TOWN OF PROSPECT, MAINE

This 2018 Town Report is dedicated to Bill Sneed.

Bill and his wife, Sharon, moved to Prospect in 1985. Bill was appointed to the Planning Board in 1987 and served on the board until 2001. In 2001 Bill was elected to the Select Board and served until 2018. Bill was a founding member of the Prospect Historical Society and served on the Waldo County Budget Committee.

While serving the town Bill also attended graduate school (as a non-traditional student) to study remote sensing glaciers.

Thank you Bill Sneed for your 31 years of service to Prospect.

Boston Cane Recipient:

Vivian Smart

Letter From the Prospect Fire Chief

Greetings Residents & Tax Payers,

Last year (2017) calls were 69 and 2018 calls were 37. This was a great reduction. Many thanks to everyone in Town for helping with this reduction.

The Fire Department thanks Cliff Alley and Bayard Warren for their many years of service and dedication. We will miss you guys! Thanks! We, as a department, are very grateful to our new members. Six in the last few months.

Our Fire Prevention Program at Halloween was a success! We gave away approximately 35 smoke detectors and 15 pounds of candy to area children and some adults. Our department looks forward to serving and protecting our neighbors and friends. We will do our best!

Thank you,

Tim Terry – Fire Chief

Stockton Springs Ambulance Service

*11 Station Street, Stockton Springs, Maine 04981
Office 207.567.4322 Emergency-911*

Proudly serving the communities of Stockton Springs and Prospect since 1964

To the Citizens of Prospect:

Total calls for 2018 are as follows, Stockton Springs transports were 126, and Prospect transports were 36, non-transports for Stockton were 35 and Prospect was 6, mutual aid calls to surrounding towns were 11. This brings the total calls to 214 calls for the year. This total is down 43 calls from 2017. In EMS this can change without notice. There is no way to anticipate how many calls we will receive in a year.

As of this writing, winter is still here. There is plenty of snow and ice still around. To keep everyone as safe as possible please sand your driveways and walk ways, so the ambulance can get to you in your time of need.

The ambulance crew will be participating in a free Blood pressure and Glucose screening at the Stockton Springs Library. There are several dates for this screening, March 15th, April 5th, and April 19th. The time, for all 3 screenings are 11am to 12pm. Hope to see you there.

As usual budgets are tightening and expenses are rising. We are trying to stay within our budget, and so far we have been able to do so. This year the hospital will now be charging us for medications, instead of replacing the meds used. Also American Heart has changed their guidelines for CPR training. This means we have to get new CPR mannequins that have a digital read out. I do not agree with this, as the old ones worked just fine. Unfortunately, we have to abide by the new rule and of course the new mannequins are expensive.

Again this year I would like to thank the Prospect Fire Department for helping us when called. Of course we are always happy to help them as well. Rest assured Stockton Ambulance will always be there for you in your time of need.

Respectfully,

Charles (Chas) Hare

Stockton Springs Ambulance Director

Report from the Assessor

HELLO FRIENDS AND NEIGHBORS,

It is that time of year again, town meeting time seems like it has gone by way to fast but yes, we are here again. Taxes something, we always must deal with even though the town tries to keep your mil rate low it seems to keep rising and rising. There is a lot of factors that go into figuring out a mil rate, one thing I would like to mention is the exemptions. We have had a lot of people ask how the exemptions affects a mil rate and why does getting a higher exemption change the mil rate. I am going to use the home stead exemption for an example. The home stead exemption was \$10,000 and the state would reimburse the town for half the value which means the other half would get absorbed into the mil rate and would make this mil rate increase. So now that the exemption is \$20,000 more of that exemption must be absorbed into the mil rate calculation. When an exemption is given it lowers the towns' valuation and we have less valuation to proportion the budget of the town with, so this will reflect in the mil rate.

The budget takes a toll on the mil rate calculation also things that we vote on at town meeting which is the Municipal budget, school and county all things that affect the increase or decrease of a town's mil rate. I wish I could tell you that taxes will go down, but past years trends do not implicate that and it not just taxes oil, fuel price of lumber all these things go up so don't the contracts for labor to do the work in your town. This intern will make your town budget rise and then make the mil rate rise it just roles downhill to the tax payer. As a tax payer and your assessor's agent this concerns me, and I have had many meetings with other assessor's that wish we could wave a magic wand and make taxes go down. In the end all we can do is take the town's valuation and the budget and proportion the money to pay the bills through the town by the mil rate.

There are a few things out there to help the tax burden for tax payers Homestead exemption, veteran's exemption, tree growth classification, open space classification and farm land classification. If you would like to discuss any of these programs, please feel free to make an appointment with me or my staff we would be happy to help and share any knowledge we may have in these areas. My phone number at my office is 876-3300 and my email is hamlinassociatesinc@gmail.com. If you have purchased a property, or just feel that the assessed value is to high please come talk with me would like to get problems fixed before we commit rather than do abatements.

Sincerely,

Joshua Morin C.M.A.

MUNICIPALITY OF PROSPECT, MAINE 2019

ASSESSOR'S NOTICE

In accordance with Title 36 M.R.S.A., Sec. 706, as amended. The Assessors of the Municipality of Prospect hereby give notice to all persons liable to taxation in said Municipality that they will be in session at the Prospect Town Office in said Municipality, on the 2nd day of April, 2019 at 1:00 P.M. to 7:00 P.M. for the purpose of reviewing lists of the estates taxable in said Municipality.

OWNERS

All persons liable to Taxation in the Municipality of Prospect, Maine all personal Representative, Trustees, etc., of all estates taxable in said municipality of such persons are hereby notified to furnish to THE ASSESSORS TRUE AND PERFECT LISTS OF ALL THEIR ESTATES, REAL AND PERSONAL, not by law exempt from taxation, on which they were possessed on the First day of April, 2018 and be prepared to make oath to the truth of the same and to answer all proper inquiries in writing as to the nature, situation and value of their property liable to be taxed.

ESTATES DISTRIBUTED

And when estates of persons deceased have been distributed during the past year, or have changed hands from any cause, their personal representative, or other persons interested, are hereby warned to give notice of such change, and in default of such notice will be held under the law to pay the tax assessed although such estate has been wholly distributed and paid over.

PERSONS DOOMED

And any person who neglects to comply with this notice is hereby barred to his right to make application to the ASSESSORS or any appeal therefrom for any abatement of his taxes, unless he furnishes such list with his application and satisfies them that he was unable to furnish it at the time appointed.

Blank schedules will be furnished at the Assessors' office on application.

the 1990s, the number of people in the UK who are employed in the public sector has increased from 10.5 million to 12.5 million (12.5% of the population).

There are a number of reasons for this increase. One of the main reasons is the growth of the public sector. The public sector has grown from 10.5 million in 1990 to 12.5 million in 2000. This is due to a number of factors, including the growth of the public sector, the increase in the number of people in the public sector, and the increase in the number of people in the public sector.

Another reason for the increase is the growth of the public sector. The public sector has grown from 10.5 million in 1990 to 12.5 million in 2000. This is due to a number of factors, including the growth of the public sector, the increase in the number of people in the public sector, and the increase in the number of people in the public sector.

A third reason for the increase is the growth of the public sector. The public sector has grown from 10.5 million in 1990 to 12.5 million in 2000. This is due to a number of factors, including the growth of the public sector, the increase in the number of people in the public sector, and the increase in the number of people in the public sector.

Finally, a fourth reason for the increase is the growth of the public sector. The public sector has grown from 10.5 million in 1990 to 12.5 million in 2000. This is due to a number of factors, including the growth of the public sector, the increase in the number of people in the public sector, and the increase in the number of people in the public sector.

2.2. The public sector and the private sector

The public sector is the part of the economy that is owned and controlled by the state. It includes the government, local authorities, and public corporations.

The private sector is the part of the economy that is owned and controlled by private individuals or companies. It includes the majority of businesses and services in the UK.

The public sector and the private sector are both important parts of the UK economy. The public sector provides a range of services, including education, health care, and social security. The private sector provides a range of goods and services, including food, clothing, and housing.

There are a number of differences between the public sector and the private sector. One of the main differences is the way in which they are funded. The public sector is funded by the state, while the private sector is funded by private individuals or companies.

Another difference is the way in which they are managed. The public sector is managed by the state, while the private sector is managed by private individuals or companies.

Finally, a third difference is the way in which they are financed. The public sector is financed by the state, while the private sector is financed by private individuals or companies.

2.3. The public sector and the economy

The public sector is an important part of the UK economy. It provides a range of services, including education, health care, and social security.

The public sector is also an important part of the UK economy. It provides a range of services, including education, health care, and social security.
