## AUDITOR'S NOTICE

---

AUDITOR'S OFFICE, CITY OFFICES,  
CITY OF SOUTH PORTLAND, ME.

All bills must be presented for payment on or before the first Wednesday of each month to insure payment during that month, and must specify what the article or articles were for, and for what department, and when for labor, where it was performed, with proper dates.

Items charged to different appropriations or departments must be made on separate bills.

The Auditor desires parties, whose claims against the City have been allowed, to be prompt in their calls to receive payment, and when bills have been once presented, ascertain if allowed before duplicating the amount on a subsequent bill, as is sometimes done.

### PAY DAYS.

In all departments (except teachers and janitors) the Saturday following the second Wednesday in each month. For teachers and janitors, every second Friday following the opening of the school year.

EDWIN J. MORRILL,

1918 collections include \$1,751.04 bid in by City at tax sale.

1918 uncollected includes \$156.59 sold for taxes in previous years. Tax deeds being now in City's possession.

It also includes many poll taxes against citizens who are now in U. S. Service. Your Collector has a record of seventy-nine such cases on his books and there are probably many more.

Your Collector has been informed that such cases are not

abatable and they must stand on Collector's book as delinquents unless the Council devises some method of settlement other than by abatement. Provided of course, that the Council favors the cancellation of these taxes.

On the whole, the receipts this past year have exceeded your Collector's expectations, and they would have been far better were it not for the fact that taxes amounting to \$1,574.80 against one resident corporation and \$124.00 against one non-resident corporation were not paid. The City Solicitor has these claims and will bring suit against both delinquents.

The following comparative statement of tax collections in percentage may be of interest as showing that a small expenditure each year in the collection department to enforce collections, is of benefit to the City.

### STATE AID TO SOLDIERS' DEPENDENTS

The handling of claims under this law assumed considerable importance in this city the past year, owing to the fact that we were situated in the heart of the principal military reservations of this State.

We have had applications from approximately one hundred individuals, the majority of which claims came within the scope of the State Aid Law and were allowed.

The City has disbursed the past year on behalf of the State under this law, the following amounts:

#### EXPLANATION OF SUMMARY

\*These items were not in appropriation bill; funds were provided in part by floating notes.

†As explained elsewhere, the discount on bond issue \$1,277.25 and on temporary loan \$1,982.50 were not included in Council orders. These items amounting to \$3,259.75 added to \$9,187.23 gives the actual amount expended for interest charges \$12,446.98, leaving overdraft of \$287.74.

It should be borne in mind that the Treasurer has treated the year's transactions strictly as CASH TRANSACTIONS, the Auditor's balances and overdrafts for preceding year being disregarded.

The items under heads of USED IN OTHER ACCOUNTS and USED FROM OTHER ACCOUNTS represent transfers authorized by the Council to be used in Auditor's records.

It will be noted that the County Tax is unpaid. By agreement with the County Commissioners, this sum was applied to expense of construction of Ferry Slip, and the difference between the tax and the total expense of Ferry Slip is to be refunded to the City by the County.

Loans on floating notes were used partly to meet expenses of Ferry Slip, Ferry Wharf and New Schoolhouse and partly towards providing funds for advances for State Aid to soldiers' dependents.

CITY TREASURER.

## REPORT OF CITY ELECTRICIAN.

---

*To the Honorable Mayor and Board of Aldermen —*

Gentlemen:—I herewith submit my report for the year ending January 31st, 1919.

### INSPECTIONS

I have made one hundred and twenty-six inspections and issued fifty-four permits as follows:

Twenty-four new buildings, twenty-five old buildings, two barracks, two shipyards, and one oil works.

All of the above wiring has been done to conform to the National Board of Fire Underwriters' rules and requirements.

### FIRE ALARMS

There has been twenty-six alarms from the following boxes: One from box 12; one from box 15; one from box 17; one from box 18; one from box 25; one from box 26; three from box 32; one from box 34; one from box 35; one from box 36; five from box 37 (three of these were false alarms); one from box 38; one from box 57; one from box 63; one from box 67; one from box 74; two from box 75; two from box 77.

This year the tapper system has been extended to the Pleasantdale hose company in ward six, and tappers installed in the homes of the members of hose company No. 3, but on account of war conditions, we were unable to get the necessary cable in time to have them working this winter.

This work should be completed as soon as possible, so as to give the hose company in Pleasantdale the benefit of same at an early date.

There has been purchased recently a motor truck for the use of hose company No. 1, located on School Street, which will add greatly to the efficiency of that company, and I think from observation, that it is the sense of the retiring City Government and I believe will be of the incoming Government that the same project to the remaining companies (not motorized), should be carried out as soon as possible to do so.

Thanking you, gentlemen, for your co-operation with me in carrying out the work of the year.

Respectfully submitted,

CHAS H. BRIMECOMBE,

*City Electrician.*

## REPORT OF BUILDING INSPECTOR.

---

South Portland, Maine, Feb. 8, 1919.

*To the Honorable Mayor and Board of Aldermen of the City  
of South Portland, Me.:*

I hereby submit my report as Building Inspector for the City of South Portland for the year 1918. Owing to the war and the high price of labor and material, building operations in this city have had a decided setback. I also feel that the failure of our million dollar bridge has had, and is having its effect on building operations in this city. With few exceptions the buildings constructed in this city the past year have been well built and according to the building laws.

Respectfully submitted,

R. E. TUTTLE,

*Building Inspector.*

## REPORT OF PLUMBING INSPECTOR.

---

Portland, Me., February 1, 1919.

*To the Honorable Board of Health of South Portland, Maine:*

| Plumbing installed in old buildings, | 36 |

All of the above plumbing has been installed according to the rules and regulations of the Board of Health, and the workmanship has been done in a satisfactory manner, every job being thoroughly inspected by me before being accepted as completed.

Within the above mentioned time sixteen (16) outside vaults have been abandoned for the more modern plumbing, and to conclude my report, I would again recommend, as I have in all my past reports, that all buildings that are acces-

sible to a sewer should enter it, and where there is no sewer a cesspool should be built the lawful distance from the house and a system of plumbing installed which would conform with the laws of the Board of Health.

Respectfully yours,

J. H. DUFFEY,

*Plumbing Inspector.*

## REPORT OF CITY SOLICITOR.

---

*To the Honorable Mayor and Board of Aldermen of South  
Portland —*

I herewith submit my report for the fiscal year 1918-19.

There has been nothing of unusual interest in connection with my office. The various city officials have, as usual, frequently consulted me with reference to matters which have come up in the course of the City's business. It has been a pleasure to work with them and I wish to take this occasion to state that each and every one has sought to do the thing that seemed for the best interest of the City.

Two matters are now pending in Court in which the City is defendant.

Louis W. Harris has filed a petition in the Supreme Judicial Court claiming that he is aggrieved by the estimate that no damages accrued to him by reason of the taking of land for Adams Street. This petition is in order for hearing at the April Term of Court.

Isaiah F. Welch has filed a complaint in the Supreme Judicial Court claiming that he is aggrieved by the assessment of damages awarded him for the lowering of Broadway in front of and adjoining his land. This matter has been referred to a committee of reference and is in order for a hearing at an early date.

Suit has been brought against the Consolidated Broken Stone & Gravel Co., to recover the amount due for taxes for the year 1918.

A bill in equity is being brought against the P. H. Doyen Shipbuilding Company to recover the amount due for 1918 taxes.

Respectfully submitted,

E. H. WILSON,  
*City Solicitor.*

## REPORT OF BOARD OF REGISTRATION.

---

*Honorable Mayor and Board of Aldermen:—*

Gentlemen:—The Board of Registration of Voters hereby respectfully submit the usual annual report:

Four sessions, three elections and the regular annual revision session comprised the major part of our work for the year. Last year's report disclosed a total of 1,805 names of legal voters borne upon the city voting lists. In each and all of the election sessions the past year, registration was lighter than in any former year, as follows:

Municipal session, 35; Primary session, 7; State session, 43; a total of 85. There were also 16 reinstatements. In the July revision session and the several election sessions, a total of 171 names were stricken from the lists, voters who have either died or removed from our city.

Fifty (50) ward changes were also discovered and confirmed. Frequent recurring elections soon exhausts our supply of voting lists. Our last edition being used to almost the last copy, we went to the printer for a new edition, and the first copies of these will be used in our forthcoming March election. These lists contain a total of 1,734 names, distributed by wards as follows: Ward (1), 253; Ward (2), 239; Ward (3), 214; Ward (4), 245; Ward (5), 230; Ward (6), 265; Ward (7), 288—1,734.

---

Elections for the year 1919 will occur as follows: Municipal, Monday, March 3d; Water District, Monday, May 26th. This board will be in session for the qualification of voters, in each of these events, as the law provides.

JAMES K. TURNER,  
MARCUS A. HANNA,  
A. E. THURRELL,

*Board of Registration of Voters.*
