### ISLAND FALLS HIGH SCHOOL REPORT

To Superintendent Laurence P. Bagley and the School Committee of Island Falls, I wish to submit my first report as principal of Island Falls High School.

I wish to express my appreciation to the superintendent, school committee and townspeople for their splendid co-operation and support of the high school this year.

For a small rural High School, we are indeed fortunate to have such a high professional calibre of teachers on our faculty this year. This accounts for the high morale and spirit of co-operation which is essential to any school.

The 1949-50 faculty includes:

Chester E. Willette, Principal, Science

1949, Northeastern University, University of Maine

Lyda Banton, 8th Grade

1941, Eastern State Normal School, University of Maine

Jennie G. Harding, Social Studies

1945, Eastern State Normal, Bates College, University of  
Maine, American University.

Anna Greenlaw, 7th Grade

1949, Farmington Teachers' College

Dorothy Lewis, English, Foreign Language

1949, Regis College

Roland Morrison, Math., Coach

1949, University of Maine

Ethel Quinlan, Commercial

1943, Boston University Law School, Burdett Business  
College

Donald S. Harmon, Agriculture

1946, University of New Hampshire

Emmons Robinson, Instrumental Music

1948, Boston Symphony

Although four of the teachers are serving their first year in the school system and two are first year teachers, the help and guidance of the others enabled them to become oriented very quickly and become a functioning part of the school with the least loss of time.

The class enrollment statistics for the year 1949-50:

Grade	7	8	9	10	11	12	p.g.	Total
Boys	18	10	16	9	12	12	0	77
Girls	12	12	12	12	9	13	1	71
Transferred or left school	3	3	3	1	1	1		12
	27	19	25	20	20	24	1	136

At present we offer four courses in the High School, College, Commercial, Agriculture, and General. But with the completion of the gym, and as other facilities permit, we are in hopes to be able to offer Home Economics and Physical Education. These courses will enable us to offer at least one vocational course to all students in addition to academic subjects.

We feel very proud of our library which compares very favorably with those of other schools throughout the state. The large number of books in the library is due in a large part to the efforts of Mrs. Harding and the generosity of the townspeople and others. We are especially grateful to the Pine Needle Club for their gift of \$100 with which we purchased fluorescent lights and a new table. We should also like to thank Miss Demaris Merriman, formerly of Island Falls, Reverend and Mrs. George Brookes of Rockville, Connecticut, and Mr. and Mrs. Leslie Brookes of Manchester, Connecticut, for their generous donations of books. We also wish to express our appreciation to the many organizations and individuals who have made contributions of books and magazines to the library.

Mr. Emmons Robinson has been giving individual instruction to the students who are interested in playing an instrument. This work is slightly behind schedule this year because of the serious illness of Mr. Robinson. However, in the near future Mr. Robinson plans to consolidate the group into a band and we may expect to have a band concert early in the spring.

The program of so-called extra-curricular activities has been very successful this year. The boys' basketball team placed second in the Katahdin Valley League and participated in the Aroostook tournament. The girls team, although not quite so successful, has improved remarkably. Much of the credit is due to their respective coaches, Mr. Morrison and Miss Lewis. In the field of dramatics we have already presented two one-act plays and are in the process of preparing the Katahdin Valley league one act play and the senior play.

The High School speaking contest will be held March 31, the winners of which will compete in the league contest April 13. The debating team has had a great deal of success

winning the Aroostook tournament and reaching the semi-finals at the University of Maine.

During the past few years the Student Council has raised a sum of money to buy curtains and drapes for the stage in the new gym and is now investigating the cost of materials in preparation for furnishing the stage with drapes. We wish to thank the townspeople for their support of our many projects during the school year.

Respectfully submitted,  
CHESTER E. WILLETTE  
Principal, Island Falls High School

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of the Town of Island Falls:

It is a real pleasure to submit this, my sixth, annual report concerning the condition of your school system.

The outstanding event of the year is the building of the Auditorium-Gymnasium. Mrs. Shur and all who contributed so generously of money, time and materials should feel that they have made a real contribution to the welfare of the children and young people of the community. The building will be used for many purposes and will add much to the educational facilities of the school. Care must be used to see that all have opportunity to use the building, but that none misuse it.

We again have the same force of teachers in the Houlton Street School. The continuity is good, as each teacher has an opportunity to know what the pupils have had in the previous grade, and so knows the needs of each. Several of the teachers have taken extension courses given by the University of Maine, and this reflects in the classroom.

Methods and aims of education are changing, and it is necessary that we keep up with the new ideas.

In the High School there are several new teachers. Principal Chester Willette, Coach Roland Morrison, Miss Dorothy Lewis, and in the Junior High, Mrs. Anna Greenlaw, are all new. All are well trained for their respective positions, and all are doing well. Mrs. Harding, Mrs. Quinlan and Mrs. Banton are doing their usual fine work. The spirit in the school is good and the scholastic attainment seems to be excellent. Mr. Robinson has missed some time from the band because of illness, but is back, and we hope he is able to continue with us. The younger members of the band are progressing well, and we should soon have a band to be proud of.

There is more interest among the lower grade boys in Agriculture and the course is of much value. It is hoped that soon it will be possible to have Domestic Arts for the girls. With the gymnasium ready to use now, it would be possible to use the present assembly room for such a course with adequate facilities. Such a course means much to a school, and should be offered as soon as possible. Teachers have been practically impossible to obtain, but with both the University of Maine and Farmington graduating girls in this course, it should be possible to get a good teacher now. The cost of such a course is shared by the federal government, as is that of the Agriculture course.

Repairs for the next year should consist of weather-stripping a few more windows, putting lights in a few more rooms, and doing a little interior painting. It will be necessary to buy a few seats soon.

Mr. Willette's report covers the High School and Grades 7 and 8. The enrollment for Grades 1 to 6 is as follows:

Grade	1	2	3	4	5	6	Total
Boys	14	13	14	10	17	11	79
Girls	10	9	11	12	6	9	57
Total	24	22	25	22	23	20	136
