Dedication

This year's Town Report is dedicated to Jim and Cindy Dunham.

Jim and Cindy Dunham with son Tyler, unfortunately missing from photo is son Silas.

Jim and Cindy Dunham retired in 2008 as directors of Camp Tanglewood where they'd worked since its inception as a 4-H camp in 1982. And though they had been previously involved with numerous Town Committees including the Conservation Commission and the Comprehensive Plan Committee, they soon began looking for new ways they could put their skills to work contributing to their town.

Their involvement in the Lincolnville Transition Initiative led to their founding in 2011 of the Lincolnville Community Alliance, a group dedicated to finding ways to bring people together, to learn new skills, and to maximize sustainable resources already present in town.

Moving the hulk of a one-room 1849 schoolhouse across the road onto a blighted plot of land and making it into the town's library turns out to have met all those goals.

During the winter of 2011-2012 the Lincolnville Historical Society bought the former Center School building for a dollar from the Lincolnville Boat Club, then arranged to lease the land, formerly known as Dean & Eugley's, from the Town. This land had been vacant for 10 years with a Maine Department of Environmental Protection (MDEP) covenant on it that had discouraged development. The Town and MDEP would subsequently help facilitate the project, making sure it met all requirements of minimal soil disturbance.

The summer of 2012, under Jim's enthusiastic leadership, a group of men, retired and semi-retired -- sometimes described as "of late middle age" -- came together to figure out how to move the 875 square foot building. They worked for a couple of months shoring up the remaining two walls-and-a-roof, jacking it up off its foundation and then lowering it onto short lengths of pipe. A wooden track was built out to the road, and on the morning of October 27, 2012 with the road closed to traffic, they quickly completed the track across Main Street. Some 200 townspeople showed up to pick up the rope attached to the building and, in about an hour, pulled the Center Schoolhouse across the road.

Now, just over a year later, Jim and Cindy Dunham have more than put their skills to work for the Town of Lincolnville. The Lincolnville Community Library and Open Air Museum has become a reality. In addition to the original crew of movers, some 25 volunteers, men and women, have turned out three mornings a week, every week all this summer and fall, to rebuild the old building and to construct an Open Air Museum for the Lincolnville Historical Society. As Jim oversaw the restoration of the building, and a crew of women built the sheds of the Open Air Museum, Cindy organized, with a development committee, various fund-raising events throughout the spring and summer, kept track of the budget, and oversaw grant-writing. As the keeper of the calendar, Cindy saw that the various committees -- library, landscaping, and development committees met regularly to make decisions about the work being done.

Not only did these two keep the complicated project -- restoration, new construction of an annex, sheds, and landscaping -- running smoothly, but both were hammering nails alongside the other volunteers throughout every work day. The original budget goal of the project -- \$208,000 - was met by grants, individual cash donations, and in-kind donations. These last, donations of skills such as wiring, plumbing, painting, carpentry, landscaping, and earth-moving not only helped with the bottom line, but helped make it truly a community project. Cindy and Jim were largely responsible for getting this level of participation from local business people. The sheds, for example, are built completely from Lincolnville lumber - pine, oak, and spruce logs donated by landowners and sawed in town. Just to get those logs turned into lumber involved visits with landowners, trucking the logs, then stacking, trucking and re-stacking the new boards. Only Jim and Cindy Dunham could have pulled this off, all the while overseeing all the other elements of the project.

Passionate environmentalists, Jim and Cindy put their values to work in every step of the project. From the "community compost heap" to the double-wall insulation in the library to the photovoltaics on the roof, the project is meant to teach ways to re-use and re-purpose materials. The landscaping, when completed, will feature native plants, rain barrels, as well as protection of nearby Norton Pond.

So people were brought together -- several of the volunteers had lived in town a number of years, but never really knew anyone here. Some long-time community members had never found time before this project to get involved in town. Good friendships were formed working together. As for new skills, even the most experienced of the carpentry crew worked through some complicated problems involving a rickety, 164-year-old building that had just made a trip across the road. The dozen or so women who built the two sheds of the open air museum learned to run power equipment, chisel lap joints, and a whole new vocabulary including "kerf", "collar tie", and "sheathing".

Best of all, the project that Jim and Cindy led to fruition gave new life to a parcel of land right at the entrance to Lincolnville Center and, in the process, demonstrated how to use and re-use local resources, the very definition of sustainability.

We greatly appreciate Jim and Cindy's efforts with the Library project along with their other involvement with Town government and therefore dedicate this Town Report to them.

On October 27, 2012 a few of Jim and Cindy's friends line up to give them a hand.

Board of Selectmen

Our year began with a Town Meeting for the record books. With approximately 400 people in attendance the Town decided to do away with our local Police Department. The issue was and continues to be one of great passion for individuals on both sides of the issue. As a Board we worked together to implement the will of the voters and dismissed Chief Young and disposed of the law enforcement equipment. We were pleased that the Chief was quickly able to secure another iob as Chief of Police in the Town of Damariscotta.

In addition to many other items, the Town Meeting voters also re-elected Rosey Gerry to the Board of Selectmen. This is Rosey's third term and we value his continuing service.

The highlight of the municipal year has to be the re-opening of the renovated and expanded Town Office. The completion of this project was the culmination of more than ten years of effort by many different Boards of Selectmen, countless volunteer hours by many Municipal Building Committees, two Town Administrators, Town Staff and a multitude of consultants and contractors. The project was completed on time and under budget. We were also able to pay for the project "out of-pocket" so no loan was necessary. We are very proud of your Town Office building and hope that you are as well.

This year the Town has several new employees filling the roles previously held by others: Heidi Blood as Animal Control Officer, Hank Lang as Emergency Management Director, Kim Jackson as Administrative Assistant and Ben Hazen returning as Fire Chief. We welcome our new employees and extend thanks to those who served in these capacities previously.

The Board has been very busy this past year with land purchases and sales. The Lincolnville Volunteer Fire Department, Inc. gifted the Town the funds to purchase a parcel of land on the Beach Road. At some point in the future the land will be used to construct a replacement for the Beach Fire Station. We greatly appreciate the gift. The Board has also sold two pieces of Town owned property to the State of Maine. Both of these parcels abut the Ducktrap River, a naturally occurring sea-run salmon river. The Board is also in the process of selling a tax acquired parcel of land on the South Cobbtown Road. This parcel is being sold to a private individual and will return to the tax rolls.

The Lincolnville Volunteer Fire Department, Inc. was also very generous in their support of the Town by purchasing and then donating to the Town extrication equipment and a vehicle to transport this equipment. Having this equipment housed at our fire station will allow for a more timely response in times of need.

We've obtained two grants this year to help us further the town with less expense to the taxpayers. The first grant was obtained to assist in making the Town Office accessible to those with disabilities. The second grant in the amount of \$106,000 will be used to supplement local funds to rehabilitate two sections of the wooden wave screen at Lincolnville Harbor.

Speaking of the harbor, the Board is pleased that this summer season two tour boats are planned to be operating out of Lincolnville Harbor. The first is the pinky schooner *Summertime* and the second will be the *Sally*, a lobster boat cruise. Both vessels will be operated by Maine

Windjammer Cruises. The Board believes that the harbor may offer yet unrealized potential for further economic development and hopes that the addition of these vessels will be a catalyst for additional harbor activity without jeopardizing the more traditional uses and users.

The Town continues to offer more services and information online and we encourage you to explore the web site at www.town.lincolnville.me.us. New this year, you can now pay your property taxes online. This is in addition to the many other services offered online, just look under the "Online Services" tab in the middle of the page just under the banner. We also offer email notification for a wide variety of items under the "E-notices" tab. Kim Jackson, our newest town office staff member, maintains the web site and is doing a fine job at it. We are always searching for ways to improve the site so, if you have a suggestion, please let us know.

This year at Town Meeting the voters will have several items beyond the typical items to consider including a consumer fireworks ordinance, establishing web streaming and an online video archive of local government meetings, approval to start the process of relocating a portion of the Fernald's Neck Road, and establishing a gravel roads funds. As these items are different from our more routine Town Meeting articles we will briefly explain each here.

The Consumer Fireworks Ordinance is scheduled to be voted upon via secret ballot on Election Day, Tuesday, June 10th. Last summer the Board received numerous complaints concerning the discharge of consumer fireworks. In response to these complaints, the Board established a committee of citizens to seek public input for the desire of an ordinance and then, if necessary, to craft an ordinance to regulate the use of consumer fireworks. The draft ordinance as proposed would prohibit discharge during high fire danger days and prohibit discharge from Town owned property. As the vast majority of the concerns expressed emanated from the use of fireworks in the shoreland zones, the ordinance also proposes to limit the use of consumer fireworks in the shoreland zone to certain dates and times. For the remainder of the Town only the State rules and regulations apply except during high fire danger days when use would be prohibited town wide. Copies of the proposed ordinance are available at the Town Office and on the Town's web site. Copies will also be at the polling place. We encourage everyone to familiarize themselves with the ordinance prior to voting.

As the times have evolved it appears that less and less people seem to be learning about the happenings of their local government via traditional methods. Newspaper readership appears to be diminishing along with local cable TV subscribers. Thus, the Board has explored and implemented several more modern means of communications including email notices and the Town's web site. With a smaller number of cable TV subscriptions, the meetings of your local government are available to fewer people than in the past. The Board is therefore proposing establishing live web streaming and video archive of local government meetings so that those not connected to local cable TV yet with internet access could still access the programming both live and in a video archive. Unfortunately, this service is not free. The Board has opted to put this service forward to the voters as Article 9 on the Town Meeting Warrant to decide if the benefit offered exceeds the cost.

A property owner residing on the Fernald's Neck Road, who is negatively impacted by traffic on the Fernald's Neck Road, is offering to pay to relocate a portion of the roadway further away

from his home. Article 20 seeks voter approval to start this process. It is proposed that the relocated road would be constructed by the Town at property owner's expense, and then when completed, would be offered for acceptance at a future Town Meeting along with the discontinuance of the current road. The roadway as proposed would be slightly longer than the current road, but would be well designed and constructed so as to minimize future maintenance costs. The proposal seems to offer a win-win situation for both the Town and the property owner.

As part of Article 15, the Board of Selectmen is recommending that \$50,000 be raised and appropriated for road improvements. This past year in particular, the Board has received numerous complaints, particularly from those that reside on gravel roads that these roads are not up to a satisfactory standard. As the Town maintains more than 9 miles of gravel roads, and we will not be financially able to fix all of these roads at once, the Board decided to seek a down payment of sorts from the voters to start saving for future road improvements.

This year's Town Report is dedicated to Jim and Cindy Dunham not only for their work with the Lincolnville Community Library project but for all they have done for the community prior to the library project, the library project itself, and what they will continue to do for our community moving forward. The Town of Lincolnville would not be what it is without people like Jim and Cindy. We also have many volunteer opportunities available for the future Jim and Cindy's out there. Please see one of us if you are interested. And if you are already volunteering for the Town, thank you.

We are grateful for the opportunity to serve the community as Selectmen. If you have any questions, comments or concerns please contact us or the Town Office Staff.

Respectfully submitted,

Ladleah Dunn, Chairman Julia Libby, Vice Chairman Jason Trundy Rosendel Gerry David Barrows

Board of Selectmen (l to r): David Barrows, Julia Libby, Rosendel Gerry, Ladleah Dunn, and Jason Trundy

Independent Auditor's Report

An independent audit of the Town's financial statements was performed for the year ending June 30, 2013, by the accounting firm of William H. Brewer, Certified Public Accountant, 858 Washington Street, Bath. The complete audit report, including the opinion thereon, is available for inspection at the Town Office during normal business hours or can be viewed on the Town's web site at www.town.lincolnville.me.us. The following statements have been excerpted from that report for inclusion in the Annual Town Report.

REGISTRAR OF VOTERS

Residents of Lincolnville may register to vote or change their party enrollment at the Town Office during regular office hours, at the polls at time of elections, or by mail. Applicants must show identification and proof of Lincolnville residency at time of registration. A new Maine voter mailing an application must include a photocopy of a their Maine driver's license, a Maine State ID, or current utility bill, bank statement or government document showing the applicant's name and physical address. If less than 21 days prior to an election, the Closed Period, you must register to vote in person.

All applicants must be US citizens and 18 years of age when registering to vote. A 17 year old who will be at least 18 years of age by the date of the next General Election may vote in a party's primary election or municipal caucus, providing they are qualified to vote and registered and enrolled in the applicable party.

Once a voter is enrolled in one of the three recognized political parties, respectively Republican, Democratic or Green Independent, they must remain in the selected party for three months before changing parties.

A registered voter in Maine may request an absentee ballot for any reason. Absentee ballots are available 30 days prior to elections and ballots can be requested in person, by phone and electronically at www.maine.gov. Persons making absentee ballot requests after 5 PM on the Thursday prior to election are required to submit a Special Circumstance form. For more information, please contact the Registrar of Voters at the Town Office, 763-3555, or online at www.maine.gov.

Below are the registered and enrolled voters of the Town of Lincolnville as of April 1, 2014.

Total	1762
Unenrolled	614
Republican	444
Green Independent	108
Democrat	596

The following Elections & Special Town Meetings were conducted during our fiscal year, July 1, 2013 through June 30, 2014.

Special Town Meeting	July 22, 2013
Special Town Meeting	October 28, 2013
Special Town Meeting & State Referendum Election	November 5, 2013
Special Town Meeting	March 24, 2014
Five Town CSD Budget Referendum	June 10 & 12, 2014

Lincolnville Central School Budget Referendum

Annual Town Meeting

In closing, I would like to extend appreciation and sincere thank you to all the appointed election clerks who donate their time and late hours during and after elections.

Respectfully submitted, Karen S. Secotte, Registrar of Voters

LINCOLNVILLE FIRE DEPARTMENT

The Lincolnville Fire Department would like to thank the town for their ongoing support. The department has a skilled group of firemen who will respond at a moment's notice 24 hrs. a day. Never hesitate to call 911, every second counts when it comes to protecting life and property. "When in doubt, call us out!"

Being a volunteer fireman means dedicating many hours of your personal time to attending training to be more proficient at your job. I would first like to commend the firemen in Lincolnville for participating in all necessary training while missing family events and personal time to answer calls for assistance. I would like to welcome three new members to the department. They are Jake Feener, Sam Lanning and Nick Heal. We look forward to what these new members have to offer. We continue to have the highest number of certified Interior Firefighters along the midcoast. The men that are just joining us are now involved with our second Basic Fire School which we have hosted. Sometime in March of 2014 they will be certified for all interior operation.

This year we were able to purchase the Camden First Aid Jaws of Life vehicle when they unfortunately went out of business. The vehicle was then gifted to the Town of Lincolnville from our department. The jaws truck is equipped with high pressure extrication equipment necessary to remove a patient entrapped in a car. We have conducted various trainings throughout the year and are pleased to have this truck join our fleet.

Lastly, our former Fire Chief Jason Peasley, stepped down this year to pursue a Chief career with the Rockport Fire Department. Jason led the department for a couple years and did a tremendous job in keeping with the highest standards of firefighting and training. A big thank you to his efforts as Chief and his countless hours of service to our town.

Burning permits may be obtained at Drake Corner Store at 763-4001, Mike's Align and Repair at 789-5999 or with Ben Hazen at 542-8585. Remember, think before you burn grass, brush or debris. By law, the fire department does have the authority to extinguish any out of control fire, improper use of fire or illegal materials being burned. Always have a water source, hand tools and be mindful of others property and exposures.

In 2013, LFD received 129 calls throughout the year. General alarm calls top our list and we saw an increase in vehicle fires this year.

2012-2013 Calls

Training	17	Vehicle Accidents	23
Lift Assist	9	Alarm Inv.	25
Chimney Fires	6	Mutual Aid	16
Utility	17	Structure Fires	2
Grass/Woods	3	Search/Rescue	2
Illegal Burns	1	Car Fire	6
Lightning	0	Traffic Control	2

Respectfully submitted,

Benjamin C. Hazen, Fire Chief

Lincolnville Fire Department

Mascot Grady Hazen, Logan Leach and Matt Ballou. Missing: Hank Lang, Jake Cookson, Jake Feener, Bill Bartlett, Spencer Foss, George Brown, Nathaniel Boehmer, Don Fullington, Jr., Don Fullington, III., Jason Peasley and A.J. Weed.

EMERGENCY MANAGEMENT DIRECTOR

For those folks who are wondering what the purpose of the Lincolnville Emergency Management Director's position is and why do we have one? As stated on the Maine Emergency Management Agency website: http://www.maine.gov/mema/about/mema_local.shtml "Every municipality in the State of Maine is required by state law (Title 37-B MRSA §781) to designate a municipal Emergency Management Director.

Maine local Emergency Management Directors' coordinate local response and recovery when more than one department is responding to a community emergency. This is usually accomplished through the development of local disaster plans, mutual aid agreements and the establishment of an Emergency Operations Center. The local director does not replace or direct the police, fire, ambulance, or American Red Cross; he or she helps them work together in an emergency.

The local Emergency Management Director also acts as a liaison to <u>County Emergency Management</u>. They can look to the County for technical assistance and training, and emergency access to needed resources from neighboring communities, including the state or the federal government.

Local Emergency Management offices vary widely depending on the hazards present, the size of the town and available funding. Most municipal Emergency Management programs have one person and little to no budget. However, the responsibility for the community does not go away just because the town is small.

When your community is struck by a hazardous materials spill, hurricane, ice storm, forest fire, flood, tornado or other type of disaster event, your municipal Emergency Management Director will be the lead figure in the response and recovery efforts. Before a disaster event occurs, your local Emergency Management Director will be busy behind the scenes working on disaster plans, attending meetings, organizing training and exercises for your public safety departments and by providing public information on disaster preparedness.

The next time you are visiting the municipal office, be sure to ask about your local Emergency Management Director. You can also contact your County Emergency Management Agency to learn who the Local Director is in your town." I didn't write that description, but I am tasked with fulfilling the emergency management needs of our town, so here I am. I am Henry Lang (most know me as Hank) and I have been asked to fill this position since last summer when Ron Young was removed from the position by default when the Lincolnville Police Department was eliminated. I would like to thank Ron here and now for his past efforts in this position. "Thank you Ron, for a job well done." That said, the needs of the town in this area are not static and preparations for emergencies must be evaluated and adapted to fit what we try to anticipate for the future.

This last December's Ice Storm Event is a small scale example of the type of weather events that we prepare for. It was a test of our town's resilience that we came through with no serious injuries, major loss of property, or serious disruption of the town's ability to protect its citizens. Yes, many were inconvenienced and many trees fell, but the scale was tiny when compared to a full on disaster. Our fire department, road commissioner, private citizens, town government, and businesses are to be congratulated for a terrific response, but again it was a smaller event. Below I have listed some frequently asked questions.

How do we plan for these events?

Well, we have a town Emergency Operations Plan (EOP) that spells out how the town would like to handle different events that we have considered based on history and reasonable possibility.

Our Lincolnville EOP is outdated and I will be going through the process of updating it to reflect the town's current resources and liabilities. The process is not a single person effort and I will be seeking input from many sources to update our EOP. The current EOP is available on the town's website.

What other tasks do I see that need to be accomplished for this year?

First, the people who are expected to implement the EOP need to be made aware of what responsibilities they are expected to take on under the plan. Education on that topic will be an ongoing task since the positions that are named in the plan often have new occupants following our elections.

Second, an assessment of the Lincolnville Central School for any deficiencies in its designated role as a warming shelter and/or Red Cross operated overnight shelter. I have already talked with our school's administration and have not found any deficiencies in the school itself. I believe there are some improvements we can make in our preparations.

Third, I am looking for methods of getting information out to our citizens even when the power is out. As a reminder to citizens, in the event of natural emergencies, they can call 211 to receive updated information and shelter locations.

Lastly, I am trying to create a database of citizens that want to be checked on in an emergency or weather event without making that database a liability for the town or citizens. A town government database might be obtained by others for other purposes.

What are my qualifications?

I am a long time member of the Lincolnville Volunteer Fire Department and emergency medical technician. I am also a graduate of the Maine Maritime Academy with a B.S. in Marine Engineering and am currently employed at the Penobscot Energy Recovery Company as a shift supervisor in the operations group.

Respectfully submitted,

Henry Lang Lincolnville Emergency Management Director

LOCAL PLUMBING INSPECTOR

Prior to listing the plumbing activities for 2013 in the Town of Lincolnville it is important to discuss the Prevention of Septic System Failures:

Let's start with a checklist of things a homeowner should 'DO':

- Do inspect your tank for signs of sludge buildup and make sure the baffles are in working order.
- Do pump your tank as needed (every 2-3 years for year-round residences), and keep a written record for yourself or future owner.
- Do compost food garbage or put in trash.
- Do keep a grease can handy.
- Do mark your septic system so you can protect it from vehicles and encroaching trees and shrubs.
- Do conserve water; install water-saving devices, such as front-loading washers and low-flow faucets and shower heads.
- Do use non-toxic cleaning products such as baking soda to scrub toilets, or boiling water to clear drains.
- Do contact a site evaluator if your septic system shows signs of failure; contact your local plumbing inspector if you see evidence of other malfunctioning septic systems.
- Do plant shrubs, trees and grasses downhill from your system to act as a sponge (they will tie up excess nutrients and water as well as prevent soil erosion). Keep small trees and shrubs at least 10'away from your leach field and large trees at least 20' away.
- Do spread out your laundry loads to even out your water use and to avoid flushing your system.
- Do use toilet paper that is marked 'septic safe'.

Now let's create a list of things you DON'T want to do to your system:

- Don't use a garbage disposal—it adds 50% more solids to your system.
- Don't pour automotive oil, cooking oil or grease down the drain.
- Don't drive vehicles over the septic system or leach field.
- Don't plant bushes or trees over the leach field.
- Don't pour paint or paint thinner into your drains.
- Don't use drain cleaners and other toxic-chemical products.
- Don't use chemical or biological septic system cleaners, which can plug up the leach fields and ruin your system.
- Don't flush feminine hygiene products, cat litter, disposable diapers or other non-biodegradable products into your system.
- Don't flush medicines, particularly antibiotics, into your system.
- Don't use products labeled "antibacterial".

The Town of Lincolnville's plumbing activities for 2013 were as follows:

New septic systems	24
Replacement systems	3
Replacement Fields	
Pit privies	- 0
Internal plumbing	49

Total plumbing fees for 2013 equaled \$11,722.50. This represented an increase of 8% more fees collected than in 2012.

The Town of Lincolnville has participated in the Maine Healthy Beach program for eight (8) years and will continue in 2014; the partnership provides testing and monitoring of the swimming areas at Lincolnville Beach as well as at Breezemere Park. The program also provides training to volunteer water monitors.

Respectfully submitted,

Frank Therio Local Plumbing Inspector

HEALTH OFFICER

Traditional springtime activities may include purchasing baby chicks. Baby chicks can be wonderful pets, but it is important to know that even healthy-looking chicks may be carrying dangerous germs called Salmonella.

Keep kids from getting sick by making sure they:

- o Do not put their hands in their mouths after touching chicks.
- o Do not kiss chicks on their beaks or feathers
- o Do not handle or clean cages or food containers
- o Do not eat or drink near baby chicks
- o Do not put their mouths on objects that have been near chicks or their cages

Lyme Disease

Lyme disease is on the rise statewide with more cases reported in 2013 than in 2012. Lyme disease is a very debilitating disease and can affect the joints, cause neurological problems and appear as several types of illnesses. If you suspect you have been bitten by a Lyme tick, take the time to be checked for the disease. If treated promptly within the first 48 hours side effects may be prevented. The longer the time span between the infection and the remedy, the longer the recuperation time. If you find a bruise spot and don't know where the bruise may have come from and there is no pain on the bruise area it is a good idea to have your physician check you for Lyme disease.

Influenza

There were three strains of influenza circulating in Maine, with A/H3 as the predominant strain. The symptoms varied between symptoms of excessive sore throat, back pains, fever and in some cases nausea.

Family Emergency Plan

The **most important step** in being prepared for any type of emergency is to have a **Family Emergency Plan**, complete with emergency supplies set aside if needed.

The emergency supplies should include water, batteries, flashlights, medications, a lantern, canned food, a can opener, blankets and some cash. Place all items in a sturdy container where it can be easily located and check food and water twice a year. As part of the Emergency Operations Plan the Health Officer will also need to know if any of you may need special help in a public health emergency. Please call 763-3601 with your special need.

The Center for Disease Control is also conducting a statewide survey of local Health Officers with a goal to streamlining the laws and rules governing local health officers. Many of the assigned duties are also duties of animal control, building and plumbing inspectors.

Respectfully submitted,

Frank Therio Local Health Officer

CODE ENFORCEMENT OFFICER

During the year 2013, the Town of Lincolnville experienced a twenty-three percent (23%) growth in the number of new house construction compared to 2012.

Building Statistics	3/12-3/13	3/13-3/14
Single family homes	13	14
Duplex	0	1
Commercial permits	0	10
Replacement Homes/mobile	2	4
Accessory buildings	31	35
Additions/renovations	31	30
Subdivision	1	0
Signs	2	2
Walkway	1	0
Carousel	0	1
Fill	9	2
Demolition	7	3
Home occupation	0	2
Driveways	0	1
Agriculture	0	1
Siding	1	1
Miscellaneous	5	4
Piers	12	2

There were \$6.5 million dollars in estimated construction in 2013 which represents a 16% increase in construction costs and \$27.6 thousand in building permit fees which represents an increase of 10.4% increase in fees received.

There were several shoreo90land violations, in addition to building violations, and one reported junkyard violation. Four shore land violations are currently being addressed as well as the junkyard issue. All of other violations have been resolved.

This office has received numerous requests for new commercial activities, subdivisions, ordinance interpretation and many miscellaneous questions. Multiple reported violations both valid and some not valid were investigated throughout the year.

If you have any questions on this report, please call 763-3601. Ordinances and forms are available online at www.town.lincolnville.me.us

Respectfully submitted,

Frank Therio Code Enforcement Officer/Building Inspector

ADDRESSING OFFICER

Enhanced 911 Addressing

There have been eleven (11) new addresses assigned this period.

If you are building in the next year please remember to plan a time near the completion of your residence to call to have an address assigned to you. The rules for the house numbering are as follows:

- 1. **NUMBER ON THE STRUCTURE OR RESIDENCE:** Where the residence or structure is within fifty (50) feet of the edge of the road right-of-ay, the assigned number shall be displayed on the front (rear for waterfront residences if necessary) of the residence or structure near the front door or entry.
- 2. **NUMBER AT THE STREET LINE:** Where the residence or structure is over fifty (50) feet from the edge of the road right-of-way, the assigned number shall be displayed on a post, fence, wall, the mail box, or on some structure at the property line next to the walk or access drive to the residence or structure.
- 3. **SIZE AND COLOR OF NUMBER:** Numbers shall be displayed in a contrasting color from the background upon which the number is installed, and, in a minimum of three (3) inch high numbers.
- 4. Remove any different number that might be mistaken for, or confused with, the number assigned in conformance with this Ordinance.

Respectfully submitted,

Frank Therio Addressing Officer

ASSESSORS' AGENT

There are several programs available to provide property tax relief. I wanted to list some of the more popular ones here so you can review them.

The Maine Homestead Exemption allows for a reduction in the assessed value for all qualifying property. The exemption in Lincolnville is currently \$10,000. To qualify, you must be a legal resident of the State of Maine, have owned a residential property in Maine for at least the past twelve months and the homestead must be your permanent place of residence. You can only claim the exemption for one property and cannot claim the exemption in any other state. When a property is sold, the exemption is removed and the new homeowner must apply for the exemption. Applications for this program are available at the Town Office and must be filed by April 1 each year. Once your application has been approved, it is automatically renewed each year that you qualify for the exemption.

Forms are also available at the Town Office for Veterans Exemptions for all veterans, widows, widowers, minor children or widowed parents of veterans who have served in a federally recognized war period and have reached the age of 62.

The State of Maine Business Equipment Tax Reimbursement Program provides for reimbursement of local property taxes paid on most personal business property. Eligible business property must have been placed in service after April 1, 1995. An informational brochure and applications for reimbursement will be available at the Town Office in September, 2014 to claim reimbursement for 2013 taxes.

All participants with parcels enrolled in the Maine Tree Growth Tax Program are required to certify to a current forest management and harvest plan and file an application and Forest Type Map with the local assessor every ten years. If a piece of property enrolled in the Program was transferred, the new owner has one year from the date of transfer to comply with the provisions of the law. Landowners who fail to meet the requirements of the law are disqualified from classification, and must be withdrawn from the program and the required penalty assessed by the Town. If you have questions about your application on file with the Town, please contact me.

The Maine Residents Property Tax and Rent Refund "Circuit Breaker Program" has been replaced by a refundable Property Tax Fairness Credit that can be claimed on the Maine Individual Income Tax Form. Assistance in applying for this credit is available by calling 207-626-8475 weekdays from 8 a.m. to 4 p.m.

The Assessors' Agent is available for appointments with taxpayers as needed. I am typically in the office each Tuesday but my schedule may change. The schedule is available at the Town Office by the first of each month. Property inspections comprise a portion of my responsibilities in the Spring and Summer so I may not be in the Town Office all day, but I will stop at the office each morning to see if anyone wants to schedule a time to meet me that day.

I am thankful to your dedicated Town Office Staff for their assistance and to the Assessors for their support. Thank you for the opportunity to serve as your Assessors' Agent.

Respectfully submitted,

Vernon Ziegler, CMA Assessors' Agent

Road Commissioner

ICE! ICE! ICE! It is all just a memory now but we had plenty of ice in late December 2013. To a certain extent it was a reminder of the Great Ice Storm of 1998. Most places were several days without power and the roads were at times treacherous due to the ice on the roadways, downed power lines, and with trees and tree branches everywhere. I would like to thank everyone who helped with the clean-up and for patience of everyone else as we worked our way through it.

This past paving season due to budget constraints, we took a step back from our paving plan and resurfaced portions of the Tuckerbrook Road, Masalin Road, Townhouse Road, and the Stan Cilley Road. We hope to get back on schedule this year by resurfacing Greenacre Road and the paved portion of North Cobbtown Road. It less expensive to keep our good roads in good condition rather than allow them to deteriorate to the point where a major rehabilitation is necessary. The paving plan allows us to keep the paved roads in good condition so that these roads are safe and convenient for travel and so that the snow can be removed in a more efficient and effective manner. We cannot postpone maintenance as in doing so the costs go up in the long run.

The Town maintains more than 9 miles of gravel roads. These roads require much more routine maintenance and are the source of many more complaints about upkeep than our paved roads. We do what we can within budgetary constraints and weather conditions to keep these roads in good travel condition. This year the Board of Selectmen is seeking funds to establish a road

improvement reserve. I support this effort and that these roads are paved someday. I hope you support this effort as well. Otherwise we will just be able to keep patching the roads to so that they are passable.

During the winter season we ask that you not park your cars alongside the roads or in the turnarounds at the end of dead end roads as doing so slows down our ability to quickly and safely remove snow. It is also helpful if when the snow is removed from your driveway that it is not deposited in the roadway, over your culvert ends, or in the ditches. If we all work together on this then the roadways will be safer and when the snow melts the water will have a good place to escape the road and due minimal damage.

In closing, I would like to thank the citizens for their continued support of our program and budget. I would also like to thank those who assist me in maintaining the Town roads with a particular thank you to Larry Thomas for his snow removal efforts. I couldn't do it alone and these people are there when we need them.

Respectfully submitted,

Bernard I. Young Road Commissioner

WELFARE DIRECTOR

General Assistance Appropriation	\$12,380.00
General Assistance Funds Expended as of 3/31/2014	\$ 4,010.00
Expense Breakdown	
Housing	\$2,337.00
Food/Household Supplies	\$ 549.00
Electricity	\$ 224.00
Heat (oil/propane, etc.)	\$ 900.00
Miscellaneous	\$ 0.00

As of March 31, 2014, the town has assisted 12 households who have qualified for general assistance as per the guidelines set forth by the Maine Department of Health and Human Services. The general assistance maximums, which are adopted by the Lincolnville Board of Selectmen annually, determine how much a household may qualify for based upon the basic needs and their income.

The general assistance program is mandated by the Federal and State government, and is funded through local property taxes. The state reimburses the town 50% of the audited expenses.

There are three (3) assistance funds maintained in Lincolnville from which qualified households in need may seek help:

- 1. The *General Assistance* program explained above;
- 2. A *Special Welfare* fund which is supported by private individuals and the West Bay Rotary Club;
- 3. The *M. Alton French* Account, which is funded annually with dividends from the M. Alton French Estate;

The property tax funding level for the general assistance program, which is adopted at the annual town meeting, plus the half expenditure rate reimbursement from the State looks to be adequate for the new fiscal year.

The Special Welfare fund has its own set of rules and procedures separate from the State mandated general assistance program. Those who may not qualify for assistance under the general assistance program may find that they fall under the special welfare category.

The M. Alton French account is a trust that was set up by philanthropist M. Alton French as a means of assisting "the industrious poor" of Lincolnville. Who are the industrious poor? According to language of the trust, they are those citizens "who find themselves in difficult circumstances through no fault of their own." Those eligible include those who are still working as well as those who are retired and living on fixed incomes. The French Account is administered jointly by the Town Administrator and the Welfare Director. Anyone who feels they may qualify for any of these programs should contact me.

Respectfully submitted,

Jodi R. Hanson Welfare Director

ELECTRICAL INSPECTOR

There were seven commercial and twenty-eight residential electric permits issued in 2013.

Please be aware that the new 2014 Electric Code update is in force and that there are some service changes. The biggest change will be the Arc Fault Circuit breaker code. Every circuit, with the exception of garages, basements, and outside outlets will require Arc Fault Protection, even though some of the circuits may already be ground fault protected. Dishwashers need to be ground fault protected. This change pertains to any new additions, alterations, or new construction; any existing wiring does not need be changed.

Please be reminded that you must have a permit for all electrical projects.

Respectfully submitted,

Michael H. Alley B & R Electric Lincolnville Electrical Inspector

HARBOR MASTER

Lincolnville harbor has seen another busy season. There is an ongoing construction project on Seal Island, coinciding with the normal activity on Islesboro and Seven Hundred Acre Island.

The pier has between seventy and eighty workers using the pier, along with supply trucks and the workers' personal vehicles. It has taken a toll on the deck of the pier over the last year. We created a wait area for pedestrians for safety reasons. The pier also was used for commercial fisherman usage, including bait and lobster trucks, and we saw an increase in pleasure boat traffic this season. The pier is a valuable asset that generates a lot of revenue and jobs in this town.

Fortunately there was no major storm damage to report this year. We will be rebuilding the Wave Screen later this year with funds obtained from the Small Harbor Improvement Grant. The town received \$106,000.00 in grant funding and the total project is estimated to cost approximately \$212,000.00. The pier deck will need some repairs done this season, and we need to start putting money aside for major repairs in the future.

This season there will also be a daytime sail boat operating from our harbor which will make three trips a day, in addition Tour Boat operating from the pier.

I would like to extend thanks to our Board of Selectmen, the Town Administrator, the Harbor Committee, the Town of Islesboro and anyone else that helped out with their support.

Respectfully submitted,

Michael Hutchings, Marine Harbor Master Kendall Smith, Deputy Marine Harbor Master

Michael Hutchings & Kendall Smith.

INLAND HARBOR MASTER

As Inland Harbormaster part of my duties are to patrol local bodies of water enforcing boating regulations, promoting boater safety, conducting property checks, setting navigational aids and enforcing violations of the law on Megunticook, Norton, Pitcher, Colman and Levensellar Ponds. The same is done during the winter months to include snowmobile checks and monitoring all ice activities.

I also work closely with the Town's Code Enforcement Officer concerning issues within the shoreline zone; we also work together on water quality issues. Transportation by way of boat or snowmobile is provided to both the CEO and Assessors' Agent to view island properties when necessary.

I work in partnership with the Coastal Mountain Land Trust in helping them promote safety, enforce burning regulations, and conduct property checks on both Fernald's Neck and Young's Neck.

The Megunticook Lake Watershed Association runs a Courtesy Boat Inspection program at Breezemere Park boat ramp on Norton Pond. This voluntary watercraft inspection program is designed to prevent invasive aquatic plants like milfoil from entering our waters. Last year we inspected over 1,000 watercrafts at the three boat ramps on Megunticook Lake, and Norton Pond. Along with monitoring this program I also monitor all activities at Breezemere Park.

Respectfully submitted, Justin Twitchell Inland Harbor Master

HARBOR COMMITTEE

In 2013 there were several new members appointed to the Harbor Committee. Through the efforts of the harbor committee, the town administrator and the harbor master the town has been awarded a matching funds grant to repair the severely compromised wave screen in the harbor. This wave screen protects the inner harbor moorings and the float and ramp system from damage. These facilities are owned and maintained by the Town of Lincolnville for commercial and recreational use and are funded by harbor fees and tax revenue. The matching grant funding will assist in repairing the remaining two sections that are in poor condition. Through these efforts, the access to the harbor will remain serviceable and potential damage to the float system due to weather events will be reduced.

The harbor fees have seen their first increase since 2006. The 10% increase on all harbor related fees will help contribute to the maintenance and repair of the existing infrastructure and compensate for increased materials expenses.

The committee has been working on addressing the items listed in the 2006 comprehensive plan report and annually reviewing the harbor ordinance as required by the ordinance.

Respectfully submitted,

Shane Laprade, Chair

From left: Shane Laprade, Steve Nystrom, Justin Blake and Ben Hoops.

Missing: Shey Conover.

BUDGET COMMITTEE

The Budget Committee process for the 2014/2015 budget cycle began in late August 2013 when we met to elect officers and to discuss the budget process with the new committee members. In January and February 2013 we reviewed the provider agency requests and voted on our recommendations.

In accordance with the Town Charter, the municipal budget was completed and presented to the Budget Committee on March 18, 2014 and the school budget was completed and presented to the Budget Committee on April 15, 2014. On April 29th the Budget Committee held a Public Hearing on the municipal and school budgets to give the citizens of Lincolnville another opportunity to review the budgets and present their views to the Budget Committee. As with all Budget Committee meetings these meetings were open to the public and we welcomed and encouraged the citizens of Lincolnville to attend.

The Budget Committee made their final recommendations on the 2014/2015 budget on May 6, 2014. From the beginning of the process through the May 6th meeting, the citizens of Lincolnville had multiple opportunities to be involved in each step of the budget process, whether it be at a Selectman's meeting, a School Committee meeting, a Budget Committee meeting or other special meetings to address other town budget issues. As well, copies of the municipal and school budgets were available at the town office throughout the budget process.

I want to take this opportunity to thank the Board of Selectmen and the School Committee for opening their meetings to the Budget Committee. I also want to thank Budget Committee members Cecil Dennison, Reed Mathews, Ed O'Brien, Seth Horton, Cathy Hardy, Jim Sinclair, Tracy Colby and Daina Hill for their dedication, hard work and support. And finally, I'd like to thank all of the citizens of Lincolnville who attended meetings and became involved in the budget process.

Respectfully submitted,

Tom Wilhelm Chair of the Budget Committee

From left: Cecil Dennison, Tracy Colby, Reed Mathews, Daina Hill, Tom Wilhelm, Ed O'Brien, Cathy Hardy and Jim Sinclair. Missing: Seth Horton.

CEMETERY TRUSTEES

The Cemetery Trustees have oversight for the maintenance and upkeep of some 23 cemeteries in Lincolnville. These cemeteries range from quite large and well defined to single gravestones that are in what is now deep woods but once was meadow land. With all their variations they require a variety of services that are assessed by the Trustees. At a minimum each is well cleaned twice a year, grass and weeds are trimmed, brush is cleared, branches are picked up, leaves are raked. The condition of gravestones is evaluated for cleaning and repair and boundaries are determined. Flags are placed on Veteran's graves before Memorial Day and removed after Veteran's Day.

At the heart of cemetery work are volunteers and at the heart of the Cemetery Trustee work is involving the community in the cemeteries. Last spring we organized a "Keeping Memories Alive" day at Hillside Cemetery (Upper Cemetery) in which we put out the veterans' flags, cleaned up winter debris and learned about the people buried there. Unfortunately the weather was terrible, but we had requests to organize another special day which we plan to do.

Out of that day we have a family that continues to care for the cemetery on a regular basis. We would like to find other families to "adopt" other cemeteries and we will work with them on the clean up as well as learning more about the history and the stories that go with the Lincolnville families who are buried there.

We are grateful to the Boy Scouts who did an excellent job collecting the flags from many cemeteries after Veteran's Day.

This has been an exciting year as the Trustees worked with the Maine Old Cemetery Association and other groups in giving testimony before legislative committees to change legislation to provide better care for the state's Ancient and Abandoned Cemeteries. We have made significant progress in assuring that all such cemeteries and graves will have appropriate care. We will participate in developing further legislation. In accordance with the new law we will be developing guidelines for cemetery maintenance and will be seeking funding for the repair of stones.

We were able to do Ground Penetrating Radar studies on two North Cobbtown Cemeteries that gave us a better idea of where there are graves with missing stones. It was fascinating to observe. We would like to do similar studies on other burying grounds.

At the end of May, MOCA is offering a four-day workshop on repairing old gravestones and mapping cemeteries. Several Trustees will be attending so that we might apply this knowledge to our own cemeteries.

We encourage anyone who is interested in fun outdoor work and fascinating history to contact us about helping in the cemeteries. Cecil Dennison can even teach you to do grave dowsing which is very special experience.

Respectfully submitted,

Corelyn Senn, Secretary Members: Cecil Dennison, Chair, Everett Fizer, Fred Heald, Dwight Patten, Peg Miller, Brett Haining, Corelyn Senn

FINANCIAL ADVISORY COMMITTEE

The Financial Advisory Committee (FAC) was created to advise the Select Board in financial matters, particularly on the level of Town reserves and to monitor the investment of those reserves. The FAC meets on a semi-annual basis and at other times as needed.

The FAC also reviews Town cash flow trends to determine if reserve balances need adjustment. The FAC provides guidance as to the allocation of reserves to investment asset classes in accordance with Town and State of Maine guidelines and reviews the performance of investment professionals retained by the Town to invest and manage those reserves.

The FAC has also recommended that reserves be invested as follows: 5-10 percent in cash and cash equivalents, 60-65 percent in bonds, primarily short term government or government backed issues, and 25-30 percent in equity oriented investments, such as mutual funds or exchange traded equity funds.

The Town has retained First Advisors, a division of First Bancorp, Inc. as its investment advisor. The FAC receives and reviews performance reports on a quarterly basis and meets with the investment advisor at least annually.

The Town earned \$92,800 in net income and capital appreciation on its invested reserves for the calendar year ended December 31, 2013. This represented an annual return of 4.4 percent net of fees on a weighted average reserve balance of \$2.109 million. We presented these results to the Select Board at its February 10, 2014 meeting.

For the three months ended March 31, 2014 the Town earned \$17,503 in net income and capital appreciation on its invested reserves, a first quarter return of 1.1 percent net of fees.

Based upon our review, we recommended that the Town continue to work towards maintaining adequate reserves and also maintain its investments with First Advisors.

Respectfully submitted,

Linwood Downs, Chair

MaryAnn Mercier, Steve Kemple and Linwood Downs.

CAMDEN HILLS REGIONAL HIGH SCHOOL FIVE TOWN CSD

Camden Hills Regional High School is widely known as a great secondary school. This well deserved reputation is made possible by the considerable support of all of the member communities, and strengthened by the strong effort and talent of the students, members of the staff, and school administration. CHRHS is a school where excellence is valued, accomplishment is expected, and experience reaffirms that hard work and determination pays off. Over 93% of the students at CHRHS graduate within four years. Last year, over 72% of the graduates went on to post-secondary education.

While at CHRHS, students have an enviable array of choices. The range of courses is extensive, and students have the opportunity to select from a number of electives when planning their academic program. Many students achieve college credits during their high school career. A number of co-curricular and extra-curricular activities give students an opportunity to develop their skills, leadership, and interests. Student accomplishments in the arts are spectacular. Increasing numbers of our students participate in school sponsored global travel and cultural experiences. Our students are competitive in athletics and are recognized for good sportsmanship.

It would be tempting to be satisfied with the level of excellence that exists at CHRHS, but that is far from the case. World and local conditions dictate the need for continual review, fine-tuning and improvement in order to remain competitive. For several years, the Five Town CSD Board of Directors and school administrators have identified and discussed social and economic conditions that are driving the need for massive change in education. It is not sufficient to educate the majority of students to a high level. All students need to graduate prepared to be globally competitive and ready for citizenship, college, and work – every single one. That means working even harder and smarter as a school community to find ways to make sure that every student is well prepared. We know that demographics in the Northeast and midcoast Maine in particular are changing. There is a general increase in the average age of the population, and a general decrease in the number of school age children. We have an increase in the percentage of students who are eligible for free and reduced lunch. Economic pressures on the community have not abated, and our school district needs to continue to learn to get an even better result with fewer resources.

For all of those reasons, the Five Town CSD Board has established three goals for the 2013-2014 school year. The first goal is to integrate technology at all levels to achieve school wide outcomes and to help the school to operate more efficiently. CHRHS has selected ipads as a technological tool to increase student achievement. This kind of technology makes the location and time of learning irrelevant, provides a way for students to communicate ideas and information across the globe, and puts vast amounts of information in students' hands instantly. It also requires more rigorous critical thinking, evaluation and judgment, which increases the complexity of what students are required to learn. Also, through the increased use of technology, the school district as a whole is implementing more effective and efficient ways of operating and managing the day-to-day business of running the school.

The second goal is to develop and implement a system and process for evaluating budget priority programs and new programs. In the central office, the administrative staff has been working to compare the costs of the various sections of the CSD budget to the cost centers of other school systems across the state. We are continuing an in-depth analysis of this cost comparison, especially in one or two areas where preliminary information showed that our costs might be greater than other districts. We have contacted other schools, asked detailed questions, and have plans to visit other sites. Central office administrators have also investigated other ways to

maintain our schools and found ways to increase efficiency, including energy usage, in both the near term and in planning for the future.

The third goal is to prepare for issuing a standards based diploma. Before the passage of the recent legislation requiring a proficiency based diploma, the Five Town CSD Board already voted to adopt a standards based system where there is a clear articulation of what students need to know and be able to accomplish in order to graduate ready for success in college, career and civic life. Teachers have identified academic standards for students for many years. This year, the staff and administrators across the five towns have worked collaboratively to make sure that students who enter CHRHS have common educational experiences so that they can successfully transition to CHRHS. Also, representatives from every school kindergarten through high school are continuing to work together to define new proficiency standards for graduation, determine how to track achievement of the standards, and to ensure that all students have the opportunity to learn to a high level all along the way. There are many decisions that are yet to be made and public meetings will be planned to discuss a number of topics related to the standards based diploma.

Staff and students have accomplished a great deal more that could be specifically cited and celebrated. Since it is impossible to do justice to the deserved recognition in this format, I encourage all of you to attend any of the many school events, performances, demonstrations, or sports events to experience first hand and enjoy the accomplishments of our students and staff.

RECREATION COMMISSION

Maintaining the athletic fields/tennis court at Lincolnville Central School and the park at Breezemere/Norton Pond has been the responsibility of the Recreation Commission. We enjoy high-quality fields used by LCS sports teams, Little League baseball, YMCA youth programs and many individuals from the surrounding area. Swimming, boating, fishing and picnics are all possible at Norton Pond thanks to volunteer efforts by our commission member's keeping the area clean and working with other users.

Welcome to newest members Lesley Devoe and Carl Aselton. Tim Moody, Don Heald and Mike Kremin round out our current group. There are slots open to serve and we encourage those interested to contact the Town Office for details.

From left: Mike Kremin, Lesley Devoe and Carl Aselton. Missing: Donald Heald, IV. and Tim Moody.

PLANNING BOARD

This year again, Planning Board activity has been sporadic, with some meetings cancelled for lack of applicants and once for the weather. Since April 2013, the Board has reviewed the land use changes subsequently approved in June 2013, reviewed six Shoreland Zone buildings or expansions; and three commercial site plans or expansions, including a church and a brewery.

The current Planning Board is Chair Lois Lyman, Vice Chair Scott Crockett, members Shane LaPrade, Paul Crowley, Benjamin Hoops, with alternate Jay Foster. Serving on the Planning Board requires homework and site visits as well as thoughtful interpretation of ordinances and balancing the needs of applicants, neighbors, and the town. Many thanks to the Board members for their regular attendance and hard work.

PLEASE NOTE that the Board will have two vacancies for the year starting in July. We welcome new members. Serving is an important way of helping the town. Don't be afraid to learn on the job - we all have done that. Your point of view is important!

Thanks to recording secretary Jeanne Hollingsworth for providing excellent records of our meetings and hearings, and we are indebted to CEO Frank Therio, David Kinney and Cheryl Ten Broeck for their ongoing support.

The Planning Board holds televised meetings on the second and last (4th or 5th) Wednesdays of the month. Meetings begin at 7:00 p.m. unless there is a very long agenda or a public hearing. Meeting agendas are posted on the Town website, and an early start will be announced there. The public is welcome at all meetings, site walks, and workshops. We strongly encourage you to attend meetings on applications that may affect you, or to make your concerns known in letters or emails to the Board via the Town Office, if you cannot attend.

Respectfully submitted,

Lois B. Lyman, Chair

From left: Jeanne Hollingsworth, Recording Secretary, Shane Laprade, Lois Lyman, CEO Frank Therio and Scott Crockett. Missing: Ben Hoops, Paul Crowley and Jay Foster.

CONSERVATION COMMISSION

The Lincolnville Conservation Commission's mission is to help preserve and manage the natural resources of the town and promote good conservation practices.

The tree steward reported that this winter's ice storm left many people in town without power for various lengths of time. Some outages were due to birches and evergreen branches settling onto lines and sparking. Many of the main outages occurred when large broken limbs or whole trees outside of Central Maine Power's clearances fell and knocked down lines. These trees were often 16 to 20 feet into the roadside woods, far beyond the company's required 8-foot clearances to either side of the power lines.

CMP's last five-year tree trimming cycle had nearly ended this winter, so Lucas Tree Experts shifted its focus from cleaning up storm damage to doing the planned trimming for the next five-year cycle. CMP agreed that many of the outage problems this winter came from beyond its clearance requirements. This year it is taking down more potential problem limbs, hazard trees, and smaller trees in hopes of improving service when the next ice storm occurs.

The extensive trimming of damaged trees and the subsequent regular cycle trimming left many limbs lying along the town's roadsides. Residents were reminded that it is important for anyone wishing to take this for firewood to ask the landowner's permission. The wood belongs to the landowner even though it is in the road's right of way.

This winter the town received a Maine Department of Environmental Protection permit to construct a footpath that will begin near the new Lincolnville Community Library, go through the town-owned wetlands and end at the rear of the Lincolnville Central School soccer field. The route is about 900 feet long and will provide a connecting nature trail from the school's recreational fields to the storage lot across from the gazebo in Breezemere Park.

The 3-foot wide trail will be a footpath only and not for use by motorized vehicles. It will be marked with signs and could become a useful trail for school nature studies as it goes through a fairly dense lowland area. It will also complete a circular route of about one mile that pedestrians will be able to follow from the school, across the athletic fields, down the trail, along the road through the center of town and back to the school.

The Recreation Commission kindly donated a used bridge from the old swimming dock system and a crew of volunteers moved it into the woods behind a nearby residence, where the trail will cross a seasonal stream. CMP also delivered wood chips from its line clearance trimming to the float storage lot near the trailhead. Commission members planned to begin spreading the chips along the footpath this spring. The hope is that people will be able to walk the path that meanders through the lowland woods a good part of the year and still keep their feet dry.

ROUTE ONE ADVISORY COMMITTEE

The Route One reconstruction project continues to be on hold until funding is available from the State. Two sections of the original four sections remain unbuilt, respectively, from Carvers' Lane north to the Northport town line, and from Route 173 south to the Camden town line.

The Route One Committee continues to try and get clear written agreements from the Maine Department of Transportation, so that when the funding is finally available to finish the job, the town won't have to go through the planning process with them all over again. The Route One Advisory Committee, with several original members, has been at this work since 1994.

Our consultant Brian Kent has continued to be an invaluable asset in helping our committee navigate the difficult waters involved in reaching agreements with Maine DOT.

Respectfully submitted,

Chris Osgood & Diane O'Brien, Co-chairs

Chris Osgood & Diane O'Brien.

Missing: Will Brown, Brad Payne, Rob Newcombe, Richard M. McLaughlin and John Black.

LINCOLNVILLE COMMUNITY LIBRARY

The Lincolnville Community Library opened on February 1, 2014, in its new building at 208 Main Street in Lincolnville Center. The opening marked the successful completion of a campaign to raise \$208,000 to renovate the former one-room schoolhouse, owned by the Historical Society, and build the adjacent Jackie Watts Open-air Museum.

It was in October 2012 that nearly 200 people gathered to grab a long rope and help pull the shell of the old building across Main Street to its new home. Then in the spring of 2013, a large team of skilled volunteers and professional contractors started renovating the former schoolhouse, giving it everything from a new roof and clean white clapboards to insulation, refurbished windows, and a beautiful red-birch floor. They also built the addition that houses the workroom for librarians and a bathroom.

Next to the library building, a crew led by women spent the summer building the two wooden sheds for the Jackie Watts Open-air Museum, which houses historical exhibits. Another group of volunteers started beautifying the former vacant lot and will continue landscaping this spring using native plants and shrubs.

Organizers are extremely grateful to the more than 300 individuals and businesses that joined in this community project by donating money, materials, services and countless hours of labor. The project was also supported by generous grants from the Stephen and Tabitha King Foundation, the Davis Family Foundation, the Maine Community Foundation, the Maine Humanities Council, the Morton-Kelly Charitable Trust, and the Waterwheel Foundation.

While some finishing touches must still be added, the library is already proving to be a popular space where community members come to read, check out books, and enjoy programs such as game night, a book discussion group, and concerts and author talks. It offers free wireless Internet access and computers for patrons to use and is developing an online book cataloging system. In November the library was recognized by the state as having met the basic criteria for a Maine public library.

The Lincolnville Community Library is supported entirely by private donations and does not receive any funding from the town. The town owns the property and is leasing it for \$1 per year to the Historical Society, which in turn allows it to be used for the library.

The library is managed by a board of directors and staffed by a large team of volunteers. Hours are Tuesday from 5 to 8 p.m., Wednesday from 2 to 7 p.m. (9 p.m. on program nights), and Friday and Saturday from 9 a.m. to noon.

Respectfully submitted,

Sheila Polson Library Director

LINCOLNVILLE IMPROVEMENT ASSOCIATION

The approximate 50 members of the Lincolnville Improvement Association have continued to congregate during the 2013 year. Meetings are held during the months of May through October on the third Thursday of each month beginning at 5:30 PM.

Our purpose for meeting is to unite and energize the community around various activities and fund raising projects which advance the economic and cultural well-being of the town. We continue to provide individual scholarship awards to qualified high school students living in Lincolnville.

One of the two historic schoolhouses located on Rt. 173, we house the Lincolnville Historical Society on the second floor. The L.I.A. has the responsibility for the maintenance and operation of the building via a lease from the town. The L.I.A. membership maintains the flowers in the boat at the beach and many of the members have also accepted the responsibility for the various plantings that decorate the beach. The association provides the lighting for the tree at the beach and also sponsors the annual Christmas by the Sea Christmas party in the L.I.A. building.

This past season a significant rehabilitation project was done on one side of the building. We hope to prime and paint that side during the coming year. We will also be planning several other projects for the coming year.

Our major fund raiser is the annual Blueberry Wing Ding which is held on the 2nd Saturday in August. This year it will be on August 9th at McLaughlin's Take Out at the Beach. This is a delicious blueberry pancake breakfast. Last year we fed close to 400 people. This activity will be accompanied by the sale of blueberry related baked goods, crafts, Lincolnville t-shirts and afghans. Our now famous raffle is a major portion of our financial success. We would like to thank Chez Michel, The Edge, Cellardoor Winery, Copper Pine Café, The Lobster Pound, Whale's Tooth Pub, and Youngtown Inn for participating in this raffle.

The L.I.A. extends an open invitation to anyone interested in becoming a member. (This is not restricted to Lincolnville residents.) Our meetings provide healthy social interaction including pot luck suppers and include an interesting schedule of guest speakers.

All members of the L.I.A. would like to thank Chuck Stevens for his excellent service as a sexton of the building. Further information concerning membership may be obtained from any of our existing officers or members of the association. Brian Cronin, Vice President, Dr. Robert Day, Treasurer. Marge Olsen, Recording Secretary, Vivia Andrews, Corresponding Secretary, Lee Cronin, Fund Raising Chairman, and Andy Andrews, Building Committee Chairman.

Respectfully submitted,

Robert Plausse President

LINCOLNVILLE HISTORICAL SOCIETY

This has been a busy year for the LHS. We've been closely involved in the revitalization project at 208 Main Street in the Center – the Open Air Museum and Community Library. Since the LHS is a 501c3 non-profit organization any donations we accept are tax deductible. Also, grant-writing institutions generally require the 501c3 status before giving money. The LHS became the fiscal agent for the whole project which involved a fair amount of bookkeeping.

We raised \$154,142.59; our budget to complete the project, including one year of operation for the library, was \$208,000. So, that means the volunteer hours and services from professionals are worth about \$54,000. We gratefully thank everyone who supported the project in so many different ways: finish carpentry on the old windows, plumbing and wiring, a truckload of fresly-sawn boards, teaching skills such as hand-cutting lap joints, plates of cookies for hungry workers, to cash donations big and small. When you visit the library, be sure to read the list of donors in the entryway!

The Jackie Young Watts Open Air Museum was dedicated last October. The structures are finished, made almost entirely out of lumber harvested and sawn in Lincolnville, much of it donated and built by a crew of enthusiastic, eager-to-learn women. This spring and summer we'll be filling those open-fronted sheds with large equipment used in Lincolnville's past. At this writing the marine exhibit is finished.

Thanks in part to a grant from the Maine Humanities Council outdoor quality signs will be made to explain the displays. Reaching completion now is a 6.5 foot square outdoor map for the site called How Lincolnville Grew. Since the Open Air Museum is within walking distance (via the foot trail through town-owned land) classes from the school will be able to come here and learn about our history.

The Schoolhouse Museum, second floor of the old Beach School (also known as the Lincolnville Improvement Association building) at 33 Beach Road, opens for the season on June 23. It will be open through Columbus Day weekend on every Monday, Wednesday and Friday, 1-4 p.m. Stop by and see new displays, including an interesting old map depicting the earliest ownership of most of Lincolnville lands.

Respectfully submitted,

Diane O'Brien, President Lincolnville Historical Society

Lincolnville Historical Society School House Museum

MEGUNTICOOK WATERSHED ASSOCIATION

The Megunticook Watershed Association (MWA) is devoted to environmental preservation and improvement. We're hard at work to maintain and better the quality of the Megunticook Lake, Megunticook River, Norton Pond, Moody Pond and their feeder streams in Knox and Waldo counties. We also work to improve the quality and safety of swimming, boating and fishing in these waters.

We run the Courtesy Boat Inspection program at the Breezemere Park boat ramp on Norton Pond. This voluntary watercraft inspection program is designed to prevent invasive aquatic plants like milfoil from entering our waters. We inspected over 1,000 watercraft in 2013 at the three boat ramps on Megunticook Lake and Norton Pond. This coming year we hope to expand the program using high school students. We also monitor the water quality in the area waters through the Partners in Monitoring program. This program conducts weekly bacteria testing (May through September) at sites on Norton Pond, Megunticook Lake and River, and Hosmer Pond. We continue to work with town officials to decrease the number of swimming advisories on Norton Pond due to elevated bacteria levels.

Other Activities:

The Megunticook Watershed Association employs a Lake Warden who patrols the waters enforcing boating regulations and burning regulations on Fernald's Neck and Young's Neck. Other duties that benefit the Town include: property security checks in hard-to-reach locations; setting navigation aids; monitoring activities at Breezemere Park and boat ramp; and working with Lincolnville's code enforcement and tax assessor.

For more information on the MWA go to www.megunticook.org and coming soon, on Facebook!

Photo submitted by Justin Twitchell.

COLEMAN POND ASSOCIATION

The purpose of the Coleman Pond Association is to preserve and protect the natural character of the pond, to enhance its water quality, and, through education, to promote its responsible use.

The \$25 yearly membership fee supports the following: monitoring the water quality of the pond, prevention and elimination of water pollution through education, protecting the pond from invasive aquatic plants, collecting and providing information pertaining to the pond's health, and membership in the Congress of Lakes Association (COLA). We publish two newsletters per year. Our annual meeting is the third Saturday in July; we invite a guest speaker and facilitate an open discussion of pond issues.

At the request of CPA, Rob Lovell samples and tests the water of Coleman Pond twice a month at three locations from May through October for fecal coliform, dissolved oxygen, acidity, temperature, and transparency.

This past summer a fish ladder was built on the outlet of Coleman Pond to provide passage for alewives. The Coleman Pond dam was renovated in the process. The Atlantic Salmon Federation funded this project.. The Coleman Pond Association is hopeful that the Maine Department of Marine Resources will stock the pond with alewives this spring.

In October 2013, the Coleman Pond Association once again hired the Youth Plant Patrol, Friends of Cobbossee Watershed to conduct a level 3 survey. The YPP found no invasive aquatic plants. They noted the locations of native milfoil, Farwell's Water milfoil, on a map of Coleman Pond. Fresh water jellyfish were also observed.

The Coleman Pond Association is represented on the Lincolnville Lakes and Ponds Committee.

Respectfully submitted,

The Executive Committee (Carol Arone and Whitney Wing Oppersdorff, co-presidents; Mark Lutz, vice-president; Tom Oelerich, treasurer; Tony Oppersdorff, secretary).

PITCHER POND ASSOCIATION

WANTED: A rear view mirror for my kayak! This was my feeling on the evening of August 20, 2013, as boaters from up and down Pitcher Pond gathered for the first annual full moon paddle. Behind me, the sun was setting in all its late summer glory; directly ahead, a full moon was rising over Knight's Pond. It was hard to know which direction offered a more spectacular testament to the beauty of our lake. If this sounds tempting, mark your calendar for the full moon in August; the second annual full moon paddle promises to be an even more memorable event, possibly including libations along the shore.

At our annual meeting, Pitcher Pond property owners also assembled on July 30, 2013, for their annual meeting and potluck supper. Following are highlights of that gathering, updated in some cases to take into account events since; the meeting was called to order by President Steve Savitz. Steve thanked past presidents Kathleen Oliver and Karen Good for their advice and assistance.

General business and minutes: The minutes from the 2012 meeting were approved without objection. Those minutes were included in the 2013 issue of "Call of the Loon" and additional information about the Pitcher Pond Improvement Association was published in the 2013 Lincolnville Town Report (page 67). Steve commended Kathleen Oliver for preparing the 2013 "Call of the Loon."

Treasurer's Report: Andy Oliver provided the treasurer's report, which showed a positive balance. Expenses during the previous year included distribution of the "Call of the Loon," a \$250 contribution to the Congress of Lakes Association (COLA) and payment for water testing.

Water Quality: Andy Oliver accompanied Rob Lovell in June, 2013, as he tested water quality in the same four locations (Sucker Brook, outlet to the dam, deepest spot near Loon Island and mid-pond near Turtle Rock) as in 2012. The results are awaited but the general impression is that the water quality is good. The test results from 2012 are available in electronic form. Steve noted that water is tested much more frequently on Coleman Pond and that they have a representative of the Volunteer Lake Monitoring Program (VLMP). Kathleen Oliver pointed out that Pitcher Pond flushes 2 1/2 times per year. Steve asked about PPIA contributions to COLA and/or the Maine VLMP. It was agreed that for 2013, and pending how much may be needed for dam maintenance, PPIA would contribute \$125 to each organization.

Dam/Gate issues: Steve reviewed the recent dam history, including the 2012 decision to request a follow-up inspection by Kleinschmidt to their 2009 inspection (with report issued in 2010). Steve said he sees no real changes at the dam and feels that an inspection should precede any work being done. Steve invited anyone who knows potential contractors to suggest names in case work does need to be done. There was also general discussion of signage at the dam related to how and why a boat should be cleaned of potentially invasive plants before launching it.

In new business, the following were nominated and subsequently approved unanimously:

Steve Savitz, President (second year of two-year term)
Judy Papian, Vice President
Andrew Oliver, Treasurer
Philip Brown, Secretary
Pat Shannon, Bonnie Savitz, Gerry Caruso, Kathleen Oliver (immediate past president),
Karen Good (past president)

A guest speaker, Deb Smith of Belfast, discussed her study of the bogs and fens of Knight's Pond. She showed slides and shared her knowledge and appreciation of this facet of life in the

Pitcher Pond watershed. For those who wish to learn more, she called the group's attention to the Maine Master Naturalist Program (www.mainemasternaturalist.org). The 2014 Pitcher Pond annual meeting will be a breakfast on the morning of Saturday, July 26, 2014. Both property owners and those who have an interest or a stake in maintaining the health and welfare of the pond are welcome to attend.

Respectfully submitted,

Philip Brown, Secretary

Full Moon Paddle on Pitcher Pond, August 20, 2013. *Photo submitted by Steve Savitz.*

LAKES & PONDS COMMITTEE

For the year 2013, the Lakes and Ponds Committee has met at 7 pm on the third Tuesday of every month with the exception of August and December. As always the public is always welcome at the Lake and Ponds meetings. If this is something you are interested in please stop by. We also have moved our meeting location from the school to the new town office.

The ongoing bacteria levels both in Norton Pond and in the Ducktrap River are just some of the items we are still concerned with this this past year. Shoreland zoning, with regards to, setbacks, planting of buffer zones, and other areas to enhance water quality are where we feel more education and public understanding is needed. The health of our lakes and ponds as well as the health of those using them will always be at the forefront of our agenda. To that end we have had discussions on the best way to get that type of information out to the public.

These past two years have not seen the major washouts of the several years before. We still cannot afford to be complacent but should always be on the hunt for ways to prevent erosion for the future. Planting different kinds of shrubs and other plants as well as leaving existing healthy growth in place will go a long way.

We have access to many sources of information and would welcome questions from our citizens on the best, most effective methods and practices on planting, upgrading and or maintaining shoreland property. We also have information on invasive species, both plant and aquatic animals.

This year we were asked to work with the Consumer Fireworks Committee in regard to the effect of fireworks on the lakes and ponds. This was an issue our committee thought about long and hard. We all also agreed that at some point in our lives we had been on both sides of the issue to a greater or lesser extent. The Lake and Ponds of Lincolnville are the legacy we pass to the future generations.

Respectfully submitted,

Sandy Lyle, Chair

COASTAL MOUNTAINS LAND TRUST

Coastal Mountains Land Trust has worked in the western Penobscot Bay region, including the town of Lincolnville, since 1986. We are a non-profit conservation organization that works to conserve wildlife habitat, scenic landscapes, public access to natural lands, water resources, and productive forest and farmland. Thanks to community and membership support, we have protected 9,380 acres throughout our service region and have many active projects.

The Land Trust has completed 46 conservation projects in Lincolnville. We have protected 1,263 acres using conservation easements, a permanent agreement that keeps land in private ownership while protecting critical resources of the property. We also acquire full title to properties that have extraordinary conservation value, including over 1,200 acres comprising the Ducktrap River Preserve. This preserve is open to the public for low-impact recreational activities, fishing, and hunting of upland game and waterfowl. Each year we enter into a cooperative agreement with the Lincolnville Mountain Goats Snowmobile Club for their use of the main trail through the Preserve. Since last year's annual report, we have not completed any new land preservation projects.

Our office is located at 101 Mt. Battie Street in Camden, open 8:30am to 5:00pm weekdays, and we encourage those interested in our program to stop in for a visit, call us at (207) 236-7091, or visit our website at www.coastalmountains.org.

Respectfully submitted,

Doug Sensenig
Executive Director

Photo submitted by Justin Twitchell.

The Chamber continues to be very appreciative of Lincolnville's generous support of the Penobscot Bay Regional Chamber of Commerce. Town support helps make it possible for our visitor information centers, our website, and the *Discover the Jewel of the Maine Coast* vacation guide combine to provide useful, accurate, and timely information to thousands of short and long-term visitors to the area, and will continue to do so over the coming year. Support and participation also allows us to serve as a supporting voice for Lincolnville.

Over the past year, we have continued to enjoy our connection with the Lincolnville Business Group, we were excited to help support the Lobster SUP Cup-a new event for our region, and help bring traditional events like Christmas by the Sea to Lincolnville Beach, again. We also attended the Boston Travel Show for the first time this year as an exhibitor and were pleased Lincolnville businesses were active participants. We enjoyed talking about the area and were pleased many attendees talked about experiences and stays in the Lincolnville area.

In the broader region, the Chamber continues to support and assist with events like the US National Toboggan Championships, Lobster Festival, Blues Festival, the Windjammer Festival, PopTech!, and the Camden Conference. It is our intention to continue to support the work of these events that benefit and engage residents and visitors alike.

Aside from events and tourism, working with the Midcoast Coast Economic Development District, the Chamber continues to serve as a vital element in the region's economic and community development. We are actively involved on the board and within the Partnership Committee and we continue to press for even closer collaboration and communication between individual communities, development offices and regional entities.

We enjoy supporting and working on behalf of the Lincolnville community, and see a great opportunity for the Chamber to be a continued resource for the area. The support we receive from the Town of Lincolnville is a vital piece of that effort, both as a portion of our budget and as an indication to our members and partners that the town stands with them in seeking to maintain our quality of life.

Respectfully submitted,

Staci Coomer

Executive Director, Penobscot Bay Regional Chamber of Commerce

P.O. Box 1016 • Rockport, ME Tel: 207-236-2467 Fax: 207-236-7968

Dear Residents,

Looking back on the past year managing MCSW, what seemed to be a blur of a year yielded some interesting predicaments. For example, while on a routine inspection of the facility one Monday, I noted intermittent steam emanating from the landfill. Steam in a landfill is not unusual; a good compost heap will go to 150 degrees and generate a lot of steam. But on a hot August morning, it's worth noting! On further scrutiny, I located four areas that were too hot to touch and the odor in the area was definitely "unusual". While the DEP was deciding whether I should hire an excavator to dig up the "fire" I took the advice of others I knew with experience, particularly Chief Peasley of the Rockport Fire Department, and covered the area with two feet of clay prior to its reaching final grade. To date, temperatures measured through sampling ports are on a steady decline and levels of carbon monoxide, tested for six weeks this winter, were always non-detect. We will re-open this area in a few years to bring it to final grade.

Beginning about midway through the year, I began participating in negotiations with Teamsters 340 as the crew at Mid Coast voted in favor of a union. We are hopeful that a contract can be finalized in the near future.

This year we hired the Resource Economics College at University of Maine, to help us evaluate the cost benefit of various options with the north quarry. The reason for being concerned about the north quarry is twofold. As some of you remember, it's really one quarry shaped sort of like an hourglass. The pinched area we refer to as "the gut", is filled and paved and lies at the bottom end of our recycling area. Historical documents with the DEP may indicate that the northern quarry is acceptable as a disposal area for CDD. The second reason is that even filled with material, much of it mineral, water continues to flow from the north through the gut and into the south quarry. This adds significant volume to the leachate we are required to pump from the south quarry for treatment. This on-going cost will last forever unless it can be resolved. The hypothesis we asked UMO to test was that filling the northern end of the quarry with demolition waste, at a tipping fee, may generate enough revenue to cover the cost of the eventual state of the art closure. This would lower leachate generation to its minimum.

While the study is not yet in its final form, it is clear that in only a few quite optimal circumstances it may be worthwhile to pursue filling the north quarry. The study reveals more scenarios in which the quarry should not be filled. Understanding all the variables that would need to fall into place for the endeavor to cover its costs through closure, we are moving forward with an approach that still leaves open the possibility of filling the north quarry but is aimed at significantly reducing the volume of leachate that migrates from the north to the south.

This spring we will be installing a slurry or "grout" wall at the narrowest portion of the gut between the north and south quarry. Once in place it will reduce or eliminate the movement of water between the two ends of the quarry. Initially, leachate pumping and treatment cost should reduce by about 20%. Once the south end receives an engineered closure, this percentage should go up significantly. Of course there is a caveat to this plan. It is predicated on the DEP allowing us to spill water from the north quarry as stormwater once it fills up in a few years. Over my few years here, the water in the north quarry has cleaned considerably, particularly the top sixteen feet. The addition of more fresh water to the north quarry causing it to rise, should only help minimize any further regulatory burden. If the water does not clean to acceptable levels, an argument for filling the northern end would be strengthened or we could provide any necessary treatment onsite.

Lastly, please be reminded that our Annual Household Hazardous Waste Day is June 21; the third Saturday of the month. Signs and fliers will be posted and we look forward to another successful collection. As with last year, the fee you pay for each unit (5 gallons or 20 lbs.) of waste will be \$10! This is a very good rate intended to help increase participation in this collection. We subsidize \$15 for each unit collected. Please note that information will also be posted on our Facebook Page, at Mid-Coast Solid Waste Corporation, as well as on our web page at midcoastsolidwaste.org. Consider these two sites when looking for information regarding this facility or recycling in general. We would appreciate you taking the time to "like" us when you take a look.

If you see improvement at this facility please take the time to thank your representative to the Board of Directors and your town manager as well as this crew as they are the ones that test me and help to keep my mind open as we evolve a system to meet this community's needs in a sound and affordable way. They, like many other municipal volunteers or employees, dedicate significant time and generously share their expertise with us making us all better waste managers. I respectfully thank the Board of MCSWC and our community for the opportunity given me to make things a little bit better. See you at the facility!

Respectfully submitted,

Jim Guerra Manager

HOUSE OF REPRESENTATIVES 2 STATE HOUSE STATION

February, 2014

Friends and Neighbors:

Thank you for allowing me the honor of representing you in the 126th Maine Legislature.

After much thought and consideration, I have made the decision to not seek a second term as your State Representative to the Maine Legislature. My time serving in the House has proven to be a tremendous experience and I have enjoyed having the opportunity to speak with many of you. I believe to give this position due diligence it requires an incredible amount of time. At this point in my life, I treasure the time I can spend with my family and grandchildren and that has become my priority.

Before choosing to run for office, I was aware that as individuals we were facing some tough times, but now I realize that our State faces some tough issues now and in the future. Because of this, it is imperative for all citizens to become engaged in government at all levels.

I encourage folks to do your part and get involved. Join a board, volunteer, and contact your local representatives. Be sure to make your voice heard.

Again, thank you for the trust and faith you have placed in me. It has been a true pleasure serving the folks of House District 44.

Good luck and best wishes!

Letter D Sence

SUSAN M. COLLINS

413 DIRKSEN SENATE OFFICE BUILDING WASHINGTON, DC 20510-1904 (202) 224-2523 (202) 224-2693 (FAX)

United States Senate

COMMITTEES:
SPECIAL COMMITTEE
ON AGING,
RANKING MEMBER
APPROPRIATIONS
SELECT COMMITTEE
ON INTELLIGENCE

Dear Friends:

It is a privilege to represent Maine in the U.S. Senate, and I welcome this opportunity to share some of my work from the past year.

Encouraging the creation of more jobs remains my top priority. I have developed a Seven Point Plan for Jobs in Maine, which includes proposals to spur small business investment, ensure robust workforce education and training, reduce regulatory red tape that stifles job creation, support Maine agriculture and manufacturing, and invest in the infrastructure needed to expand our economy. Traditional industries and small businesses remain the backbone of Maine's economy, and innovation will be important for future jobs as well. I have supported Maine's effort to lead the world in deepwater wind technology and was proud when the University of Maine and its private sector partners launched the first prototype this year. This emerging industry has the potential to create thousands of good jobs here in Maine.

BIW remains a major Maine employer and is critical to our national security. I have worked hard to support the Navy's request for a 10th DDG-51 and to continue construction on the DDG-1000s at the shipyard. This year's annual defense policy bill also contains more than 30 provisions to eliminate sexual assault from our military, including several provisions that I authored.

Partisan divisiveness in Washington continues to prevent us from addressing some of our nation's most serious challenges. Gridlock reached a peak in October with the federal government shutdown that pushed our country to the brink of defaulting on its financial obligations and damaged our economy. As the shutdown continued with no end in sight, I presented a proposal I believed both sides could support. Within days, I was leading a bipartisan coalition of 14 Senators that worked night and day to craft a plan to reopen government, avert default, and restart negotiations on a long-term plan to deal with our nation's unsustainable debt of more than \$17 trillion. Known as the "Common Sense Caucus," we will continue to work to develop solutions and bridge the partisan divide.

Earlier this year, across-the-board federal spending cuts known as "sequestration" took effect. These indiscriminate cuts jeopardized priorities from national security to medical research and stand in stark contrast to the thoughtful and thoroughly debated spending priorities set at town meetings throughout Maine. To bring some Maine common sense to this process, I authored bipartisan legislation to allow federal agencies to set priorities in administering the required cuts and wrote a new law to ensure that sequestration would not disrupt air travel, which plays such an important role in fueling Maine's tourism economy.

I have also enjoyed my work as the ranking member of the Senate Special Committee on Aging where, with Senator Bill Nelson of Florida, we work on issues of critical importance to Maine seniors. The committee has created a toll free hotline (1-855-303-9470) to make it easier for senior citizens to report fraud and scams and to receive assistance. I also serve as the Senate Co-Chair of the task force on Alzheimer's, a devastating disease that takes a tremendous personal and economic toll on more than five million Americans. Better treatment for Alzheimer's and ultimately finding a cure should be an urgent national priority.

Finally, I am proud to reflect our famous Maine work ethic by completing another year of service without missing a single roll call vote. I have not missed a vote since I was elected – a streak that stands at more than 5,300 in a row. May 2014 be a good year for you, your community, and our great State of Maine.

Sincerely.

Susan M. Collins United States Senator ANGUS S. KING, JR.

COMMITTEES
ARMED SERVICES
BUDGET
INTELLIGENCE
RULES AND ADMINISTRATIO

January 22, 2014

Town of Lincolnville 493 Hope Road, Lincolnville, Maine 04849

Dear Friends,

Since arriving to the U.S. Senate last January, I have been looking for ways to provide Mainers with improved access to federal services through the use of digital technology and on the ground outreach initiatives. Maine is a rural state and I know that traveling to our offices can present both logistical and financial challenges.

To help overcome those obstacles, I launched our signature **Your Government Your Neighborhood** outreach program in June 2013. Every other week members of my staff in Maine travel to different towns – ensuring that all 16 counties are served each month - to hold constituent office hours for local residents.

Over the past eleven months my work in Washington has been largely shaped by the four committees that I serve on: Armed Services, Intelligence, Budget, and Rules. These appointments allow me to engage on issues important to Maine and help craft legislation before it comes to the Senate floor. On the Armed Services Committee I work with my colleagues to honor our obligations to members of our armed forces both past and present, as well as ensure the continued strength, efficiency, and sustainability of our military. On the Intelligence Committee I work to effectively mitigate security threats facing our country while also establishing measures to guarantee that the privacy rights of U.S. citizens are protected. On the Budget Committee, I am working to ensure that necessary spending is tempered with fiscal responsibility, and my position on the Rules Committee allows me to push for procedural reforms that remove institutional inefficiencies and help move the country forward.

I am tremendously grateful for the opportunity to serve you and determined to keep you informed of my activities in Maine and Washington. As always, I welcome any thoughts, questions, or concerns that you may have. You can visit my website at http://www.king.senate.gov and provide your input there, or call our toll free in state line at 1-800-432-1599. In addition, our local numbers are as follows: Augusta (207) 622-8292, Presque Isle (207) 764-5124, and Scarborough (207) 883-1588, and Washington D.C. (202) 224-5344.

Sincerely,

ANGUS S. KING, JR UNITED STATES SENATOR SUSAN W. LONGLEY, Judge SHARON W. PEAVEY, Register JUDITH M. NEALLEY, Deputy

WALDO COUNTY PROBATE COURT

To the Citizens of Waldo County:

Thank you for this opportunity to report from Waldo County Probate Court. As you may know, Waldo County Probate Court is a family court. This family court handles such family issues as guardianships, conservatorships, adoptions, name changes and decedent's estates (mostly wills).

As a thank you for the honor of serving as Waldo County Judge of Probate, today I want to share with you my biggest and best "probate basics" tip: Make sure that your legal documents are organized. These important legal documents should include advance directives such as a Medical Power of Attorney (for health care) and a Financial Power of Attorney (for finances). You also want to organize and review your Last Will and Testament.

Once you have organized these 3 legal documents, you can rest assured that whatever happens to you, you will have organized your legal documents so that those who love you can know and honor your wishes.

Finally, next fall, I will re-offer more free "Probate Basics" workshops in area towns. Though I provide legal information, I do this not as an attorney but rather as one hoping to help well-intended citizens who need a bit of help. To add helpful energy at these workshops, I also try to bring goodies.

Maybe see you at a probate basics workshop next fall. Until then, have a safe, healthy and fun Maine spring and summer. Thank you again for the opportunity to serve as judge of probate and for all your kind support.

Respectfully,

Susan W. Longley

Judge of Probate

WALDO COUNTY SHERIFF'S OFFICE

6 Public Safety Way Belfast, ME 04915

SHERIFF Scott L. Story

Administrative Offices 207-338-6786 Fax 207-338-6784 CHIEF DEPUTY
Jeffrey C. Trafton

Honorable Commissioners & Citizens of Waldo County

I offer what will likely be my final annual report as your Sheriff. As most know, I am not running for the office this year and plan on retiring a few months after my term ends at the end of this year. I will assist a new elected Sheriff next January with a transition to the Office and putting together a report to you next year. I have been honored to hold this office, in service to the citizens of Waldo County and have been privileged to have had your support. I have told many people that I am not running away from the job, which has been a wonderful career; I am simply excited to start a new adventure.

In these tough fiscal times, I am proud to report that the Sheriff's Office Patrol Division, once again, finished 2013 substantially under budget. We were fortunate on fuel prices, implemented cost savings in several areas, and were frugal in our capital purchases, to return approximately \$54,000 from our budget back to the county. We submitted a budget for this year that is nearly flat funded with last years numbers. We know times are tough and our goal is always to do the most we can with the least amount of increase in funding. The corrections budget has also maintained flat funding for this past year and will continue to do so in the upcoming year.

2013 brought a change in our cruiser fleet with the purchase of three Dodge pickups. Special service fleet pricing and outfitting finished the trucks for essentially the same money as the cars. Our need for a few four wheel drive vehicles for inclement weather and other details has become great over the last few years and it seemed the time to give them a try. So far, they have been a great addition to the fleet. While the fuel mileage is slightly off from the cars, the residual value of the vehicles at the end of their service cycle should make up the difference.

The reentry center continues to be a success and sets the bar for other centers across the country. Our prescriptive programming for individuals coming out of the system, back into society is reducing their risk factors substantially. An upcoming assessment by an outside consultant working with the National Institute of Corrections will give us a more definitive report in the upcoming year, however our own observations and statistical gathering indicate we are reducing risk of recidivism at substantial rates.

As we do every year, I am including statistical data for the patrol activities. We continue to aggressively enforce traffic and criminal code while also working hard with prevention. Officers of this agency are visiting our schools on a regular basis to work with staff on safety and crime prevention. These visits are conducted in a non enforcement, proactive, approach to help build partnerships with our education institutions. A Domestic Violence Team has been developed to address those high risk cases, provide support and safety plans for victims. We continue to be proactive in much of our work and reactive when needed.

In closing, I want to thank you, the citizens of Waldo County for allowing me to be your Sheriff for the last 14 years, it is a privilege to be chosen by the people to serve as THEIR Sheriff.

TOWN OF LINCOLNVILLE ANNUAL TOWN MEETING WARRANT

TO: Karen Secotte, a resident of the Town of Lincolnville in the County of Waldo:

GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Lincolnville in said County and State, qualified by law to vote in Town affairs, to appear in the **Lincolnville Central School** on **Tuesday, June 10, 2014 at 8:00AM**, then and there to act upon Articles 1-4. The polls will be open for voting on Articles 2-4 from **8:00AM to 8:00PM**, at which time the meeting will be recessed; the recessed meeting will be reconvened at the **Lincolnville Central School** on **Thursday, June 12, 2014, at 6:00PM**, then and there to act upon the remaining articles in the warrant.

ARTICLE 1. To elect a Moderator to preside at said meeting.

ARTICLE 2. To elect by secret ballot:

- A. Two (2) Selectmen/Assessors/Overseers of the Poor for three (3) year terms.
- B. Two (2) LCS School Committee members for three (3) year terms.
- C. One (1) LCS School Committee member for a one (1) year term.
- D. One (1) Five Town CSD Board member for a two (2) year term.
- E. Three (3) Budget Committee members for three (3) year terms.

ARTICLE 3. To vote by secret ballot on the following question:

Do you favor approving the Lincolnville Central School budget for the upcoming 2014-2015 school year that was adopted at the latest (May 20, 2014) Lincolnville Central School budget meeting?

ARTICLE 4. To vote by secret ballot on the following question:

Shall an ordinance entitled "Town of Lincolnville Consumer Fireworks Use Ordinance" be enacted?

[The proposed ordinance is available for review and inspection at the Town Clerk's Office and will be available at the Town Meeting.]

ARTICLE 5. To see if the Town will vote to carry forward the unexpended balances in the following accounts for the ensuing fiscal year:

Megunticook Dams
Athletic Fields
Norton Pond Improvement
Route 1 Committee
Comprehensive Plan
Beach Enhancement
Pier Winch
Municipal Buildings Com.
Norton Pond Water Study

Lasalle Cemetery
Town Dog Account/Late Dog Fees
State Plumbing Permit Fees
Lakes and Ponds Committee
Administration – Records Maintenance
Land Use Committee
Town Office Maintenance
Conservation Commission Grants

ARTICLE 6. To see what sum the Town will vote to raise and appropriate for Municipal Administration and Finance:

Total	\$1,337,690	\$1,294,002.37	\$1,338,991.97	

BOARD OF SELECTMEN RECOMMENDS \$ 1,338,991.97 BUDGET COMMITTEE RECOMMENDS \$ 1,338,991.97

ARTICLE 19. (Written ballot required by statute). To see if the Town will vote to increase the property tax levy limit established for the Town of Lincolnville by State law in the event that the municipal budget approved under the preceding articles will result in a tax commitment that is greater than that property tax levy limit.

ARTICLE 20. To see if the Town will vote to begin the process of relocating that portion of Fernald's Neck Road that runs directly in front of the personal residence of Alexander and Gladys Kuli as shown on the "Right-of-Way Plan" dated April 2, 2014 and prepared by Gartley & Dorsky Engineering and Surveying, Inc., which plan is on file at Lincolnville Town Office and available for public inspection, by (i) authorizing the Board of Selectmen to enter into an agreement on such terms and conditions as it deems to be in the best interests of the Town to provide for the relocation of a portion of Fernald's Neck Road; (ii) accepting payment in the amount of at least \$85,000 from Alexander and Gladys Kuli to cover the Town's

costs of such road relocation, including, without limitation, construction, engineering, survey, design and legal costs, and appropriating the same for such purposes; and (3) authorizing the Board to accept delivery on behalf of the Town of such temporary construction easements as it deems to be in the best interests of the Town to facilitate such road relocation. (Note: After construction is completed to the Town's satisfaction, Town Meeting will need to accept Fernald's Neck Road and discontinue the portion that will no longer be used.)

- ARTICLE 21. To see if the Town will vote to appropriate all of the money received from the State for snowmobile registrations to go to the Lincolnville Mountain Goats Snowmobile Club for the purpose of maintaining the snowmobile trails and to authorize the Board of Selectmen to enter into an agreement with the Club under such terms and conditions as the Board of Selectmen deems advisable for that purpose.
- **ARTICLE 22.** To see if the Town will vote to authorize the Board of Selectmen and Treasurer, on behalf of the Town, to accept gifts, real estate, and certain funds that may be given to the Town during the 2014-15 fiscal year.
- ARTICLE 23. To see if the Town will vote to authorize the Board of Selectmen and Treasurer, on behalf of the Town, to apply for and accept State and Federal grants and grants from non profit organizations, donations or other revenues, on behalf of the Town for municipal purposes, including when necessary, the authority to sign grant contracts, documents and or other paperwork and accept the conditions that accompany grant funds, and to appropriate and expend grant funds and or other funds for authorized purposes, as the Board of Selectmen deems in the best interests of the Town during the 2014-15 fiscal year.
- **ARTICLE 24.** To see if the Town will vote to authorize the Board of Selectmen to apply alone or with the Town of Northport for exclusive rights to take alewives from the Ducktrap River in Lincolnville during the 2014-15 fiscal year and to further direct the Board of Selectmen to inform the Commissioner of the Department of Marine Resources that the Town wishes to close the Ducktrap River to the taking of alewives for the season.
- **ARTICLE 25.** To see if the Town will vote to fix the annual rate of interest at seven percent (7%) for payment of taxes after the semi-annual property tax installment dates for the fiscal year (2014-15) real and personal property taxes.
- **ARTICLE 26.** To see if the Town will vote to fix the annual rate of interest at three percent (3%) to be paid by the Town for abated taxes that have previously been paid.
- **ARTICLE 27.** To see if the Town will vote to authorize the Tax Collector to accept pre-payment of property taxes, with no interest to be paid on same.

ARTICLE 28.	To see if the Town will vote to authorize the Board of Selectmen to make final determinations, after notice and hearing, regarding the winter closing of roads in accordance with 23 M.R.S.A. § 2953(3) and final determinations, after notice and hearing, to annul, alter or modify such orders in accordance with 23 M.R.S.A. § 2953(4); such final determinations shall not require a vote by the legislative body of the Town.				
ARTICLE 29.	To see if the Town will vote to authorize the payment of tax abatements approved by the Board of Selectmen/Assessors from the property tax overlay or, if necessary, from unassigned fund balance.				
ARTICLE 30.	To see if the Town will vote to authorize the Board of Selectmen to dispose of Town-owned personal property with a value, in its judgment, of \$1,000 or less under such terms and conditions as it deems advisable.				
The Registrar of Voters will hold office hours while the polls are open to correct any error in or change a name or address on the voting list, to accept the registration of any person eligible to vote and accept new enrollments.					
Given under our hands at said Lincolnville, Maine, this 12th day of May 2014.
