AUDITOR'S NOTICE

Auditor's Office, City Offices,
City of South Portland, Me.

All bills must be presented for payment on or before the first Wednesday of each month to insure payment during that month, and must specify what the article or articles were for, and for what department, and when for labor, where it was performed, with proper dates.

Items charged to different appropriations or departments must be made on separate bills.

The Auditor desires parties, whose claims against the City have been allowed, to be prompt in their calls to receive payment, and when bills have been once presented, ascertain if allowed before duplicating the amount on a subsequent bill, as is sometimes done.

PAY DAYS

In all departments (except teachers and janitors) the Saturday following the second Wednesday in each month. For teachers and janitors, every second Friday following the opening of the school year.

Herbert L. Crory,
City Auditor.
RECEIPTS AND EXPENDITURES

To the Honorable Mayor and Board of Aldermen of the City of South Portland, Maine —

Gentlemen:—I submit herewith the twenty-fifth annual report of the City of South Portland, Maine, for the fiscal year ending January 31, 1924.

We have again paid nine thousand dollars ($9,000) worth of bonds becoming due in 1923 and have the cancelled bonds in the safe.

We have floated new bond issues in 1923, but have been very careful not to have too large amounts falling due in any one year, which will enable future councils to take care of bonds becoming due much easier.

I feel, for one, that the new high school proposition, was, and is, a just and very worthy cause, and we as citizens and tax payers owe it to our children, so that they may enjoy, and have a school to attend that will bring them up to the standard which they have not had for some time past.

South Portland’s financial problems in the future, I feel, will be very much different than they have been in the past, for we are a fast growing city and demands for one thing or another are coming fast. Construction, maintenance, and expenses of every nature are more and more every year.

With the bright prospects ahead for increased valuation, 1924-1925 will enable South Portland to take care of its obligations as they become due.

Very respectfully yours,

Herbert L. Crory, Auditor.

Sept. 24, 1923.

To the Honorable Mayor and Council:

The undersigned members of the School Board desire to submit for your consideration the following:

Our grade schools are suffering, hardly one but what is unlawfully crowded. Willard has at least 12 in the fifth grade who are sent from their own district to Broadway; Pleasant Street has in each of its upper rooms at least 12 more than should be there; Knightville the same; at the Heights, another school must be opened upstairs; Summer Street sixth grade has 10 which belong at Cash Corner and 10 more than the room should hold; Cash Corner has too many in every room, 58 in one, which will call for another extra teacher there, making at least 5 extra teachers due to crowded rooms; Broadway children are losing one day a week and the High School more than that; Special teachers' work is weakened very much and, if we do not move into the new house before May, nearly annulled. Added to this is the fact that the extra cost is the least item in the situa-
tion, health and, of necessity, school work, impeded.

It seems evident that something needs to be done to hasten that which seems to be going all two slowly, viz. the completing of the South Portland High School Building, so that these conditions may cease.

And your S. S. Committee respectfully asks if something cannot be done to hasten the High School work which was contracted for to be finished in June, 1923.

Respectfully submitted,

ALFRED N. PLUMMER,
CHARLES D. SAWYER,
HAROLD B. HAGGETT,
FRANK I. BROWN,
HOWARD P. KNIGHT,
WILLIAM L. WALKER,
SIMON M. HAMLIN,
ALLEN H. COBB.

NOTE:—For the information of South Portland tax payers, both resident and non-resident, in the belief that such information will be of real interest, we have secured from the office of the Board of State Assessors, a statement of the tax rate in effect in each of the several twenty cities of the State, for the year 1923, also the approximate rate for the entire State.

The twenty cities, with the rate in each, is tabulated below, and those cities having a higher rate than South Portland are marked with an asterisk (*).

Attention is called to the fact that the average rate for the twenty cities of the State in 1923, was $37.24 per thousand, this being $1.24 per thousand higher than South Portland's rate, ($36.00). It should also be noted that the approximate rate for the entire State, as per State Assessors (exact figures not yet available), is given as $42.00, or $6.00 per thousand higher than our own.

REPORT OF BUILDING INSPECTOR

To the Honorable Mayor and Board of Aldermen of the City of South Portland, Maine: Feb. 1, 1924.

Sirs:—I respectfully herewith submit my second annual report as Inspector of Buildings for the City of South Portland, for the year Feb. 1, 1923 to Feb. 1, 1924.

During the year, 389 permits for the erection and alteration of buildings have been issued, 342 of which have been new buildings and 47 for alterations, repairs, etc. of existing buildings.

The permits for new buildings are distributed as follows: Dwellings, 200, Garages, 95, Stores and Restaurants, 8, Industrial buildings including the Rigby Terminal Buildings, Storehouses, shops, etc., 35, and Miscellaneous buildings (sheds, stables, etc.) 5.

By wards they are distributed about as follows: Ward I, 78; Ward II, 13; Ward III, 10; Ward IV, 51; Ward V, 20; Ward VI, 75 and Ward VII, 95.

The alterations I have not distributed but they range in larger numbers in the wards where there are fewer new buildings as the existing buildings in these wards are older and closer.

About 1,000 visits of inspection have been made during this time. Each section of the city has been visited each month practically and conditions noted which has been the only way that proper inspection could be carried out. This has increased the number of visits to new buildings but previous to the enactment of the ordinances this last month notifying the Inspector was not required by ordinance and not over 30% did so.

South Portland growing as it is needs further ordinance and our last month's enactment is I hope a stepping stone towards a code covering the points necessary to safeguard against fire risk and risk of life in our buildings.

I wish to thank you for your ratification of the Inspectors' requirements and feel that I will be pleased if you so desire to work with you another year in the enforcement of them and the promotion of further building in our City.

Respectfully submitted,

Oscar I. Emerson, Building Inspector.
REPORT OF CITY ELECTRICIAN

To the Honorable Mayor and City Council:

GENTLEMEN:—Herewith respectfully submitted is my report for the year of 1923 up to Feb. 1st, 1924.

INSPECTIONS

I have made one thousand four hundred and eighteen (1418) visits of inspection and have issued four hundred and thirty eight service permits, fifty-five temporary permits. The above permits were issued after rules of the National Board of Fire Underwriters were complied with.

FIRE ALARMS

There have been thirty-one (31) bell alarms and fourteen (14) still alarms.

LINE WORK

We have extended the box circuit from Browns Hill to the Portland Terminal Co. on Rigby Road and installed one fire alarm box No. 713. We have rebuilt lines on Sawyer, Pine, High, Stanford and Spring Streets, as the Lighting Co. has set new poles and rebuilt their lines on these streets.

PUBLIC BUILDINGS

The Elm and Evans Sts. school buildings have been wired throughout for lights. The East High St. school building has been equipped with fire alarm gongs. The call bells in the Broadway School building should be rewired as they give a great deal of trouble on account of defective wiring. The City home barn has been rewired for lights as the old wiring was unsafe.

EXTENSIONS

The tapper circuit for Cash Corner tappers should be connected back to Plesantdale tapper circuit so as to control them from the whistle house, they are at present controlled at Browns Hill by a relay from the box circuit which is very unsatisfactory.
REMARKS

I would recommend that a new type Gamewell masterbox be connected at Ocean and Summer Sts. No. 412 and connected by auxiliary stations in the new High School building so in case of fire they could get direct connection for an alarm. In closing my report I wish to thank those who have co-operated with me during the past year especially the fire committee.

Respectfully submitted,

GEORGE H. LOWELL,
City Electrician.

REPORT OF MILK INSPECTOR

Feb. 13, 1924.

To the Honorable Mayor and Board of Aldermen:

GENTLEMEN:—I herewith submit my report as City Milk Inspector, for the year 1923-24, as follows:

Seventy-two licenses to sell Milk and Cream have been issued in the City of South Portland, during the fiscal year.

The supply of milk in this city has been very good, only a very few reports of poor milk having been received.

The State Dairy Inspector demands for the coming year a more careful inspection of the dairies, before granting a license which will increase the expense of this office.

He also states the following: “Any person, firm, corporation, association or society who shall sell or deliver milk or cream as a business, to any person, from a wagon, or other conveyance, depot or store, or who shall sell or deliver milk to a hotel, restaurant, boarding house or any public place, shall on or before the first day of April of each year, register with the Commissioner of Agriculture.”

“The penalty for selling milk or cream as a business, without a license, is Fifty Dollars ($50.00).”

The fee for said application, is One Dollar ($1.00) payable to the Commissioner of Agriculture, at Augusta.

Respectfully submitted,

W. E. Dyer, Milk Inspector.

ALMSHOUSE DEPARTMENT

In this department at the beginning of the year there were 14 persons. Admitted by permit from Overseers, 2 persons. Sent to Augusta, 2 persons. Present number in the house, 12.

NUMBER OF PERSONS AIDED

The total number of persons who received aid in the various ways is 20.

BOARD OF CHILDREN

During the past year we have been obliged to board several children in private families, and the amount expended has been
$1,303.53. These children owing to their age or physical condition, are not eligible to the aid under the state law for protection of children, and it has been deemed advisable to charge this expenditure to the department expenses.

MOTHERS’ AID DEPARTMENT

The Mothers’ Aid Department has continued to function effectively, and we can report that the Mothers who are beneficiaries under this act are being supported in a manner which is satisfactory to themselves and the department. As before, the difficulty in administration of this form of relief is due to the attitude which the general public take, that this aid is in the nature of a pension, which is granted to all mothers regardless of the circumstances. It is the policy of the State Board, who pass upon all applications for aid, that the Mothers shall be capable, mentally, morally and physically, to bring up a family, and that they must be sufficiently destitute to warrant their receiving this form of relief. The relations with the State Board of Charities have been most cordial and we take this opportunity to express our appreciation of their co-operation. 6 Mothers have been aided in this way during the past year. The expense has been $1,050.00 one half of which has been paid by the State of Maine.
REPORT OF CITY PHYSICIAN

Feb. 12, 1924.

To the Honorable Mayor, and Board of Aldermen:
The following is a short report of the work done by your City Physician, during the year of 1923-24.

There have been many calls at the City Home, but not as many as there might have been, on account of the efficiency of the Supt. and his wife. They have given your City Physician splendid cooperation, throughout the year.

There have been no contagious diseases at the Home.

There has been considerable sickness among the out-poor, but no contagion.

The Overseers and City Officials in general, have been most considerate in their efforts to look after the welfare of those dependent upon the City for support.

Respectfully submitted,

LORING S. LOMBARD,
City Physician.

REPORT OF CITY SOLICITOR

Feb. 2, 1924.

To the Honorable Mayor and Board of Aldermen of the City of South Portland, Maine:

Your City Solicitor herewith submits the following report for the past year:—

At the time of your Solicitor’s last report there were no cases pending before the courts in which the City was a party. At that time, however, there were petitions pending before the Public Utilities Commission and the County Commissioners to which the City was a party.

The petition before the Public Utilities Commission relating to the taking of land in ward seven by the Portland Terminal Company for a freight and engine terminal has, as the council is aware, been settled. The petition before the County Commissioners concerning the closing of Rigby Road has also been settled. The original petition of the City to the Public Utilities Commission relating to the alteration of the crossing at Skunk’s Hill, filed in 1916, was dismissed by the Commission on December 8, 1923, and a new petition was filed in its stead.

There are two appeals from the decision of the Board of Assessors refusing to grant abatement of taxes pending at the present time, the one by the Portland Terminal Company, pending before the Supreme Judicial Court, and the other by Frank W. Sadler Real Estate Co., pending before the County Commissioners. The two appeals and the petition before the Public Utilities Commission will probably be settled this Spring.

Respectfully submitted,

Stephen W. Hughes,
City Solicitor.
