*"Aerostats, floating in a sea of air..."
 The sixth grade wondered what makes hot air balloons fly. To answer the question they studied density and built hot air balloons. The secret they discovered is buoyancy. Like a ship on the ocean, a hot air balloon floats through the air because it is buoyant (lighter than the surrounding air).*

Who needs to register for Maine's new saltwater registry? If you have a valid Maine freshwater fishing license there is a check box on the freshwater application form for you to indicate you saltwater fish. (If you hold a Resident Lifetime License and are 65 years of age or older, you will have to register annually for Maine's saltwater registry.)

If you do not have a valid Maine freshwater license, then you must register for a saltwater license at www.maine.gov/saltwater (\$1.00), the DMR office, or by any appointed Department of Inland Fisheries and Wildlife agent (\$2.00). Please visit the IF&W website for more information.

Bristol Fire and Rescue provides annual safety training for students at the Bristol Consolidated School.

Bristol Fire & Rescue *Paul F. Leeman Jr., Chief*

Bristol Fire & Rescue responded to 446 emergency calls during 2014. Of these, 296 were medical calls; 56 motor vehicle accidents; 25 fire; 24 fire alarms; 5 water rescues; 7 downed power lines; 10 mutual aid; 3 hazmat; 12 trees down; and 8 “other.” The department had 47 more calls than in 2013. Members spent a total of 1,445 hours in training to enhance their skills. I would like to thank Allen Spinney and Jordan Powell for the many hours they spent traveling to Winthrop to become state certified Fire Instructors. Each First Responder logged 24 hours to recertify their EMS license, which needs to be done every 3 years.

It is with great pride that I announce that Bristol Fire and Rescue, along with all Bristol departments, has been nominated to receive the Safety & Health Award for Public Employers, (SHAPE) from the Bureau of Labor Standards (BLS). To qualify for this nomination, upgrades were made to station safety and organization; policies adapted to BLS protocol; and developing BLS criteria for record keeping. Simply put, this means that we are committed to the safety of our current and future members. For 2015 we will continue to work on challenging the Insurance Safety Office (ISO) rating set for the Town of Bristol’s homeowner’s insurance rating.

We continue to participate in the annual Easter egg hunt; the Round Pond 4th of July parade; Olde Bristol Days; Alvin Sproul Samoset Road Race; fire education training with the Bristol School; and the Bristol Mills Fall Festival. The department and many of these projects are supported by the Bristol Ladies Auxiliary. This fine group of people continues to offer their support and fundraising to benefit our department.

It is an honor for all members of Bristol Fire & Rescue to serve the residents of the Town of Bristol. I would like to thank the members for their many hours of dedicated service. Their participation would not be possible without the support of their families who are left at home alone at the sound of a siren for Bristol Fire & Rescue to respond. I would like to give a big thank you to the employers who allow members to respond during working shifts. Remember that we are available every moment of every day throughout the year.

As I begin my sixth year as Fire Chief I want to thank all residents for the privilege of serving in this capacity. I will continue to strive to do my very best for you. I want to thank all who continue to support this fine organization through their generous donations. I want everyone to be proud of their Bristol Fire & Rescue. *In case of an emergency dial 911*

Fire Chief Paul Leeman Jr. with future firefighter Paul Leeman IV.

2014 Assessor's Report

Value of Taxable Real Estate	\$782,054,607	<i>Property of Veterans 62 and older, and property of Veteran's widows, widowers, minor children and widowed parents are exempt in accordance with statutory directive.</i>

Other Personal Property	\$209,200	Homestead Exemption Total.....

The Collection of Taxes

Assessments are based on the status of properties on April 1st of the tax year. Valuations can be adjusted at any time during April, or until the taxes have been committed to the Collector. Upon commitment, the valuations become permanent record and can be changed only through the abatement process. Tax bills will be mailed to the owner of record as of April 1st, and if known to the Town, a copy will be mailed to any new owner. It is interesting to note that in Maine, the tax bill is not a legal requirement.

The due date and the interest rate for late payment are determined by vote of the townspeople at the March Annual Town Meeting. In 2015, the Selectmen will recommend September 15th for the due date and 7% for the interest rate on late payments. (7% is the maximum rate allowable in 2015, as set by the State Treasurer). Prepayment of taxes in any amount will be accepted at any time.

The Lien Process

Between eight and twelve months after the tax commitment, the Treasurer will place a lien on all real estate with unpaid taxes. The costs of the lien are paid by the Town and must be paid by the delinquent taxpayer before the lien can be discharged. If the lien remains unpaid for 18 months after being recorded, the Town becomes the owner of the property. At this point the prior owner may negotiate with the Selectmen to buy back the property, or the Town can sell the property at auction.

Homestead Exemption

You are entitled to a Homestead Exemption if:

- You are a legal resident of Maine as of April 1st, 2015 and have owned a homestead property here for at least the last 12 months;
- That property has been your permanent residence for the past 12 months;
- It is the only property for which you are claiming a homestead exemption.

If you already are receiving this exemption, there is no need to reapply.

Applications are available at the Town Office and must be filed before April 1st.

The Fishermen's Museum *John Allan, Treasurer*

The Fishermen's Museum was open for its 42nd season at Pemaquid Point Lighthouse Park and recorded attendance of 34,563 visitors, which is again better than average when compared to previous years. We remain hopeful that this trend will continue and greater numbers of vacationers and residents will enjoy our Museum and the coast of Maine in future years.

We continue to set records with the total amount of donations that the Museum has received and given to the Town of Bristol. Our 2014 contribution of \$1,539.75 raises the total funds donated directly to the Town since 1972 to \$256,483.00. The donations we receive go directly to artifact restoration, exhibit maintenance and our small operating budget, with the balance donated to the Town of Bristol. We sold out the first run of our beautiful Museum posters (suggested donation \$5.00) and printed a second run of 1,000 for the 2015 and future seasons. Please stop by this year and get one for your wall or as a great gift.

Admission is free and the Museum is open during normal Lighthouse Park hours. Our collection of local fishing heritage includes original tools, traps, nets and artifacts, displays, dioramas, ships' logs and first person accounts of shipwrecks, along with rare and unusual items that presents the history of the Bristol community to visitors from home and away. We have also placed a number of photographs and other Museum artifacts in the Learning Center. The Museum and Learning Center provide warm and inviting destinations for our friends and visitors all season long.

Our 2014 Educational Scholarship was awarded to Tara Gauntt of New Harbor. Tara is a graduate of Lincoln Academy and is enrolled at Maine Maritime Academy in Castine. Our annual Scholarship has been awarded since the 1980's and is open to Bristol students who are pursuing a career in marine related activities including boat building, fishing, marine ecology and biology studies, marine engineering and other maritime fields. We are proud to have helped so many Bristol students achieve their higher education goals over the past 25 years.

We are again fortunate to have enjoyed the support of a dedicated group of volunteers over the past 42 years. It is through their efforts and the enthusiastic support of the Bristol Park Commissioners that The Fishermen's Museum has been so successful. Thanks to all who contribute their time and continue to ensure that our Museum remains an important educational destination for visitors and maritime scholars.

Pemaquid Group of Artists *Sally Loughridge, President*

In 2014 the Pemaquid Group of Artists celebrated 86 years of continuous exhibition, the last 54 years on the grounds of the beautifully maintained Lighthouse Park. One of the oldest artist organizations in Maine, PGA juries new members from artists residing in area townships of Bristol, South Bristol,

Bremen, Newcastle, and Damariscotta. Gallery admission is free for park visitors.

A diverse exhibit of artworks – including oil, pastel, watercolor, and acrylic paintings, as well as ceramics and marquetry – fills the gallery each year. Fresh works are continually hung as others sell. In 2014, the exhibition featured the art of 27 permanent members and two seasonal guest artists. After a gala reception June 8, the gallery welcomed visitors daily from June 9 through Columbus Day, October 13. Our special events in 2014 included a reception for gallery Patrons in August and outdoor artist demonstrations on Open Lighthouse Day in September.

In 2014, PGA supported arts education through financial donations to three area elementary schools, the preschool program Healthy Kids, and Lincoln Academy. As in past years, we funded a pass to the Portland Museum of Art, available free to Bristol and other Maine residents by reservation through Skidompha Library in Damariscotta.

We are grateful to our Patron members, whose loyal enthusiasm mirrors that of our artist members, Board of Directors, and knowledgeable gallery attendants. This past season Barbara Klein and Nancy O'Brien MacKinnon, both artist members of PGA, served as our very capable Co-Managers. Our website, www.pemaquidartgallery.com, provides information about our artists, events and charitable activities.

Our very active Board is comprised of Sally Loughridge, President; Peggy Farrell, Vice President; Bob Vaughan, Secretary; Judy Nixon, Treasurer; Julie Babb, Will Kefauver, Marlene Loznicka, and Paul Sherman. Please visit the gallery in 2015, where you will see fresh artwork and a redesigned service area to better assist you.

Pemaquid Watershed Association *Donna Minnis, Executive Director*

Since 1966, Pemaquid Watershed Association (PWA) has been conserving the natural resources of the Pemaquid Peninsula through land and water stewardship and education, focusing on the 47 square miles of Pemaquid River watershed. Over half (54.2% or 19.6 sq. miles) of Bristol is in the Pemaquid River watershed, including Boyd Pond and part of Biscay Pond. PWA has over 1,050 members.

PWA is proud to serve the citizens of Bristol by providing the following services in 2014:

- Monitoring the water quality at the Bristol Mills Swimming Hole and Pemaquid Beach.
- Providing public access to trails, open space, and shorefront via maintenance of six nature preserves in Bristol, attracting tourists to the area and benefitting local residents.
- Maintaining the Bristol Recreational Trail for the Town.
- Staffing and doing educational programs at Beachcombers' Rest Nature Center at Pemaquid Beach Park. In the summer of 2014, an estimated 2,114 people visited the nature center, attended a workshop, and/or experienced the weekly touch tank.

- Coordinating the Courtesy Boat Inspection program to educate boaters and minimize the risk of non-native plants invading the ponds.
- Coordinating the LakeSmart program, providing free technical assistance to residents on Biscay Pond to protect pondwater quality.
- Giving the Town of Bristol 5 large recycling bins for use at Bristol Parks.

Check out our brand new web site www.pemaquidwatershed.org to learn about PWA becoming the first Maine Affiliate of Keep America Beautiful, which is how we got the bins to give to the town.

PWA thanks the Town of Bristol and its residents for their support of PWA's mission. PWA looks forward to continuing to serve Bristol and helping to protect this beautiful area.

Wind Power Advisory Committee *Andrea Cox, Chairperson*

The Town of Bristol's Selectmen formed the Wind Power Advisory Committee in the fall of 2013 in response to a windmill project that was being proposed at the Maine Offshore Wind Energy Test Site near Monhegan Island. Bristol was selected as the landfall location for the power cable to come ashore.

Since its inception, the Committee has gathered extensive information about the proposed project, associated laws and statutes, similar projects, reports, newspaper articles, and created a survey to collect local concerns/opinions, all of which is available on a website. The Committee has held many public meetings, talked with its local representatives, had discussions with the Monhegan Energy Task Force, and spoken with attorneys, scientists, and other representatives of the proposed project. We have reached out to the citizens through phone calls, flyers, a mass-mailing, and the local newspaper.

In May of 2014 the proposed project didn't receive the expected funding to move the project forward to the construction phase. However, it did receive funding to complete the engineering and design. As of the writing of this report, there is no clear plan for the project moving forward on a physical level.

In October of 2014, a citizen petition was voted on an article at a Special Town Meeting: "Shall the Citizens of Bristol allow placement in our town of high powered transmission cables to connect the grid to the Monhegan wind power test project." The non-binding vote was overwhelmingly against allowing a cable to come ashore in an estimated 90/10 split.

The Committee is currently working towards a formal positional letter to be sent to those associated with the proposed project. The Committee has also recommended a sum of \$30,000 be set aside in the budget for any wind power related legal work that may become necessary.

Bristol Fish Committee *George Gilbert, Slade Moore, Rick Poland*

Pemaquid River Alewife Restoration: At over 2,400 acres, the ponds and lakes upstream of the Bristol Mills Dam have the potential to produce over 600,000 adult alewives – one of Coastal Maine’s largest runs. But recent surveys suggest that problems with effectiveness of the Dam’s fishway are suppressing the run to less than 10% of its potential size. Since 2012, the Bristol Fish Committee has worked with project partners to determine the best ways to overcome these problems and spark recovery of the alewife population.

2014 highlights included the annual construction, maintenance and removal of the leader fence used to guide alewives into the fishway. We also made adjustments to fishway operations that were recommended by the project’s engineering firm, Wright-Pierce. And we provided assistance to DMR’s alewife tracking study that assessed fishway efficiency. For a second year, volunteer alewife counters provided critical data necessary to estimate population trends. These data and Wright-Pierce’s assessments were used to develop initial engineering plans for re-design of the fishway. This spring, we anticipate completing the engineering/permitting phase and will be actively fundraising for construction.

We wish to thank Kristine Poland for grant administration, volunteers who counted alewives, and Maine Coastal Program and DMR for project support. NOAA and USFWS helped review engineering plans. Individuals and businesses donated services and materials to the project, including John Brackett, Hancock Lumber, Hammond Lumber Company, Hanna’s Garage, Ames True Value Hardware and Supply, O.W. Holmes Inc., Peter Poland, and the Brooks Trap Mill.

Bristol Area Library *Jacqueline Bennett, Librarian*

The Bristol Area Library strives to offer an expansive collection of books and movies, but we also provide many other services as well. We are a drop-off for the local food pantry, we offer meeting space for local organizations, we have a free magazine table and we sell used books and greeting cards. Patrons can research using our library edition of Ancestry and The Plein Air Group generously provided free passes to the Farnsworth Art Museum. Computer use and wireless technology continue to be an important service to our patrons.

We were joined by 59 new members, giving us a present total of 1,052 adult and 413 children members. The number of visitors to the library has increased, which we feel is due to the number of services and programs the library offers. We recorded 9,846 adult visitors and 895 children.

Patrons signed out 14,193 books and materials. In addition to the 25,865 items available for checkout patrons have access to audio books and e-books through the Maine State Library’s downloadable program and this past year 249 items were downloaded. Other items for checkout include Energy Detectors and a Kit Kitteredge American Girl Doll.

2014 programs included art displays by local artists, knitting for all ages, author

visits, story times and a “Celebrate Nature” summer reading program for children. The library received a grant and offered a “Gilded Age” book discussion group.

This year’s Board of Trustees: Judith Hope, President; Kathleen Riess, Vice President; Sue Trouwborst, Recording Secretary; Bonnie Sablinsky, Treasurer and Maggie Conger, Corresponding Secretary. Other trustees are Bruce Babb, Cathy Chase, Becky Cooper, Carol Jaegar, John Marsili, Andrea Powell, Glenn Riker, Mary Stevens, Susan Taylor and Eveline Tierney. Our many thanks to Roberta Watson, retiring Corresponding Secretary.

Finally, a thank you to our loyal patrons, to our hard-working volunteers, to those who gave so generously to our annual appeal and to the Friends of the Bristol Area Library for supporting children’s programs and funding our annual appeal. Many thanks also, to the Town of Bristol for their support of \$14,500 in appropriations which is a very crucial part of our operating budget.

CLC Adult Education *Ellen Dickens, Director*

CLC Adult and Community Education again provided services to over 800 adults in 2014. We began the new HiSET high school completion program, assisted students who want to go on to college, worked with basic literacy students, provided medical certificate programs and served up a wide variety of enrichment classes for young and old.

We provide basic literacy services along with high school completion classes free of charge in our Learning Center program on Tuesday and Thursday evenings and Monday and Tuesday mornings with students from each town in AOS #93 participating in basic education or high school completion classes in 2014. Free College Transitions courses are offered through The Lincoln County College Connection (TLC³) – a cooperative program with three other Lincoln County Adult Education programs. Dozens of adults from Lincoln County participated in classes that will help them prepare for college through that program.

In 2014 we helped 12 students complete a high school credential and many more worked on basic literacy and math skills. Anyone 18 or older who is out of school and wants to earn a high school credential or who needs to improve their reading or writing should contact us to get started.

We continue to work with Lincoln County Healthcare to provide vocational training in several medical programs. In 2014 we conducted three Certified Nursing Assistant courses with 21 students completing the program and receiving certification and employment. We were also able to offer five Certified Residential Medical Assistant and Personal Support Specialist classes with 28 people receiving certification.

Hundreds of students continue to enjoy the more than 90 low-cost, high impact courses offered in Community Education. Community members learned to use an iPad or a digital camera. They also exercised, practiced Tai Chi, cooked, and learned firearm safety among other things.

Thank you to each of our supporting towns for the funding that provides these

important services. Information about all our programs and services can be found on our web site: <http://clc.maineadulted.org> or by calling us at 563-2811.

Lincoln County Television *Mary Ellen Crowley, Executive Director*

Lincoln County Television (LCTV), established in 1991, is a non-profit organization that manages Public Access Channel 7 on Time Warner Cable for 10 towns in Lincoln County: Alna, Bristol, Damariscotta, Dresden, Edgecomb, Newcastle, Nobleboro, Waldoboro, Westport Island, and Wiscasset. LCTV currently reaches about 11,200 individuals in our community and our locally produced programs are available to untold numbers worldwide via the internet at www.lctv.org.

Highlights from 2014: Recognizing that local organizations would like to produce video for the community, but were lacking volunteers willing to learn how to produce video, LCTV began offering production services for a fee. Some of the programs produced in 2014 were: *Colonial Pemaquid: Outpost on the 17th Century Maine Frontier* (produced for Friends of Colonial Pemaquid); *Russia!*, Bristol Consolidated School's annual diversity show; and *No Place Like Home II*, the second of Mid-Coast Energy System's series of shows dedicated to helping the elderly stay in their homes.

Notable productions by volunteers in 2014 included the Maine Coast Book Shop's *Firehouse Forums* produced by Jack Peters; *Waldoboro Baseball* produced by Al Dickey; a series of parenting shows from Healthy Kids produced by Athena Taylor; town events from Waldoboro produced by Caren Clark; *Bristol Area Lions Speak-Out* produced by Dave Kolodin, GSB Graduation and the GSB Spring Concert produced by Ann Pinkham, several annual town meetings produced by Mary Ellen Crowley; an election candidates forum produced by Scott Schott; and *In Celebration of Life - Susan E. Ghoreyeb*, produced by Jim Buckingham. *Wuzzup News*, produced by Jack Peters, is now in its 7th year and in 2014 expanded its audience by airing on Maine Coast TV, the community television station for Knox County.

LCTV also receives video from individuals and organizations who do it all on their own; Keith O'Leary developed and produced two episodes of *Cows**t Corner* (our own local reality show); Art Mayers continues to add to his Lincoln County Oral History series (there are now 31 of them); Chris Feltis, Rodney Waltz and Blake Griffin Dodge entertain us with the Lincoln Academy Basketball games (seen on LCTV since 1984); St. Patrick's Catholic Church, Edgecomb Congregational Church and Faith Baptist Church in Newcastle record their weekly services, and the towns of Bristol, Damariscotta, Newcastle, Waldoboro, and Wiscasset inform the voters with select board and other government meetings.

Altogether, 38 individuals and organizations produced a total of 98 one-time shows and 15 weekly or biweekly shows for a total of 509 new hours of programming, 434 hours of which are available on the LCTV Video on Demand page.

Over 200 postings were made to the LCTV Electronic Bulletin Board by 32 local organizations.

Thanks to Hagar Enterprises (an LCTV sponsor), LCTV now has a nice, big parking lot in back of the station.

None of the above would be possible without the talents of local producers and support from the towns and business sponsors (Mid-Coast Energy Systems, First Federal Savings, and Hagar Enterprises). “Video by the people, for the people” makes for a vibrant and engaged public - please consider becoming a LCTV producer or sponsor in 2015!

Old Bristol Historical Society *Pete & Kay Hanna, Co-Presidents*

Formed in 2003, the OBHS is a charitable and educational nonprofit corporation whose purpose is to collect, preserve, and share for the benefit of the public the artifacts and the oral, documentary, personal, and physical histories of our community. By involving local people and institutions it aims to foster a sense of community and pride in our collective past and future.

Currently serving on the Board of Directors are Wayne Chadwick, Pete Hannah, Kay Hannah, Lawrence Hayter, Robert Ives, David Kolodin, A.J. Lockhart, Don Means, Debbie Mikulak, Belinda Osier, Mollie Perley, Daniel Purdy, Charles Rand, and Kathy Wright. We meet six times a year. Last spring OBHS offered a volunteer local history contest for grades 5-8 at Bristol Consolidated School with short answer and essay questions relating to the 250th anniversary of Old Bristol’s Incorporation in 2015. During the summer we held six public programs focusing on the influence of the sea upon our inhabitants from the early 1600s to current times and included a photo presentation by Old Bristol collectors, David Andrews, Craig Elliott, Gordon Fossett, and Nelson Webber.

OBHS History Award recipients at Bristol School. From left, Logan Eckel, Adelaide Mullen, Jewel Farrin, and Kaleb Pendleton (6/17/14).

The OBHS published its annual spring and fall newsletters and recently joined MaineMemory.Net. Our website, oldbristolhistoricalsociety.wordpress.com, and our new Facebook presence provide additional information about our local history. Additionally, we have an active genealogy group which welcomes new members, information, and materials.

As our membership and enthusiasm continue to grow we seek new participants and ideas. Objectives include upkeep of our historic meeting house, McKinley School in Pemaquid Falls, continuing involvement with our youth, and addressing our challenge of securing storage space for photographs, albums, journals, and other artifacts donated by the public.

Bristol Parks & Recreation

Commissioners: Chairperson Gordon Benner, Sandra Lane, George Sawtelle

Overseen and maintained by the Bristol Parks Commission are Pemaquid Point Lighthouse, Pemaquid Beach Park, Ellingwood Park Visitor Center, Hanna Landing, New Harbor Town Landing, the Bristol Mills Dam/Swimming area, Moxie Cove Landing and Picnic area, the Pemaquid Falls picnic area, the Pemaquid River boat launch, and the Old Rock Schoolhouse. All are maintained by revenues generated by Park admission fees, fundraisers and season passes.

Ellingwood Park Visitor Center is increasingly popular with summer guests. The maintenance crew worked to add finishing touches at Ellingwood and by the end of the summer the facelift was complete when all the painting was done.

At Beach Park a new overhead door was installed in the maintenance building. A new scoreboard, donated by Coca Cola, was installed in the softball field.

Lighthouse Park has new gardens. The gardens were spectacular in 2014, and more are being added in 2015.

Safety upgrades continued. Staff annual training programs and new safety equipment purchases were made. Electrical upgrades were done in the Snack Shack concession at Beach Park, and a new panel added to the overhead door at Hanna Landing. At the end of 2014 Bristol Parks was pleased to pass OSHA inspection with flying colors.

The Beach Buggy arrived in June and is a huge success. Many familiar faces were happy to return to Pemaquid Beach now able to get to the beach with the assistance of our beach buggy. Targeted for 2015 the Commissioners are planning to hot top a pathway to the Learning Center and the Art Gallery at Lighthouse Park to make entrance to these buildings easier for our mobility challenged guests.

The familiar little blue Parks truck was retired in 2014 after it was unable to pass inspection without major repairs. The Parks crew purchased a new truck in August to replace the old one.

In 2014 the Commissioners were able to continue with the Free Movie Tuesday and the educational speakers program at the Learning Center at Lighthouse Park. The summer concerts and dinners were well attended. A great deal of the funding for these events comes from our many local sponsors and the Parks employees who volunteer their time on the barbeque nights.

Upcoming summer events are being planned for 2015 over the winter months to prepare for the 250th Celebration of the Town of Bristol. Watch our Facebook page(s) for the schedule of events. There is a page for both Pemaquid Point Lighthouse and for Pemaquid Beach Park.

Parks employee Michael McCormick gives a patron a ride in the new beach buggy.

Bristol School & Superintendent's Report

Steven Bailey, Superintendent of Schools

The 2014-2015 school year has been a positive and productive year thus far. We continue to enjoy the benefits of this wonderful opportunity for our young learners and their families. Our Pre-K through 8th grade learners are engaged in more rigorous learning as we embrace the new standards and prepare for a new state evaluation program this spring, the Maine Educational Assessment (MEA) for grades 3-8.

Bristol School classrooms continue to benefit from ever evolving technologies that stretch our students' learning. We are often amazed at the ease at which these students can apply the new technologies to improve their learning. Students today have unbelievable resources at their fingertips. We are working hard to help them utilize these powerful resources to effectively construct new knowledge. With this incredible access, we also work to support our students and families in making appropriate choices to keep students safe. We continue to explore ways to stay "caught up" with the technology in our ever-changing world.

We continue to focus on civility and safety. The Restorative School Practices work is ongoing in our classrooms to reinforce necessary communication and community-building skills. Teachers regularly conduct "community circles" to develop a sense of belonging and understanding. The changes to our school entry procedures during the school day are working successfully this year. We review our Comprehensive Safety Management Plan annually to see that it is meeting our needs. Staff and students are trained and practice to be ready for situations that might need them to act in a way to assure their safety.

Meeting the needs of all students at Bristol School is our top priority. Staff meets in Professional Learning Communities weekly to discuss student progress and to plan appropriate instruction to meet individual needs. Interventions are implemented to support academic growth specifically targeted in reading and math. Behavioral support and reinforcement of appropriate choices is a focus to support the social and emotional development of our students. We have added an after school Learning Lab for students to receive additional instruction or to catch-up on missed work. This program has extended our instructional time for students who need it most, without limiting their participation in other programs throughout the day. Enrichment options are scheduled for students who are meeting and exceeding the targets. The middle school students have a new mini-course class that takes place weekly. They are able to choose an area of study that interests them or better meets their needs. Some options have been: archery, guitar, design/engineering, stock market, French culture, math intervention, and printmaking.

The physical plant is being supported and our new propane boilers are up and running effectively. Next steps include an upgrade to the controls that are used to run the heating system. Once this step is complete the school will be best utilizing the efficiency of these new boilers.

Bristol Consolidated School students continue to make growth in many areas. This past summer we hosted a summer school for students in grades K-5 who needed academic support to be successful. The program had strong parental support and was able to keep students from falling behind over the summer break. We are pleased with the progress we are making and recognize the need for continued growth in the future.

Grades 9 -12: Bristol has 102 students in grades 9-12, with 91 attending Lincoln Academy and eleven (11) students attending other school opportunities. These students continue to achieve to high levels. Lincoln Academy continues a very high placement level of students seeking post-secondary learning. The School Boards of the Central Lincoln County School System meet with the Board of Directors of Lincoln Academy a couple times per year in order to align curriculum and prepare for transition of our grade eight students to a successful experience in high school.

We greatly appreciate your continued support of our PreK – grade 12 learners. Thank you.

In September, Grade 2 Bristol students attended the Conservation Fair in Union.

Independent Auditors' Report

William H. Brewer, Certified Public Accountant
858 Washington Street, P.O. Box 306, Bath, Maine 04530

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Town of Bristol, as of and for the years ended December 31, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund

information of the Town of Bristol as of December 31, 2014 and 2013, and the respective changes in financial position, and where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. *January 12, 2015*

Management's Discussion & Analysis

Fiscal Year Ended December 31, 2014

The Municipal Officers of the Town of Bristol, Maine offer the readers of Bristol's financial statements this narrative overview and analysis of its financial activities for the fiscal year ended December 31, 2014. We encourage readers to consider the information presented in conjunction with additional information furnished in the basic financial statements and the accompanying notes to those financial statements.

The Financial Statements

The financial statements presented herein include all activities of the Town of Bristol, Maine using the integrated approach as prescribed by GASB (Governmental Accounting Standards Board) Statement No. 34. The government-wide financial statements present the financial picture of the Town using the accrual basis of accounting. They present governmental activities (functions that are principally supported by taxes and intergovernmental revenues) and business-type activities (functions that are intended to recover all or a significant portion of their costs through user fees and charges) separately. These statements include all assets of the Town as well as all liabilities, including long-term debt.

The fund financial statements include statements for each of the three categories of activity: governmental, business-type and fiduciary. Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Statement of Net Assets and Statement of Activities

The statement of net assets and statement of activities report information about the Town and its activities as a whole. Excluding infrastructure, these statements include all assets and liabilities of the Town using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Town's net assets and changes in them. Net assets are the difference between assets and liabilities, which is one way to measure the Town's financial health or financial position. Over time, increases and decreases in net assets are one indicator of whether the Town's financial health is improving or deteriorating. Other factors to consider are changes in the Town's property tax base and the condition of its infrastructure. In the statement of net assets and statement of activities, the Town's activities are separated as follows:

Governmental activities: Most of the Town's basic services are reported in this category, including public safety, public works, and general administrative services. Property taxes, excise taxes, user fees, interest income, cable television franchise fees and State and Federal grants finance these activities.

Business-type activities: Parks and Recreation is considered a "business-type" activity. A fee is charged to customers to cover costs associated with admission to and use of Bristol's parks. Parks and Recreation is completely self-supporting through admissions, rental income and other user fees, and donations.

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds, not the Town as a whole. A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. Some funds are required to be established by State law or by grantor. In the Town of Bristol, these include worthy poor funds, cemetery funds and a small fund set aside for maintenance of the Rock Schoolhouse. Management, however, establishes other funds to help it control and manage money for particular purposes. During fiscal year 2014 Bristol had ten "capital reserve" accounts: the Highway Equipment Fund, the Fire Truck Fund, the Revaluation Fund, the Building Fund, the Computer Fund, the Parks Fund, the School HVAC Fund, the Learning Center Fund, the Bridge Fund, and the Facility Maintenance Fund which covers fire station related capital expenditures.

Governmental Funds

Most of the Town's basic services are reported in governmental funds, which fo-

cus on how money flows into and out of those funds and the remaining balances at year end that are available for spending. These funds are reported using an accounting method called “modified accrual”, which measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed, shorter-term view of the Town’s general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town’s programs. The Town’s governmental funds consist of the following:

General Fund: The general operating fund of the Town used to account for all financial resources except those required to be accounted for in another fund.

Proprietary Funds: When the Town charges customers for services it provides (business-type activities), these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Assets and Statement of Activities.

Fiduciary Funds: The Town’s fiduciary funds are held in trust for the benefit of others. These funds are not included in the government-wide financial statements and cannot be used to support general government activities and operations.

Governmental Activities

The cost of all governmental activities in 2014 was \$7,457,667.50, a decrease of \$470,181.96 in comparison to 2013. Some of the costs were paid by those who directly benefited from the programs, or by other governments and organizations that subsidized certain programs with operating grants and contributions. The Town paid for the “public benefit” portion of governmental activities with property taxes and through additional sources such as excise tax, interest, State revenue sharing, cable television franchise fees and other miscellaneous revenues.

Town programs include education, general government, health and welfare, highways and bridges, protection, special assessments (County tax), and unclassified. Each program’s net cost (total cost less revenues generated by the activities) is presented below. The net costs show the financial burden placed on the Town’s taxpayers by each of the functions:

Governmental Activities	Net Cost 2014	Net Cost 2013	Net Cost 2012
Education	\$4,359,899.82	\$4,005,296.37	\$4,044,857.17

On December 31, 2014, Bristol’s net position for governmental activities totaled \$9,104,522.18. Net assets as of December 31, 2013 were \$9,011,440.43

and \$8,558,768.90 as of December 31, 2012. The result is an increase in net assets of \$93,081.75 during fiscal year 2014.

Business-Type Activities

The cost of the Town's only proprietary fund, Bristol Parks and Recreation, was \$289,225.29. The amount paid by users of the system and raised through donations was \$301,658.02, resulting in a net gain of \$12,432.73.

Budgets and Budgetary Accounting

The breakdown of actual expenditures for the year may be found in the Selectmen's Financial Report which is part of the 2014 Annual Report of the Town of Bristol. This could be compared with the proposed budget for 2015 to ascertain potential increases or decreases in individual budgetary items.

Administrative Notes

Bristol had four outstanding loans at the end of fiscal year 2014: a bond for school renovations which matures in 2018, a loan for the Partridge Bridge which matures in 2017, and two fire truck loans maturing in 2018 and 2023. The following is a comparison of total long-term debt as of December 31st of each fiscal year:

FY 2014	FY 2013	FY 2012
\$734,647.60	\$910,576.99	\$864,774.03

There was a decrease in the County tax assessment as compared with fiscal year 2013.

FY 2014	FY 2013	FY 2012
\$1,136,243.47	\$1,224,272.56	\$1,275,455.50

There was an increase in unappropriated surplus as compared with fiscal year 2013.

FY 2014	FY 2013	FY 2012
\$985,190.48	\$968,129.71	\$951,268.57

The mill rate increased from 7.60 per \$1,000.00 of valuation for fiscal year 2012 and 7.70 per \$1,000.00 of valuation for fiscal year 2013 to 7.90 per \$1,000.00 of valuation for fiscal year 2014.

Education accounted for approximately 65% of the tax commitment followed by the County tax assessment at 18% and the Municipal budget at 17%.

Bristol's financial position continues to be exemplary. The Municipal Officers continue to pursue ways to lower the cost of providing essential services to Bristol's taxpayers while preparing for demands on infrastructure, increasing cost of education, the County tax commitment, decreased State revenues, and State and Federal mandates.

Notes to Financial Statements

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The accounting policies of the Town of Bristol conform to generally accepted accounting principles as applicable to governmental units.

1. Financial Reporting Entity

The Town of Bristol was incorporated in 1765. The Town operates under a town meeting form of government.

In evaluating the Town of Bristol as a reporting entity, management has addressed all potential component units. The primary criteria for including a component reporting entity are the exercise of financial accountability by the Town of Bristol's municipal officials.

The Town's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is responsible for establishing Generally Accepted Accounting Principles (GAAP) for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. The more significant accounting policies established in GAAP are used by the Town as discussed below.

In June 1999, the Governmental Accounting Standards Board (GASB) unanimously approved Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*. Certain significant changes in the Statement include the following:

1.) Financial statements now include:

- A Management's Discussion and Analysis (MD&A) section providing an analysis of the Town's overall financial position and results of operations.
- Financial statements prepared using full accrual accounting for all of the Town's activities, including infrastructure (roads, bridges, etc.).

2.) A change in the fund financial statements to focus on the major funds.

2. Basic Financial Statements - Government-Wide Statements

The Town's basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental. The Town's fire protection, recreation, public works, and general administrative services are classified as governmental activities.

In the government-wide Statements of Net Position, the governmental column is presented on a consolidated basis by column, and is reported on a full accrual,

economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Town's net position is reported in four parts - net invested in capital assets; committed for capital projects; assigned for other purposes, and unassigned. The Town first utilizes restricted resources to finance qualifying activities.

The government-wide Statements of Activities reports both the gross and net cost of each of the Town's functions and business-type activities (fire, public works, administrative, etc.). The functions are also supported by general government revenues (property, certain intergovernmental revenues, fines, permits, and charges, etc.). The Statements of Activities reduces gross expenses (including depreciation) by related program revenues and operating and capital grants. Program revenues must be directly associated with the function (fire, public works, etc.). Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property, intergovernmental revenues, interest income, etc.).

This government-wide focus is more on the sustainability of the Town as an entity and the change in the Town's net position resulting from the current year's activities.

3. Basic Financial Statements - Fund Financial Statements

The financial transactions of the Town are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues, and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the Town:

a. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Town:

1. General Fund:

General Fund is the general operating fund of the town. It is used to account for all financial resources except those required to be accounted for in another fund.

2. Fiduciary Funds:

Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support town programs. The reporting focus is on net assets and changes in net assets and is reported using accounting principles similar to proprietary funds.

The emphasis in fund financial statements is on the major funds in either the gov-

ernmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASB NO. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues, or expenditures/expenses of either fund category) for the determination of major funds.

The Town's fiduciary funds are presented in the fiduciary fund financial statements. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

3. Proprietary Fund:

The Proprietary Fund is the fund used to account for all financial resources relating to the Parks and Recreation Department. The generally accepted accounting principles applicable are those similar to business in the private sector.

4. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied:

a. Accrual:

Governmental activities in the government-wide financial statements and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

b. Modified Accrual:

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e. both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

5. Financial Statement Amounts

a. Cash and Cash Equivalents:

The Town has defined cash and cash equivalents to include cash on hand, demand deposits, and cash with fiscal agents. Statutes authorize the Treasurer of the Town, as directed by the municipal officers, to invest all municipal funds, including reserve and trust funds, to the extent that the terms of the instrument, order, or article creating the fund do not prohibit the investment in financial institutions as described in Section 5706 MRSA and securities as described in Sections 5711 through 5717 MRSA.

b. Capital Assets:

Capital assets purchased or acquired with an original cost of \$2,000.00 or more

are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	20-50 Years
Machinery and Equipment	5-10 Years
Improvements	10-20 Years
Other Infrastructure	10-50 Years

c. Revenues:

Substantially, all governmental fund revenues are accrued. Property taxes are billed and collected within the same period in which the taxes are levied. In applying GASB NO. 33 to grant revenues, the provider recognizes liabilities and expenses and the recipient recognizes receivables and revenue when the applicable eligibility requirements, including time requirements, are met. Resources transmitted before the eligibility requirements are met are reported as advances by the provider and deferred revenue by the recipient.

d. Expenditures:

Expenditures are recognized when the related fund liability is incurred.

e. Use of Estimates:

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE B - CASH:

The Town's cash is categorized to give an indication of the level of risk assumed by the Town at year end. These Categories are defined as follows:

Category #1 - Insured or collateralized with securities held by the Town or by its agent in the Town's name.

Category #2 - Collateralized with securities held by the pledging financial institution's trust department or agent in the Town's name.

Category #3 - Uncollateralized (This includes any bank balance that is collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the Town's name.)

At December 31, 2014 cash consisted of:

ACCOUNT TYPE	CARRYING AMOUNT	BANK BALANCE	CATEGORY #1	CATEGORY #2	CATEGORY #3

	<u>\$734,647.60</u>	<u>\$57,495.01</u>	<u>\$792,142.61</u>

NOTE E - GENERAL FUND BUDGET:

The Town operates on a net budget as compared with a gross budget. All revenues are not estimated, but are credited to the particular operating account. Certain revenues are dedicated for particular purposes by vote of the townspeople at the annual town meeting or at special town meetings.

At the annual town meeting, held in March of each year, the townspeople vote on various articles on which amounts for appropriations have been recommended by the Board of Selectmen and/or the budget committee.

NOTE F - ASSIGNED FOR OTHER PURPOSES:

Historically, the townspeople vote to carry certain departmental unexpended balances forward to the following year for expenditure. This is usually in lieu of additional appropriations in any particular account.

General Government	\$46,660.59
Education	690,861.14
Highways and Bridges	55,077.38
Protection	5,755.62
Unclassified	<u>19,728.38</u>
	\$818,083.11

NOTE G - REVENUE RECOGNITION - PROPERTY TAXES:

The Town's property tax for the current year was levied June 2, 2014 on the assessed value listed as of April 1, 2014 for all taxable real and personal property located in the Town. Taxes were due September 15, 2014 with interest at 7% per annum or part thereof commencing September 16, 2014.

Tax liens are filed against delinquent real estate taxpayers after eight months but within one year of the original tax commitment. If the tax, interest, and costs have not been paid eighteen months after the filing of a lien certificate then the lien is automatically foreclosed.

The National Council on Governmental Accounting (N.C.G.A.) Interpretation No. 3 requires that property tax revenue be recognized only to the extent it will be collected within sixty days following the year end. The deferred tax revenue shown on the balance sheet represents property taxes not expected to be collected within sixty days after the year end.

Property taxes are recognized when they become available. Available includes those taxes expected to be collected within sixty days after year end as stated above.

NOTE H - DEFINED BENEFIT PENSION PLAN:

Public school teachers contribute to the Maine Public Employees Retirement System ("System"), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for public school teachers, state employees (except as members of the judiciary and legislature who are covered under the Judicial and Legislative Retirement Systems) and political

subdivisions. The System also provides retirement, death, disability, and health insurance benefits. These benefit provisions and all other requirements are established by state statute. The MainePERS issues a publicly available financial report that includes financial statements and required supplementary information for the teachers group. This report may be obtained by calling 1-800-451-9800.

Teachers are required to contribute 7.65% of their annual salary to the System. The Town of Bristol is required to pay 2.65% of teachers' payroll. The only exception is the additional contribution required for federally funded teachers for which the Town contributes 13.5% of their compensation and is charged to the grant. This cost amounted to \$3,814.00 for the year ended December 31, 2014. The State of Maine contributes the remaining amounts necessary to fund the System, using the actuarial basis specified by statute. The covered payroll for teachers is approximately \$1,307,987.00. As required by Accounting Standards, the amount paid on behalf of the School Department by the State of Maine has been recorded as revenue and an expenditure, which amounted to approximately \$176,577.00.

NOTE I - INTERFUND RECEIVABLES AND PAYABLES:

Due To and Due From Other Funds consist of the following:

Due To Parks and Recreation Department	\$106,279.36
Due From Capital Reserve	5,462.00
Due From Worthy Poor Trust Fund	1,087.09

NOTE J - PROPERTY, PLANT, AND EQUIPMENT:

The following is a summary of changes in fixed assets at December 31, 2014:

	BALANCE		BALANCE
	JANUARY 1, 2014	ADDITIONS	DECEMBER 31, 2014
Land and Land Improvements	\$1,210,267.77	\$34,000.00	\$1,244,267.77

Infrastructure	5,997,524.58	394,795.25	6,392,319.83
	\$15,050,837.91	\$618,154.69	\$15,668,992.60
Accumulated Depreciation	(7,125,354.47)	(777,669.96)	(7,903,024.43)
Net Property, Plant, and Equipment	\$7,925,483.44	\$(159,515.27)	\$7,765,968.17

NOTE K - RISK MANAGEMENT:

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. All significant losses are covered by commercial insurance. There has been no significant reduction in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

NOTE L - INTEREST COST INCURRED:

During the current year the Town incurred interest costs totaling \$24,920.64 which was charged as an expense to various accounts.

NOTE M - OVERLAPPING DEBT:

The Town of Bristol is situated in Lincoln County and is therefore subject to annual assessment of its proportional share of county expenses. Long-term debt outstanding in Lincoln County for which the Town of Bristol would be proportionally responsible in the event the County defaulted, is approximately \$6,790,000.00 at December 31, 2014. The Town of Bristol's share would be 13.0% of the debt, or \$882,700.00.

NOTE N - EXPENDITURES IN EXCESS OF APPROPRIATIONS:

During the year expenditures exceeded appropriations in the Fish Committee and Maine Department of Transportation Block Grant general fund categories. There were overdrafts in abatements, Marsh Island tax, and Homestead which historically has not been appropriated but rather is funded from unappropriated surplus. Revenue was less than anticipated for the Maine Department of Transportation Block Grant and The Fish Committee expense is expected to be covered with grant revenues in the next year.

NOTE O - JOINT VENTURE:

The Towns of Bristol and South Bristol have entered into an interlocal agreement to provide for solid waste disposal facilities for the two communities. The joint venture is administered by a joint board composed of the Board of Selectmen from each town. All costs and revenues are shared in the ratio of 60% - Bristol and 40% - South Bristol.

The following is a summary of the joint venture financial statements:

	TOTAL	BRISTOL'S SHARE
Total Assets	\$220,651.34	\$132,390.80
Total Liabilities	3,719.85	2,231.91
Total Net Position	\$216,931.49	\$130,158.89
Total Revenues	\$479,746.34	\$287,847.80
Total Expenditures	500,331.36	300,198.82
Change in Net Position	\$ (20,585.02)	\$ (12,351.02)

Bristol's assessments paid to the joint venture in 2014 totaled \$213,252.00 and are recorded as expenditures.

NOTE P - DEFERRED REVENUE:

Deferred Revenue consists of the following:

Prepaid 2015 Taxes	\$5,071.01
Excess of State Revenue Share's Receipts over the amount used to reduce the 2015 tax commitment	17,031.91
	<u>\$22,102.92</u>

NOTE Q - SUBSEQUENT EVENT:

Management has made an evaluation of subsequent events to and including the audit report date, which was the date the financial statements were available to be issued, and determined that any subsequent events that would require recognition or disclosure have been considered in the preparation of the financial statements.

Selectmen's Report

Chairman Chad Hanna, Harry Lowd III, Paul Yates

2014 was an interesting year with the first half of the year dominated by discussion of the wind power project proposed by Maine Aqua Ventus/University of Maine. Ultimately the wind power project did not receive the necessary federal funding to move forward. A citizen's petition was put forward in opposition to the wind power project and was voted on at a Special Town Meeting in October. The voters overwhelmingly voted in opposition to the project, although the vote was deemed to be non-binding, because of Maine State law. The Wind Power Committee is requesting additional funds be set aside for possible future legal assistance.

Another issue brewing in the background is the fate of the vessel "Columbia" which has been moored in Pemaquid Harbor for over a year. The Harbor Committee has been working diligently to try to get the vessel moved. Unfortunately there are few options available to force the owner to properly deal with the vessel. The effort to have the vessel moved will continue in 2015. And the Harbor Committee has requested additional funds in the event the town incurs expenses for removal of the vessel.

The Town of Bristol remains in good financial condition, based on our annual audit. We have continued to maintain a healthy budget surplus which allows the town to operate throughout the calendar year without the need for tax anticipation borrowing. Collections on property taxes remain excellent, this contributes to the healthy budget surplus. Thanks go out to all of our taxpayers for their diligence in paying their property taxes.

Property values have continued to trend slightly upward in 2014. The town's state valuation remains one of the largest in Lincoln County at approximately \$910,000,000.00. The town's share of the Lincoln County Budget should remain in the vicinity of \$1,200,000.00.

Major road improvement projects were completed on the South Side Road, Bradley Hill Road, Thompson Road, Northern Point Road and Elliott Hill Road. A portion of the Brown's Cove Road was planned to be upgraded, but has been delayed until 2015. A major culvert project was completed on the Poor Farm Road which required the road to be closed for several days. We want to thank the residents for their patience while the project was completed.

We owe a special thanks to Lorraine Rice for her many years of dedicated service to the Town of Bristol. We have all learned from her experience and hope she will enjoy her retirement.

We also would like to extend thanks to outgoing selectman William "Bill" Benner and our Town Office staff for their dedication as well.

This year's Town Report is dedicated to the Park Commissioners (Sandra Lane, Gordon Benner and George Sawtelle).
