## Repository Citation

Carmel, Me., "Annual Report of the Selectmen of the Town of Carmel for the Year Ending Feb. 21 1905" (1905). *Maine Town Documents*. 7301.

<https://digitalcommons.library.umaine.edu/towndocs/7301>

This Report is brought to you for free and open access by DigitalCommons@UMaine. It has been accepted for inclusion in Maine Town Documents by an authorized administrator of DigitalCommons@UMaine. For more information, please contact [um.library.technical.services@maine.edu](mailto:um.library.technical.services@maine.edu).

One of the most convenient things in a family is a good sewing machine. Now, we have a good assortment of them with all the latest improvements, such as dropped heads to keep the dust from getting into the machine, and we do not ask an exorbitant price for them.

These machines we have carried for fifteen years and they have always given perfect satisfaction.

NOTE THE FOLLOWING:

- NO. 73 MACHINE, 3 DRAWERS, FOR \$20.00
- NO. 75 MACHINE, 7 DRAWERS, FOR 25.00
- NO. 16 MACHINE, 7 DRAWERS, FOR 30.00
- NO. 5 MACHINE, 7 DRAWERS, FOR 27.50

We will let any responsible party take these machines for two weeks on trial, then they can pay \$5.00 down and \$1.00 per week. These machines are warranted for years. Compare these prices with those of agents who go around selling them, and you will see that we can beat them from \$10.00 to \$20.00 on a machine.

**A**BOUT the only reason we can think of why you may not buy and wear H. S. & M. Clothes, is that if you have not worn them, you may have some doubt about being satisfied with them—*Style, Quality, and Fit*—we want to provide against that on this page.

Any man who feels dissatisfied with *HART, SCHAFFNER & MARX CLOTHES*, and who has reason to feel so, can get his money back. They are not infallible as clothes makers, and some men are harder to satisfy than others. But we can always give a man his money back if he has reason to ask it, and if that doesn't satisfy him, nothing will in this world.

When we sell you H. S. & M. Clothes consider your money on deposit, subject to your satisfaction.

# Report of the Superintendent of Schools.

TO THE SCHOOL BOARD OF THE TOWN OF CARMEL:

Gentlemen:—I herewith make my second annual report to your honorable body, as the Superintendent of Schools.

It gives me pleasure to be able to present the reports of a number of changes and improvements which have done much to bring our schools into the condition demanded by intelligent public opinion today.

The first change I have to report is the grading of the schools.

It became necessary to grade the elementary schools and make a standard of scholarship for the High School, which the town voted to maintain.

All those reaching the fifth grade to be eligible to the High School.

Experience has made it clear that it is as easy to grade a rural as a city school.

The only danger lies in making the divisions too numerous, and attempting too much in the way of details. I have outlined a course of study, in which is stated simply and plainly the subjects to be taught and the order in which they are to be taken. It cannot be otherwise than helpful to all who are connected with the school since it furnishes a place at which to begin and sets a goal for which both teacher and pupil are to strive. It assists the teacher to form ideas of what should be done, when it should be done, and how it should be done. It helps to develop the feeling that the pupils are held accountable for accomplishing a certain amount of work within a specified time. The following is the work of each grade:

## FIRST GRADE.

### PRIMER AND FIRST READER.

#### ARITHMETIC.

Learn to make figures to 200.

Learn to add, subtract, multiply and divide as far as 30.

Learn 2's and 3's in multiplication table.

Learn fractions  $\frac{1}{2}$ ,  $\frac{1}{3}$ ,  $\frac{1}{4}$ , days in week, month, etc.

#### PENMANSHIP.

Learn to make small and capital letters.

Learn to write words and sentences.

Use writing paper and book No. 1.

#### LANGUAGE.

Learn use of a and an.

Nouns to denote one and more than one.

Oral reproduction of stories.

Copy short sentences from reader.

#### SPELLING.

From text book and words selected by teacher.

## SECOND GRADE.

## SECOND READER.

Some supplementary reading.

## ARITHMETIC

Addition, subtraction, multiplication and division to 150.

Multiplication table to 12's.

Roman Numerals to 50.

Primary book through division.

## LANGUAGE.

Teach possessive of singular nouns.

Learn to write name, postoffice address and short sentences from reader.

Use writing books Nos. 1 and 2.

## SPELLING.

Oral and written.

## THIRD GRADE.

## THIRD READER.

## ARITHMETIC.

Intermediate Arithmetic to Measures.

## LANGUAGE.

Teach nouns, common and proper, singular and plural.

Make short sentences.

Continue writing book Nos. 2 and 3.

## GEOGRAPHY.

Elementary Geography to South America.

## SPELLING.

Oral and written.

## FOURTH GRADE.

## FOURTH READER.

Supplementary Reading.

## ARITHMETIC.

Complete Intermediate Arithmetic and take Complete Arith. to Interest.

## GEOGRAPHY.

Complete Elementary Geography.

## LANGUAGE.

Take small grammar.

Write compositions.

Use writing books Nos. 3 and 4.

## SPELLING.

Oral and written.

## FIFTH GRADE.

## FIFTH READER.

## ARITHMETIC.

Complete Arithmetic from Interest.

## GEOGRAPHY.

Complete Large Geography.

## PHYSIOLOGY.

Take Physiology the second term of entering the fifth grade  
Complete in two terms.

## HISTORY.

Take History the fourth term of the fifth grade.  
Complete.

## ALGEBRA.

Last term of fifth grade.

## GRAMMAR.

Analysis and passing.  
Composition.

## SPELLING.

Written.

## PENMANSHIP.

The second change was to furnish the pupils with writing books and instead of a lesson in writing dragged in once in a while, each pupil was required to write fifteen minutes each day and this work was as regular as any other in the school. I was gratified to note at the end of each term good improvement in writing.

## TEXT BOOKS.

You will see by the report that the amount available for text books was \$56.03 and from this amount was paid the Second National Bank for a note given by Lewis Robinson in the year 1902, of \$33.08 which left the small sum of \$22.95 with which to furnish books for all the schools, including extra books for the High School, for the past year. It has been necessary to overdraw this account \$24.60. In view of this it will be necessary to raise at least \$150.

## REPAIRS.

Repairs has been made on school houses No. 6 and No. 7. No. 6 new doors, floor repaired and house painted.

Quite extensive repairs has been made on No. 7, painted, ceiled with matched southern pine, new windows, and one new sill.

## HIGH SCHOOL.

The High School under the instruction of W. C. Hall is a model school. But both teacher and scholars are laboring under the disadvantage of being crowded into unsuitable seats and some at tables.

I therefore recommend that the town furnish the upper room with seats and blackboards for the High School.

## CONCLUSION.

When the people of any town are as liberal toward the schools as the people of the town of Carmel, I feel they should know as fully as possible, how their money has been used. So this report has grown.

Finally, I want to thank you gentlemen for the many evidences of confidence and esteem you have shown me.

Respectfully submitted.

W. H. CORLISS,  
Supt. of Schools.
