Dedication

After a successful minstrel show in 1952 to raise funds for the new Bristol Consolidated School, the Bristol Footlighters was formed in 1953. They provided offbeat entertainment by local folks for 60 years while supplying funding for school improvements and a scholarship to a Bristol student graduating from Lincoln Academy. So here is a photo of our last cast, a unique one! And our closing words, “Happy trails to you, until we meet again.”

The Collection of Taxes

Assessments are based on the status of properties on April 1st of the tax year. Valuations can be adjusted at any time during April, or until the taxes have been committed to the Collector. Upon commitment, the valuations become permanent record and can be changed only through the abatement process. Tax bills will be mailed to the owner of record as of April 1st, and if known to the Town, a copy will be mailed to any new owner. It is interesting to note that in Maine, the tax bill is not a legal requirement.

The due date and the interest rate for late payment are determined by vote of the townspeople at the March Annual Town Meeting. In 2014, the Selectmen will recommend September 15th for the due date and 7% for the interest rate on late payments. (7% is the maximum rate allowable in 2014, as set by the State Treasurer). **Prepayment of taxes in any amount will be accepted at any time.**

The Lien Process

Between eight and twelve months after the tax commitment, the Treasurer will place a lien on all real estate with unpaid taxes. The costs of the lien are paid by the Town and must be paid by the delinquent taxpayer before the lien can be discharged. If the lien remains unpaid for 18 months after being recorded, the Town becomes the owner of the property. At this point the prior owner may negotiate with the Selectmen to buy back the property, or the Town can sell the property at auction.

Homestead Exemption

You are entitled to a Homestead Exemption if:

- You are a legal resident of Maine as of April 1st, 2014 and have owned a homestead property here for at least the last 12 months;
- That property has been your permanent residence for the past 12 months;
- It is the only property for which you are claiming a homestead exemption.

If you already are receiving this exemption, there is no need to reapply. If not, applications are available at the Town Office and must be filed before April 1st.

BRISTOL FIRE & RESCUE

Paul F. Leeman, Jr., Chief

Bristol Fire & Rescue responded to 399 emergency calls in 2013. There were 253 medical calls; 52 motor vehicle accidents; 37 fires; 5 water rescues; 14 downed power lines; 12 mutual aids; 6 hazmats; 14 trees down; and 6 others. The department had 27 more calls than 2012. Members have spent a total of 1,829 hours in training to enhance their skills. I would like to thank Training Officer Neal Kimball, who has passed this job on to Nick Bryant, for his many hours of dedication to this position.

Through many generous donations we purchased a 2014 PL Terrastar rescue vehicle; three thermal imaging cameras; one four gas monitor; three CO monitors; one cyanide detector; and have been able to refurbish our rescue boat with updated electronics and safety equipment. These were at no cost to the taxpayers. Through the generosity of our taxpayers and monies generated by our trust fund, we were able to purchase a 2014 Ferrara 2,760 gallon tanker/pumper which brings our water on wheels capacity back up to 8,750 gallons. With these purchases we are going to challenge the ISO rating set for the Town of Bristol's homeowner's insurance rating.

We continue to participate in the Easter egg hunt; the Round Pond 4th of July parade; Olde Bristol Days; Alvin Sproul Samoset Road Race; fire education training with the Bristol School; the Bristol Mills Fall Festival; and Santa's arrival by helicopter at the Pemaquid Lighthouse Park. The

department and many of these projects are supported by the Bristol Fire & Rescue Ladies Auxiliary. This fine group of people continues to offer their support and fund raising to benefit our department.

It is an honor for all members of Bristol Fire & Rescue to serve the residents of the Town of Bristol. I would like to thank the members for their many hours of dedicated service. Their participation would not be possible without the support of their families who are left at home alone at the sound of a page for Bristol Fire & Rescue to respond. I would also like to give a big thank you to the employers who allow members to respond during working shifts. Remember that we are available every moment of every day throughout the year.

As I begin my fifth year as Fire Chief I want to thank all residents for the privilege of serving in this capacity and I will continue to do my very best. I want to thank all who continue to support this fine organization through their generous donations. I want everyone to be proud of their Bristol Fire & Rescue.

In case of an emergency dial 911

THE FISHERMEN'S MUSEUM

John Allan, Treasurer

The Fishermen's Museum was open for its 41st season at Pemaquid Point Lighthouse Park, and recorded attendance of 33,500 visitors, which is again better than average compared to previous years. We remain hopeful that this trend will continue and greater

numbers of vacationers and residents will enjoy our museum and the coast of Maine in future years.

We continue to set records with the total amount of donations the museum has received and given to the Town of Bristol. Our 2013 contribution of \$2,695 raises the total funds donated directly to the Town over our history to \$254,943. The donations we receive go directly to artifact restoration, exhibit maintenance and our small operating budget, with the balance donated to the Town of Bristol.

Admission is free and the museum is open during normal Lighthouse Park hours. Our collection of local fishing heritage includes original tools, traps, nets and artifacts, displays, dioramas, ship logs and first person accounts of shipwrecks, along with rare and unusual items that present the history of the Bristol community to visitors from home and away. We have also placed a number of photographs and other Museum artifacts in the Visitors' Center. The Museum and Visitors' Center at Lighthouse Park provide warm and inviting destinations for our friends and visitors all season long.

Our 2013 Educational Scholarship was awarded to Tara Gauntt of New Harbor. Tara is a graduate of Lincoln Academy and is enrolled at the Maine Maritime Academy in Castine. Our annual scholarship has been awarded since the 1980's and is open to Bristol students who are pursuing a career in marine related activities, including boat building, fishing, marine ecology, biology studies, marine engineering and other maritime fields. We are proud to

have helped so many Bristol students achieve their higher education goals over the past 25 years.

We are again fortunate to have enjoyed the support of a dedicated group of volunteers over the past 41 years. It is through their efforts and the enthusiastic support of the Bristol Park Commissioners that The Fishermen's Museum has been so successful. Thanks to all who contribute their time and continue to ensure that our museum remains an important educational destination for visitors and maritime scholars.

LINCOLN COUNTY TELEVISION

Mary Ellen Crowley, Executive Director

Lincoln County Television (LCTV), established in 1991, is a non-profit organization that manages Public Access Channel 7 on Time Warner Cable for ten towns in Lincoln County: Alna, Bristol, Damariscotta, Dresden, Edgecomb, Newcastle, Nobleboro, Waldoboro, Westport Island, and Wiscasset. The cable channel currently reaches about 11,200 individuals in our community and our locally produced programs are available to untold numbers worldwide via the internet at www.lctv.org.

Highlights from 2013:

With funds from a PEG grant obtained by Damariscotta, we were able to purchase production and broadcasting equipment which included three professional studio cameras worth \$30,000, obtained for only \$1,000 through the generosity of our friend Dave Svens;

state of the art LED studio lighting panels and more editing computers.

Equipment purchased over the last few years and dedicated volunteer producers made possible many multi-camera field productions, which included the third year of live coverage of the Pumpkin Fest Regatta and a taped shoot of the Pumpkin Fest Parade. We were thrilled when *CBS Sunday Morning* used two seconds of our footage in their video about the regatta! Other productions included the 200th anniversary celebration of the Battle of the Boxer and the Enterprise at Lighthouse Park, *Brahms Requiem* performed at St. Patrick's Church by the combined choirs of the Sheepscot Valley Chorus and St. Cecilia Chamber Choir, *Bristol Footlighter's Swan Song*, and LCCT's production of *HMS Pinafore*.

The LCTV studio was used to produce a variety of shows including *Healthy Kids' Discussion on Child Abuse*, CASA's *Is My Kid High?*, *Maine Music*, *Fiddle Camp*, *Moonlight Yoga with Susan Sproul*, and several public service announcements for local nonprofits.

LCTV also receives video from individuals and organizations who do it all on their own, such as the series of recycling videos made by the Waldoboro Transfer Station Committee; Teen2Teen VidFest videos from LCH; religious programming from several local churches; the Bristol Consolidated School's Diversity Concert; government programming from Bristol, Damariscotta, Newcastle, Waldoboro, and Wiscasset; and Lincoln Academy Basketball.

670 shows containing new content were locally produced in 2013, 344 of

which are available for viewing anytime on LCTV's website.

Don Hunt, Hagar Enterprises, Denture Designs of Damariscotta, First Federal Savings and Newcastle's Postal Center USA, all became "Proud Sponsors of LCTV".

None of the above would be possible without the talents of local producers and the support from local towns and business sponsors. LCTV believes "Video by the people, for the people" makes for a vibrant and engaged public; we hope you will contribute to community programming in 2014!

BRISTOL AREA LIBRARY

Jacqueline Bennett, Librarian

Computer use and technology continues to be an important service to our patrons, as is our wireless capability. We have four computers to be used by the public and they were used over 1,300 times.

We were joined by 91 new members, giving us a present total of 1,002 adult and 508 children members. This number holds constant to previous years. Another constant is the number of visitors to the library in 2013. We recorded 9,334 adult visitors and 803 children.

Programs offered for the community this past year included art displays by local artists, knitting for all ages, author visits, story times and the "Dig into Reading" summer program for children. The library also received a grant and was able offer offer a book discussion group called "Maine: The Passage of Time, the Meaning of Change."

Many local people donated their time and talents for these programs.

Patrons signed out 14,320 books and materials. In addition to the 25,865 items available for checkout, patrons have access to audio books and e-books through the Maine State Library's downloadable program. Last year 643 items were downloaded.

Many thanks to our wonderful volunteers who worked over 3,000 hours on such tasks as working in the gardens, maintenance of the building, sorting books for the bookstore, preparing books for circulation assisting patrons with the signing out of books and other functions that benefit the library including the annual book sale, plant sale and pie sale and our night of trivia at the Contented Sole!

The library was very fortunate in 2013 to be able to purchase the abutting property. This year's Board of Trustees are: Judith Hope, President; Kathleen Riess, Vice President; Sue Trouwborst, Recording Secretary; Bonnie Sablinsky, Treasurer and Roberta Watson, Corresponding Secretary. Other trustees include Bruce Babb, Cathy Chase, Becky Cooper, Carol Jaegar, John Marsili, Andrea Powell, Glenn Riker, Mary Stevens, Susan Taylor and Eveline Tierney.

Finally, a thank you to our loyal patrons, to those who gave so generously to our annual appeal and to the Friends of the Bristol Area Library for supporting children's programs and funding our annual appeal. Many thanks to the town of Bristol for their support of \$14,000 in appropriations which is a crucial part of our operating budget.

OLD BRISTOL HISTORICAL SOCIETY

Pete & Kay Hanna, Co-Presidents

The Old Bristol Historical Society (OBHS), formed in 2003, is a charitable and educational nonprofit corporation serving the public. Our purpose is to collect, preserve, and share the artifacts and the oral, documentary and physical histories of the communities of Old Bristol. We aim to foster a sense of community and pride in our collective past through the involvement of local people and institutions, and we appreciate the participation of all who strengthen our society, always welcoming new volunteers. In 2013 our membership grew to 90 members. Fundraising and member dues have helped with operating costs and building improvements of our meeting house, the 1856 McKinley School in Pemaquid Falls, including a new entrance/exit ramp and shoring up of the rear foundation.

The current board consists of 10 officers and directors. Honorary Directorships have been awarded to 3 former board members for outstanding service. The board continues to search for meaningful ways to help interest and inspire the residents and visitors of the area, particularly the young, in Old Bristol's rich historical past. It is also focusing on finding a means to preserve the historical records within its possession and those held in various homes in the area.

Summer programs and meetings featured local presenters, who spoke informatively about our mills, stores,

and bygone days. The local Fossett and Elliott old photo and postcard collections and some collected by the Penobscot Marine Museum were presented. OBHS helped sponsor commemoration of the 1813 Enterprise-Boxer Battle fought off our shores and associatively supported a maritime historian to speak with 6th-8th grade students at Bristol Consolidated School.

Historical Resource Surveys for Round Pond and Bristol Mills progressed with basic documentation of the architecture and locations of the older Round Pond homes nearly completed.

Paul Ring created a website for OBHS, oldbristolhistoricalsociety.wordpress.com, which has much information about our organization and its interests. OBHS also published spring and fall newsletters.

CLC ADULT EDUCATION

Ellen Dickens, Director

CLC Adult and Community Education provided services to over 800 adults in 2013. We closed out the Maine GED program, assisted students who want to go on to college, worked with basic literacy students, provided medical certificate programs and served up a wide variety of enrichment classes for young and old.

We provide basic literacy services along with high school completion classes free of charge in our Learning Center program on Tuesday and Thursday evenings and Tuesday mornings with students from each town in AOS #93

participating in GED or Basic Education classes in 2013. Free College Transitions courses are offered through The Lincoln County College Connection (TLC³) – a cooperative program with 3 other Lincoln County Adult Education programs. Dozens of adults from Lincoln County participated in classes that will help them prepare for college through that program.

In 2013 we helped 13 students complete their GED tests and earn a high school credential. The GED testing program has come to an end in Maine. Starting in 2014 we will be using a new testing program called HiSET from the Educational Testing Service. The new HiSET will be similar to the GED and students will still earn a high school equivalency diploma from the State of Maine. Anyone 18 or older who is out of school and wants to earn a high school credential should contact us, as always, to get started.

We continue to work with Lincoln County Healthcare to provide vocational training in several medical programs. In 2013 we conducted 3 Certified Nursing Assistant courses with 24 students completing the program and receiving certification and employment. We were also able to offer 5 Certified Residential Medical Assistant and Personal Support Specialist classes with 38 people receiving certification or recertification.

Hundreds of students continue to enjoy the more than 90 low-cost, high impact courses offered in Community Education. Community members learned to use new technologies including how to promote their businesses online. They also danced, traveled, painted, foraged,

baked, and learned to play the ukulele among other things.

Information about all our programs and services can be found on our web site: <http://clc.maineadulted.org> or by calling us at 563-2811.

PEMAQUID WATERSHED ASSOCIATION

Donna Minnis, Executive Director

Since 1966, Pemaquid Watershed Association (PWA) has been conserving the natural resources of the Pemaquid Peninsula through land and water stewardship and education, focusing on the 47 square miles of Pemaquid River watershed. Over half (54.2% or 19.6 sq. miles) of Bristol is in the Pemaquid River watershed, including Boyd Pond and part of Biscay Pond. Membership in PWA has more than doubled over the past 7 years, surpassing 1,000 members at the end of 2013.

PWA is proud to serve the citizens of Bristol by providing the following services in 2013:

4th season of water quality monitoring at the Bristol Mills Swimming Hole.

11th year of water quality monitoring at Pemaquid Beach.

Providing public access to trails, open space, and shorefront via maintenance of six nature preserves in Bristol, attracting tourists to the area and benefiting local residents.

9th year of maintaining the Bristol Recreational Trail for the Town.

10th year of staffing and programming at Beachcombers' Rest Nature Center at

Pemaquid Beach Park. In the summer of 2013, over 2,200 people visited the nature center, attended a workshop, and/or experienced the weekly touch tank.

9th year of the Courtesy Boat Inspection program to educate boaters and minimize the risk of non-native plants invading the ponds.

5th year of coordinating the LakeSmart program, providing free technical assistance to residents on Biscay Pond to protect pondwater quality.

Please visit our web site for a schedule of events and stop by our office on Main Street (above Salt Bay Café) for information related to hiking, paddling, preventing the spread of invasive aquatic plants, and more. PWA thanks our volunteers, members, businesses, other agencies, and our local municipalities for their support of PWA's mission. PWA looks forward to continuing to serve the citizens of Bristol and helping to protect this beautiful area. ♡

Bristol Parks & Recreation

Gordon Benner, Chairman • Sandra Lane

Pemaquid Point Lighthouse Park, Pemaquid Beach Park, Ellingwood Park Visitor Center, Hanna Landing, New Harbor Town Landing, the Bristol Mills Swimming Hole, Moxie Cove picnic area, Pemaquid Falls picnic area, Pemaquid River boat launch, and the Old Rock Schoolhouse are all overseen for the Town of Bristol by the Bristol Parks Commission.

Ellingwood Park Visitor Center continues to improve, becoming more popular with the many guests to the peninsula. The building is complete with the installation of the bathroom and septic area, and the art gallery in the main room is now air conditioned. Landscaping was completed in preparation for the Bristol Area Farmers' Market in the summer months. The picnic area was busy.

Admissions at both Lighthouse Park and Pemaquid Beach were impacted by the many rainy days in June. The following months were busy, almost compensating for the month of June. Lighthouse Park was well attended through the summer as was Beach Park.

The ticket booth at Beach Park was replaced. Roof repairs were done at both Beach Park and Hanna Landing. The Lookout at Beach Park was rebuilt and painted. The commissioners are planning on the very expensive pump out in the near future at Beach Park.

At Lighthouse Park, the ticket booth was repaired and painted. Improvements were done on the restroom building to

make the handicapped bathroom even more accessible with a wider door and new pavement in front of the door.

The crew worked hard to keep Park gardens and lawns looking beautiful. Lighthouse Park, Beach Park, and Hanna Landing buildings were all painted. The Visitor Center at Ellingwood will be painted in the spring. Replacing and painting the picket fence at Lighthouse Park is slated for the coming year.

Bristol Parks employees completed all mandatory workplace safety training and compliance programs. New safety equipment was purchased, and all the Parks buildings have new exit lights.

The barbeques and concerts at Beach and Lighthouse Parks were well attended, and monies were raised for the Beach Buggy fund. The fireworks are always a success. Free Movie Tuesday continues to grow in popularity, as well as the various educational programs held at the Learning Center. The Fishermen's Museum at Lighthouse Park is a popular school field trip destination.

The 1812 Celebration presented by the Old Bristol Historical Society and the Pemaquid Peninsula Heritage Group was a huge success. Admission was free to the Park during the presentation, as it is on Open Lighthouse Day. Santa visited the Lighthouse in December.

Thank you to our patrons and especially to our hardworking employees and volunteers for making this happen again in 2013. See you in 2014!

Superintendent's Report

Steven Bailey, Superintendent of Schools

The 2013-2014 school year has been a positive and productive year thus far. We have a wonderful second group of Pre-K students and the program has the feel of a well-oiled machine. Our Kindergartners started the year with the advantages of knowing the teachers and the school routines. We continue to enjoy the benefits of this wonderful opportunity for our young learners and their families.

The middle school classrooms are benefiting from some new technology with the addition of iPads through the MLTI (Maine Learning Technology Initiative) program. We are often amazed at the ease at which these students can apply the new technologies to improve their learning. Students today have unbelievable resources at their fingertips. We are working hard to help them utilize these powerful resources to effectively construct new knowledge. We continue to explore ways to stay “caught up” with the technology in our ever-changing world.

We continue to focus on civility and safety. The teachers have been trained in Restorative School Practices to encourage a more supportive classroom and school culture. Classrooms regularly conduct “community circles” to develop a sense of belonging and understanding. The installation of an exterior surveillance camera was completed this winter. The monitor will be viewed by staff in the front office and will allow them to see visitors coming into

the building before they actually arrive at the office window or door. This will operate 24/7 and be recorded through a DVR. In addition, the front entry is being wired to provide buzz-in entry for visitors coming to the school once school is in session each day. These plans are all part of a larger Comprehensive Safety Management Plan that is in place for each of our schools. Staff and students are trained and practice to be ready for situations that might need them to act in a way to assure their safety. Security plans are reviewed on an annual basis and adjustments are made as they are deemed necessary.

Meeting the needs of all students at Bristol School is our top priority. Staff meets in Professional Learning Communities to discuss student progress and to plan appropriate instruction to meet individual needs. Interventions are implemented to support academic growth specifically targeted in reading and math. Behavioral support and reinforcement of appropriate choices is a focus to support the social and emotional development of our students. Enrichment options are scheduled for students who are meeting and exceeding the targets.

Bids for a replacement boiler for the school have been requested and the work is expected to be completed during the spring of this year. Funds for this work have been reserved from the last several years' budgets so no new money will be expended for this

project. The soccer field expansion approved last year has been completed as was the repair to the baseball outfield.

Bristol Consolidated School students continue to make growth in many areas. This past summer we hosted a summer school for students in grades K-5 who needed academic support to be successful. The program had strong parental support and was able to keep students from falling behind over the summer break. We have plans to improve our program design for next summer. We are pleased with the progress we are making and recognize the need for continued growth in the future. We take great pride in the efforts we have made and those yet to come.

Grades 9-12: Bristol has 110 students in grades 9-12, with 101 attending Lincoln Academy and nine students attending other school opportunities. These students continue to achieve to high levels. Lincoln Academy continues a very high placement level of students seeking post-secondary learning. The School Boards of the Central Lincoln County School System meet with the Board of Directors of Lincoln Academy a couple times per year in order to align curriculum and prepare for transition of our grade eight students to a successful experience in high school.

We greatly appreciate your continued support of our PreK–grade 12 learners. Thank you.

Independent Auditors' Report

William H. Brewer, Certified Public Accountant

858 Washington Street, P.O. Box 306 Bath, Maine 04530

We have audited the accompanying general purpose financial statements of the Town of Bristol, as of and for the years ended December 31, 2013 and 2012, which collectively comprise the Town's basic financial statements as listed in the Table of Contents. These financial statements are the responsibility of the Town of Bristol's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Town of Bristol as of December 31, 2013 and 2012, and the respective changes in financial position and cash flows, for the years then ended in conformity with accounting princi-

ples generally accepted in the United States of America.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on Schedule A-1 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively

comprise the Town of Bristol's financial statements as a whole. The introductory section, combining and individual non-major fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing

and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Management's Discussion & Analysis

Fiscal Year Ended December 31, 2013

The Municipal Officers of the Town of Bristol, Maine offer the readers of Bristol's financial statements this narrative overview and analysis of its financial activities for the fiscal year ended December 31, 2013. We encourage readers to consider the information presented in conjunction with additional information furnished in the basic financial statements and the accompanying notes to those financial statements.

The Financial Statements

The financial statements presented herein include all activities of the Town of Bristol, Maine using the integrated approach as prescribed by GASB (Governmental Accounting Standards Board) Statement No. 34. The government-wide financial statements present the financial picture of the Town using the accrual basis of accounting. They present governmental activities (functions that are principally supported by taxes and intergovernmental revenues) and business-type activities (functions that are intended to recover all or a significant portion of their costs through user fees and charges) separately. These statements include all assets of the Town as well as all liabilities, including long-term debt.

The fund financial statements include statements for each of the three categories of activity: governmental, business-type and fiduciary. Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Statement of Net Assets and Statement of Activities

The statement of net assets and statement of activities report information about the Town and its activities as a whole. Excluding infrastructure, these statements include all assets and liabilities of the Town using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Town's net assets and changes in them. Net assets are the difference between assets and liabilities, which is one way to measure the Town's financial health or financial position. Over time, increases and decreases in net assets are one indicator of whether the Town's financial health is improving or deteriorating. Other factors to consider are changes in the Town's property tax base and the condition of its infrastructure. In the statement of net assets and statement of activities, the Town's activities are separated as follows:

Governmental activities: Most of the Town's basic services are reported in this category, including public safety, public works, and general administrative services. Property taxes, excise taxes, user fees, interest income, cable television franchise fees and State and Federal grants finance these activities.

Business-type activities: Parks and Recreation is considered a "business-type" activity. A fee is charged to customers to cover costs associated with admission to and use of Bristol's parks. Parks and Recreation is completely self supporting through admissions, rental income and other user fees.

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds, not the Town as a whole. A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. Some funds are required to be established by State law or by grantor. In the Town of Bristol, these include worthy poor funds, cemetery funds and a small fund set aside for maintenance of the Rock Schoolhouse. Management, however, establishes other funds to help it control and manage money for particular purposes. During fiscal year 2013 Bristol had eight "capital reserve" accounts: the Highway Equipment Fund, the Fire Truck Fund, the Revaluation Fund, the Building Fund, the Computer Fund, the Parks Fund, the School Boiler Fund and the Learning Center Fund.

Governmental Funds

Most of the Town's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the remaining balances at year end that are available for spending. These funds are reported using an accounting method called "modified accrual", which measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed, shorter-term view of the Town's general government

operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs. The Town's governmental funds consist of the following:

General Fund: The general operating fund of the Town used to account for all financial resources except those required to be accounted for in another fund.

Proprietary Funds: When the Town charges customers for services it provides (business-type activities), these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Assets and Statement of Activities.

Fiduciary Funds: The Town's fiduciary funds are held in trust for the benefit of others. These funds are not included in the government-wide financial statements and cannot be used to support general government activities and operations.

Governmental Activities

The cost of all governmental activities in 2013 was \$7,927,849.46, an increase of \$693,322.17 in comparison to 2012. Some of the costs were paid by those who directly benefited from the programs, or by other governments and organizations that subsidized certain programs with operating grants and contributions. The Town paid for the "public benefit" portion of governmental activities with property taxes and through additional sources such as excise tax, interest, State revenue sharing, cable television franchise fees and other miscellaneous revenues.

Town programs include education, general government, health and welfare, highways and bridges, protection, special assessments (County tax), and unclassified. Each program's net cost (total cost less revenues generated by the activities) is presented below. The net costs show the financial burden placed on the Town's taxpayers by each of the functions:

Governmental Activities	Net Cost 2013	Net Cost 2012	Net Cost 2011
Education	\$4,005,296.37	\$4,044,857.17	\$3,781,589.85
General Government	649,579.60	429,084.63	410,557.17
Health and Welfare	276,802.63	230,516.89	247,515.32
Highways and Bridges	909,862.17	952,989.37	891,181.51
Protection	816,348.42	274,947.92	306,439.31
County Tax	1,224,272.56	1,275,455.50	1,268,146.98
Unclassified	<u>45,687.71</u>	<u>26,675.81</u>	<u>16,197.65</u>
Total:	\$7,927,849.46	\$7,234,527.29	\$6,921,627.79

On December 31, 2013, Bristol's net position for governmental activities totaled \$9,011,440.43. Net assets as of December 31, 2012 were \$8,558,768.90 and \$8,352,388.92 as of December 31, 2011. The result is an increase in net assets of \$452,671.53 during fiscal year 2013.

Business-Type Activities

The cost of the Town's only proprietary fund, Bristol Parks and Recreation, was \$298,967.13. The amount paid by users of the system and raised through donations was \$302,034.02, resulting in a net gain of \$3,066.89.

Budgets and Budgetary Accounting

The breakdown of actual expenditures for the year may be found in the Selectmen's Financial Report which is part of the 2013 Annual Report of the Town of Bristol. This could be compared with the proposed budget for 2014 to ascertain potential increases or decreases in individual budgetary items.

Administrative Notes

Bristol had four outstanding loans at the end of fiscal year 2013: a bond for school renovations, which matures in 2018, a loan for the Partridge Bridge which matures in 2017, and two fire truck loans maturing in 2018 and 2023. The following is a comparison of total long-term debt:

FY 2013	FY 2012	FY 2011
\$910,576.99	\$864,774.03	\$1,015,025.18

There was a decrease in the County tax assessment as compared with fiscal year 2012.

FY 2013	FY 2012	FY 2011
\$1,224,272.56	\$1,275,455.50	\$1,268,146.98

There was an increase in unappropriated surplus as compared with fiscal year 2012.

FY 2013	FY 2012	FY 2011
\$968,129.71	\$951,268.57	\$944,913.52

The mill rate increases from 7.85 per \$1,000.00 of valuation for fiscal year 2011 and 7.60 per \$1,000.00 of valuation for fiscal year 2012 to 7.70 per \$1,000.00 of valuation for fiscal year 2013.

Education accounted for approximately 61% of the tax commitment followed by the County tax assessment at 21% and the Municipal budget at 18%.

Bristol's financial position continues to be exemplary. The Municipal Officers continue to pursue ways to lower the cost of providing essential services to Bristol's taxpayers while preparing for demands on infrastructure, increasing cost of education, the County tax commitment, decreased State revenues, and State and Federal mandates.

Notes to Financial Statements

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The accounting policies of the Town of Bristol conform to generally accepted accounting principles as applicable to governmental units.

1. Financial Reporting Entity

The Town of Bristol was incorporated in 1765. The Town operates under a town meeting form of government.

In evaluating the Town of Bristol as a reporting entity, management has addressed all potential component units. The primary criteria for including a component reporting entity are the exercise of financial accountability by the Town of Bristol's municipal officials.

The Town's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is responsible for establishing Generally Accepted Accounting Principles (GAAP) for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. The more significant accounting policies established in GAAP are used by the Town as discussed below.

In June 1999, the Governmental Accounting Standards Board (GASB) unanimously approved Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments. Certain significant changes in the Statement include the following:

1.) Financial statements now include:

- A Management's Discussion and Analysis (MD&A) section providing an analysis of the Town's overall financial position and results of operations.
- Financial statements prepared using full accrual accounting for all of the Town's activities, including infrastructure (roads, bridges, etc.).

2.) A change in the fund financial statements to focus on the major funds.

2. Basic Financial Statements - Government-Wide Statements

The Town's basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental. The Town's fire protection, recreation, public works, and general administrative services are classified as governmental activities.

In the government-wide Statements of Net Position, the governmental column is presented on a consolidated basis by column, and is reported on a full accrual,

economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Town's net position is reported in four parts - net invested in capital assets; committed for capital projects; assigned for other purposes, and unassigned. The Town first utilizes restricted resources to finance qualifying activities.

The government-wide Statements of Activities reports both the gross and net cost of each of the Town's functions and business-type activities (fire, public works, administrative, etc.). The functions are also supported by general government revenues (property, certain intergovernmental revenues, fines, permits, and charges, etc.). The Statements of Activities reduces gross expenses (including depreciation) by related program revenues and operating and capital grants. Program revenues must be directly associated with the function (fire, public works, etc.). Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property, intergovernmental revenues, interest income, etc.).

This government-wide focus is more on the sustainability of the Town as an entity and the change in the Town's net position resulting from the current year's activities.

3. Basic Financial Statements - Fund Financial Statements

The financial transactions of the Town are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues, and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the Town:

a. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Town:

1. General Fund:

General Fund is the general operating fund of the town. It is used to account for all financial resources except those required to be accounted for in another fund.

2. Fiduciary Funds:

Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support town programs. The reporting focus is on net assets and changes in net assets and is reported using accounting principles similar to proprietary funds.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are

summarized into a single column. GASB NO. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues, or expenditures/expenses of either fund category) for the determination of major funds.

The Town's fiduciary funds are presented in the fiduciary fund financial statements. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

3. Proprietary Fund:

The Proprietary Fund is the fund used to account for all financial resources relating to the Parks and Recreation Department. The generally accepted accounting principles applicable are those similar to business in the private sector.

4. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied:

a. Accrual:

Governmental activities in the government-wide financial statements and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

b. Modified Accrual:

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e. both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

5. Financial Statement Amounts

a. Cash and Cash Equivalents:

The Town has defined cash and cash equivalents to include cash on hand, demand deposits, and cash with fiscal agents. Statutes authorize the Treasurer of the Town, as directed by the municipal officers, to invest all municipal funds, including reserve and trust funds, to the extent that the terms of the instrument, order, or article creating the fund do not prohibit the investment in financial institutions as described in Section 5706 MRSa and securities as described in Sections 5711 through 5717 MRSa.

b. Capital Assets:

Capital assets purchased or acquired with an original cost of \$2,000.00 or more are reported at historical cost or estimated historical cost. Contributed assets are

reported at fair market value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	20-50 Years
Machinery and Equipment	5-10 Years
Improvements	10-20 Years
Other Infrastructure	10-50 Years

c. Revenues:

Substantially, all governmental fund revenues are accrued. Property taxes are billed and collected within the same period in which the taxes are levied. In applying GASB NO. 33 to grant revenues, the provider recognizes liabilities and expenses and the recipient recognizes receivables and revenue when the applicable eligibility requirements, including time requirements, are met. Resources transmitted before the eligibility requirements are met are reported as advances by the provider and deferred revenue by the recipient.

d. Expenditures:

Expenditures are recognized when the related fund liability is incurred.

e. Use of Estimates:

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE B - CASH:

The Town's cash is categorized to give an indication of the level of risk assumed by the Town at year end. These Categories are defined as follows:

Category #1 - Insured or collateralized with securities held by the Town or by its agent in the Town's name.

Category #2 - Collateralized with securities held by the pledging financial institution's trust department or agent in the Town's name.

Category #3 - Uncollateralized (This includes any bank balance that is collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the Town's name.)

At December 31, 2013 cash consisted of:

ACCOUNT TYPE	CARRYING AMOUNT	BANK BALANCE	CATEGORY #1	CATEGORY #2	CATEGORY #3
Interest Bearing Accounts	\$2,122,986.98	\$2,157,508.59	\$2,115,381.03	\$	\$42,127.56

NOTE C - ACCOUNTS RECEIVABLE:

Accounts Receivable consists of the following:

State Homestead	\$5,709.41
State Revenue Sharing	4,000.00
State General Assistance Reimbursement	3,232.06
Dead River Vendor	<u>795.80</u>

NOTE E - GENERAL FUND BUDGET:

The Town operates on a net budget as compared with a gross budget. All revenues are not estimated, but are credited to the particular operating account. Certain revenues are dedicated for particular purposes by vote of the townspeople at the annual town meeting or at special town meetings.

At the annual town meeting, held in March of each year, the townspeople vote on various articles on which amounts for appropriations have been recommended by the Board of Selectmen and/or the budget committee.

NOTE F - ASSIGNED FOR OTHER PURPOSES:

Historically, the townspeople vote to carry certain departmental unexpended balances forward to the following year for expenditure. This is usually in lieu of additional appropriations in any particular account.

General Government	\$69,691.22
Education	525,398.06
Highways and Bridges	90,485.47
Protection	3,397.91
Unclassified	<u>12,991.07</u>
	\$701,963.73

NOTE G - REVENUE RECOGNITION - PROPERTY TAXES:

The Town's property tax for the current year was levied May 29, 2013 on the assessed value listed as of April 1, 2013 for all taxable real and personal property located in the Town. Taxes were due September 16, 2013 with interest at 7% per annum or part thereof commencing September 17, 2013.

Tax liens are filed against delinquent real estate taxpayers after eight months but within one year of the original tax commitment. If the tax, interest, and costs have not been paid eighteen months after the filing of a lien certificate then the lien is automatically foreclosed.

The National Council on Governmental Accounting (N.C.G.A.) Interpretation No. 3 requires that property tax revenue be recognized only to the extent it will be collected within sixty days following the year end. The deferred tax revenue shown on the balance sheet represents property taxes not expected to be collected within sixty days after the year end.

Property taxes are recognized when they become available. Available includes those taxes expected to be collected within sixty days after year end as stated above.

NOTE H - DEFINED BENEFIT PENSION PLAN:

Public school teachers contribute to the Maine Public Employees Retirement System ("System"), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for public school teachers, state employees (except as members of the judiciary and legislature who are covered under the Judicial and Legislative Retirement Systems) and political

subdivisions. The System also provides retirement, death, disability, and health insurance benefits. These benefit provisions and all other requirements are established by state statute. The Maine PERS issues a publicly available financial report that includes financial statements and required supplementary information for the teachers group. This report may be obtained by calling 1-800-451-9800.

Teachers are required to contribute 7.65% of their annual salary to the System. The State of Maine contributes the remaining amounts necessary to fund the System, using the actuarial basis specified by statute. The covered payroll for teachers is approximately \$1,355,747.13. As required by Accounting Standards, the amount paid on behalf of the School Department by the State of Maine has been recorded as revenue and an expenditure, which amounted to \$205,086.94. The only exception is the contribution required for federally funded teachers for which the Town contributes 16.15% for the first six months and 13.5% for the second six months of their compensation. This cost amounted to \$4,555.79 for the year ended June 30, 2013.

NOTE I - INTERFUND RECEIVABLES AND PAYABLES:

Due To and Due From Other Funds consist of the following:

Due To Parks and Recreation Department	\$87,881.56
Due To Capital Reserve	5,462.00
Due To Worthy Poor Trust Fund	119.09
	\$93,462.65

NOTE J - PROPERTY, PLANT, AND EQUIPMENT:

The following is a summary of changes in fixed assets at December 31, 2013:

	BALANCE JANUARY 1, 2013	ADDITIONS	BALANCE DECEMBER 31, 2013
Land and Land Improvements	\$966,877.28	\$243,390.49	\$1,210,267.77

Accumulated Depreciation	(6,617,222.26)	(508,132.21)	(7,125,354.47)
Net Property, Plant, and Equipment	\$7,400,416.29	\$525,067.15	\$7,925,483.44

NOTE K - RISK MANAGEMENT:

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. All significant losses are covered by commercial insurance. There has been no significant reduction in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

NOTE L - INTEREST COST INCURRED:

During the current year the Town incurred interest costs totaling \$25,665.29 which was charged as an expense to various accounts.

NOTE M - OVERLAPPING DEBT:

The Town of Bristol is situated in Lincoln County and is therefore subject to annual assessment of its proportional share of county expenses. Long-term debt outstanding in Lincoln County for which the Town of Bristol would be proportionally responsible in the event the County defaulted, is approximately \$7,780,060.00 at December 31, 2013. The Town of Bristol's share would be 14.3% of the debt, or \$1,112,540.00.

NOTE N - EXPENDITURES IN EXCESS OF APPROPRIATIONS:

During the year expenditures exceeded appropriations in the general assistance general fund categories. Expenditures were greater than anticipated. There were overdrafts in abatements and Marsh Island tax which historically has not been appropriated but rather is funded from unappropriated surplus.

NOTE O - JOINT VENTURE:

The Towns of Bristol and South Bristol have entered into an interlocal agreement to provide for solid waste disposal facilities for the two communities. The joint venture is administered by a joint board composed of the Board of Selectmen from each town. All costs and revenues are shared in the ratio of 60% - Bristol and 40% - South Bristol.

The following is a summary of the joint venture financial statements:

	TOTAL	BRISTOL'S SHARE
Total Assets	\$241,006.07	\$144,603.64
Total Liabilities	3,489.56	2,093.73
Total Net Position	\$237,516.51	\$142,509.91
Total Revenues	\$476,592.15	\$285,955.29
Total Expenditures	465,170.95	279,102.57
Excess of Expenditures over Revenues	\$11,421.20	\$6,852.72

Bristol's assessments paid to the joint venture in 2013 totaled \$213,252.00 and are recorded as expenditures.

NOTE P - DEFERRED REVENUE:

Deferred Revenue consists of the following:

Prepaid 2014 Taxes	\$5,897.88
Excess of State Revenue Share's Receipts over the amount used to reduce the 2013 tax commitment	18,320.56
	\$24,218.44

NOTE Q - SUBSEQUENT EVENT:

Management has made an evaluation of subsequent events to and including the audit report date, which was the date the financial statements were available to be issued, and determined that any subsequent events that would require recognition or disclosure have been considered in the preparation of the financial statements.

Schedules A-1 - A-15

Selectmen's Report

William Benner, Chairman • Harry Lowd III • Paul Yates

2013 was a year of changes. Chad Hanna retired as a Selectman after 12 consecutive years of service, but we are pleased to have Harry (Terry) Lowd fill that vacancy. We also lost Merle West, our Code Enforcement Officer to retirement, but again were fortunate to find Susan Metzger to fill that vacancy. Susan works the same hours as Merle did, making the transition much easier.

We were very fortunate to obtain a parcel of land in Pemaquid Harbor, which will be known as "Sunset Meadow." From this property you can enjoy the historical view of the Pemaquid Harbor and the Atlantic Ocean. We are all indebted to those who made this property available to the Town.

An additional challenge to the taxpayers of Bristol is the University of Maine's offshore wind power project. To better understand the impact of this project on the Town, the Selectmen appointed a Wind Power Advisory Committee to work with U of M and Maine Aqua Ventus to act as a resource of information for the residents of Bristol. We thank the members of the Advisory Committee for their quick action in submitting comments to the Public Utility Commission on the Town's behalf.

In 2013, three-plus miles of roads were paved and two bridges were repaired for an expenditure of \$490,000. Due to bad weather, the Poor Farm road culvert replacement did not get completed, and the balance for that project will be forwarded to 2014 projects.

We plan to pave an additional 3.5 miles of road in 2014 as follows: remainder of the Rock Schoolhouse road, .40 miles; Browns Cove road 1 mile; .55 miles of Old County road; .43 miles of Bradley Hill road; .16 miles of Thompson road; .68 miles of South Side road; .06 miles of Back Cove road and .04 miles of Sproul Hill road. We are asking the Town to approve an article at town meeting to start a separate "Bridge Maintenance Reserve Fund" for future bridge repairs. The Town has eleven bridges which are inspected yearly by the State DOT. In the last three years we have repaired five for an expenditure of approximately \$132,000, and the replacement of the Partridge bridge was \$350,000. If a bridge repair exceeds \$100,000, a licensed engineer is required, therefore we should have a regular maintenance plan for bridges. The Hatch Town Bridge was hit by a vehicle in 2013. No physical damage was discovered, but it is in need of some repair from age.

In all, the Town was in good financial condition in 2013, thanks to the Town Administrator and her staff for their highly efficient job performance. For the first time in many years the Town of Bristol is now the #2 taxpayer in Lincoln County, being bumped by Boothbay. The 2013 county tax was \$1,224,272.56 and the 2014 county tax is not yet available.

The Board of Selectmen extend a sincere "Thank You" to the voters of Bristol for allowing us to serve.

To see what sum the Town will appropriate for the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act (School Committee Recommends \$---) and to see what sum the Town will raise as the Town's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act in accordance with the Maine Revised Statutes, Title 20-A, section 15688.

School Committee recommends..... \$---

Explanation: *The Town's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act is the amount of money determined by State law to be the minimum amount that a municipality must raise in order to receive the full amount of State dollars.*

Article 16.

(WRITTEN BALLOT REQUIRED) To see what sum the Town will raise and appropriate in additional local funds (Recommend \$---), which exceeds the State's Essential Programs and Services allocation model by \$---, as required to fund the budget recommended by the School Committee.

The School Committee recommends \$--- for additional local funds and gives the following reasons for exceeding the State's EPS funding model by \$---:

Statutorily required amounts for secondary tuition, as well as special education, facilities maintenance, and transportation costs, exceed the State's EPS funding model.

Explanation: *The additional local funds are those locally raised funds over and above the Town's local contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act and local amounts raised for the annual payment on non-state-funded debt service that will help achieve the Town budget for educational programs.*
