MAYOR'S INAUGURAL ADDRESS

GENTLEMEN OF THE COUNCIL :

We are embarking upon a new municipal year. We shall be confronted by varied problems during the next twelve months. Each decision that we shall be called upon to make will be an important one.

These are the thirty-first inaugural ceremonies of the City of South Portland. Great changes have been wrought in the last thirty-one years.

The curriculum of our schools today includes music, drawing, manual training, domestic science, and athletic and gymnastic training. These subjects were not taught thirty-one years ago.

Today we have a motorized fire department. Thirty-one years ago horse-drawn vehicles composed our fire department.

Today we have many miles of concrete, paved and macadamized highways. Thirty-one years ago our highways were dirt roads.

Today, with the increasing use of the automobile, traffic regulations are necessary. This was not so thirty-one years ago.

South Portland is a part of the Motorists' Gateway to Maine, and during the height of the summer season as many as 12,000 automobiles in a single day have traversed a given portion of our highway system.

I mention these few facts to show you that the standard of living, entailing with it greater municipal responsibilities, is constantly being improved upon.

It is my duty to present to you my views on some of the major problems which will require our attention during the coming year.

SCHOOLS

Our school facilities are of paramount importance. We have under construction a schoolhouse on Kelsey Street, which will be ready for occupancy at the beginning of the new school year. With this new schoolhouse the congested and unsanitary school conditions in one part of our City will be eliminated. Already there is a proper demand for the bettering of school facilities at Thornton Heights, South Portland Heights, and Knightville. As soon as the Kelsey Street School is completed, it is my recommendation that steps be taken to relieve the congested school conditions, wherever the Council determines that such relief is most essential.

HIGHWAYS

The highway situation is of vital concern to every South Portland citizen. It is my recommendation that at least as much money be appropriated this year as was appropriated last year for Permanent Road Construction. Permanent Road Construction obviates the expensive item of continually "patching."

The widening and repairing of Ocean Street, thru Knightville, is about 75% completed. It is my recommendation to you that this project, commenced under the administration of Mayor Minott, be completed as soon as weather conditions permit. Specifically, the permanent road construction over Broadway should be extended. This is a state aid project and it is in conformance with good business principles that we secure the maximum of state aid.

A majority of our citizens use their automobiles thruout the entire year. Besides keeping our highways in good condition in spring, summer and fall, we have an added duty to keep our highways open thruout the winter. I therefore recommend that an appropriation this year be set up independent from the Street Accounts, to be called the "Snow Removal Appropriation."

POLICE AND FIRE DEPARTMENTS

I am presenting to you collectively the Police and Fire Departments for your consideration. There is much of common in the two departments. In my committee appointments I have

adopted the innovation of having the same Aldermen of the Police Committee as will be on the Fire Committee. The same person who is Chief of Police is also Chief of the Fire Department. In my opinion responsibility will be further centralized by fusion of the personnel of the two committees. When the Civil Service Commission becomes operative, the appointment and promotion of Policemen and Firemen will be removed from "politics." The expenditures of these two departments, however, will be within the sole control of the Police and Fire Committee, and the policies of these departments will be determined by the two committees in conjunction with the chief.

In order that the efficiency of these two departments may be increased, I recommend such an appropriation as the committees may determine upon as adequate to provide for a comprehensive and propressive program.

TAXES

By taxation alone is derived our revenue by which the needs of our municipality are provided for. It is this item which is of greatest concern to our citizens.

I favor a continuation of our present assessed ratio of valuation. As one of my first official duties, I shall communicate to the Board of Assessors my wish that the ratio of assessed valuation remain unchanged.

Although our State and County taxes are to be increased this year by amounts yet undetermined, I am of the opinion that the Board of Aldermen by the practice of economy and by following sound business rules, may so formulate the Appropriation Bill that the tax rate will remain the same as it was last year.

APPROPRIATIONS

The chief problem of the City Government is one of balanced spending, and this can be met only as a clear and well proportioned appropriation measure. The Appropriation Bill will, of course, receive your most careful consideration. When the Appropriation Bill is completed, additional care should be exerted to avoid any overdraft. Unless by reason of some unforeseen and, therefore, unprepared-for emergency, it would be

unfair to saddle the administration to follow with an accumulation of unpaid bills.

Fortunately, we only have bonds to the amount of \$8,450.00 maturing this year. Payment of these must be provided for in the Appropriation Bill. But next year the City Government will face the responsibility of having to meet a maturing bond issue in the amount of \$55,000.00.

I suggest that you give consideration to whether or not it would be advisable to set up by appropriation a Sinking Fund, to be used only for retirement of maturing bond issues.

There are numerous matters of lesser importance that will not be mentioned by me now. The Council Meetings of this year will thoroughly acquaint us with them in great detail.

The conduct of the City affairs is in your hands, and I sincerely believe that this trust imposed by the voters has not been misplaced.

Gentlemen of the Council, I thank you for your attention.

E. PERLEY BULLOCK,
Mayor.

CITY OF SOUTH PORTLAND, MAINE

IN COUNCIL.

January 8, 1930.

Ordered, That the Auditor and Committee of Finance and Claims be and are hereby instructed to make the Thirty-first Annual Report of the receipts and expenditures of the City of South Portland and that a combined school and annual city report shall be made in place of two separate reports for the financial year ending January 31, 1929, and that 1,600 copies of the same be printed for the use of the city and for distribution, and reports of the City Officers returned to the City Council at the close of the financial year, be appended thereto.

CLIFFORD D. COLE.

A true copy of order passed February 7, 1930.

ATTEST:

WOODBURY P. HARRINGTON,
City Clerk.

AUDITOR'S NOTICE

AUDITOR'S OFFICE. CITY OFFICES,
CITY OF SOUTH PORTLAND, ME.

All bills must be presented for payment on or before the first Monday prior to the first Wednesday of each month to insure payment during that month, and must specify what the article or articles were for, and for what department, and when for labor, where it was performed, with proper dates.

Items charged to different appropriations or departments must be made on separate bills.

The Auditor desires parties, whose claims against the City have been allowed, to be prompt in their calls to receive payment, and when bills have been once presented, ascertain if allowed before duplicating the amount on a subsequent bill, as is sometimes done.

PAY DAYS

In all departments (except teachers and janitors) the Saturday following the second Wednesday in each month. For teachers and janitors, every second Friday following the opening of the school year.

HERBERT L. CRORY,
City Auditor.

RECEIPTS AND EXPENDITURES

To the Honorable Mayor and Board of Aldermen of the City of South Portland, Maine:

GENTLEMEN: I submit the thirty-first annual report of the City of South Portland, Maine, for the fiscal year ending January 31, 1930.

Trying to keep abreast with our fast growing city is no easy problem, as demands for improvements seem to never stop, but I feel if the coöperative spirit is applied, and careful consideration to appropriation, wonders can, and will, be accomplished.

We have paid this year \$8,450.00 worth of bonds becoming due.

In the past two years we have financed the Kelsey Street School at a cost of \$96,000.00 and only owe a balance of \$47,000.00. This, I believe, is good business.

Respectfully submitted,

HERBERT L. CRORY, *Auditor.*

Deduct overdrafts, \$20,447.67, from unexpended balances of \$21,989.66, leaves a net unexpended balance of \$1,541.99. We have this year a net deficit in the school accounts of \$4,729.98.

AUDITOR'S REPORT

To the Honorable Mayor and Board of Aldermen:

I hereby certify that I have examined the accounts of the City Treasurer and find them to be correct, and that the foregoing statement of the receipts and expenditures of the City of South Portland for the financial year ending January 31, 1930, is correct.

HERBERT L. CRORY, *Auditor.*

South Portland, Maine, February 12, 1930.

Respectfully submitted,

WOODBURY P. HARRINGTON,

City Clerk.

REPORT OF COLLECTOR OF TAXES

To the Honorable Mayor and Board of Aldermen of South Portland:

GENTLEMEN: The following is a true statement of tax collections for the year ending January 31, 1930:

Assessed 1908 & Prior Years	Unpaid Feb. 1, 1929	Collected	Abated	Sold to City	Unpaid Feb. 1, 1930
	\$ 1,822.01		\$1,822.01		
1909	766.24		766.24		
1910	416.64		416.64		
1911	96.14		96.14		
1912	220.74		220.74		
1913	568.29		568.29		
1914	102.21		102.21		
1915	295.87		295.87		
1916	147.42		147.42		
1917	129.81		129.81		
1918	575.49		575.49		
1919	94.14		94.14		
1920	63.05		63.05		
1921	113.46		113.46		
1922	877.82	\$ 20.60	131.40		\$ 725.82
1923	778.88	3.00	13.20		762.68
1924	1,411.46	20.60	104.30		1,286.56
1925	1,491.04	79.56	59.10		1,352.38
1926	3,145.65	176.40	126.10		2,843.15
1927	2,644.32	583.04	347.73		1,713.55
1928	8,314.21	5,438.35	344.93		2,530.93
1929	525,729.67	497,670.54	6,655.09	\$13,348.12	8,055.92

SUMMARY OF 1929 TAX COMMITMENT ACCOUNT

Regular commitment by assessors,	\$522,839.05
Supplemental commitment,	2,890.62
	<hr/> \$525,729.67
Collected,	\$497,670.54
Abated,	6,655.09
Sold to City,	13,348.12
Balance uncollected,	8,055.92

It is interesting to note that with an increase in commitment of \$6,655.41 over last year there was an increase in collections of \$12,092.54 over last year. The amount of outstanding taxes, \$8,055.92, represents 1.53% of total commitment.

Respectfully submitted,

WALTER E. BROWN,

Tax Collector.

REPORT OF COLLECTOR OF AUTOMOBILE EXCISE TAX

To the Honorable Mayor and Council:

GENTLEMEN: As a result of the law which took effect on July 13, 1929, there has been collected in excise taxes on motor vehicles up to January 31, 1930, the sum of \$15,454.14 on sixteen hundred and ninety-five vehicles. The carrying out of this law has meant a large amount of clerical work which has taken considerable of the time of the collector as well as his deputy (and I wish to add that Mrs. Crowell of the assessing department gave very efficient help during the height of the rush period). In spite of the added office detail the work has been taken care of so far without any added expense to the City for clerical help, but it is doubtful if it could be done another year without effecting the efficiency of the office.

For the benefit of taxpayers a copy of the Excise Tax Law is shown herewith.

Respectfully,

WALTER E. BROWN,

Collector of Excise Tax.

STATE OF MAINE

AN ACT TO PROVIDE EQUITABLE AND UNIFORM TAXATION FOR MOTOR VEHICLES

Chapter nine of the revised statutes is hereby amended by adding thereto sections seventy-six to eighty-five, both inclusive, as follows:

"Sec. 76. An excise shall be levied annually as herein provided with respect to each calendar year for the privilege of operating upon the public ways, each motor vehicle to be so operated, subject to the provisions of section eighty-two, as follows: a sum equal to twenty-three mills on each dollar of the maker's list price for the first or current year of model, sixteen and one-half mills for the second year, twelve and one-half mills for the third year, nine mills for the fourth year, five and one-half mills for the fifth year, and three mills for the sixth and succeeding years; provided, however, that persons registering under the provisions of sections thirty-four and seventy-five of chapter two hundred and eleven of the public laws of nineteen hundred and twenty-one, the state and political sub-divisions thereof, bona fide dealers or manufacturers of motor vehicles, which motor vehicles are solely for the purpose of dem-

onstration and sale and which constitute stock in trade, telephone and telegraph companies subject to the excise tax set forth in chapter nine of the revised statutes in sections thirty-six to forty-two, express companies subject to the excise tax as set forth in chapter nine of the revised statutes in sections forty-three to forty-six, both inclusive, railroad companies subject to the excise tax set forth in chapter nine of the revised statutes, sections twenty-five to thirty-five, both inclusive, excepting, however, motor busses used for the transportation of passengers for hire, shall not be subject to the excise herein provided.

Sec. 77. Any automobile owner, who has paid the excise tax on his motor vehicle for the year to a city or town as herein provided, shall be exempt from further or other taxation on said motor vehicle for that year by said city or town.

Sec. 78. No motor vehicle owned or controlled by a resident of this state shall be registered under the provisions of chapter two hundred and eleven of the public laws of nineteen hundred and twenty-one and acts amendatory thereof and additional thereto until the owner or person controlling the same has paid the excise tax herein provided to the city or town wherein he resides.

Sec. 79. Any owner who has paid said excise tax for a motor vehicle the ownership of which is transferred, or which is subsequently totally lost by fire, theft or accident, in the same calendar year, shall be entitled to a credit to the amount of such tax towards an excise tax for another motor vehicle which may be required of him in the same calendar year. No portion of any excise tax once paid shall be repaid to any person; and from October first to December thirty-first such credit shall not exceed one-third of the amount of the original tax.

Sec. 80. Receipts for the payment of this excise tax shall be in the form prescribed by the secretary of state. They shall be issued in duplicate, and one copy shall be delivered to the secretary of state, at the time application is made for registration of the motor vehicle, and filed with the application.

Sec. 81. The collector of taxes of each city or town, or such other person as the city or town may designate, shall collect such excise tax and issue to each person paying it, the receipt therefor prescribed in section eighty.

Sec. 82. The excise tax under the provisions of this chapter during the period beginning with September first and ending with December thirty-first shall be one-third of the sum named in section seventy-six.

Sec. 83. Each designated city official and treasurer of each town shall keep an account of the money received by him for said excise taxes, and deposit the same in the city or town treasury monthly. Failure so to deposit shall be cause for immediate removal from office. All moneys collected in accordance with the provisions of this act shall be apportioned between such town, city and any village corporation, sewer district, fire

district or other public municipal corporation, in the same manner as the moneys now collected for taxes assessed on property located within such town or city.

Sec. 84. The collector of taxes of any adjacent town or the city treasurer of any adjacent city shall receive the excise tax and issue the receipt prescribed therefor under this chapter to persons residing in unorganized places in any county. Such fees shall be for the use of the town in which such tax is paid.

Sec. 85. Any person wilfully making any false statement to any person charged with the duty of receiving this tax and issuing the receipt therefor, when making statement for the purpose of the levy of said tax hereunder, shall be fined not more than twenty-five dollars."

(Effective July 13, 1929)

REPORT OF BUILDING INSPECTOR

January 31, 1930.

*To the Honorable Mayor and Board of Aldermen, City of
South Portland, Maine:*

GENTLEMEN: I respectfully herewith submit my Annual Report for the year ending February 1, 1930.

Construction during this Municipal Year has slackened off considerable compared with the past six or seven years. During the period February 1, 1929, to January 31, 1930, only 224 building permits were issued, 14 by my predecessor and 210 by myself.

A check-up of the records for the past ten years show that approximately 1,200 new homes have been constructed during this period or an average of 120 homes per year, while this past year only 60 new homes or 50% of that average have been built.

Two fair-sized industrial projects have been carried on in the installation of two more Oil Storage Plants in Ligonias or the "Oil City" as it is known. Work has commenced on the tearing down of the abandoned car shops at Turner's Island, where an Unloading Plant and Storage Yard for Coal is to replace the one burned on the Portland side of the Harbor.

The remainder of the 224 permits were made up as follows: 92 private garages, 1 public garage, 3 filling stations, 6 stores and shops, 5 barns, henhouses, etc. 40 permits were issued to alter existing buildings and 7 to demolish same.

The total estimated value of the construction in accordance with the information filed with the applications was \$283,590.00, of which \$260,000.00 was for new buildings.

Such building laws that are effective in South Portland are on the whole complied with, the few exceptions being corrected upon order of the inspector without court action. Approximately 300 visits of inspection were made.

Respectfully submitted,

OSCAR I. EMERSON,

Inspector of Buildings.

REPORT OF CITY ELECTRICIAN

To the Honorable Mayor and City Council:

GENTLEMEN: Herewith respectfully submitted is my report for the year 1929, to February 1, 1930:

INSPECTIONS

I have made four hundred and eighty-six (486) visits of inspections and have issued one hundred and fifty-six (156) permits, and twenty-six (26) temporary permits.

FIRE ALARMS

There have been sixty-three (63) box alarms and one hundred and four (104) still alarms.

Respectfully submitted,

GEO. H. LOWELL,
City Electrician.

REPORT OF HARBOR COMMISSIONERS

Portland, Maine, December 2, 1929.

To the Honorable Mayor and Board of Aldermen of the City of South Portland, Maine:

GENTLEMEN: The Board of Harbor Commissioners submits their report for the year ending December 1, 1929, as follows:
Permits issued in 1928:

Dec. 22. Wilfred E. Ricker, Portland, Me., permit to build wharf on the southerly side of West Commercial St., Portland.
Permits issued in 1929:

Jan. 5. Cities Service Refining Co., Boston, Mass., permit to build a wharf on the north side of Main St. and on the west shore of "Fore River," near the west end of Vaughan's Bridge, South Portland.

March 28. Portland Water District of Portland, Me., permit to lay a water main from the shores of East Deering, to the shores of Great Diamond Island.

March 19. Casco Bay Light & Water Co. of Portland, Me., permit to lay and maintain a submarine electric cable from Long Island, to Chebeague Island.

May 21. Casco Bay Light & Water Co. of Portland, Me., permit to lay a water line pipe, from easterly side of Peaks Island to westerly side of "Pumpkin Knob."

July 2. Portland Terminal Co. of Portland, Me., permit to build an extension to an existing wharf on the southerly side of West Commercial St. and dredge for same.

Aug. 26. Joseph F. Davidson, South Portland, Me., permit to build a wharf on the southeasterly shores of South Portland, in the rear of No. 211 High Street.

Appointments made by the Board:

Jan. 12, 1929, Captain L. F. McLain was appointed pilot to fill the vacancy made by the death of pilot Capt. Peter McVane, the unexpired term ending July 16, 1932.

The report of the Harbor Master for the year ending December 1, 1929, as made to the Board, is attached herewith and made a part of this annual report.

HARBOR MASTER'S REPORT

Portland, Me., December 1, 1929.

To the Board of Harbor Commissioners:

GENTLEMEN: I herewith submit the following report covering period from Dec. 1, 1928, to Dec. 1, 1929:

Official visits at anchorage:

Steamships,	105
Schooners,	8
Barges,	32
Yachts,	14
<hr/>	
Total,	159

On May 25, engaged Clinton T. Goudy to clean buoys, refit with shackles and pins as follows:

June 1, all channel buoys scraped, cleaned and painted and reset with new shackles and chain at a cost of	\$127.88
July 30, two new buoys constructed by the Portland Ship Building Co., at a cost of	150.00
Sept. 1, furnishing new rock, chain and shackles for "B" Buoy and placing same in position at a cost of	40.90
Nov. 1, taking up broken "E" Buoy and replacing same with buoy from "B" position at a cost of	22.00
<hr/>	

Total expense \$340.78

July 1, the battleship "New York" was berthed in the lower harbor.

Sept. 26, the British Cruiser "Wistaria" was escorted and berthed at the State Pier.

Respectfully submitted,

CHARLES W. L. McDUFFIE,
Harbor Master.

Respectfully submitted by the Board,

ALBERT E. DYER,
J. CALVIN KNAPP,
ALBERT B. HALL,
NATHAN W. THOMPSON,
*Harbor Commissioners for the
Harbor of Portland, Maine.*

REPORT OF FIRE CHIEF AND FIRE DEPARTMENT

SOUTH PORTLAND, ME., Feb. 1, 1930.

To the Honorable Mayor and Board of Aldermen of the City of South Portland, Maine:

GENTLEMEN: I herewith submit the following annual report of the Fire Department for the year ending January 31, 1930:

Calls answered by the apparatus:

Still alarms,	103
Box alarms,	63
	<hr/>
Total alarms,	166
Total value of property involved,	\$207,079.00
Total insurance on buildings,	124,346.86
Loss on buildings,	15,753.00
Total insurance on contents,	18,524.83
Loss on contents,	7,089.00

The loss for the year amounting to \$22,842.00, approximately \$1.50 per capita.

Respectfully submitted,

CHARLES O. SPEAR, JR.,
Fire Chief.

February 1, 1930.

The overdraft in the Fire Department appropriation was on account of the following expenses:

Chassis for Hose 2,	\$1,800.00
Emergency work on fire alarm system, on account of damage by ice storm in December, labor and material,	632.59
	<hr/>
	\$2,432.59

CHARLES O. SPEAR, JR.,
Fire Chief.

REPORT OF HEALTH OFFICER

February 3, 1930.

To the Honorable Mayor and Board of Aldermen of South Portland, Maine:

I herein submit the report of the Health Department of the City of South Portland for the year ending January 31, 1930.

The following diseases have been reported to the Health Department during the year:

Chicken Pox,	142
Diphtheria,	1
Encephalitis,	2
Measles,	232
Mumps,	54
Pneumonia,	6
Scarlet Fever,	40
Septic sore throat,	1
Undulant Fever,	1
Whooping Cough,	22
Tuberculosis (all forms),	10

It has been possible to present so complete a list through the coöperation of the school nurse and the school teachers. A more accurate list will be available when each citizen of the city realizes that it is his duty to report promptly any contagious disease which he knows to exist.

Sewerage disposal is still unsatisfactory in many parts of the city although progress is being made. People using cess-pools must remember that for efficiency these require periodic cleaning.

The city dumps have been cleaned and it is hoped that everyone will coöperate in keeping them so. Every citizen should know that there is one dump kept "open" with an attendant. It is requested that this be used rather than the nearest gully or shore. In this way you will add to the attractiveness of the city and save it money.

The garbage situation was deplorable the past summer. The reason was lack of help. With the present equipment it is impossible to cover the city once a week during the season when cottages and hotels are open. Two calls a week are essential for health in the hot weather. The appropriation for this work must be increased and another truck supplied.

At the clinic held at the High School in August over six hundred (600) children were vaccinated. It is hoped that this work may be continued in the future to protect South Portland from an epidemic of small pox.

Your Plumbing Inspector has given me valuable help in solving difficult problems of defective plumbing. His report is herewith submitted.

Respectfully submitted,

PHILIP H. McCrum, M. D.,

Health Officer.

REPORT OF MILK INSPECTOR

To the Honorable Mayor and Board of Aldermen:

GENTLEMEN: I herewith submit my report as City Milk Inspector for the year 1929 as follows:

Ninety-two (92) licenses have been issued to sell milk and cream in the City of South Portland during the year, including dairies, stores and lunch rooms.

The dairies and milk depots which have been inspected at intervals during the year are in excellent condition, and great strides have been made by the dairymen of South Portland in regards to cleanliness and modern methods of handling the milk supply of the city, and great care has been taken in supplying the schools with the best grades of milk.

We entered the State milk exhibit at Auburn this year and came through with a very good record.

So, on a whole, the city milk supply compares favorably with other sections throughout the State.

Respectfully submitted,

FRANK W. COLE,
Milk Inspector.

REPORT OF OVERSEERS OF POOR

To the Honorable Mayor and Board of Aldermen of the City of South Portland:

GENTLEMEN: The Overseers of the Poor herewith respectfully submit this, their annual report for the year ending January 31, 1930.

Appropriation (Poor Dept.),	\$ 5,000.00
Cash receipts, almshouse,	12,094.33
Deficit, almshouse and out-poor,	3,099.11
	—————\$20,193.44

EXPENDED

Almshouse,	\$14,435.32
Out-poor,	5,758.12
	—————\$20,193.44

The Board of Overseers wishes to call to the attention of the Mayor, Board of Aldermen, and citizens at large, to the deficit of \$3,099.11. The appropriation was cut from \$6,000 to \$5,000, showing a difference of \$1,000, and to the change in management and the improvements that were necessary to be made for the upkeep of the home, the above will readily explain why the increase in the deficit for the past year.

In addition to the above report of receipts and expenditures, the Board wishes to call the attention to the fact that 3,995 quarts of milk, representing a cash value of \$439.45, has been distributed to the out-poor, which is not included in the above report.

The City Home is open for inspection each day from two (2) o'clock to four (4) o'clock.

Respectfully submitted,

IRVING T. JONES,
JOSEPHINE M. FENDERSON,
JOHN I. B. SAWYER,
Overseers of the Poor.

Report of the Red Cross Health Nurse

January, 1929, to January, 1930

To the Board of Overseers:

Total nursing visits for one year, 2,691.

Total visits for city, 1,664.

Attended 12 overseers' meetings.

Visits to Well Baby's Clinic, 96.

72 patients taken to dispensary on India Street.

4 pairs of eye glasses paid for by American Red Cross.

25 patients taken to hospital for free treatment.

\$300.00 worth of clothing given out to the out-poor. Some families not having city aid but needing assistance in the clothing problem. Most of the mothers are able to cut and make over clothes, if they are given the material to work with.

Many shoes have been collected and distributed, saving a considerable amount for the Overseers. Many times this small help keeps the family from asking support of the city.

Have attended two deliveries for city poor.

Assisted the School Nurse, Mrs. Fairfield, and Dr. McCrum, with 700 vaccinations of school children before the fall term opened.

Twelve children were selected from worthy families and sent to Christmas Cove for a free vacation of two weeks last summer, and this year am planning on having our own quota allowed to go again, thus giving a chance to children who would not otherwise have such a chance.

Daily visits are made to the City Home on Anthoine Street, morning and afternoon. All calls may be left with Mrs. Pullen and the Nurse is always sure to get them very soon.

Patients at City Home are visited every day and any who are ill are given the necessary care. Bed patients given bath when necessary by the nurse. Patients have very pleasant surroundings at present, and are most comfortable, and have excellent food, well prepared and well served.

Would like the public to know that altho the Nurse works for

the city, calls from all classes are desired. The fee is \$1.00 for patients able to pay, those who can only pay a little may do so and if unable to pay at all, are given the same care.

The Nursing care is given for the Metropolitan Life Ins. Co. for a fee of \$1.00 paid by the same.

Thanksgiving and Christmas seasons the Nurse assisted by naming families needing help and also by distributing for the clubs, etc.

Thursday following Christmas forty (40) boys and girls were collected for the Lion's Club Entertainment and such a happy group. The mothers said they could not get the kiddies to bed as they wanted to sit up and talk about it. Caps, fruit and candy were given to the kiddies. Also a fine turkey dinner at the Legion Hall.

My wish now is to establish a Baby Weighing Clinic. Hope I can do this on May 1, 1930.

MRS. ALICE B. LEWIS, R. C. N.

REPORT OF CITY PHYSICIAN

SOUTH PORTLAND, MAINE, February 18, 1930.

*To the Mayor and Board of Aldermen of the City of South
Portland, Maine:*

I herewith submit my report as City Physician for the past year.

There has been very little acute sickness either in the out-patient poor or at the City Home. Most of the calls have been for chronic cases.

One patient has died at the Home and four patients among the out-patients.

Four patients have been sent to the Hebron Sanatorium, one of which has since died.

Mr. and Mrs. Pullen and Mrs. Lewis, the Red Cross Nurse, have been very efficient and have coöperated with me. It has made things very much easier for me.

The Home has been thoroughly renovated with paint, varnish and new linoleums.

WALDO T. SKILLIN, M. D.,

City Physician.

REPORT OF PLUMBING INSPECTOR

SOUTH PORTLAND, ME., February 1, 1930.

*To Philip H. McCrum, M. D., Health Officer, City of South
Portland, Maine:*

DEAR SIR: I hereby submit my annual report as Plumbing Inspector for the municipal year ending January 31, 1930.

Total number of permits issued were 204, of these 75 were for new buildings. The following tabulation shows character of same :

Closets,	180
Lavatories,	143
Bath tubs,	119
Sinks,	119
Laundry trays,	72
Conductors,	60
Old fixtures retrapped,	7
Drinking fountains,	4
Urinals,	3
Shower baths,	1
Soda fountains,	1
Vaults and cesspools removed,	23

There were 45 master licenses and 33 journeyman licenses issued.

The amount of fees turned over to the Treasurer, \$155.25.

Respectfully submitted,

ERNEST Y. DEWYEA,

Inspector of Plumbing.

REPORT OF POLICE DEPARTMENT

SOUTH PORTLAND, MAINE, February 1, 1930.

*To the Honorable Mayor and Board of Aldermen of the City
of South Portland, Maine:*

GENTLEMEN: I herewith submit the following report of the
Police Department for the year ending January 31, 1930:

Arrests for the following causes:

Assault and battery,	5
Carrying concealed weapons,	1
Destroying property,	2
Discharging firearms in city limits,	1
Disorderly conduct,	1
Evading fare on street car,	2
Evading fare on railroad,	5
Evading fare in taxicab,	1
Failure to enter sewer,	1
Felonious assault and rape,	1

Illegal transportation,	1
Intoxication,	101
Intoxication and disturbance,	6
Keeping vicious dog,	2
Larceny,	17
Non-support,	3
Receiving stolen goods,	1
Resisting officer,	1
Ringing false fire alarm,	1
Runaway,	4
Vagrant,	1

Violation of Motor Vehicle Laws:

Blocking traffic,	2
Disregarding stop sign,	8
Leaving scene of accident,	3
Operating under influence of liquor,	15
Operating with improper brakes,	1

Operating without owner's consent,	3
Operating without license,	2
Passing on brow of hill,	2
Reckless driving,	3
Speeding,	39

241

Turned over to Portland Police,	3
Turned over to Providence Police,	2
Turned over to Military Authorities,	2
Turned over to Naval Authorities,	1
Confined for Cape Elizabeth Authorities,	6
Confined for Scarboro Authorities,	1
Confined for State Police,	8
Persons committed to State Hospital,	8

Stolen money recovered and returned,	\$84.86
17 stolen automobiles recovered and re- turned, value,	\$5,758.00
Stolen property recovered and returned, value,	\$1,135.62
Automobile accidents reported,	149

Respectfully submitted,

CHARLES O. SPEAR, JR.,
Chief of Police.

REPORT OF COMMISSIONER OF PUBLIC WORKS

SOUTH PORTLAND, MAINE, February 1, 1930.

To the Honorable Mayor and Board of Aldermen:

GENTLEMEN: I herewith submit the annual report of the Commissioner of Public Works, covering a period of ten months under the direction of Mr. Frank H. Marshall, who resigned on December 1, 1929, and for two months as directed by myself.

STREETS

Work on the City Streets in general has consisted of scarifying, regrading and treating with either light road oil, asphalt or tarvia. Practically all of the streets requiring work done have received the above repairs, one hundred and two thousand gallons of road oil, asphalt and tarvia being used. The permanent roads have been repaired with concrete patches and Standard Cold Patch mixed with Crushed Stone, ten thousand gallons having been used for this purpose. One and one-tenth miles of gravel road treated with road oil was built on the Payne Road.

DRAINAGE

There have been many places throughout the City where surface water, during the spring and rainy season, has caused considerable annoyance to abutters. During the past year much progress has been made in correcting these conditions by building twenty-eight new catch basins, three manholes and relocating eight old catch basins in proper locations. The Broadway Railroad underpass, which has in the past been inundated during heavy rains, is now free from surface water during the heaviest rains, a new and larger storm water relief drain having been constructed. Walnut Street, north of Cottage Road and Preble Street, between Elsmere Avenue and Angell Avenue, two other sections which have also been inundated during the spring and rainy seasons, are now well taken care of, the former by the construction of two hundred feet of storm water relief sewer and the latter by the construction of the so-called Daniel Cobb

storm water relief sewer, which discharges into a natural water course at Willard Beach, the sewer being three hundred feet in length. The relief gained by these changes and additions has been evident many times since their completion.

STREET SIGNS

Sixty-eight street signs have been placed at street intersections on iron poles.

BRIDGES

The old wooden bridge across Sawyer Street, which had been declared unsafe for travel, has been replaced by a four-foot concrete pipe culvert with stone and concrete head walls, the road being widened and raised at this point. This should satisfy conditions for travel at this point for a long time.

CEMENT WALKS

Many repairs have been made to the now-existing cement walks throughout the City as required and in addition there have been many sections of new walk constructed as requested, one thousand nine hundred and thirty-two feet of walk five feet wide and one thousand eight hundred feet of walk four feet wide having been laid, in new locations.

STATE AID ROADS

During the past year five thousand five hundred and twenty square yards of reinforced concrete highway have been constructed west of Ocean Street on Broadway and two thousand eight hundred square yards of split granite block on concrete base have been laid in Ocean Street between Portland Bridge and E Street.

STATE AID BRIDGES

Owing to lack of funds in the State Highway Bridge Department, the Anthoine Creek Bridge was not constructed this past year, but I am assured that construction will start at an early date this spring.

THIRD CLASS STATE ROADS

No work was done under the above head this year as the balance available did not warrant it. However, there will be sufficient funds available for the construction of a good-sized section on Westbrook this coming summer.

MISCELLANEOUS WORK

During the winter the department has maintained skating ponds in two different sections of the City. The maintenance of Municipal Ponds is new this year. They are very much enjoyed by the young folks and the cost of maintenance is very small.

Respectfully submitted,

ALBERT W. WATERMAN,

Commissioner of Public Works.

REPORT OF BOARD OF REGISTRATION

SOUTH PORTLAND, MAINE, February 1, 1930.

To the Honorable Mayor and Board of Aldermen:

GENTLEMEN: The Board of Registration of Voters hereby respectfully submit the following report:

The whole number of registered and qualified voters is 5,414.

The whole number of enrolled voters is 4,592. Registration by wards and enrollment by wards is as follows:

<i>Registration</i>		<i>Enrollment</i>		
Ward 1—	1,140	Ward 1—	931	Rep. 49 Dem.

REPORT OF CITY SOLICITOR

SOUTH PORTLAND, MAINE, February 14, 1930.

To the Honorable Mayor and Board of Aldermen of South Portland, Maine:

I herewith submit my report as City Solicitor for the municipal year, 1929-30.

Your Solicitor has attended practically all the meetings of the City Government for the year, giving such advice as he was called upon to give to the Mayor and Aldermen. He has also been called upon on many occasions by other city officials, especially the Chief of the Police and Fire Departments, giving such assistance and advice as he was able to render.

The routine matters of the office, such as collection of taxes, drafting deeds, and attending to minor claims, have also had my attention.

The only matter in court of consequence during the year was the bill in equity of Richards, Incorporated against the City of South Portland, Mayor, Board of Aldermen and Commissioner of Public Works. This bill in equity was brought by Richards, Incorporated, as the result of the action on the part of the City in widening the westerly side of Ocean Street between A and E Streets. Nearly all the abutters had given quit-claim deeds of a strip of their property three feet wide, bordering on Ocean Street, for the purpose of assisting the City in this undertaking. The suit in question attempted to restrain the City from widening the Street in front of the property of the plaintiff. After hearing before the Chief Justice the injunction was denied and the work completed.

The old equity action, Tubbs vs. Minott and others, is still pending, but undoubtedly no hearing will ever be had on the same, and it will probably be dismissed in due course of time.

Respectfully submitted,

GEORGE H. HINCKLEY,
City Solicitor.

REPORT OF TREASURER

To the Honorable Mayor and Board of Aldermen of the City of South Portland:

GENTLEMEN: Following is a condensed summary of receipts and disbursements by this office for the year ending January 31, 1930, detail of which with City Auditor's certification will be found elsewhere in the annual report.

Treasurer.

REPORT OF SEALER OF WEIGHTS AND MEASURES

SOUTH PORTLAND, MAINE, FEBRUARY 3, 1930.

*To the Honorable Mayor and Board of Aldermen of the City
of South Portland, Maine:*

GENTLEMEN: Below, please find my report as Sealer of Weights and Measures for the City of South Portland, Maine, for the year of 1930.

Number of scales tested,	152
Number of gasoline, kerosene, and oil pumps and measures tested,	146
Number of weights tested,	235
Number of scales condemned,	1
Number of gasoline pumps condemned,	1

It has been necessary to condemn but one scale this year, and also one gasoline pump. This pump was found to be faulty by the Deputy State Sealer, and it is gratifying to note that it was the only one of those tested by him that was not satisfactory. The defect was soon remedied by the company owning same.

It was found that some of the merchants were not marking the weights on packages put up by them in advance of the trade, but it was more by oversight than intent, and now that the matter has been brought to their attention, it will be properly taken care of in the future.

The merchants and oil companies located in this city have shown a coöperative spirit in a desire to have their scales and measuring devices comply with the requirements of the law.

The present equipment of this Department consists of:

- 1 Testing scale.
- 1 Set (9) brass weights, $\frac{1}{4}$ oz. to 4 lbs. inclusive.
- 1 7-lb. iron weight.
- 1 10-lb. iron weight.
- 1 20-lb. iron weight.
- 10 50-lb. iron weight.

- 6 Dry measures (wood).
- 5 Liquid measures.
- 1 1-gal. "Dover" testing measure.
- 1 5-gal. "Dover" testing measure.
- 1 Hand press for lead seals.

Respectfully submitted,

HENRY TOWLE,

*Sealer Weights and Measures,
South Portland, Maine.*

Report
of
South Portland
Sewerage District
for

FIFTH FISCAL YEAR

Ending January 31, 1930

SOUTH PORTLAND SEWERAGE DISTRICT
Report for the Fiscal Year Ending January 31, 1930

The District submits herewith a condensed report of its activities as at the end of its Fifth Fiscal Year.

Money spent for new construction was derived from loans and bonds issued therefore on August 1, 1929. Money spent for Maintenance, Operating Expense and Interest Charges was raised by taxing the City of South Portland.

The District has a legal borrowing capacity of \$600,000, of which \$575,000 has been used.

The remaining borrowing capacity of \$25,000, plus available cash on hand, represents the amount which can be spent for future new construction without direct assessment against the taxpayers.

All monies received from assessments on abutters for new construction will be applied to the retirement of bonds and it will be noted in the Treasurer's Report that there is now in the Sinking Fund for that purpose the sum of \$33,516.04. All additional funds needed in the future to retire bonds will be raised by direct taxation against the City.

Statements of the District Officers follow and the complete records of all transactions are open to inspection at the office of the Treasurer.

SOUTH PORTLAND SEWERAGE DISTRICT

E. PERLEY BULLOCK, *President.*

JOHN A. S. DYER,

HAROLD W. MORSE,

WILLIAM A. WILLARD,

Trustees.

Report of Construction and Engineering Department

During the year under the item of New Construction, additional sewers were constructed in the following locations: Drew Road, Danforth Road, Leighton Street, Ship Channel Road, Willard Beach, Broadway (Anthoine to Bagley), Church Street, Carter Street, Whitehall Avenue, and Victory Avenue, summarized as follows:

Type	Length
8 inch cast-iron pipe,	144 feet
8 inch vit. clay pipe,	175 feet
10 inch vit. clay pipe,	2,638 feet
12 inch vit. clay pipe,	2,133 feet
15 inch vit. clay pipe,	1,742 feet
20 inch cast-iron pipe,	12 feet
Total,	6,844 feet

In connection with the above new construction there was also built 34 manholes and 7 catchbasins.

Under the item of Permanent Additions there was built a total of 3 manholes and 4 catchbasins on Lemont Street, Thomas Street, Cottage Road and Elsmere Avenue.

Under the item of Maintenance, the Sewerage District participated jointly with the Department of Public Works in the construction of a much needed Storm Water Drain at the junction of Preble and Angell Avenue, across land of Daniel Cobb, also in the same manner in the construction of a Storm Water Drain on Ocean Street for the relief of a similar condition existing on Ocean and Clifford Streets. In both cases the new Storm Water Outlets serve as a relief for sewers that were overloaded during heavy rains, from street surface drainage. Also under this item sewers were constructed on Kelsey Street and Broadway (at Sawyer) for the improvement of overloaded sewers; there was also the usual routine work in the cleaning and flushing of the older sewers and in the removal of stop-pages, all of which were of a minor nature. The construction under Maintenance is summarized as follows:

Type	Length
22 inch vit. clay pipe,	101 feet
20 inch vit. clay pipe,	315 feet
15 inch vit. clay pipe,	12 feet
12 inch vit. clay pipe,	34 feet
8 inch vit. clay pipe,	46 feet
<hr/>	
Total,	508 feet

2 manholes

1 catchbasin

The work during the year has been performed by the Sewerage District's own personnel and equipment and with the aid of Department of Public Works trucks and equipment, when necessary, in accordance with existing agreement.

HERMAN E. KENDALL,
Engineer.

REPORT OF SCHOOL BOARD

To the Honorable Mayor, Board of Aldermen and Citizens of the City of South Portland, Maine:

The Superintending School Committee herewith submits to you its thirty-first annual report.

For the past several years the greatest problem your School Committee has had to contend with has been the overcrowded condition of the schools throughout the city. This year has been no exception; the situation being such that in two sections of the city, schoolrooms outside regular school buildings became necessary and were provided. In Ward 2, room was made to accommodate the overflow from the East High Street and Pleasant Street Schools by converting the lower floor of the Knights of Pythias Building into a schoolroom. In Ward 7 a very similar condition existed so that today there are about ninety children attending school in the Thornton Heights Improvement Society Building.

There should be erected somewhere in the extreme eastern end of the city a building large enough to take care of the overflow and natural increase in Wards 1, 2, and a part of Ward 3, the Willard School as well as the East High and Pleasant Street Schools, being very much overcrowded now. There should also be some provision made to relieve this situation in Ward 7. We suggest an addition to the Thornton Heights school building.

The High School is crowded to the limit and with a graduation class of one hundred in June of this year and an entering class of from two hundred seventy-five to three hundred in September, it can be readily understood that more room must be provided before September. The most feasible plan so far presented, seems to be to transfer the equipment of the three rooms in the High School Building that are now devoted to manual training, domestic science, etc. (for the grade pupils) to the Henley and Kaler Schools. We believe this plan to be a good one and recommend it to the City Council for their immediate attention. It would be a great convenience to the grade pupils and would relieve the High School situation temporarily, but temporarily only, so the municipal officers must begin soon

to plan for an addition to the High School to be ready for use not later than the beginning of the school year in September, 1931.

We feel that in George E. Beal, Principal of our High School, we have one of the very best that could be had ; to him belongs the credit for the successful solution of the many difficult problems that have naturally arisen in the management of the fastest growing high school in Maine.

The thirty-eight week schedule put into effect for the first time this year, seems so far to be well worth while. In spite of the many stormy days and the legal holidays, the schools have all been able to maintain to date and will be able to finish the year on schedule.

During this year the use of Teachers' Rating Cards has been begun and your Committee has been much pleased at the manner in which almost every teacher has so willingly coöperated in getting this plan underway.

Our schools have grown to such an extent that it is now necessary for us to have the benefit of a full-time Superintendent ; for this reason we have petitioned the State Commissioner of Education for a dissolution of the existing South Portland-Cape Elizabeth School Union to take effect at the end of the present school year. We can but repeat our statement of a year ago, that "our schools are well and wisely supervised, thanks to the earnest interest and attention given them by our Superintendent, Loen W. Gerrish."

The Superintending School Committee express their thanks and appreciation to the Mayor and Board of Aldermen for their coöperation in school matters during the year.

Respectively submitted,

DR. MASON H. ALLEN,
ARTHUR C. ELLIOTT,
DR. FRANK I. BROWN,
ERNEST E. GOWELL,
HARRY D. LORD,
J. LOWELL GOODWIN,
FRED W. SARGENT.

Estimating Committee.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Honorable Mayor and School Board of South Portland:

I herewith submit to you my fifth annual report of the School Department and the thirty-first in a series of similar reports.

The following statistics show the changes in registration, the number of teachers employed, and the cost per pupil in the different departments as compared with the preceding year:

Number on census April 1, 1929,	3,968
Increase,	61
Number registered in high school,	609
Number registered in elementary schools,	2,776
Total registration,	3,385
Increase,	127
Number of teachers and supervisors employed,	110
Increase,	6
Average cost per pupil in high school for instruction, janitors, fuel, books, supplies, physical and industrial education,	\$92.77
Cost per pupil in elementary schools for instruction, janitors, fuel, books, supplies and industrial education,	\$42.16

During the last two and one-half years special attention has been given to the acceleration of pupils who have shown exceptional ability.

There are about 270 of these pupils in grades one year in advance of where they would have been had not this plan been adopted. About 100 of this number are in the two lower classes of the high school, and in nearly every instance they are doing excellent work and a high percentage of the honor roll is made up of these students. This plan is not only an advantage to the pupil of exceptional ability but it is a great financial saving to the city which means in the total cost of educating these pupils a saving of one year. Another thing as important as the saving of the City's money is the ambition awakened in these pupils who feel that they are getting ahead and have an opportunity to progress at a rate adapted to their mental abilities.

The elementary schools are on the eight year plan, and as was

stated in the report of last year, provision is made for the work to be covered in nine years for those pupils who find it difficult to cover the same in eight years and also for those whose parents prefer to have their children remain another year on account of age.

So long as we admit children to the first grade at the age of four years and eleven months, it will be necessary to provide a means for certain children to take nine years to complete the elementary course.

The most serious condition that exists at the present time is the housing of the pupils. If the system of acceleration had not been put into practice two and one-half years ago, it would have been almost an impossibility to have taken care of the grade pupils. As it is now, it is a very perplexing problem. Although there are some localities where conditions are far from satisfactory, yet there are a few localities where the housing facilities are almost impossible.

In the Ferry Village section the Pleasant Street Building is crowded to capacity and an overflow of 72 pupils is housed in the K. of P. Hall, with two teachers working in one room. If it could be arranged so each teacher could have a separate room, the situation would be much more satisfactory.

The Thornton Heights problem has been solved by transferring 94 pupils to the Community Club Building, where they are comfortably housed in three rooms that are nearly ideal so far as heat and light enter into the situation. By this arrangement it will be possible to accommodate any increase that may take place in this locality within the near future.

More room will have to be provided in the Lincoln Building before schools open in September or at least one of the grades will have to be housed elsewhere.

TEACHERS: Very few changes in the teaching force have taken place during the past year but on account of the growth in school population it has become necessary to add two teachers to the high school and four to the grades, thus making a total of 110 teachers and supervisors employed at the present time.

The following statement shows the receipts and expenditures of the school for the municipal year:

**Financial Statement of the Public School Fund
For the Year Ending January 31, 1930**

To ascertain the number of pupils registered, the distribution by grades and the position filled by each teacher, I refer you to the tables in the latter part of this report.

I wish to call your attention to the following reports, which include the High School, Industrial Education, Physical Education, and Special Supervisors.

In closing, I wish to express my appreciation to the members of the School Board for their coöperation and assistance in every movement for the betterment of the work and to the teachers and other workers in this department for their loyalty and sincere faithfulness in the discharge of their duties.

Respectfully submitted,

LOEN W. GERRISH,
Superintendent of Schools.

HIGH SCHOOL

To Mr. Loen W. Gerrish, Superintendent of Schools:

Although the registration in the High School has been increasing markedly the past few years the situation has been solved satisfactorily each time. The removal of the ninth grade to other schools and the employing of additional teachers has made it possible to give the pupils good instruction under favorable conditions.

Next year, with even greater increase anticipated, we are facing a much more difficult problem. All the classrooms are now in use and accommodations for an additional one hundred fifty pupils must be provided. This will require not only four and possibly five extra teachers for instruction but also the use of laboratories, library and auditorium for study and recitation purposes. This means the loss of many advantages to the pupils. The library which should be open at all times for reference will, during the school day, necessarily become a study hall. This will affect the whole classroom procedure, especially in the Social Sciences and English, where outside reading and reference is invaluable. The use of the auditorium as a study room will force study under the unfavorable conditions of artificial or cross lighting and the handicap of no desks for writing purposes. The laboratories as recitation rooms means the handicap of inadequate board space, stools for seats, and lack of favorable writing facilities.

Even with these makeshift arrangements it would appear that we will have difficulty in finding sufficient room. It therefore becomes imperative that plans soon be adopted to furnish the additional space necessary for the High School. The method employed to relieve this condition depends entirely upon the educational policy which the city adopts.

If the traditional Senior High of four years with an elementary training of eight years is to be continued, then an addition to the present building is necessary. If the Junior High movement with six years' elementary work, three years' Junior High and three years' Senior High is to be introduced, then it would

seem advisable to care for the four years of High School work in the present building until the Junior High became a reality. This latter policy, if financially possible, seems to be the better educational plan.

Miss Leota Witmer, a graduate of Emerson College and La Verse College, with a year's successful teaching experience, was engaged to take Mrs. Helen Dresser MacDonald's place as English teacher and coach of dramatics.

Mr. George Hutchinson, a teacher of several years' experience at Kent's Hill, Lebanon, N. H., and Naugatuck, Conn., was engaged to teach History and coach debating. Mr. Hutchinson took the place of Mr. Jenkins, who resigned to accept a position in Connecticut.

Miss Dorothy Ellis, a graduate of Gorham Normal and Brown University, with teaching experience at Central High School, Providence, R. I., is teaching Freshman English.

Miss Gertrude Campbell, a graduate of South Portland High and Bates College, who has had teaching experience at Bethlehem, N. H., is the fourth new member of the faculty.

Our faculty is not only professionally well-prepared for the work they are doing but also takes a great personal interest in the welfare and advancement of their pupils. They also give freely of their time and effort in promoting the extra curricula activities of the school. The school is fortunate in having such an excellent faculty as the high standard of classroom instruction makes for greatest achievement.

This fall we added Economics as an elective subject in both the General and Commercial curricula. Fifty pupils are taking this course and it fills one of our curriculum needs.

A Chemistry class for the Commercial students was also organized so that the instruction might be better adapted to the needs of both the college and commercial students.

The Bookkeeping classes were changed from double period to single period classes. This enables the teacher to instruct more pupils and the quantity and quality of work done is maintained by outside preparation as is done in other courses. An additional year of Bookkeeping was also offered so that those

Seniors who plan to continue this work might have an opportunity for further vocational training their last year.

With the increased registrations it has been necessary to form several divisions of same subject. This gives no better opportunity to group pupils of similar abilities and adapts the instruction to the needs of the group.

A report of the musical and athletic activities is given in the special reports of the supervisors, Miss Libby and Mr. Gustafson, respectively. The other extra curricula activities are successfully carried on by the different teachers who assume these responsibilities in addition to their regular teaching schedules. These activities are in reality a part of the school curriculum and afford opportunity for many pupils to obtain valuable training. To attempt a complete report of these activities would require too much space. The activities of the present year and the supervisors are: Echo, Year Book, Graduation Exercises, Junior Class Advisor, Miss Georgia Hamilton; Prize Speaking, Dramatic Coach, Miss Leota Witmer; Senior Class Activities, Miss Allada Feeney; Science Club, Miss Elizabeth Chapman and Mr. Benjamin Graves; Debating, Mr. George Hutchinson; Student Club, Miss Gertrude Campbell; Sophomore Class Advisor, Miss Marion Jordan; Typewriting and Shorthand Contests, Miss Edith Smith; Practical Arts Exhibition—Clothing, Miss Mildred Costellow; Foods, Miss Helen Kennison; Woodworking, Mr. Howard L. Richardson; Mechanical Drawing, Mr. Laurence Cobb; Assemblies, Committee composed of Miss Allada Feeney, Chairman, Misses Ellis, Nesbett and Witmer. Teachers from different departments aid these teachers by taking charge of special assemblies.

That the school is effectively doing its work is evidenced by the record of our graduates in college, by the demand from business for our commercial graduates, by the achievement of our pupils in their scholastic work as evidenced by their marks and by the scores obtained on standardized tests, and by the interest manifest by the pupils in the regular and extra curricula activities.

It was a pleasure to accept the gift of an autographed copy of

the Marshall engraving of Henry Wadsworth Longfellow, a gift of the International Longfellow Association. To also accept the memorial bulletin, dedicated "to those students of South Portland High who daring, surviving or meeting death served their country in the World War." This gift was purchased from the proceeds of a Liberty Bond purchased by the pupils of the High School at the time of the war and gifts by the athletic association, School Board and student body.

A copy of the graduation program follows.

Respectfully submitted,

GEORGE E. BEAL, *Prin.*

CLASS SONG

(Arranged from music by Oley Speaks)

Through the open gate we file

Looking forward to the heights,

At the city there a-gleaming

'Mid a myriad of lights;

For the thrills of life are calling

And they beckon on and on:

Come ye on, ye happy students,

Till the quest of life is won.

On the road of Life-to-be

Where you'll find your destiny,

There you'll meet both joy and sorrow

Going on from day to day.

On the road of Life-to-be

We our future fortunes see

As a voice from out the distance

Calls us on to victory.

Report of the Supervisor of Drawing

To Mr. Loen W. Gerrish, Superintendent of Schools:

Last year was marked by much overcrowding in the schools and a consequent cutting down of work in some places. With the opening of the Kaler Building and the annex at Thornton Heights and in the east end of town, much of this congestion was relieved. As a result the schedule of all the special subjects was changed from a two to a three-week basis. On this plan the Supervisor can make twelve visits to each room during the school year. If there is a holiday or a stormy day during the week, there is sufficient time allowed in the new schedule to make up this loss and equalize matters for all.

The new year found us with eighteen teachers, either new to the grade which they were to teach, or normal graduates just starting. In most cases this means extra work for the Supervisor to explain and plan out work for these teachers. I think that the majority appreciate this and gladly coöperate in every way.

The work of all the groups seems to be progressing in a normal way, each year adding something to the child's store of knowledge. In several of the upper grade rooms a sustained problem has been started to correlate with history and geography and much interest is apparent. In all the work of the grades a definite aim is held and we try to show the children the necessity of a knowledge of fundamentals of form, color, and perspective in the trades and arts and for the enrichment of living.

Respectfully submitted,

ANNIE D. McLELLAN.

Report of the Supervisor of Writing

To Mr. Loen W. Gerrish, Superintendent of Schools:

Fifteen hundred and ninety-eight awards were won by our grade pupils for the year ending February 1, 1930, apportioned as follows:

<i>A</i>	<i>B</i>	<i>C</i>	<i>M</i>	<i>D</i>	<i>E</i>	<i>F</i>	<i>H</i>	<i>Total</i>
272	219	410	214	274	72	65	72	1598

The explanation of the headings in the above tabulation is as follows: A—Silver Star Button; B—Gold Star Button; C—P. M. Button; M—Merit Button; D—Progress Pin; E—Improvement Certificate; F—Final Certificate; H—High School Certificate.

In 1929 eighteen classes had a 100% record in the winning of the awards. The A. N. Palmer Company offer a free Correspondence Course in Penmanship to teachers. Nine of the grade teachers have a Palmer Method Teacher's Certificate.

Respectfully submitted,

A. LOUISE ROBBINS.

Report of the Supervisor of Music

To Mr. Loen W. Gerrish, Superintendent of Schools:

The work of the Music Department continues along much the same lines as outlined in preceding reports.

Owing to the constantly increasing number of grades to be visited, it was necessary to adopt a three-week schedule in September.

Music periods started in the 9th grades last year are being continued with increasing success.

There are orchestras in the following schools: Lincoln, Henley and Summer Street, directed by Mrs. Harmon, Miss Marjorie McKenney and Miss Cora Smith, respectively. The worth of grammar school orchestras started three years ago is now

felt in the High School Orchestra, where I have 42 members in contrast to 28 last year. There are 40 in the Boys' Glee Club and the Girls' Glee Club has a membership of 80.

At all times, both in the grades and in the High School, the aim is:

1. To develop a love and appreciation of good music in each pupil.
2. To improve the quality of tone.
3. To develop a strong sense of rhythm.
4. To teach as much of the theory of music as is possible under existing conditions.

It will readily be seen that upon the ability and willingness of the grade teacher to carry out these aims depends the success of music in her room.

I am glad to say that in nearly every room there is a good spirit toward music and at this time I wish to thank the teachers for their coöperation in my work.

Respectfully submitted,

RUTH B. LIBBY.

Industrial Education

MECHANICAL DRAWING

To Mr. Loen W. Gerrish, Superintendent of Schools:

I hereby submit my third annual report on the Drafting Course of the Practical Arts Department, from January 23, 1929, to January 27, 1930.

The half-year change was made January 23, and the enrollment in High School was 29 Freshmen and 29 ninth grade pupils.

The ninth grades covered the same work as the half-year pupils. Emphasis on dimension was expressed by using Faber's Treatise on Dimensions. Written lessons based on the book were given once a week, and a final given at the end of the course.

The drawing consisted of sixteen practical problems of pyramids, support blocks, flange couplings, tent stake, spacer, bearing cap, levers, V block, and several others.

Many pupils drew extra work of hand wheels and loose pulleys, and received extra credit.

The High School Freshmen made exceptional advance this year by omitting the inking of each sheet. The work covered in the 18 weeks was equivalent to that done in 36 weeks by previous classes, and the same work was done equally as well.

The High School classes fill in the certificates of proficiency for the Commercial Department, using Old English letters. Old English letters were also used on the covers of the individual folders for the drawings. These books were later on a State exhibition in Portland.

School opened September 9th with an enrollment of 182 eighth and ninth grade pupils. This year the work was divided to straight grade and high school work at the half-year, the grades having drawing the first half-year, and shop the second half-year.

The eighth grade covered printing, right angle, triangular and round objects as regular drawing sheets, and finished with the shop problem. This makes 13 drawings in about as many weeks of work.

The ninth grade accomplished the same as the other division of ninth grade, and also drew the problem for the shop.

Respectfully submitted,

LAURENCE D. COBB.

MANUAL TRAINING

To Mr. Loen W. Gerrish, Superintendent of Schools:

I hereby submit my fifth annual report:

The work covered the last school year was very satisfying in that it brought out an increased interest and improved manipulation from the pupils.

The aim of this branch of practical arts is to present principles of construction, drawing, etc., to the student in a manner that will lead him to realize whether or not he has an interest and aptitude for mechanics.

The course in this department is based on wood work. This, with elementary electricity, related drawing and home mechanics are covered through the fabrication of specially assigned projects embodying basic principles of construction, standard conventions, proper use and care of tools and knowledge of related materials.

The problems selected are in progressive steps and so designed to hold the interest of the boy, encourage initiative, create thought, an appreciation of manual labor, accuracy, and integrity.

The value of this work is seen as students finding interest and aptitude follow up their discovery and those not having taste or ability in a mechanical line are saved from exploring this field later in life and are benefited by the carry-over effects of the knowledge gained as a guidance to other work.

Respectfully submitted,

HOWARD L. RICHARDSON.

PRACTICAL ARTS FOR GIRLS

To Mr. Loen W. Gerrish, Superintendent of Schools:

Through theory and practice, the following Home Economic Objectives are developed:

1. Creating appreciation for home life and home making as a mode of life.
2. Training for worthy home membership.
3. Efficiency in home making skills.
4. Maintaining home sanitation and health.
5. Wise use of leisure time.
6. Right attitudes toward community life.

As an increase in the number of pupils necessitates an immediate change in the present Home Economic situation, a Prac-

tice House seems advisable. The "transfer of training" is made easier for the girl when she repeats the lesson, or applies the principle learned at home; because the problem was presented to her in surroundings resembling her own home.

Authorities in Home Economics, after years of study and trial, state that the superiority of the separate house for work in Practical Arts has been established.

Respectfully submitted,

HELEN M. KENNISON.

MILDRED S. COSTELLOW.

Physical Education

To Mr. Loen W. Gerrish, Superintendent of Schools:

There has been no radical change in South Portland High School's physical education policy. The physical director, with the help of Mr. Richardson, continues to direct Varsity and second teams in baseball, football and basketball. Track, under the supervision of Mr. Mahoney, assisted by Mr. Nason, is divided according to weight into senior, intermediate and junior groups. Class games in baseball and basketball give competition to those who are not of varsity caliber. In all of these activities, S. P. H. S. compares very favorably with her rival schools.

Two periods per week of gym work is compulsory for all boys, excepting those who are advised by a physician not to participate.

The size of our basketball and football crowds may necessitate their being played on larger surfaces. Our greatest need at present is an addition to our entirely inadequate locker room and shower bath space.

Miss McCausland has been made treasurer of our Athletic Association and a complete financial statement appears in the "Echo" at the end of each season.

Respectfully submitted,

RICHARD GUSTAFSON.

Girls' Physical Education

To Mr. Loen W. Gerrish, Superintendent of Schools:

The enrollment in the girls' physical education classes of the Senior High School is 303. These classes meet two periods a week for gymnasium work.

This gymnasium work is divided into marching tactics, floor work, folk dancing, apparatus work, and games. The floor work consists of calisthenics and exercises for the correction of faulty posture. The triple posture test is given from time to time to determine whether or not there is any improvement.

There is need of a corrective room in which those with very bad posture could work individually for the correction of their faults. The regular gymnasium classes are too large to accomplish very much in this line, as the pupils must work there in groups; whereas, faulty posture demands individual attention.

Eighty-five girls reported for interclass basketball, twenty-four being chosen for the varsity squad, which practices three times a week, with games every Saturday. A second squad of twenty girls practices at any time during the week when the gymnasium is not in use, and plays some games with the second squads of other schools we are playing. The girls must be examined by a physician before they are allowed to participate.

Respectfully submitted,

BEATRICE I. NESBETT.

Report of the School Health Nurse

To Mr. Loen W. Gerrish, Superintendent of Schools:

I herewith submit my annual report:

Three hundred eighty-eight visits have been made in the grade schools, 7,614 inspections were made during the year and 2,854 notices concerning defects have been sent to parents. 154 children were referred to physicians, 1,690 to dentists, 60 to dispensary, 23 to oculists and 12 to hospitals. 35 visits were made with children to the different clinics in Portland for examination and treatment. 280 home visits have been made and 392

conferences held with parents. I have had 179 office calls and have given 78 first-aid treatments. 620 children were vaccinated at the High School Building before school opened in September.

Through the kindness of the Portland Speech Readers' Club the hearing tests have been given again this year with the 4-A Audiometer.

Health talks have been given by the Director of Health Education and Director of Hygiene as well as the School Nurse.

Dental Hygiene examinations of the children in the fourth grades, in nine schools, were conducted by the Director of Dental Hygiene for the State of Maine and the School Nurse. Reports of these examinations showed great need of Dental Hygiene and care of the teeth. Authorities are agreed that the best results come from educational activities and that it is best to concentrate on work with the youngest children, if there is not opportunity to care for all. Moving pictures on Dental Hygiene were given again this year in three schools by Miss Dorothy Bryant, Director of Dental Hygiene. The service of a Dental Hygienist was made possible for one week by the Cumberland County Public Health Association and for one week in each of five different schools by the Parent-Teacher Associations connected with the schools, giving us a total of six weeks' service of the Dental Hygienist. 97 children in the fourth grades were examined and 413 in the first and second grades. 357 prophylactic treatments were given. The work included lessons in nutrition and care of the teeth. 52 of those examined were found to be without tooth brushes and twelve dozen brushes have been supplied in the different schools.

The first Pre-School conference in South Portland was held at the High School Building May 24, 1929. This conference was made possible through the cooperation of the Health Officer, City Physician, South Portland Red Cross Public Health Nurse and the two Cumberland County Public Nurses working with the School Nurse and the Parent-Teacher Associations. The object of the conference is to give the mothers an opportunity to have a health examination for the children entering school the following term, so they may ascertain whether there

are any physical defects and have the necessary corrections made before the child starts school. This means much to the school system as well as to the children, as much time lost in school is due to physical defects. Better health means fewer retarded pupils.

Owing to the rapid increase in school population the routine work is greater every year.

I wish to thank the teachers for their cordial coöperation, also the Red Cross, Lions Club and Kiwanis Club for their help with cases of special need found in the course of my work.

Respectfully submitted,

LEONA E. FAIRFIELD, R. N.

Report of the Attendance Officer

To Mr. Loen W. Gerrish, Superintendent of Schools:

I hereby submit my report as Attendance Officer from February 1, 1929, to February 1, 1930:

Number of visitations upon schools, 211.

Number of cases investigated, 735.

Number of visitations upon families, 439.

Number of requests of families, 23.

Number returned to school without arrest, 12.

One arrest for habitual truancy.

Respectfully submitted,

JAMES E. SMITH,

Attendance Officer.
