It is well known that for several years past, files of Deeds have been accumulating in the Treasurer's Office, conveying to the inhabitants of the town, certain lands, sold in consequence of the non-payment of taxes.

At the Annual Town Meeting, in March last, the town instructed an Agent to reconvey said lands on the receipt of the taxes and costs, with six per cent. interest, from the date of the deeds. Up to this time, only

two parcels have been redeemed, to wit: One lot taxed to B. Brackett, known as "Parsonage Lot," redeemed by L. A. Berry. And one lot, taxed to Cyrus Ingalls, as "Littlefield land," redeemed by Wm. Bean. Of the sixteen parcels of Resident Real Estate, sold in May, 1861, by Thomas C. Smith, for taxes assessed in 1858, a schedule of which may be found in the Selectmen's Report of last year, only one lot,—the Homestead of John T. Boston,—has been redeemed. And of the nine parcels of Non-Resident lands, sold by Charles E. Smith, Collector for 1859, also reported last year, three parcels have been redeemed, to wit: "Late Homestead of Wm. H. White." "Lot near Holt's Mill Pond," taxed to "T. S. Williams or owner unknown," and "same, lot near J. Richardson's."

In addition to the above, B. F. Smith, Collector for 1860, has sold and executed Deeds of the following, to wit:

	Tax and Cost.
T. K. Clifford, Homestead,	\$3 35
Thomas Newcomb, Homestead,	11 90

REMARKS.

In submitting this hastily prepared Report of our doings, and the financial affairs of the town for the Municipal year, about to close, a word in relation to the future, may not be deemed inappropriate. In the present distracted condition of the country, with the immense expenditures of the Government, an increased burthen of taxation is too palpable not to be foreseen by every observer. While the prospect for obtaining the means to meet such demands, seems to diminish in a corresponding ratio. At such a time it is but reasonable to expect an increased amount of pauperism, for "the poor ye always have with you."

In view of these facts, every citizen must be impressed with the importance of a rigid economy in conducting the financial affairs of the town; and the question naturally presents itself if any change in our present system of supporting paupers, can be made to advantage. The inquiry has frequently been made as

to the expediency of a "Poor Farm," and this inquiry again presents itself at the coming annual Town Meeting.

It has not been our intention to express an opinion, or advise in this matter, but simply to throw out the above hints for the consideration of the voters of Denmark.
