*City Clerk.*

## MAYOR'S ADDRESS.

---

*Gentlemen of the Council:*

We have now taken the oaths in obedience to law which will legally qualify us to assume the responsibilities and undertake the duties to which we have been called by our fellow citizens.

I trust that we shall always bear in mind that the city over whose affairs we are placed in charge and for whose prosperity we must in a large measure become responsible, is simply a great business corporation of which we have been chosen directors.

It becomes the duty of each of us to exercise towards this corporation the same strict attention to business, the same scrupulous fidelity, the same prudence and wise economy that we would exercise toward our own private affairs.

I ask you one and all to unite with me in an effort to conduct the affairs of this municipality during the ensuing year on strict business principles so that we may not only secure the very best results obtainable but may secure them in the most practical and economical manner.

I will not attempt an enumeration of the duties and responsibilities now waiting you, but my experience as a member of the City Government for the past two years prompts me to make a few suggestions.

One of the most important of your duties is a constant and prompt attendance at the meetings of the City Council. The regular meetings occur on the evening of the second Wednesday of each month at 7.30 o'clock, and after accepting the office to which you have been elected, there is no reason why you cannot arrange your affairs so as to be present. It is my intention to call these meetings to order promptly at half past seven, and each of you owe it to your constituents and to your associates to be here at that time.

It is our province this year to face problems, that from their complexity and demand for good business foresight, will tax our ability. But as this condition of affairs in no wise lessens our duty to meet them, intelligently consider them, and after due consideration fearlessly transact them,

I ask you, each and all to specially exert yourself to give our city a wise and economic administration.

At this time I do not deem it advisable or profitable to submit a lengthy discourse for your consideration, and until a thorough examination of the various departments and financial conditions of the city has been made, it is absolutely impossible to lay down a complete course of action.

From the Treasurer's report I submit the full statement of the financial condition of the city:

#### RESOURCES.

There is due the city for uncollected taxes from	
1899 to 1910,	\$19,768.60
From sewer and sidewalk assessments,	7,623.67
Tax deeds in the treasury,	10,693.93
Cash on hand,	10,114.39
	<hr/>
Total,	\$48,200.59

#### LIABILITIES.

Total bonded indebtedness,	\$119,250.00
Outstanding notes,	84,839.85
	<hr/>
Total,	\$204,089.85

There must be paid from this year's appropriations or by issuing notes or bonds:

Note No. 75, issued in 1909,	\$ 975.00
" No. 81, issued in 1909,	1,325.00
" No. 83, issued in 1909,	1,134.39
" No. 84, issued in 1909,	15,000.00
" No. 85, issued in 1909,	10,000.00
" No. 86, issued in 1909,	5,080.00
" No. 87, issued in 1909,	50,000.00
Bonds maturing this year,	7,000.00
	<hr/>
Total,	\$90,514.85

### Tax Rate.

While I must express my dissatisfaction of the present high tax rate it seems from the foregoing report that we cannot expect very much of a reduction the present year on account of the large expenditures that have been made during the past two year, viz: \$20,000 for sewers during 1908, and \$55,000 for the new school building during the past year. As the large and excessive appropriations which were made last year not being sufficient to pay the running expenses aside from the two items above mentioned, leaving an overdraw on several accounts which must be provided for the present year.

### School Department.

I wish to call your attention to one of the most important branches of our city, viz: the School Department, which requires more than one-third of our annual appropriation to maintain. You can see from the following summary, that is taken from the auditor's book of expenditures, what it cost for the past year, viz:

Insurance, apparatus and appliances,	\$1,424.52
Repairs of schoolhouses,	3,037.71
Common school teachers,	18,316.28
Common school janitors,	2,040.00
Common school, fuel,	2,533.42
Common school, supplies,	882.97
Free high, teachers,	4,675.09
Free high, supplies,	958.95
Superintendent,	1,000.00
Text-books,	716.27
School contingent,	501.96
Total,	<hr/> \$36,087.17

### Department of Public Works.

In this department the present year, I would recommend that the committee take measures to have Ocean Street in

Knightville, put in proper shape, as the condition now existing is such as to demand immediate attention. The expense for the same will be borne very largely by the public service corporations that utilize three-quarters of said street.

Efforts should be made this year to have Ocean Street, from Portland bridge to City Square sprinkled. The cost of same to be borne largely by the said corporations.

In view of our financial condition, I would recommend that the State road continuation be left to the discretion of the Committee on Public Works.

While I believe work of a permanent character on our streets is desirable, it seems advisable this present year to confine ourselves to such work as demands immediate attention.

#### **Police Department.**

While every city is obliged to continue a police department, I am pleased to note that in our city this department has kept within the appropriations and I trust the same satisfactory results may be accomplished this year.

#### **Poor Department.**

No fault can be found with the conditions that prevail at our City Home. The unfortunate are carefully looked after, their condition is better than ever before and the home is a model of neatness and good order.

By a recent act of the State Legislature the State assumes the support of the insane which will mean a reduction of our appropriation in this department of between two and three thousand dollars.

#### **In General.**

In closing I would ask that the various committees to which will be referred various matters, report back to the council promptly. I hope every committeeman will read carefully the city reports and familiarize themselves with the ordinances and by-laws so as to act intelligently upon the various matters

that come before this board for consideration, as the success or failure of this administration rests with you and gentlemen, I leave the matter in your hands satisfied that you will all do your duty.

Respectfully yours,

JOHN A. S. DYER,

*Mayor.*

SOUTH PORTLAND, Me., March 14, 1910.

## REPORT OF CITY ELECTRICIAN.

---

*To the Honorable Mayor and Board of Aldermen of the City of South Portland:*

GENTLEMEN:—I wish to submit the following report as City Electrician:

I have inspected the following electrical installations of the various natures: Factory and shop lighting 5, house lighting, new houses, 31, old houses 49, motors 8. Total horsepower in motors installed 101. Also repairs at Broadway and Summer Street schools and additional wiring at City Home.

I wish in all fairness, gentlemen, to impress upon your minds the importance of the duties connected with this office. In granting permits to different public service corporations, the electrician is the one man who should be able to see the future electrical needs of the city and guard against granting requests which later become a public menace and possibly cost the city a good sum to rectify.

The present system of handling the business connected with this office is unsatisfactory, it does not allow sufficient time to familiarize one's self with the different problems which must soon be attended to. Coming upon us are the needs of fire and police patrol systems, a small beginning with a little additional work each year would bring about a system, the cost of which would be but little felt by the city.

I wish to thank you for confidence shown and the granting of requests.

Respectfully submitted,

A. L. PHINNEY,  
*City Electrician.*

## REPORT OF INSPECTOR OF BUILDINGS.

---

*To his Honor the Mayor and Board of Aldermen of the City of South Portland:*

GENTLEMEN:—I respectfully submit my report for the year 1910-11.

During the past year I have been called upon to inspect sixty-six new buildings and oversee the moving of five buildings within the city limits.

I have also inspected the buildings for four oil tanks and a boiler shed and an addition to a building by the Texas Company.

Five buildings having alterations and repairs were also inspected.

One building was condemned by the Municipal Officers by my recommendation and torn down according to law; the De Mara building on Tremont Street.

I would recommend all chimneys built be properly lined with flue lining.

I have found in several instances during the year that alterations have been made or building partially erected before the filing of the building permits and as this makes the inspection of such building as should be attended to for the best interests of the city almost impossible, I would suggest that the Council take some action relative to the method of granting the building permits.

Respectfully submitted,

JAMES D. HOYT,  
*Inspector of Buildings.*

At the City Home there has been one birth and two deaths. One death from apoplexy, the other from abdominal tumor with other complications, both cases being in individuals advanced in years.

Two minor operation have been performed at City Home.

During the year a medical cabinet, stocked with common necessary drugs and some for emergency use, has been placed at City Home by the Overseers of the Poor.

The thanks of all citizens is due the Overseers for their conscientious and painstaking work in connection with their duties.

The City is fortunate in having two such capable persons in charge of the City Home as Mr. and Mrs. Durost. Because of their hospital training, they are valuable assistants to the City Physician, and they deserve the highest praise for their efficiency.

Plans have been made for the proposed pavement work on Ocean Street, for the New Mill Creek Bridge, for sewer work on Latham, Pine and Lombard streets, for grades on Surfsite Street, of Cottage from E to Broadway, of Saco and Rigby road for sign board location, of Pearl, Chestnut, Forest Ave., and Atlantic Ave., changing sewer locations, of Brown Street to determine street location, of Broadway schoolhouse grounds for grading, walks, etc., and for the cement sidewalks on Lincoln, Kelsey, Preble, Pickett, West High, C and D streets, and in addition plans have been made of Portland Bridge for the use of the Bridge Committee and the Representative to the Legislature and work has also been started on a map of the City, and one valuation sheet has been completed.

#### OTHER WORK.

A collection of the street records from the beginning of the old Town records has been made and turned over to the City Clerk to be printed.

The boundary lines between this City and Scarborough and also between this City and Cape Elizabeth have been meandered in company with the representative of the other two towns named.

## REPORT OF CITY SOLICITOR.

---

*To the Honorable Mayor and City Council:*

I have the honor herewith to submit my report as City Solicitor for the municipal year now ending.

At the beginning of the year the only pending litigation in which the City was interested was the complaints for damages for land taken at Wharf Point for Park purposes. Two actions had been brought, one by Virgil C. Wilson, and one by the Loveitt heirs. In the Wilson case a decision of the Law Court had granted a re-trial with the right on the part of the City to introduce testimony affecting the title, and both cases had previously been referred by agreement to Judges Savage and Peabody of the Supreme Court. The Wilson case was tried and at the hearing I had the assistance of former City Solicitor, D. A. Meaher, who left no stone unturned to present every available piece of evidence favorable to the City, to the Court. Early in the fall the referees filed their decision which established Wilson's title and awarded him damages in the sum of \$2,466.79. Inasmuch as the Loveitt case had been referred to the same tribunal and the testimony as to title would be substantially the same, it was thought best not to go to the expense of another trial and this case was adjusted by agreement, the City paying the complainants the sum of \$1,500.

One suit was brought against the City during the year, namely, an action to recover pay for a number of ventilators alleged to have been sold to the City during the previous year for use in the various schoolhouses and at the City Home. The original bill amounting to \$115.00.

The ventilators had been furnished by the vendors and were and are still in possession of the City. They had been sold with the agreement that they might be returned if not found satisfactory, but the option of rejecting them had not been exercised for a period of about six months after they had been furnished, leaving no defence to the action for the recovery of the purchase price. This suit was adjusted without trial by the payment of \$75.00 and costs.

During the year I have collected for the Treasurer by solicitation and suit several hundred dollars in taxes assessed prior to 1910, so that the greater portion of such taxes now standing on the City's books either represent erroneous assessment or are assessed against persons deceased, removed from town, or so near to pauperism as to make the collection out of the question. Some action ought to be taken to relieve the Treasurer's books of the bulk of these remaining items, which are assets in name only.

The most important matter calling for my attention during the year, outside of matters of litigation, has been the granting of the location to the Municipal Light & Power Company for its gas mains. I believe that as the ordinance of location was passed and accepted by the Company, the City secured every right which the law permitted it to secure, and I am sure that the sagacity of the Council secured the insertion into it of terms and conditions which could not have been demanded as of lawful right, all of which has resulted in an arrangement as favorable to the City, I believe, as can be found anywhere.

I have drawn such papers for the various city officials as have been called for and have given advice according to my best knowledge whenever it has been asked for.

The only pending litigation in which the City is interested is a bill in equity brought by ten taxable citizens against the City and the Treasurer, asking that the City be enjoined from paying to Aldermen Willard and Coombs, any compensation for their services in connection with the building of the Mill Creek Bridge. In this case, if the City is successful in defeating the action, they will have to pay the sums of money claimed to be due them by the aldermen, while if the City loses, the amount of these claims will be saved, a situation which has rendered my position far from enviable.

Very respectfully submitted,

LAUREN M. SANBORN,

*City Solicitor.*

## REPORT OF BOARD OF REGISTRATION.

---

*Honorable Mayor and Board of Aldermen:*

GENTLEMEN:—The Board of Registration of Voters respectfully submit the following report for the Municipal year ended February 1st, 1910.

Our report for the year previous in which there were two election sessions, i. e., Municipal in March, and Water District in May, showed that we had attained in the last named election, a maximum of 1,790 names, borne of the City voting lists.

Rejection by the voters in the March election, last past, of the so-called new ward lines, made necessary the printing of new lists, which before being sent to the printer were subjected to a most thorough revision. Said revision resulted in a reduction of the foregoing total by 128 names stricken off. Two elections were holden during the year 1910, Municipal, March 7th, and State or Gubernatorial, September 12th. In the March election, 141 citizens qualified as new voters, and in the September election 111 new names were added (252 in all), bringing the total for the year up to 1,920 names. This last figure, by reason of death, removed from our city, and other valid causes, has been further reduced to a present total of 1,816, now carried on the lists as posted thirty days prior to the Municipal election, March 6th, 1911.

By wards these appear as follows:

Ward 1,	242
Ward 2,	265
Ward 3,	295
Ward 4,	267
Ward 5,	189
Ward 6,	251
Ward 7,	307

---

Total,	1,816
--------	-------

It will be seen by the foregoing, though the new registration for the year amounted to 252 names, the net gain is but 26. Ward 3, heretofore the banner ward, in number of voters, now falls back to second place, and Ward 7 is in the lead.

The Board's next session for the qualification of voters and other revision of the voting lists, will occur during the week next preceding the Municipal election, March 6th, 1911, as follows: February 28th and March 1st, 2nd, 3rd, and 4th. The first four days only, will be devoted to registration.

## MEMORIAL DAY REPORT, 1910.

---

*To His Honor the Mayor and the Honorable Board of Aldermen of the City of South Portland:*

GENTLEMEN:—I beg leave to submit this as the report of Memorial Sunday and Memorial Day observances by the South Portland Veteran Association, assisted by the Clergy, the Schools, and citizens, May 29th and 30th, 1910.

Observance of Memorial Sunday, May 29th, 1910. Not having received an invitation to attend Divine Worship by any of the preachers in the city and not wishing to let the day pass without some recognition of its duties and significance, the Association voted to attend the People's Church in the evening and have the orator of the day speak to us there. Accordingly the church was well filled by an appreciative and enthusiastic audience who were delighted by the well chosen and appropriative words of Frank I. Moore, Esq., of Portland, the Orator of the day.

The church was finely decorated by flags and flowers and in front of the altar was a large steel engraving of the martyred Lincoln.

The music by the choir was most excellent.

Prayer was offered by Rev. John A Waterworth, pastor of the North Church. Lincoln's Gettysburg Address was read by one of the grammar school girls only nine years old, Miss Lou Woodbury, and was done in a very creditable manner.

The roll of honor was called showing an increase of nine to the list of those who have answered for the last time — followed by taps — lights out — being sounded by bugler Bryant of Fort Preble, assisted by Master Earl Day, a grandson of a veteran.

The National Anthem "America," was sung by the choir and audience. A vote of thanks was extended to the People's Church and all others who had assisted on this occasion.

Closing prayer and benediction was by Rev. Frank W. Smith.

## MEMORIAL DAY.

" A day of tender memory,  
A day of sacred hours,  
Of little bands of marching men,  
Of drums and flags and flowers.

A day, when a great Nation halts  
Its mighty throbbing page,  
And pays its meed of gratitude,  
And love with willing grace.

A day when battles are retold.  
And eulogies are said.  
When dirges sound and Chaplain reads  
The Office for the Dead.

A day when fairest, sweetest blooms  
Are laid upon each grave,  
And wreaths are hung on monuments  
And banners half mast wave.

A day to keep from year to year  
In memory of the Dead.  
Let music sound and flowers be laid  
Upon each resting bed."

The day dedicated to the memory of the defenders of the Union, opened dull, dreary and cold. Heavy clouds, denoting rain, obscured the Heavens, but no rain fell until after the exercises were closed.

A new departure and a new program had been adopted. The veterans started an hour earlier than had been the custom, so that all the out door exercises could be attended to in the first part of the day.

The City Officials and the resident Clergy had been asked to assist us in the duties of the day, but no clergyman or City officer and only about twenty veterans were present at the time of starting.

But for the joining of the procession by the Rev. Frank Smith on our way to Brown's Hill, we would have had no clergyman to offer prayer at that cemetery.

Rev. Mr. Hall joined us at this place and went with a detail of veterans to make special decorations at Forest City Cemetery.

Twenty-nine graves were decorated at Brown's Hill with appropriate ceremony. We sadly missed the attendance and help of the schools which has usually tendered us at this place.

At Bay View, twenty-six graves were decorated.

We were favored here by a class of the High School, who sang several patriotic songs.

The veterans were highly gratified to know some at least of the younger generation had given the day sufficient thought to prepare music suitable for the occasion.

Prayer was offered by the Rev. Mr. Hall and benediction by the Rev. Mr. Hamilton, after which we proceeded to Mount Pleasant.

We had been led to believe that at Mount Pleasant we would be assisted and entertained by a class of singers from the schools in that part of the city. But they were not there. Prayer was offered by the Rev. Mr. Waterworth and wreaths were placed upon 120 graves. Six more than the year before.

The Soldier's and Sailor's Monument in front of the church was appropriately decorated, Cape Elizabeth furnishing the wreath for the south side as usual.

It was remarked by nearly all that the quartette under the direction of Mr. Eustis, which had gone the rounds with us and had sang at all the places mentioned above, were at their best.

Seven graves at Fort Preble were flaged and decorated by Comrade Daniel Sylvester.

It is sincerely hoped by our Association that when the time again comes to perform these sad and impressive duties, that there will be a larger attendance of the veterans living among us and that some members of our City Government will be present to represent the Municipality.

GEORGE F. SMALL,  
*Secretary.*

## VITAL STATISTICS.

---

OF THE CITY OF SOUTH PORTLAND, FOR THE YEAR  
ENDING JANUARY 31, 1911.

---

### NOTICE TO PARENTS, HOUSEHOLDERS AND OTHER PERSONS.

There are two good reasons why you should read this carefully and remember it. One reason is that, in connection with the registration of births, marriages and deaths, the law says that parents, householders and some other persons shall do certain things, and provides penalties for those who fail to comply with the requirements of the law. Another reason is that it is very important to individuals, to families, and to the State that births, marriages and deaths be promptly, fully and accurately recorded.

The following are some of the requirements of the law relating to the registration of births, marriages and deaths:

**Births.**—The attending physician, midwife or other person in charge shall report the birth, living or stillborn, to the City Clerk within six days.

Parents, householders, keepers of workhouses, houses of correction, of prisons, of hospitals, of almshouses or of other institutions and the commanding officers of ships shall give notice of every birth or death happening among the persons under their charge.

(Blanks for reports may be obtained from the City Clerk, or by addressing: State Registrar, Augusta, Maine.)

**Marriages.**—Intentions of marriage shall be recorded by the City Clerk five days before the certificate of marriage is granted.

Intentions of marriage must be recorded in both towns when the parties to the marriage live in different towns.

The certificate (or certificates) made out by the City Clerk (or town clerks) must be received by the clergyman or justice of the peace before performing the marriage.

Every person authorized to unite persons in marriage shall make a record of every marriage solemnized before him, and in conformity with the requisitions prescribed upon the blank certificates of marriage shall, within six days, deliver or forward to the Clerk of each town in which the marriage intention was recorded, and to the Clerk of the town in which the marriage was solemnized, a copy of such record of marriage. Sec. 7, Chap. 61, of the Revised Statutes of Maine.

When residents of this State go into another State for the purpose of marriage, and it is there solemnized, and they return to dwell here, they shall file a certificate or declaration of their marriage with the Clerk of the town in which each of them then lived, within seven days after their return, or forfeit ten dollars, half to the prosecutor and half to the town where the forfeiture is incurred.

**Deaths.**—The undertaker, householder, neighbor or other person removing the body or superintending the burial shall furnish the City Clerk with a certificate giving the facts called for in the blank certificate of death, including the certificate of the physician as to the cause of death.

If the deceased person has not had the attendance of a physician, the City Clerk may issue the death certificate upon the receipt of the required facts.

(The facts required may be learned from the blank "death certificate" obtainable from any physician, undertaker or town clerk or by writing to: State Registrar, Augusta, Maine.)

On presentation of this certificate of death, a "burial permit" will be issued by the City Clerk or one of the sub-registrars.

This burial permit must be returned to the City Clerk of the town in which the death occurred within six days after the burial.

**False Returns.**—The law provides that “it shall be a misdemeanor for any person to make a false return in regard to any birth or death.”

**Duty of Physicians.**—“A physician who has attended a person during his last illness shall within twenty-four hours after the death of said person make a certificate stating, to the best of his knowledge and belief, the name of the deceased, his age, the disease of which he died and the date of his death, and shall either deliver it to the person superintending the burial, or leave it with the family of the deceased or at the said physician’s office where it may be obtained when called for.”

**Duty of Assessors.**—For the principal purpose of obtaining the names of children whose names have not otherwise been reported, the law provided that “the assessors shall, when taking the annual inventory, collect and return to the City Clerk, before the first day of June, the births which have occurred within their respective jurisdiction during the year ending December thirty-first next preceding, together with the names of such children.”

There are various reasons which cannot be stated here why parents should be particular to have the birth of every child correctly recorded, including the name. Assure yourself that your physician has attended to his duty; otherwise, it will be necessary to hold you, as well as him, responsible as a lawbreaker. You have a twofold responsibility here; your duty under the law and your duty to your child and your family.

The law makes it the duty of the City and Town Clerks and of the State Registrar to enforce the provisions of this law.

There have been returned to the City Clerk’s office, 59 marriages, 149 deaths, and 160 births, during the municipal year.

1910.

## LIST OF DELINQUENT TAXES SUBMITTED BY SHERMAN G. WILLARD, TREASURER.

In publishing this list of delinquent taxes, it may be well to state that every effort has been made with the assistance of the City Solicitor to affect a settlement in all cases except where a careful analysis would show disability, age, or exceptionally large family, and in justice to former collectors, as well as to myself, it should be understood that the following list contains many who are not citizens of South Portland, also a large number of duplicate assessments, and errors from other causes which made the collection of the tax impossible.
