AUDITOR'S REPORT

Milbridge, Maine, February 14, 1942.

Board of Selectmen, Sorrento, Maine:

In accordance with your request, I have examined the accounts of the selectmen for the municipal year ended February, 13, 1942.

Submitted herewith is a comparative balance sheet, which to the best of my knowledge and belief properly reflects the true financial condition of the municipality as of the above date, with the exception of a possible shrinkage in final settlement of unpaid taxes and liens.

You will also find enclosed a summary of accounts and proof of change in surplus or net debt.

As soon as the books of the other town officials are audited, a complete report of audit will be forwarded to you.

Respectfully submitted,

A. F. SAWYER,

Auditor.

SCHOOL REPORT

To the Superintending School Committee and Citizens of the
Town of Sorrento:

I herewith submit my fourth annual report as your superintendent of schools on the progress and conditions of your schools.

Just a year ago the present schoolhouse lot was a mass of ruins, brought about by a devastating fire. Today, on this same site, is as fine a rural school building as can be found in the State of Maine. This building, built and equipped as it is, shall in all probability stand for many years as a symbol of your courage and vision. From this house of learning should flow, in the years ahead, men and women of worth and responsibility, for otherwise your investment shall have been in vain.

We are fortunate in another respect. It has been our good favor to have employed, during the past three years, two teachers who rank in their respective fields among the best that can be found anywhere. They not only have been well prepared through academic training and experience, but possess as well a sympathetic understanding of children. Your children are in safe hands when in school. Continued teamwork between school and home will result in a higher standard of accomplishment as your children progress through the grades.

The emphasis placed on guidance through the adoption of an individual cumulative personal folder for each pupil will continue. We also plan to stress more and more this business of a "career." We want the pupils to think in terms of future responsibilities. We want them to be more aware of the importance of their personal record with respect to getting and holding a job later on.

The requisition of a new school bus during the year was a wise investment. The present modern bus is well equipped and fully accommodates our conveyance needs. It would be impossible to purchase a similar bus today were it needed, and this shortage will be felt for some time yet to come.

The financial statement follows, with an itemized accounting of all business transacted.

Next year's budget is expected to be back to normal.

Respectfully submitted,

R. H. HASKINS,

Superintendent of Schools.
