The services of Chas. M. Teague were procured as principal for fall and winter terms of the Academy. Mr. Teague has certainly verified the many good recommendations submitted to the Wiscasset High School. He has gained the respect of all pupils under him. His assistants Miss Mary Weeks and Miss Lillian Smith of whom no recom-

mentation from me is necessary. I believe our High School is most certain of giving our youths a good practical education.

Miss Jessie M. Jackson has the largest grammar class for years, room is overcrowded, nevertheless she has piloted the young minds through the school year with credit to all.

Miss Pushard is a fine disciplinarian and gets a pound of worth for every pound of scholar. She nevertheless controls the youngsters rather through love than fear.

If the citizens of the village wish a few hours of real enjoyment, call over to Miss Nute's and Miss Rines' and ask them to present their mental arithmetic classes. I am proud of these youngsters and so will you be.

Miss Ada Boudin deserves especial mention having done good work, especially in teaching the children penmanship.

All the teachers in outlying districts have done the best they could under most trying circumstances.

As Superintendent of schools I ask the citizens of this town to inspect our various classes. It shows you take an interest in our little ones, they enjoy it, and it stimulates our teaches, breaking the monotony of school life.

I am proud of the accomplishments of the past school year.

I take this opportunity of thanking the school board and Ex-Supt. E. P. Munsey, for helping me with wisdom, gained by their past experience with the schools, of this town.

I hope the town will show appreciation by there reelection.

Respectfully,

DR. B. A. BAILEY, *Superintendent.*
