ANNUAL REPORT

OF THE SEVERAL

TOWN OFFICERS

OF THE

TOWN OF WESTBROOK,

FOR THE

YEAR ENDING FEB. 14, 1884.

SACCARAPPA, ME.:
PRINTED AT CHRONICLE OFFICE.
1884.

TO THE INHABITANTS OF THE TOWN OF WESTBROOK:

We herewith submit, for your consideration, a statement of the receipts and expenditures of the Town, for the year ending February 14, 1884.

STATEMENT.

As it will be noticed the amount of orders drawn is very large, quite up to the full assessment, state and county included. It should be borne in mind that large expenditures by the town, authorized to be paid by loan, have in consequence of so many bills, necessarily come into order account which serve to swell the amount of figures larger than in any former years.

Although the expenditures have been unusually large, we have endeavored to do what in our judgment was for the best interests of the town, with an eye to the safety and welfare of its citizens, not forgetting the comfort and happiness of those so unfortunate to need its aid. We have purchased 500 feet of hose, put in one hydrant, on Main street, employed police when most needed, blasted a well at Rocky Hill, for the double benefit of school and crusher work, which we are satisfied will be equal to all future needs. We have leased a lot near the school-house for three years, at \$20 per year, for the crusher, and also a lot on Main street, at \$30 per year, for the hose carriage house, and an office in Odd Fellows block, with use of hall for meetings and caucuses, for five years, at \$125 per year; purchased a Morris & Ireland safe, a Pennock road machine, and manure and ashes for the farm. We have made exchange of farm lands, cleared pasture land of bushes, and done what we hope will prove good and substantial work on roads and buildings.

We recommend raising,

For support of High school,	\$1,200 00

REPORT OF OVERSEERS OF THE POOR.

OUT-DOOR POOR.

Expense of out-door poor has been largely due to the transportation of foreigners to their homes, which seemed the cheapest and best way to dispose of them. Also the burial of an unusual large number. Esther Kennard remains at the Insane Hospital, Willie Jameson at Joseph Barbour's, W. H. Brown at F. A. Bettis', at about the same cost as last year. Mrs. Dillingham has been sick for several months, requiring constant care, which we have furnished in addition to ordinary expenses. Lewis Wallace, A. Goosey, Mrs. Wood, and others have had help, which has tended to swell the account with the poor, for which see report of Overseers of Poor.

The large number and helpless condition of the inmates, together with tramps and prisoners lodged and fed, also the purchase of double harness for team, sewing machine, household furniture, and a thorough repair of the house, has made the expenses very large.

We have also made a very much needed improvement in the almshouse, by the addition of an ell 50 feet long by 25 feet wide, containing eight comfortable sleeping rooms on the ground floor, suitably heated by furnace. This work was done in a substantial and thorough manner, which necessitated a cost of more than the appropriation, for which see expenditures for new ell of almshouse.

We have accommodated 50 tramps, at an average of three meals a piece, and 14 prisoners, at an average of nine meals, making in all 276 meals. Number of inmates at present, eight, one male and seven females. By frequent examination, we are satisfied that the inmates are well cared for. Mr. and Mrs. J. P. Sawyer have charge of the institution.

It will be seen by comparing the number of scholars in town and attending school with the corresponding numbers in last year's report, that the number has largely increased. Many of the schools have been crowded to an extent incompatible with successful work, especially Maine street primary, Saco street and Cumberland Mills primary and grammar schools. The new school-house at Cumberland Mills was not finished until late in the winter term, and we deemed it advisable not to open school then until the spring term, both on account of the confusion attendant on a division of the schools in the middle of a term, and also because of the limited amount of money at that time at our disposal. At the beginning of the spring term it was found necessary to open a fourth school in the Bridge street building, in order to relieve the grammar school. At the same time, owing to the crowded state of the grammar school at Cumberland Mills, a class room was fitted up and an assistant teacher installed in that school. These arrangements have been kept up dur-

ing the whole year. The irregular attendance at school of pupils still continues to a great extent, as will be seen from the foregoing tables. This is one of the most formidable difficulties a teacher has to encounter, and it is to be hoped that parents and guardians will more fully recognize the wisdom of keeping their children regularly at school.

We have given considerable attention to different series of school books, and after a careful comparison of those now in use in our schools with others, would strongly recommend that the town give the school officers permission to make several changes. We are convinced that much more satisfactory work would be done with different text books, especially readers and grammars. Another matter to which we would respectfully call your attention is the fact that the appropriations for the purchase of text books have been entirely insufficient. We have bought none but what have been absolutely necessary during the year, and find that the amount appropriated falls far short of supplying the needs of our schools. The school at Spruce street was kept open only during the spring and winter terms, the small number of scholars in attendance being in our opinion a sufficient reason for not opening a fall term there.

The committee would call the attention of our citizens to the need of some efficient laws to correct the evils of truancy. Some of our schools have suffered from this vice this year. It is within the province of the town to pass such by-laws as will afford a remedy.

Several of our best teachers have quitted the profession during the year, but those now in charge of the schools are generally doing good work.

Respectfully submitted,

H. A. CRAIGIE,
W. W. CUTTER,
H. K. GRIGGS.

WARRANT FOR TOWN MEETING.

MARCH 3, 1884.

To John F. Bean, a Constable of the town of Westbrook, in the County of Cumberland, Greeting :

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said town of Westbrook, qualified by law to vote in town affairs, to meet at Odd Fellows Hall, in Saccarrappa Village, in said town, on the third day of March, at nine o'clock in the forenoon, to act on the following articles, to wit:
