection, recreation, public works, and general administrative services are classified as governmental activities.

In the government-wide Statements of Net Position, the governmental column is presented on a consolidated basis by column, and is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Town's net position is reported in three parts - net invested in capital assets; restricted; and unrestricted. The Town first utilizes restricted resources to finance qualifying activities.

The government-wide Statements of Activities reports both the gross and net cost of each of the Town's functions and business-type activities (fire, public works, administrative, etc.). The functions are also supported by general government revenues (property, certain intergovernmental revenues, fines, permits, and charges, etc.). The Statements of Activities reduces gross expenses (including depreciation) by related program revenues, and operating and capital grants. Program revenues must be directly associated with the function (fire, public works, etc.). Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property, intergovernmental revenues, interest income, etc.).

This government-wide focus is more on the sustainability of the Town as an entity and the change in the Town's net position resulting from the current year's activities.

3. Basic Financial Statements - Fund Financial Statements

The financial transactions of the Town are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues, and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the Town:

a. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Town:

1. General Fund:

General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

2. Fiduciary Funds:

Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support town programs. The reporting focus is on net position and changes in net position and is reported using accounting principles similar to proprietary funds.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASB No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues, or expenditures/expenses of either fund category) for the determination of major funds.

The Town's fiduciary funds are presented in the fiduciary fund financial statements. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

3. Capital Projects:

Capital Projects funds are used to account for financial resources to be used for various projects.

4. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied:

a. Accrual:

Governmental activities in the government-wide financial statements and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

b. Modified Accrual:

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e. both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual

basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

5. Financial Statement Amounts

a. Cash and Cash Equivalents:

The Town has defined cash and cash equivalents to include cash on hand, demand deposits, and cash with fiscal agents. Statutes authorize the Treasurer of the Town, as directed by the municipal officers, to invest all municipal funds, including reserve and trust funds, to the extent that the terms of the instrument, order, or article creating the fund do not prohibit the investment in financial institutions as described in Section 5706 MRSA and securities as described in Sections 5711 through 5717 MRSA.

b. Capital Assets:

Capital assets purchased or acquired with an original cost of \$1,000.00 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	20-50 Years
Machinery and Equipment	5-10 Years
Improvements	10-20 Years
Other Infrastructure	10-50 Years

c. Revenues:

Substantially, all governmental fund revenues are accrued. Property taxes are billed and collected within the same period in which the taxes are levied. In applying GASB No. 33 to grant revenues, the provider recognizes liabilities and expenses and the recipient recognizes receivables and revenue when the applicable eligibility requirements, including time requirements, are met. Resources transmitted before the eligibility requirements are met are reported as advances by the provider and deferred revenue by the recipient.

d. Expenditures:

Expenditures are recognized when the related fund liability is incurred. Inventory costs are reported in the period when inventory items are used, rather than in the period purchased.

e. Use of Estimates:

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

f. Deferred Inflows of Resources:

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources

(revenue) until that time.

g. Fund Balance:

In accordance with GASB Statement No. 54, the Town employs terminology and classifications for fund balance items as follows:

Committed fund balances are amounts that can be used only for specific purposes because of a formal action taken by town government.

Assigned fund balances are resources that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed.

Unassigned fund balances are all amounts in the General Fund that are not assigned to another category. Only the General Fund can have an unassigned fund balance.

NOTE B - CASH:

Cash

The Town's cash is categorized to give an indication of the level of risk assumed by the Town at year end. These Categories are defined as follows:

Category #1 - Insured or collateralized with securities held by the Town or by its agent in the Town's name.

Category #2 - Collateralized with securities held by the pledging financial institution's trust department or agent in the Town's name.

Category #3 - Uncollateralized (This includes any bank balance that is collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the Town's name.)

At December 31, 2016 cash consisted of:

ACCOUNT TYPE	CARRYING AMOUNT	BANK BALANCE	CATEGORY		
			#1	#2	#3
Interest Bearing Accounts	2,482,120.77	2,467,938.32	337,126.97	2,130,811.35	-

NOTE C - ACCOUNTS RECEIVABLE:

Accounts Receivable consists of the following:

State of Maine - Homestead	6,656.17
State of Maine - Shellfish Fines	112.00
CEO - Fine	<u>1,600.00</u>
	<u>8,368.17</u>

	<u>3,317,909.79</u>	<u>260,005.00</u>	<u>(20,354.00)</u>	<u>3,557,560.79</u>	
Accumulated Depreciation	(1,391,299.26)	(130,560.82)	20,354.00	(1,501,506.08)	
Net Property, Plant, Equipment	<u>1,926,610.53</u>	<u>129,444.18</u>		<u>2,056,054.71</u>	

Depreciation expense for the period totaled \$130,560.82. Of that amount, \$17,117.71 was for General Government, \$80,229.66 was for Highways and Bridges, \$31,886.05 was for Protection, and \$1,327.40 was for Unclassified.

NOTE E - GENERAL FUND BUDGET:

The Town operates on a net budget as compared with a gross budget. All

revenues are not estimated, but are credited to the particular operating account. Certain revenues are dedicated for particular purposes by vote of the townspeople at the annual town meeting or at special town meetings.

At the annual town meeting, generally held in March of each year, the townspeople vote on various articles on which amounts for appropriations have been recommended by the Board of Selectmen and/or the Budget Committee.

NOTE F - ASSIGNED FOR OTHER PURPOSES:

Historically, the townspeople vote to carry certain departmental unexpended balances forward to the following year for expenditure. This is usually in lieu of additional appropriations in any particular account.

Education	558,637.17
Health and Welfare	15,407.21
Highways and Bridges	<u>131,573.24</u>
	<u>705,617.62</u>

NOTE G - EXPENDITURES IN EXCESS OF APPROPRIATIONS:

During the current year expenditures exceeded appropriations in the following general fund categories

<u>Function</u>	<u>Appropriation and Revenue</u>	<u>Expenditures</u>	<u>Variance</u>
Abatements	–	1,740.26	(1,740.26)

Historically, the Town has not appropriated funds for the abatements, but rather funds this expenditure through other unappropriated revenues or the undesignated fund balance.

NOTE H - REVENUE RECOGNITION - PROPERTY TAXES:

The Town’s property tax for the current year was levied July 21, 2016 on the assessed value listed as of April 1, 2016 for all taxable real and personal property located in the Town. Taxes were due on October 15, 2016. Interest accrued at 7.00% per annum or part thereof commencing October 16, 2016.

Tax liens are filed against delinquent real estate taxpayers after eight months but within one year of the original tax commitment. If the tax, interest, and costs have not been paid eighteen months after the filing of a lien certificate then the lien is automatically foreclosed.

The National Council on Governmental Accounting (N.C.G.A.) Interpretation No. 3 requires that property tax revenue be recognized only to the extent it will be collected within sixty days following the year end. The deferred tax revenue shown on the balance sheet represents property taxes not expected to be collected within sixty days after the year end.

Property taxes are recognized when they become available. Available includes those taxes expected to be collected within sixty days after year end as stated above.

NOTE I - RISK MANAGEMENT:

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. All significant losses are covered by commercial insurance. There has been no significant reduction in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

NOTE J - OVERLAPPING DEBT:

The Town of Bremen is situated in Lincoln County and is therefore subject

to annual assessment of its proportional share of county expenses. Long-term debt outstanding in Lincoln County, for which the Town of Bremen would be proportionally responsible in the event the County defaulted, is approximately \$6,169,305.00 at December 31, 2016. The Town of Bremen's share would be 2.73% of the debt, or \$168,422.03.

The Town of Bremen is part of Great Salt Bay Community School District. Long-Term Debt outstanding for the District, for which the Town of Bremen would be proportionally responsible in the event the District defaulted, is approximately \$471,684.00 at December 31, 2016. The Town of Bremen's share would be 17.22% of the debt, or \$81,224.00.

NOTE K - DEFERRED REVENUE:

Deferred revenue at December 31, 2016 consists of the following:

Prepaid Property Taxes	2,928.61
Suspense	926.45
	<u>3,855.06</u>

NOTE L - LONG-TERM DEBT:

The following is a summary of note transactions of the Town for the year ended December 31, 2016:

Interest paid during 2016 was \$1,342.09.

NOTE M - SUBSEQUENT EVENTS:

Subsequent to February 3, 2017, the date the financial statements were available to be issued, it was determined there was an increase in the secondary education budget due to thirty students enrolled versus twenty five students included in the original budget. A special town meeting will be held February 23, 2017 to address this shortfall.

Article 35 To see what sum the Town will appropriate for the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act (**School Committee**

continued next page

Recommends \$ _____) and to see what sum the Town will raise as the Town's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act in accordance with the Maine Revised Statutes, Title 20-A, Section 15688.

School Committee Recommends: \$ -

Explanation: The Town's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act is the amount of money determined by state law to be the minimum amount that a municipality must raise in order to receive the full amount of state dollars.

Article 36 (Written ballot required) To see what sum the Town will raise and appropriate in additional local funds (**Recommend \$ _____**) which exceeds the State's Essential Programs and Services allocation model by \$_____, as required to fund the budget recommended by the School Committee.

The School Committee recommends \$_____ for additional local funds and gives the following reasons for exceeding the State's Essential Programs and Services funding model by \$_____:

Statutorily required amounts for secondary tuition, as well as special education, facilities maintenance, and transportation costs, exceed the State's EPS funding model.

Explanation: The additional local funds are those locally raised funds over and above the Town's local contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act and local amounts raised for the annual payment on non-State funded debt service that will help achieve the Town Budget for educational programs.

ARTICLE 37 AUTHORIZES EXPENDITURE OF GRANTS AND OTHER RECEIPTS FOR EDUCATION PURPOSES

Article 37 Shall the Bremen School Committee be authorized to expend such other sums as may be received from federal or state grants or programs or other sources during the fiscal year for education purposes, provided that such grants, programs, or other sources do not require the expenditure of other funds not previously appropriated.

Municipal Office Notes

This year's Spirit of America Award was given to both Linda Nevins and Hank Nevins. Both Linda and Hank are long-time volunteers for the Town.

Linda Nevins, in addition to 20 years as an EMT/First Responder, has spent 28 years as a member of the Bremen Patriotic Club and Bremen Library Association as well as 25 years organizing and running the Bremen Library Plant Sale. She also puts up with Hank!

Hank Nevins, in addition to 27 years as an EMT/First Responder, has been a member of the Bremen Fire Department for 28 years as well as 25 years with CLC Ambulance. Hank has also served as a Bremen Selectman for 16 years and has participated as a member of the Planning Board and Budget Committee.

As voted on at Town Meeting each year, the Town permits the Treasurer to accept prepayments on the annual real estate taxes prior to the October 15 due date.

The zoning map and Town Ordinances can be found on the Town's web site (Bremenmaine.org) and at the Town Office. There you will also find instructions for contacting the Code Enforcement Officer and the Planning Board.

Please remember to register your dog(s). Registrations for the next year are available after October 15. They are due December 31. After January 31, you will be charged a late fee of \$25.00 (Maine State Law).

Please remember it is illegal under Maine State Law (29A MRSA 2396) to push snow or slush into public roads. The law provides for penalties to violators. It is against the law and also very dangerous. Your cooperation in ending this practice will be appreciated.

If you see a street light in Town that is not working, please call the Town Office with the location and pole number. The Town pays for the street lights whether they are in working order or not. This is also a safety issue.

We can't help you

IF WE CAN'T FIND YOU!

Bremen Volunteer Fire Department and Bremen First Responders are offering all Bremen residents reflective address markers **free** of charge. They are 6 x 18 inch metal plates with 4 inch reflective numbers. We will install them for you. All you need to do is ask one of us, contact the Town Office.

We strongly urge everyone to take advantage of this offer which is possible only because of your generosity in our recent fund raising drive. Too many homes in our Town have no markers or are inadequately marked, particularly at night.

Please help us to help you by contacting us as soon as possible.
