Richard Bohnson, Chair	7/94
Alton Palmer	7/96
Daniel LaPointe	7/94
Brian Johnson	7/95
Denny Denham	7/95

## ***REPORT OF THE TOWN COUNCIL***

To the Citizens of Gray:

1993-94 was a busy and productive year for your Town Council. Several ordinances were passed which will directly affect you now or in the future.

An ordinance controlling the expansion of gravel pits was enacted after a great deal of public discussion and the formation of an Ad Hoc Committee to advise the Council on the impact of this ordinance on the quality of life in Gray.

An ordinance regulating the location and operation of "Adult Businesses" was enacted in response to the wishes of the community.

A revised zoning ordinance was enacted on an emergency basis due to a provision in the implementation phase of the Comprehensive Plan. Because of the concern by some citizens to certain provisions in this ordinance, the Council will hold a series of workshops starting in September to consider changes.

The policy relating to the plowing and sanding of private roads went into effect this year and it appears to be working well.

The Collyer Brook Housing Project was started and to date two houses have been completed.

Elizabeth Holmes, our new Librarian, joined us last summer and has instituted several new programs at the Library.

Our Parks & Recreation Department has been growing steadily under the direction of Dean Bennett. His policy of "pay for play" has been well received by the community.

The Street Number and Naming Committee has been working busily, but largely unnoticed, all year and we expect their report some time this year.

A Traffic Advisory Committee was formed to study traffic in the village and recommend some short term solutions. Part of this plan includes the purchase of the vacant Sunoco Station. The council indicated their interest in the plan and this matter should be resolved this fall.

Structural repairs were made to the columns in front of Stimson Hall and the painting has been completed. More repairs need to be made this coming year to prevent further deterioration of this historical building.

The Fire Department and Rescue Unit were combined this year to increase the effectiveness of these important town services. Jon Barton was selected to head up the newly formed department.

The cost to dispose of our solid waste continues to rise and the linchpin holding Regional Waste Systems together, the Flow Control Ordinance, has been challenged in the courts. Congress is supposed to grandfather existing Flow Control Ordinances before they adjourn for the year but, as of now, no action has been taken. Once the legal issues have been resolved, the Town needs to examine waste disposal costs.

The clean-up at the McKin site has been progressing but there is some question in the contractor's mind if any more good can be accomplished. In fact more work on the site might be detrimental.

The Economic Development Committee has been meeting on a regular basis and was instrumental in the establishment of the Gray Business Association.

A Charter Amendment dealing with the size of the General Fund Balance, the conditions by which the GFB can be used and the way expended funds are replaced was presented to the voters in June and approved.

The General Fund Balance at the beginning of the year was \$1,069,374. By year end it was \$1,519,174. Cash and negotiable securities at the beginning of the year were \$1,517,705. by year end \$1,911,620. The tax collection rate at the beginning of the year was 92%. By the end 93%. Financially, the Town is sound and we enjoy a strong rating with the banking community. Municipal spending increased this year as did our county and school assessments. In spite of this, the tax rate did not increase, thanks to the effort of all Town employees.

Respectfully submitted,

Dick Dietz, Chair

Audrey Burns, Vice Chair

Tony Cook, Councilor

John Welch, Councilor

John West, Councilor

## ***REPORT OF THE TOWN MANAGER***

Honorable Members of the Gray Town Council and Citizens of the Town of Gray

Dear Honorable Councilors, Ladies and Gentlemen:

Enclosed is the annual financial audit for June 30, 1994.

For the period ending June 30, 1994 the ending cash balance was \$1,911,550.00 as compared to the June 30, 1993 cash balance \$1,517,671.00. Accounts payable from 1993 as reported were \$56,467.00 as compared to the 1994 \$34,134.00 or a decrease of .39%.

Outstanding taxes at the close of June 30, 1994 are \$278,405.00 as compared to \$290,897.00 for the close of June 30, 1993.

The tax Collection for the end of fiscal year 1994 is 93% and has remained steady for 1993 at 93%.

The Undesignated General Fund Balance for fiscal 1994 is \$1,705,174. as compared to \$1,519,174 for 1993.

The Town has not borrowed any Tax Anticipation Loan Funds for Fiscal 1994 and has not borrowed operating funds since Fiscal Year 1991.

As I reported to you last year, the Town of Gray has significantly maintained a prudent and steadfast effort and two fundamental points: The maintenance of a steady tax rate (\$15.50) and a consistent tax collection rate (93%).

For three years there has been a critical discussion and an engaging debate on the "former Sunoco Station" and what its present condition represents and the image it projects of the Gray community. It is important to report to you, I recommend that the Town of Gray purchase this building and move the "monument to the location of the Sunoco Station." By this convergence, the Town creates an attractive "Town Square" concept with the monument as a central feature. An additional perspective is the connection with Stimson Hall and the Municipal Office which becomes a community centerpiece. This Town setting would now have an attractive village focus and a beautiful village centerpiece. I urge the

Town Council and the citizens of the Town of Gray to approve this concept, promote this opportunity and vote by referendum in November, 1994.

The structural work on Stimson Hall continues. The remaining two columns will be completed this summer. The work at the base of the columns has deteriorated to the extent that replacement is the only positive method of repair. The clapboards will need to be replaced within the next three years. The vertical fascia boards will be replaced on a continuing basis, along with the clapboards. The windows at Stimson will need to be replaced. Since Stimson hall is a registered historical building, the windows are required to be replaced with the same kind of window to maintain the architectural style of the building.

The front steps at Stimson Hall are in need of repairs or replacement and this project will become part of the 1995-1996 budget.

Through the efforts of Dean Bennett, Recreation Director, Newbegin Hall is being repaired. New energy-saving high pressure sodium has been installed. The gymnasium floor has been resurfaced. The electrical wiring inside the building will need to be replaced next year. The roof at Newbegin Hall will need to be repaired.

The success of any community undertaking is a combination of its involved citizens and the communities management working in harmony toward the betterment and advancement of our community. As I expressed last year and I repeat those remarks here: I am indebted to all of you for your fine cooperation and assistance in making our community work.

Respectfully submitted,  
Paul Bird  
Town Manager

Senator Jeffrey H. Butland  
District 27  
State House Station 3  
Augusta, Maine 04333

THE MAINE SENATE  
116th Legislature

P.O. Box 431  
Cumberland, Maine 04021

Dear Friends:

On Election Day 1994, Senate District 27 will have a new look. The new district, Senate District 26, will encompass the municipalities of Cumberland, Gray, New Gloucester, North Yarmouth, Pownal, Raymond and Windham. Falmouth, which I currently represent, will be combined with a portion of Portland to form a new Senate District.

This transition is a result of last year's reapportionment of Maine's voting districts based on the 1990 U.S. Census. Reapportionment takes place every ten years. While it was expected, no one knows until the final plan is approved, exactly what their new district will be. I assure all those living in the current District 27, but especially my Falmouth constituents, that I will continue to work diligently on your behalf in the second session of this 116th Legislature and onward until Election Day.

I believe the newly proposed education funding formula and the State budget will command the bulk of the Legislature's attention this session. Finding solutions to Maine's still weak economy will demand greater legislative creativity. Last year, more legislators seemed to recognize that State government cannot be everything to everybody. Furthermore, an increasing number of lawmakers are apparently willing to acknowledge the potential of the private sector, including the traditional role of families, communities and towns, in handling matters once the sole domain of State government.

This is a healthy trend which, if pursued correctly, will help our economy and stimulate job opportunities. Government and the private sector are each suited to best address specific problems. The Legislature needs the will and wisdom to recognize this and to allow both areas of our State to operate at maximum efficiency. I look forward to weighing the many new and valid ideas I'm sure will come before the Maine Senate.

Finally, a reminder that self-government works only with an active and informed citizenry. Your voice counts and I am always glad to hear from you. My home phone is 829-5357. I can also be reached in Augusta at 287-1505 or you can leave a message for me using the Senate toll free line 1-800-423-6900.

Sincerely,

A handwritten signature in dark ink, appearing to read "Jeffrey H. Butland".

Jeffrey H. Butland  
State Senator

## *REPORT OF THE ASSESSOR*

The purpose of the Assessor's Office is to locate, appraise and assess taxes on all taxable real estate and personal property within the Town. This is done by inspecting properties that have had building permits taken out on them, and when time allows by inspecting properties at random (State law mandates that every property shall be inspected once every four years). In addition it is the responsibility of the Assessor to maintain Town tax maps, ownership records and property records. Annually, veterans and blind exceptions, tree growth applications, and numerous State Bureau of Taxation forms are completed and submitted by the assessor's office.

Fiscal year 1994 saw the completion of an eighteen month property tax equalization project. This plan was to review, inspect and reassess each property in the Town of Gray. There are two primary reasons for conducting this project. First, Maine State Law requires it and second, more importantly, it will help to bring better fairness to property tax assessments. The Town conducted this project using the Town's staff and some temporary professional assistance.

As a result of this revaluation, property tax assessments have been brought to a level consistent with the real estate market over the past two years. As unpopular as the property tax has become in most communities, this project has brought about better equity to assessments.

If any taxpayer has any questions about this project, do not hesitate to contact the assessor's office for more information.

Respectfully submitted,  
James H. Thomas, CMA  
Assessor-Town of Gray

***OFFICE OF CODE ENFORCEMENT***  
***REPORT FOR 12 MONTHS ENDING JUNE 30, 1994***

This office reviews applications and issues permits for building, electrical, internal and external plumbing work and inspects this work. It assists residents and nonresidents filing applications to the Zoning Board of Appeals, the Department of Environmental Protection, the Department of Health Engineering, Flood Plain Application, Natural Resources Protection Act and Great Ponds Act.

This office serves to answer inquiries to any of the above matters as well as provide assistance for various other matters pertaining to Local, State and Federal codes. This office also handles inquiries directed to the Code Officer's function as Health Officer for the Town of Gray.

We issued a total of 208 building permits between July 1, 1993 and June 30, 1994 for an estimated total construction cost of \$5,507,750.00. This figure includes permits for the construction of 54 single family units, 5 duplexes and 5 commercial projects. The majority of the remaining permits issued were for additions (41), garages (26), decks (24), renovations (28), and storage sheds (15). We also issued 168 plumbing permits and 121 electrical permits during this period.

I wish to express my gratitude to the Town Officials, office personnel and the citizens of Gray with whom it is a pleasure to work. Also, special thanks to Zoning Board of Appeals members for the cooperation and assistance given me as advisor to the Board.

Respectfully submitted,

***REPORT OF THE TOWN PLANNER***

This report covers the period of July 1, 1993 to June 30, 1994. Activities center around Comprehensive Planning, Planning Board activities, Ordinance Review Committee, Affordable Housing, Economic Development, Grantsmanship, Transportation and Development.

**Comprehensive Planning:** Work continues on the implementation of the Comprehensive Plan. As of this writing, approximately 141 of the 176 strategies set forth in the Comprehensive Plan have been implemented or addressed.

**Planning Board Activities:** The Planning Board reviewed and approved twenty five Shoreland Zoning Applications, amended or approved eleven Subdivisions, approved thirteen Conditional Use/Site Plan Review Applications, and addressed thirty-two miscellaneous items.

**Ordinance Review Committee:** Nearly all of the Ordinance Review Committee meetings consisted of study and review of the new Zoning Ordinance and Map and the proposed Phosphorous Control Ordinance.

**Affordable Housing:** The Collyer Brook Estates twenty-five unit affordable housing subdivision continued towards completion during the year with the construction of the road, the installation of water lines and the construction of three units.

**Economic Development Committee:** the Economic Development Committee continued to meet to discuss, among other things, such matters as Welcome to Gray signs, an Informational Brochure, and coordination of activities with the Gray Business Association.

**Grantsmanship:** The Town applied for and was awarded a \$160,000 grant from the Maine State Housing Authority for the Collyer Brook Estates Subdivision; a \$5,000 grant from the Maine Department of Environmental Protection for a study of failing septic systems; continued to use Department of Economic and Community Development grants for the implementation of the Comprehensive Plan; and as of this writing, is in the process of applying for grants and/or State Aid for transportation and highway improvements for the Town.

**Transportation:** During the course of the year, the Town Council appointed a Traffic Committee to provide for advice and assistance on a possible by-pass route for through traffic and traffic improvements for the village area.

**Development:** Some of the development occurring during the year included a proposed new occupant for the vacant Nichols Motor Division building on Shaker Road; the completion of the National Weather Service Office complex on Route 231; several new subdivision; the completion of the medical office facility on Shaker Road, and several new small businesses throughout the Town.

Respectfully submitted,

Richard F. Cahill

Town Planner

## *REPORT OF THE FIRE/RESCUE CHIEF*

*JOHN BARTON, CHIEF*

I am pleased to submit my report of the year 1993-94.

The formation of the Public Safety Department has brought together Gray Fire and Gray Rescue under one department, effective December 31, 1993. This structure allows us to serve the Town of Gray in the most practical and efficient way possible. Gray Fire/Rescue exists for the purpose of protecting lives and property and to assist in medical aid to the citizens and visitors of the Town of Gray; and consists of a specially-trained group of individuals who are dedicated to the well being of others. The members have continued their training efforts from both In House and from the outside by attending numerous classes to better themselves as individuals for the services they are providing for the Town of Gray.

We obtained our "Jaws of Life" extraction tool in August of 1993 and it was put in service towards the end of September 1993. During this past year we have had to use this tool on five (5) different occasions to free an individual from a vehicle which more than justifies the need for updating and improving our skills for the citizens of Gray. I want to thank those members for an excellent job well done and to the commitment they are willing to make.

The Dispatchers continue to be a vital part of our team in handling the emergency calls they receive and dispatching equipment and personnel as needed. They handle numerous telephone calls and walk ins which is, I'm sure, rewarding from the Inquirer, which represents some 24,000 functions this past year.

I want to thank the citizens for their continued cooperation in regard to Burning Permits. This past year we issued 825, a permit is required at all times. Permits are not issued as a general rule during the daytime Monday through Friday when there is no snow cover. If you have any questions, please call dispatch at 657-3931.

Once again, I would like to remind the citizens of the town that we still have not replaced any of our equipment yet as had been planned due to not putting any money in the Reserve Accounts or starting a Capital Improvement Program as to date. This really concerns me when we are

asking personnel to put their life on the line, hopefully the C.I.P. will take place with year.

I would like to thank the following towns, New Gloucester, Cumberland, Raymond, Windham, and North Yarmouth for their continued Mutual Aid assistance when needed.

The Fire/Rescue Department has responded to a total of 627 calls this past year. During the past two years we have responded as follows:

	<u>92-93</u>	<u>93-94</u>
Vehicle	14	23
Chimney Fires	14	6
Structure fires	6	9
Auto accidents	53	53
Grass & woods	16	20
False alarms	18	20
Rescue	452	418
Misc.	46	65
Mutual Aid	13	13

The Personnel have provided two thousand eight hundred-eight four (2,884) hours, Fire 1528/Rescue 1356 hours of dedicated service to our community.

I would like to thank my officers and members for their continued support and service to the Town of Gray. We still are in need of more members, if anyone is interested, just drop by on any Monday evening or the third Sunday evening of the month at the Public Safety Building on Route 26.

Once again, THANKS to one and all for your continued support and generous donations which have been received during the past year.

Respectfully submitted,

Jon E. Barton

Chief/Public Safety Coordinator

## ***REPORT OF THE GRAY PARKS & RECREATION DEPARTMENT***

To the Town Manager, Town Council and Citizens of Gray:

It is with great pleasure that I submit to you the annual report of the Parks and Recreation Department.

Gray Parks and Recreation has continued to keep pace with the present demands for more recreational activities and programs. The need for recreation for both the adult and youth has increased dramatically over the past years. Many of the ongoing activities have either stayed at its present number or has seen an increase of 10-20%. I hope that this trend continues and that the residents of Gray continue their support of this department.

The following is a fairly complete list of programs and activities that have been offered this past year (\*indicates a new program):

Summer Day Camp, gymnastics, karate, volleyball camp, North American Soccer Camp, Little Feet Soccer Camp, field hockey camp, tennis lessons, \*summer discovery program, tentative steps-adult fitness, co-ed adult volleyball, \*men's 4 on 4 baseball league, \*indoor soccer league, American Red Cross babysitting course, learn-to-ski program, drama workshop, adult open gym, after-school open gym, \*early release day activities, \*cheerleading camp, \*fall soccer league, toddler play group, youth basketball league, \*men's 3 on 3 league, \*Shotokan karate tournament.

The Summer Recreation Day Camp grew from 25 daily campers to 50 daily campers this summer. The Day Camp Staff of 8, plus the support staff of 3 have done an excellent job of providing a quality, fun atmosphere for the children to enjoy the summer months. I'm very proud of the job they have done.

Newbegin Community Center has gone through some nice changes. Some of the improvements include: new gym lights, new emergency lights, refinished floor, asbestos removal from the boiler room, renovated curtains in gym, and newly painted bathrooms.

Wilkie's Beach has gone through some changes as far as fee(s) are concerned. Currently we are using walk-on fees to help cut the cost of

some of the expenses. Depending on the amount of the revenues that are collected, improvements such as landscaping the parking lot, new picnic tables and new signs will be added to the facilities in 1995. The Wilkies beach staff has done an exceptional job keeping the beach clean, overseeing the general appearance and welfare of the residents utilizing our only park.

I would like to thank the Gray Parks and Recreation Committee for their continued support and expertise. Special recognition should be given to the many parents, volunteer coaches, civic groups, instructors and the part-time/seasonal staff who make these activities a success.

Respectfully submitted,

Dean M. Bennett

Gray Parks & Recreation Director

## *GRAY HISTORICAL SOCIETY*

Founded June 6, 1962

The Society meets at 7:30 p.m. on the first Wednesday of each month. A short business meeting is followed by a program of historic interest.

From April through October the meetings are held at the Society's Museum on the second floor of the old Pennell Institute building. From November through March the meetings are held at the Gray Public Library.

Programs last year were from the collection of folklore of Gray in the 1800s as collected by the late Edith Gray Libby Thompson and donated to the Society. A copy of these is in the reference room at the Library. More readings will be presented this coming winter. These readings sparked interest in the numerous historical sites yet to be acknowledged and suitably marked.

The restoration of the Elder family cemetery in the woods near the lake in West Gray was completed as an Eagle Scout project by a young man from Windham and financed by the Society. We have also assisted with the restoration of the Dry Mills Schoolhouse project. Other historic sites are being sought out for preservation.

Visitors during the year have been from England, Arizona, Florida, New York, and New Hampshire—all of whom had ancestral ties to Gray or have been interested in the historical material we have to offer.

Why not join the society and support the preservation of Gray's heritage while learning more about the interesting history of this old town?

The present officers of the Society are: Louise Knapp, President; Karen Taylor, Sec.; Gerald Kimball, Treasurer; Membership Chairman Helen Davis; and Margaret Sawyer, Historian and Curator.

## *REPORT OF THE GRAY PUBLIC LIBRARY*

More than 100 Gray residents have volunteered their time and talents and many more have given donations of money, books, magazines, and equipment to the library this year. This cooperative community involvement supported the work of a full-time librarian and a 5-hour a week assistant in providing services and circulating 25,727 books, magazines, audio and video tapes as well as 273 interlibrary loans. The average daily circulation increased by 29.4% from 92-93 to 94-95. Since the library was open fewer days due to closing between librarians, snow days, book moving days, and work days (needed because of not having enough staff), the total circulation increased by 15.8%.

What brought 909 people into the library to apply for a library card during 94-95? Questions about job options, resume writing, parenting, house building, the environment, health; the genealogy and town history collection, income tax forms, college assignments, meetings, art exhibits, programs, their children, information on Cable or in the Gray News, etc. The Skillings St. library sign (a memorial to Elizabeth Bussone) lit by the Friends, the lighted front door sign, the telephone hours announcement (also gifts of the Friends) and the spacious paved parking lot make the library easier to find and use.

Board of Trustees' funds supplementing the inadequate \$4,000 book and \$1000 magazine budget plus donations of money, books, and many volunteer hours made it possible for us to add more than 500 books to the collection. And thanks to the dedication of the Friends of the Library group, many people enjoyed a wonderful year of programs including Carolyn Chute, Jane Robinson, Margery Eliscu, Diana Fletcher, Ron Faunce and others. The Gray Historical Society, Conservation Commission, Homeschool Group, SAD #15 Chapter I staff, Optimist Club and others held meetings in the library and the work of the Friends and The Gray Area Artists initiated and support local artists' exhibits each month.

The Friends sponsored The Ladybug Lady program for 135 children and their families and many volunteers offered weekly story times this

year for preschoolers and kindergarten classes: Jeannie Adams and helpers made possible the Travel with Books Summer Reading program for 115 school age children.

Reflecting on a challenging and fruitful year, thanks to Paul Bird and the Town Council (especially for meeting with the Trustees last October) and thanks to all who have given of themselves and their resources: the Board of Trustees, Friends of the Library, staff, volunteers, givers of gifts, and other town departments. Thanks to the library users for their questions, requests and suggestions.

We proceed with the automation process as quickly as staff and volunteer training and time allows. We invite and need your thoughts, your time and your gifts as we continue to grow to better serve you and to plan for the future.

Respectfully submitted,  
Elizabeth Holmes

### *REPORT OF THE GRAY HEALTH COUNCIL*

To the Residents of Gray,

We have supported our Well-Child Clinics and these are well attended with more children involved every year. These are held at the Congregational Church Parish house on Brown Street behind Brook's Drug Store, on the 2nd Wednesday of each month. Conducted by the nurses of the Community Health Services, from 9:00 until 12 noon.

W.I.C. is at the same location on the second Thursday of the month. This program is also extremely well attended. I do not have exact figures available at this time.

We still have Adult Health Screening every other month with our largest clinic in October when the flu vaccine is administered, this has doubled since we first started and last year we serviced over 100 residents between 12:30 and 2:00 p.m.

Our loan closet is in constant use and as you know we are no longer at the library. The Fire and Rescue has been very gracious in allowing us to store our equipment at their new Public Safety Building. Our articles still include wheelchairs, walkers, canes, commodes, risers, bath chairs, and 2 beds. These are for the use of our Gray residents at no charge for short term, emergency use only.

I must take this opportunity to thank Jane Barton and Pat Dunn for their work with the Well Child Clinic and to Jon Barton our Fire Chief and Gray dispatchers for their assistance. Without these folks it would be very difficult for our Council to exist. My thanks also to the Town Council for allowing us a consideration in the budget process also. If you need any assistance, my number is 657-3766.

Respectfully Submitted,  
Agnes Stansfield, Chair  
Gray Cemetery Association  
Gray, Maine 04039

## ***REPORT OF THE GRAY CEMETERY FOR YEAR ENDING JUNE 30, 1994***

Greetings:

\*

The Annual Report for the year ending June 30, 1994 is submitted herewith. It has been pretty much a normal year. What can be new in a cemetery? During the calendar year of 1993 we had 31 burials. Nine were cremains. So far this year we are running over 50%. Obviously, this is the way to go.

I have suggested to the Board of Trustees that an Urn Garden be developed which could conserve a lot of space and land is becoming more valuable every year. Other progressive cemeteries are following this pattern.

Perennials are probably the greatest problem at the present time. The problem increases as the years go by. Some cemeteries remove them at once. There are rules dated 1985, and posted on the doors of each building and also sent with each new contract, stating that perennials are not condoned. Most cemeteries classify them as a nuisance.

We had a dedicated crew this year and I think it shows in the appearance of the cemetery. I am grateful to them.

I have enjoyed meeting a lot of nice people (the live ones).

Respectfully submitted,  
Gerald M. Kimball  
Superintendent

## *REPORT OF THE MAINE STATE POLICE*

Dear Gray Town Council:

Please find enclosed an annual report for July 1, 1993 to June 30, 1994 for police services requested by citizens of the Town of Gray and provided by the Maine State Police. Troop B records indicate a slight increase of 8% in police related services over the previous year.

Through the efforts of Town Manager Bird and William Cooper, along with Town Planner Richard Cahill, the Maine State Police submitted a federal grant application under the Federal Police Hiring Supplement Program. This grant application was accepted in May of this year and will increase the complement of state police officers within the Towns of Gray and New Gloucester. Training of those officers is presently being conducted at the Maine Criminal Justice Academy with a graduation scheduled for late 1994.

In conjunction with the Hiring Supplement Program will be a renewed partnership between the Town of Gray and the Maine State Police in a community policing effort. Through this partnership, we will look to more proactive approaches to meet the community's needs, problems, and other areas of concern.

Many of these proactive approaches were specifically identified in the grant application for increasing the participation of the D.A.R.E. Program by Tr. Jeff Smith in the lower elementary schools within the district, as well as crime prevention, substance abuse and increased police presence and visibility within the community. I look forward to meeting with you in the late fall to further develop and implement these approaches and others within this important program.

Myself and the members of Troop B look forward to this upcoming year with renewed excitement about the community policing initiative for the Town of Gray. We remain committed to you and the citizens of Gray in providing a professional law enforcement service.

Sincerely,

Lieutenant Ronald C. Harmon

Maine State Police

Troop B Commanding Officer

---

**TOWN OF GRAY**

July 1, 1993-June 30, 1994

Independent Auditor's Report

Town Council  
Town of Gray, Maine:

We have audited the accompanying general purpose financial statements of the Town of Gray, Maine as of, and for the year ended June 30, 1994 as listed in the table of contents. These general purpose financial statements are the responsibility of Town of Gray, Maine management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in the notes, the general purpose financial statements referred to above do not include financial statements of the General Fixed Assets Account Group, which should be included to conform with generally accepted accounting principles.

In our opinion, except that the omission described in the preceding paragraph results in an incomplete presentation, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Gray, Maine as of June 30, 1994, and the results of its operations and cash flows of its proprietary and similar trust funds for the year then ended, in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The additional information included in Exhibits A-1 through C-3 are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Gray, Maine. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

## GRAY WATER DISTRICT

### INDEPENDENT AUDITORS' REPORT

Board of Trustees  
Gray Water District  
Gray, Maine

We have audited the accompanying balance sheet of Gray Water District as of December 31, 1993 and the related statements of revenue, expense and retained earnings, and cash flows for the year then ended. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Gray Water District as of December 31, 1993 and the results of its operations and its cash flows for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The schedule of operating revenues and expenses are presented for purposes of additional analysis and are not a required part of the basic financial statements. This information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

*Stephen J. Miller P.A.*
