United States Senate

WASHINGTON, DC 20510-1904

Dear Friends:

It is a privilege to represent Maine in the U.S. Senate, and I welcome this opportunity to share some of my work from the past year.

Encouraging the creation of more jobs remains my top priority. I have developed a Seven Point Plan for Jobs in Maine, which includes proposals to spur small business investment, ensure robust workforce education and training, reduce regulatory red tape that stifles job creation, support Maine agriculture and manufacturing, and invest in the infrastructure needed to expand our economy. Traditional industries and small businesses remain the backbone of Maine's economy, and innovation will be important for future jobs as well. I have supported Maine's effort to lead the world in deepwater wind technology and was proud when the University of Maine and its private sector partners launched the first prototype this year. This emerging industry has the potential to create thousands of good jobs here in Maine.

BIW remains a major Maine employer and is critical to our national security. I have worked hard to support the Navy's request for a 10th DDG-51 and to continue construction on the DDG-1000s at the shipyard. This year's annual defense policy bill also contains more than 30 provisions to eliminate sexual assault from our military, including several provisions that I authored.

Partisan divisiveness in Washington continues to prevent us from addressing some of our nation's most serious challenges. Gridlock reached a peak in October with the federal government shutdown that pushed our country to the brink of defaulting on its financial obligations and damaged our economy. As the shutdown continued with no end in sight, I presented a proposal I believed both sides could support. Within days, I was leading a bipartisan coalition of 14 Senators that worked night and day to craft a plan to reopen government, avert default, and restart negotiations on a long-term plan to deal with our nation's unsustainable debt of more than \$17 trillion. Known as the "Common Sense Caucus," we will continue to work to develop solutions and bridge the partisan divide.

Earlier this year, across-the-board federal spending cuts known as "sequestration" took effect. These indiscriminate cuts jeopardized priorities from national security to medical research and stand in stark contrast to the thoughtful and thoroughly debated spending priorities set at town meetings throughout Maine. To bring some Maine common sense to this process, I authored bipartisan legislation to allow federal agencies to set priorities in administering the required cuts and wrote a new law to ensure that sequestration would not disrupt air travel, which plays such an important role in fueling Maine's tourism economy.

I have also enjoyed my work as the ranking member of the Senate Special Committee on Aging where, with Senator Bill Nelson of Florida, we work on issues of critical importance to Maine seniors. The committee has created a toll free hotline (1-855-303-9470) to make it easier for senior citizens to report fraud and scams and to receive assistance. I also serve as the Senate Co-Chair of the task force on Alzheimer's, a devastating disease that takes a tremendous personal and economic toll on more than five million Americans. Better treatment for Alzheimer's and ultimately finding a cure should be an urgent national priority.

Finally, I am proud to reflect our famous Maine work ethic by completing another year of service without missing a single roll call vote. I have not missed a vote since I was elected – a streak that stands at more than 5,300 in a row.

May 2014 be a good year for you, your community, and our great State of Maine.

Sincerely,

Susan M. Collins
United States Senator

Municipal Officers
Editor, Annual Report

FROM: Millicent M. MacFarland
Clerk of the House

Many municipal annual reports include the category of "Representative to Legislature" at the conclusion of the listing of Municipal Officers.

In the belief you may want to aid citizens to more readily contact their House member, we are hopeful that you will include the following information in the Municipal Officers section:

Representative to the Legislature
(term exp. December 3, 2014)

District: 36

State Representative: Walter A. Kumiega III

Home Address: 36 Cedar Lane
Little Deer Isle, ME 04650

Residence: (207) 348-2548

Cell Phone: (207) 479-5459

E-Mail: wkumiega36@gmail.com

Capitol Address: House of Representatives
2 State House Station
Augusta, ME 04333-0002

State House E-Mail: RepWalter.Kumiega@legislature.maine.gov

Telephone: (207) 287-1400 (Voice)
(207) 287-4469 (TTY)

Year-Round Toll Free House of Representatives Message Center 1-800-423-2900

Revere Memorial Library Report 2013

I want to take this time to thank everyone who has supported the Revere Memorial Library. Through your donations of money, time and books, our library continues to thrive and be an essential part of our community.

Our goal is to continue updating our collections and look to see how we can grow in the future to meet the needs of our patrons.

Special thanks to Marie Hamly for volunteering on Fridays, to Jenny Chamberlin, Sue MacDonald, Linda Giragosian, Jean Archibald and Colleen Drew for filling in, and to Megan Wibberly for keeping the library going with her enthusiasm and bagels while we are on our winter vacation!

Many thanks again for your continued support!

Respectfully Submitted,
Brenda Clark, Librarian

ISLE AU HAUT LIGHTHOUSE COMMITTEE REPORT

Isle au Haut Lighthouse Committee

The Isle au Haut Lighthouse Committee celebrated the re-opening of the Keeper's House in June. Marshall Chapman and his staff invited the community to the Keeper's House for an open house. The lighthouse was available to visit.

The lighthouse is always in need of repair because of the elements it is exposed to. We will be seeking donations to pay for these funds.

Respectably Submitted,

Lisa Louise Turner

2014 Isle au Haut Historical Society Report

Greetings, all!

We have good news! Two long years ago, we applied to the Federal Government for 501C3 non-profit status and are finally gratified to have had our application approved. This is a very important achievement for the society, as this gives it enhanced ability to obtain grant funding and private tax-deductible donations. Secretary Marie Hamly and the Coles are to be commended for their advice and persistent efforts to make this happen.

Last summer, we had an interesting presentation by Professor Marshall Chapman about the mafic geology of Isle au Haut. The Island particularly lends itself to geologic study because, due to the weathering of inclined bedrock layers, it is easy to demonstrate how they were formed. If you missed Marshall's presentation, you can read his book about it. He writes in a humorous fashion, just the way he talks.

Our second presentation was by Deer Isle authority, Professor Emeritus William Haviland about the former native American presence in our area. Bill has been interested in Indians since he was a child and knows the Island well as he used to come down to dances with Reggie Greenlaw on the Palmer Day. He is also one of the select few people left who know all the lyrics to an old local song called, "Down on Merchant's Island."

This coming summer, we have at least two presentations scheduled. Marshall will be back again, this time covering the surficial geology of the Island. Another speaker will be David Hackett Fisher, a friend of Anne Davidson's, who will tell us about past artists of Isle au Haut. Everyone is invited and we hope you will all come to learn more about these aspects of the Island's history.

Jerry Kriegel has generously donated two matted framed copies of 1775 maps of the Island. His gift underscores the pressing need for a space of our own, as other people would also like to donate materials but as it stands, we are unable to accept them.

We are continuing to work on organizing our archival information so it can be accessible to the general public with specific emphasis on easy availability for the Island school students. This involves a lot of scanning, and we have the equipment but need all the help we can get, so please consider helping us this worthwhile project. If you are not a member, we invite you to consider joining us and learn more about this little Island with an interesting past.

Respectfully submitted,

Harold S. van Doren, Chairman

Maine Islands Coalition - 2013 Annual Report

The Maine Islands Coalition (MIC) was formed in March 2004 to represent and advocate for the concerns and interests of the 14 year-round Maine Coast Island communities. Each island's municipal governing body or primary civic organization sends an elected or appointed representative to the quarterly meetings in Rockland or Augusta.

There are two constant components on each Meeting's agenda. The first is Island Check-ins, wherein we each speak at some length about current matters, issues and events on our own island and field questions from other island representatives; it is an invaluable exchange of information. The second is Legislative Check-ins; there are usually a couple of legislators present and they inform us about anything happening in Augusta which could affect our communities. At each four-hour meeting we prepare for and address a Keynote Topic, usually vetted in a panel format. Our first 2013 quarterly meeting took place on March 14th at the State House in Augusta. Nine legislators offered their commentary on what involvements each of them has where there could be impacts on the year-round Maine island archipelago. Following their presentations, we discussed in depth these critical-to-islands issues: energy efficiency, education, marine resources and workforce housing. The Islesboro representative then spiked everyone's attention with a description of the proposed LPG project on Sears Island and the consequences which well could result.

In May, we met in Rockland and we heard from graduates of the Island Institute's ISLE Program – Island Sustainability through Leadership and Entrepreneurship. In August there was an intensive focus on energy efficiency, including expositions on resources available through Efficiency Maine as well as the Institute's E4ME program. Island Stores were the topic in November and there was a large turnout of storekeepers from just about all the islands including Isle au Haut. Rachel Harris, Island Store Board Member was on the panel representing Isle au Haut. Valuable information was interactively exchanged and as a result a matrix of data and relevant detail

was quickly assembled and synthesized as a resource for all the island communities.

Kendra Chubbuck is the MIC representative and Rudi Graf is the MIC alternate. Please feel free to contact either one of us for further information or if you have questions. Let us know what issues are important to you and if you have items or concerns you want us to bring to the MIC Meetings. Also, anyone is welcome to attend these meetings. The three 2014 Rockland meeting dates are Friday, May 9, Friday, August 8, and Friday, November 7.

Dear Red Cross Supporter,

Thank you. The American Red Cross is very grateful for your generous gift of \$150.00 on December 31, 2013 to Where It's Needed Most.

A copy of your tax receipt information is below.

The humanitarian efforts of the Red Cross provide comfort and hope to so many during their times of need. Thank you for your commitment to this critically important work. Our mission depends on the support and compassion of donors like you.

On behalf of those we serve, thank you for standing with us.

Sincerely,

Gail McGovern
President and CEO, American Red Cross

P.S. Your questions and feedback are very important to us. Please feel free to contact us at redcross.org or call 1-800-RED CROSS (1-800-733-2767). Thank you again.

October 31, 2013

Ms. Dorthea Dodge
Town of Isle Au Haut
P.O. Box 51
Isle Au Haut, ME 04645

Dear Ms. Dodge,

Thank you for your support of the Island Medical Center with your 2013 gift of \$500.00. Your donation will be used by the IMC Board to continue providing the Deer Isle-Stonington community with improved access to quality medical, dental and other health-related services.

To give you an idea of the kinds of things your contribution makes possible, I want to highlight some of the exciting projects that we have been working on:

- ♦ In collaboration with Blue Hill Memorial Hospital, we are in the process of purchasing telecommunications and video equipment that will bring to Deer Isle some of the psychiatry and medication management services offered at Acadia Hospital in Bangor. This will help eliminate transportation problems for many patients who find it difficult to travel to Bangor, and will enhance currently available behavioral health services offered at Island Family Medicine.
- ♦ With an interest-free loan from the IMC Board, the Island Dental Office recently purchased new equipment, allowing the office to provide patients with “mini” dental implants, as well as sleep apnea and snoring appliances.
- ♦ Patient comfort and privacy have recently been enhanced with the installation of high-quality window shades and an internet music system available in various areas.

There is much to be done in the coming year. In addition to supporting Island Family Medicine and the Island Dental Office, the IMC Board continues to work closely with community organizations such as the Island Nursing Home, Deer Isle *Plus*, and the Coastal Care Team to address specific local needs, including independent living capabilities and preventive healthcare. Be assured that your donation makes our work possible, and we thank you again for your gift.

Sincerely,

Martin J. Snider
President, Board of Trustees
Island Medical Center, Inc.

The Island Medical Center, Inc. qualifies as a tax-exempt 501(c)(3) organization. All contributions to the Island Medical Center are tax-deductible to the extent allowed by law. This letter confirms that you received no goods or services for your contribution.

MEMORIAL AMBULANCE CORPS

November 1, 2013

Kirsten Barter, Treasurer
Town of Isle au Haut
P.O. Box 51
Isle au Haut, ME 04645-0051

Dear Ms. Barter:

On behalf of all of the volunteers of Memorial Ambulance Corps (MAC), I want to thank you and the residents of the Town of Isle au Haut very much for the generous contribution of \$1000.00 made on October 21, 2013. Your donation is very important to us, and we are grateful to have your town support.

We made some unexpected repairs to our 2006 ambulance these past two years including replacing the transmission and engine repairs. The ambulance is running well now but we have been considering options for future replacement. We want to insure that the ambulance is always reliable and we will be available for all emergency needs.

We thank you for your generous gift and for your support of our work to serve our residents and visitors.

Sincerely,

A handwritten signature in cursive script that reads "Steven Whitney".

Steven Whitney
President
Board of Trustees

MAC is a 501(c)(3) not-for-profit organization. Donations are tax-deductible to the fullest extent of the law. No services were rendered for this donation.

November 4, 2013

Ms. Debra Schrader
Town of Isle Au Haut
PO Box 71
Isle Au Haut, ME 04645-0071

Dear Ms. Schrader,

Thank you very much for the recent \$150.00 gift from the residents of the Town of Isle Au Haut. This gift confirms that your community uses and values the services MPBN provides including television and radio broadcasting, online services, and of course, the Emergency Alert System on our network. Your generous support allows us not only to continue to serve Maine, but to be responsive to the ever changing needs of Maine's communities.

We are working hard to make even more local news and information available and to provide all Maine's citizens with greater access to discussions and developments in Augusta. To that end, MPBN will air a second year of legislative sessions on the Maine Capital Connection channel beginning in January.

We are so pleased that you responded to our request this year, and we truly appreciate your interest and support for our efforts.

Sincerely,

A handwritten signature in cursive script that reads 'P. Smart'.

October 05, 2013

Town of Isle au Haut
PO Box 51
Isle au Haut, ME 04645

Dear Town of Isle au Haut,

In this quarter last year you generously made a membership pledge to WERU. Your total membership donation last year was \$150.00. A contribution of any amount will renew your membership, though if you could give the same amount or more it would be a great help.

We frequently hear statements from our listeners like: "WERU is one of the really special things about living here" and "It just wouldn't be the same around here without WERU." Celebrating 25 years on the air this year, WERU Community Radio is woven into the lives of people and enriches the social and cultural life of Midcoast, Downeast and Central Maine with diverse music programming and alternative news and public affairs.

WERU is grateful for our more than 2,000 individual and household members who contribute time, money or both to help sustain the station. In addition, nearly 400 business supporters contribute to the station through business memberships, program underwriting, and/or in-kind donations. We also are fortunate to have approximately 300 active volunteers who give their time and talents, on-air and behind the scenes, to keep WERU Community Radio going strong. We hope that you will choose to continue supporting WERU by renewing your membership today. You help make Community Radio possible!

So thank you for being part of the WERU family and giving what you can to the radio station.

Sincerely,

A handwritten signature in black ink that reads "M. Murphy". The signature is written in a cursive style.

INDEPENDENT AUDITOR'S REPORT

To the Board of Selectmen
Town of Isle au Haut
Isle au Haut, ME 04645

We have audited the accompanying financial statements of the governmental activities and each major fund of the Town of Isle au Haut, Maine as of and for the fiscal year ended January 31, 2013, which collectively comprise the Town's basic financial statements as listed in the table of contents, and the related notes to the financial statements.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Town of Isle au Haut, Maine, as of January 31, 2013, and the respective changes in financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other-Matters

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3 through 6 and 19 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain

limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Isle au Haut, Maine's financial statements as a whole. The introductory section, combining and individual nonmajor fund financial statements, and other supplementary information are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual nonmajor fund financial statements and other supplementary information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Respectfully Submitted,

James W. Wadman, C.P.A.

TOWN OF ISLE AU HAUT, MAINE
Management's Discussion and Analysis
For the Fiscal Year Ended January 31, 2013

The management of the Town of Isle au Haut, Maine (the Town) offers readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended January 31, 2013. We encourage readers to consider this information in conjunction with the financial statements and accompanying notes that follow.

FINANCIAL HIGHLIGHTS – PRIMARY GOVERNMENT

Government-wide Highlights:

Net Position – The assets of the Town exceeded its liabilities at the fiscal year ending January 31, 2013 by \$5,395,408 (presented as "net position"). Of this amount, \$240,492 was reported as "unrestricted net position". Unrestricted net position represents the amount available to be used to meet the Town's ongoing obligations to citizens and creditors.

Changes in Net Position – The Town's total net position decreased by \$120,034 (a 2.2% decrease) for the fiscal year ended January 31, 2013.

Fund Highlights:

Governmental Funds – Fund Balances – As of the close of the fiscal year ended January 31, 2013, the Town's governmental funds reported a combined ending fund balance of \$330,441, a decrease of \$34,754 in comparison with the prior year. Of this total fund balance, \$6,114 represents general unassigned fund balance. This unassigned fund balance represents approximately 1.2% of the total general fund expenditures for the fiscal year.

Long-term Debt:

The Town's total long-term debt obligations decreased \$5,000 (25.0%) during the current year. No new debt obligations were issued. Existing debt obligations were retired according to schedule.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Town's basic financial statements. The Town's basic financial statements include three component's: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains additional required supplementary information (budgetary comparison) and other supplementary information. These components are described below:

Government-wide Financial Statements

The government-wide financial statements present the financial picture of the Town from the economic resources measurement focus using the accrual basis of accounting and are designed to provide readers with a broad overview of the Town's finances, in a manner similar to a private-sector business. They distinguish functions of the Town that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The statement of net position includes all assets of the Town (including infrastructure) as well as all liabilities (including long-term debt), with the difference between the two reported as net position. The statement of activities shows how the Town's net position changed during the year, regardless of the timing of related cash flows. The government-wide financial statements can be found on pages 7 - 8 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The fund financial statements include statements for one category of activity – governmental funds.

The governmental activities are prepared using the current financial resources measurement focus and the modified accrual basis of accounting and are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, the governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund

TOWN OF ISLE AU HAUT

balance provide a reconciliation to explain the differences between the governmental funds and governmental activities. The basic governmental fund financial statements can be found on pages 9 - 10 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and the fund financial statements. The notes to the financial statements can be found on pages 11 - 18 of this report.

Required Supplementary Information

This section includes a budgetary comparison schedule, which includes a reconciliation between the statutory fund balance for budgetary purposes and the fund balance for the general fund as presented in the governmental fund financial statements (if necessary). Required supplementary information can be found on page 19 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Position

The largest portion of the Town's net position (93.5%) reflects its net investment in capital assets such as land, buildings, equipment and infrastructure (roads, bridges and other immovable assets), less any related debt used to acquire those assets that is still outstanding. The Town uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although, the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

	Governmental Activities	Business-like Activities	Total 2013	Total 2012
Current Assets	\$ 375,344	\$ 0	\$ 375,344	\$ 406,683
Capital Assets	\$ 5,058,164	\$ 0	\$ 5,058,164	\$ 5,149,413
Total Assets	\$ 5,433,508	\$ 0	\$ 5,433,508	\$ 5,553,707
Current Liabilities	\$ 28,100	\$ 0	\$ 28,100	\$ 23,265
Other Liabilities	\$ 10,000	\$ 0	\$ 10,000	\$ 15,000
Net Position:				
Invested in Capital Assets	\$ 5,043,164	\$ 0	\$ 5,043,164	\$ 5,129,413
Restricted	\$ 111,752	\$ 0	\$ 111,752	\$ 147,565
Unrestricted	\$ 240,492	\$ 0	\$ 240,492	\$ 238,464
Total Liabilities and Net Position	\$ 5,433,508	\$ 0	\$ 5,433,508	\$ 5,553,707

An additional portion of the Town's net position (2.1%) represents resources that are subject to external restrictions on their use. The remaining balance of unrestricted net position (4.4%) may be used to meet the government's ongoing obligations to citizens and creditors.

Changes in Net Position

Governmental activities decreased the Town's net position by \$120,034. This decrease was primarily due to capital asset depreciation offset by controlled costs and conservative budgeting.

FINANCIAL ANALYSIS OF THE TOWN'S INDIVIDUAL FUNDS

Governmental Funds

The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the fiscal year, the Town's governmental funds reported ending fund balances of \$330,441, a decrease of \$34,754 in comparison with the prior fiscal year. Approximately 1.9 percent of this total amount constitutes unassigned fund balance. The remainder is reserved to indicate that it is not available for new spending because it has been committed to liquidate contracts and commitments of the prior fiscal year or for a variety of other purposes.

GENERAL FUND BUDGETARY HIGHLIGHTS

Variances between actual General Fund revenues and expenditures and the final amended budget included the following:

- \$952 negative variance in real estate and personal property tax revenues. Actual collections were 98.6% of the levy as compared to 98.2% in the prior year. There was an increase in the deferred tax revenue due to little collections received right after year end.
- \$10,848 positive variance in local road assistance revenue. This is primarily due to the funds not being budgeted and used to fund a capital road project.
- \$4,306 negative variance in all other revenues. This is primarily due to over budgeting.
- \$27,083 positive variance in administration expenditures. This is primarily due to budgeting to fund over expended carry forward balance and unbudgeted town building revenues.
- \$38,887 negative variance in transportation expenditures. This is primarily due to road and ramp projects being funded by carry forward balances.
- \$12,859 negative variance in unclassified expenditures. This is primarily due to spending being funded by prior year carry forward balances.
- \$4,073 negative variance in all other expenditures. This is due to spending being funded by prior year carry forward balances.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The Town's investment in capital assets for its governmental activities amounts to \$7,043,505, net of accumulated depreciation of \$1,985,341, leaving a net book value of \$5,058,164. Current year additions include \$9,714 for town floats and ramps and \$39,242 for town roads. There were no current year retirements or impairments. Additional information on the Town's capital assets can be found in Note 4 of the notes to the financial statements on pages 16 - 17 of this report.

Debt

The Town has total bonded debt outstanding of \$15,000 that is backed by the full faith and credit of the Town. The outstanding debt decreased \$5,000 during the current fiscal year. Additional information on the Town's long-term debt can be found in Note 6 of the notes to the financial statements on pages 17 - 18 of this report.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Town's finances for all citizens, taxpayers, investors and creditors. This financial report seeks to demonstrate the Town's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional information should be addressed to: Town of Isle au Haut, P.O. Box 71, Isle au Haut, ME 04645.

The Notes to the Financial Statements are an Integral Part of this Statement.

TOWN OF ISLE AU HAUT, MAINE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JANUARY 31, 2013

Note 1 - Summary of Significant Accounting Policies

The financial statements of the Town of Isle au Haut, Maine (the Town) have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to governmental units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for the governmental accounting and financial reporting principles. The more significant of the Town's accounting principles are described below.

A. Financial Reporting Entity

The accompanying financial statements present the government of the Town of Isle au Haut, Maine, which is identified based upon the criteria identified in Governmental Accounting Standards Board (GASB) Statement 14, *The Financial Reporting Entity*. The Town is governed under a Selectmen form of government. The Town engages in a comprehensive range of municipal services, including administrative services, public safety, health and sanitation, transportation, education and cultural services. The financial statements include all operations of the Town. Control or dependence is determined on the basis of budget adoption, taxing authority, funding and appointment of the respective governing board.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. Fiduciary activities, whose resources are not available to finance the Town's programs are excluded from the government-wide statements. The material effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Functional expenses may also include an element of indirect cost, designed to recover administrative (overhead) costs. *Program revenues* include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *total economic resources measurement focus* and the *accrual basis of accounting*. Revenues and additions are recorded when earned and expenses and deductions are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied (i.e. intended to finance). Grants are recognized as revenue as soon as all eligibility requirements have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized when they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, including interest on long-term debt, are recorded only when payment is due.

Property taxes, charges for services and interest associated with the current fiscal period are all considered to be susceptible to accrual and are recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Town.

The Town reports deferred revenue on its governmental fund financial statements. Deferred revenues arise when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenues also arise when resources are received by the Town before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the Town has a legal claim to the resources, the liability for deferred revenue is removed from the balance sheet and the revenue is recognized.

The Town reports the following major governmental funds:

The general fund is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Permanent funds are used to account for assets held in perpetuity and therefore cannot be used to support the Town's own programs, but the investment earnings may be used for designated purposes.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, fines and forfeitures, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the Town's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Assets, Liabilities and Net Position or Fund Equity

Deposits

The Town's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of one year or less from the date of acquisition. These investments are not specifically identified with any other fund.

The Town may invest in certificates of deposit, in time deposits, and in any securities in which State of Maine Statutes authorize them to invest in.

Accounts Receivable and Accounts Payable

All material receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by noncurrent liabilities. Since they do not affect current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Capital Assets

Capital assets, which property, plant, equipment and infrastructure (e.g. roads, bridges, sidewalks and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the asset constructed. Property, plant and equipment is depreciated using the straight line method over the following estimated useful lives:

TOWN OF ISLE AU HAUT

Assets	Years
Buildings	50
Infrastructure	50
Equipment	5-30

Interfund Transactions

During the course of normal operations, the Town has various transactions between funds, including transfers of revenues and expenditures. The accompanying governmental fund financial statements reflect such transactions as operating transfers.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities. In the fund financial statements, governmental funds recognize the face amount of debt issued as other financing sources.

Governmental Fund Balances

The Town has applied GASB Statement No 54, which establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to observe constraints imposed upon the use of its resources reported in governmental funds. As such, the Town has identified January 31, 2013 fund balances on the balance sheet as follows:

	General Fund	Permanent Fund	Total
<u>Nonspendable</u>			
Arthur Barter Educational Trust		\$2,540	\$2,540
Crowell Memorial Trust		\$1,296	\$1,296
<u>Restricted</u>			
State Road Assistance	\$39,241		\$39,241
Town Wharf Replacement Reserve	\$0		\$0
School Department	\$59,361		\$59,361
State Revenue Sharing	\$1,934		\$1,934
Vital Stats	\$261		\$261
Colwell Ramp	\$7,119		\$7,119
<u>Committed</u>			
General Government	(\$1,867)		(\$1,867)
Town Buildings	\$20,574		\$20,574
100th Anniversary	\$6,462		\$6,462
Town Owned Lands	\$11,227		\$11,227
Donald Furrow Land Purchase Bond	\$6,311		\$6,311
George Lamson Land Purchase Bond	(\$970)		(\$970)
Fire Department	\$3,294		\$3,294
Solid Waste Disposal	\$112		\$112
Plumbing & Code Enforcement	\$2,415		\$2,415
Town Roads & Bridges	\$1,703		\$1,703
Snow Removal	\$5,455		\$5,455
D.O.T. Transportation Account	\$29,133		\$29,133
Truck & Plow Account	\$5,408		\$5,408
Truck Reserve	\$1,757		\$1,757
Salt/Sand Shed Reserve	\$12,500		\$12,500
Waterfront Access	\$2,786		\$2,786
Town Landing	\$10,588		\$10,588
Town Parking Lot	\$4,684		\$4,684
School Roof Fund	\$3,390		\$3,390
Auto Excise Taxes	\$7,288		\$7,288

TOWN OF ISLE AU HAUT

Boat Excise Taxes	\$1,362	\$1,362
Sales Tax	\$675	\$675
Registration Fees	\$1,160	\$1,160
Interest	\$3,439	\$3,439
In Lieu of Taxes	\$8,091	\$8,091
Tree Growth	\$2,564	\$2,564
Veteran's Reimbursement	\$18	\$18
Homestead Tax Exemption	\$257	\$257
Supplemental Taxes	\$216	\$216
Revere Memorial Hall	\$2,579	\$2,579
Revere Memorial Library	\$10,615	\$10,615
Planning Board	\$2,868	\$2,868
Lighthouse Fund Reserve	\$870	\$870
Dog Fees	\$424	\$424
Emergency Medical Services	(\$421)	(\$421)
Comprehensive Planning	\$1,747	\$1,747
Property Tax Relief	\$246	\$246
Isle au Haut Historical Collections	\$608	\$608
Isle au Haut Community Conservation	\$135	\$135
Zone C/Perce Lobster Hatchery	\$500	\$500
Maine Islands Coalition	\$300	\$300
County Tax	\$1,802	\$1,802
<i>Assigned</i>		
Arthur Barter Educational Trust	\$39,983	\$39,983
Crowell Memorial Trust	\$287	\$287
<i>Unassigned</i>	\$6,114	\$6,114
<u>Total Fund Balances</u>	<u>\$286,335</u>	<u>\$330,441</u>

The Town considers restricted, committed, assigned and unassigned amounts to be spent in that order when expenditures are incurred for which any of those amounts are available.

Net Position

Net position are required to be classified into three components - net investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

Net investment in capital assets - This component of net position consist of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.

Restricted - This component of net position consists of restrictions placed on net position use through external constraints imposed by creditors (such as debt covenants), grantors, contributors, or law or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation. The government-wide statement of net position reports \$111,752 of restricted net position, of which enabling legislation restricts \$0.

Unrestricted - This component consists of net position that do not meet the definition of "restricted" or "invested in capital assets, net of related debt".

E. Budgetary Accounting

Formal budgetary accounting is employed as a management control for the general fund only. Annual operating budgets are adopted each fiscal year by the registered voters of the Town at their annual Town meeting. Budgets are established in accordance with generally accepted accounting principles. Budgetary control is exercised at the selectmen level, since individual department heads do not exist. All unencumbered budget appropriations lapse at the end of the year unless specifically designated by the Board of Selectmen or required by law.

F. Endowments

In the permanent funds, there are established endowment funds of \$2,540 for the Arthur Barter Educational Trust Fund, and \$1,296 for the Jack & Alice Crowell Memorial Trust Fund. The investment earnings of these funds are used for the specific purposes that the funds were established for and shall be paid out by order of those persons responsible for administering the funds. State law directs that, subject to the intent of a donor expressed in the gift instrument, an institution may appropriate for expenditure or accumulate so much of an endowment fund as the institution determines is prudent for the uses, benefits, purposes, and duration for which the endowment is established. The current amount available for expenditure is \$39,983 from the Arthur Barter Educational Trust Fund, and \$287 from the Jack & Alice Crowell Memorial Trust Fund, which is reported as unrestricted net position in the statement of net position. The initial endowment principal is reported as restricted net position in the statement of net position.

G. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

Note 2 - Deposits and Investments

Deposits

Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. The Town's deposit policy for custodial credit risk requires compliance with the provisions authorized by Maine State Statutes. The Town requires that, at the time funds are deposited, there is collateral in place to cover the deposits in excess of the FDIC insurance limits.

State Statutes require banks either to give bond or to pledge government securities (types of which are specifically identified in the Statutes) to the Town in the amount of the Town's deposits. The Statutes allow pledged securities to be reduced by the amount of the deposits insured by the Federal Deposit Insurance Corporation (FDIC).

The financial institution holding the Town's cash accounts participated in the FDIC Transaction Account Guarantee Program. Under the program, through December 31, 2012, all noninterest bearing transaction accounts are fully guaranteed by the FDIC for the entire amount in the account. For interest bearing cash accounts, the Town's cash deposits, including certificates of deposit, are insured up to \$250,000 by the FDIC. Starting January 1, 2013, the FDIC insurance changed so that noninterest bearing accounts are now aggregated with interest bearing accounts and the FDIC offers \$250,000 of insurance on the total of all deposit balances. Any cash deposits, including certificates of deposit, in excess of the \$250,000 FDIC limits are covered by collateral held in a Federal Reserve pledge account and thus no custodial risk exists.

At year end, the carrying value of the Town's deposits was \$75,561 and the bank balance was \$75,767. The Town has no uninsured and uncollateralized deposits as of January 31, 2013.

Investments

At year end, the Town's Governmental Fund investment balances were as follows:

	<i>Fair Market Value</i>	<i>Maturities (yrs)</i>		
		<i>Less than 1 yr</i>	<i>1-5 yrs</i>	<i>Long-term</i>
U.S. Treasury Securities	\$235,388	\$235,388		
Mutual Funds/Equity Sec.	\$41,874	\$4,160		\$37,715
	<u>\$277,262</u>	<u>\$239,547</u>	<u>\$0</u>	<u>\$516,809</u>

Investments held in the Permanent Fund are carried at fair market value as of January 31, 2013. Fair market value is determined using the closing market price as of January 31, 2013. Some stock certificates are held by the Town and others by a trust department. A detailed schedule of investments is as follows:

TOWN OF ISLE AU HAUT

Security	# of shares	Market Value
AT&T	140	\$4,523
Comcast Corp.	21	\$792
Vodafone	90	\$2,459
Vanguard Short-Term Bond Index Fund	1,177,004	\$12,488
Vanguard Total Bond Market Index Fund	482,528	\$5,303
Parnassus Equity Income Fund	343,033	\$10,641
Oakmark International Fund	67,476	\$1,509
Money Market Funds	4159.65	\$4,160
		\$41,874

Generally, the Town's investing activities are managed under the custody of the Town Treasurer. Investing is performed in accordance with State Statutes. The Town may legally invest in U.S. Government securities and agencies, U.S. Government sponsored agencies and in bank repurchase agreements.

Custodial credit risk - for an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Town will not be able to recover the value of its investment securities that are in the possession of an outside party. As a means of limiting its exposure to custodial credit risk, the Town requires that, at the time funds are invested, collateral for repurchase agreements be held in the Town's name by a custodial agent for the term of the agreement and investments in obligations of the United States or its agencies be held by the Federal Reserve.

Interest rate risk - As a means of limiting its exposure to fair value losses arising from rising interest rates, the Town invests in short-term repurchase obligations and short-term investments held by a local banking institution. Money market, common stock and mutual funds are presented as investments with a maturity of less than one year because they are redeemable in full immediately.

Credit risk - credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Town limits its investments to those authorized by Maine State Statutes, which authorize the Town to make deposits/investments in insured commercial banks, insured credit union and direct debt securities of the United States Government unless such an investment is expressly prohibited by law.

Note 3 - Property Taxes

Property taxes were assessed on April 1, 2012 and committed on July 6, 2012. Interest of 7.0% per annum is charges on delinquent taxes. Tax liens are recorded on property taxes remaining unpaid eight to twelve months after the commitment date. Tax liens unpaid for a period of eighteen months expire and the property becomes tax acquired by the Town. For governmental funds, only property taxes which are intended to finance the current fiscal year and collected within 60 days subsequent to year-end are recorded as revenue. Accordingly, \$21,803 of the property taxes receivable have been classified as deferred tax revenue on the general fund balance sheet.

Note 4 - Capital Assets

Capital asset activity for the year ended January 31, 2013 was as follows:

	<i>Beginning Balance</i>	<i>Increases</i>	<i>Decreases</i>	<i>Ending Balance</i>
<i><u>Governmental Activities:</u></i>				
<i><u>Capital assets not being depreciated</u></i>				
Land	\$559,869			\$559,869
<i><u>Capital assets being depreciated</u></i>				
Buildings	\$393,689	\$9,714		\$403,402
Equipment	\$924,509			\$924,509
Infrastructure	\$5,116,484	\$39,242		\$5,155,725
<i>Total capital assets being depreciated</i>	\$6,434,682	\$48,955	\$0	\$6,483,637

TOWN OF ISLE AU HAUT

Less accumulated depreciation for

Buildings	\$162,866	\$9,076	\$171,942
Equipment	\$152,404	\$20,895	\$173,299
Infrastructure	\$1,529,868	\$110,232	\$1,640,100
	\$1,845,138	\$140,204	\$0
<i>Total accumulated depreciation</i>			<u>\$1,985,341</u>
<i>Net capital assets being depreciated</i>	\$4,589,544	(\$91,248)	\$0
<i>Governmental Activities, Capital Assets, net</i>	\$5,149,413	(\$91,248)	\$0
			<u>\$5,058,164</u>

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental Activities

General Government	\$2,488
Protection	\$2,596
Education	\$1,275
Unclassified	\$4,016
Highways, including depreciation of general infrastructure assets	<u>\$129,828</u>
 Total Depreciation Expense - Governmental Activities	 <u>\$140,204</u>

Note 5 - Interfund Receivables and Payables

During the course of operations, numerous transactions occur between individual funds that may result in amounts owed between funds. On the Governmental Fund financial statements, the payable is classified as Due to Other Funds with an offsetting receivable classified as Due from Other Funds. At January 31, 2013, the offsetting receivable and payable balances were \$936. The change in the balance of the accounts during the current fiscal year represent \$308 of interest/dividends earned that was on the permanent fund cash and investment accounts that was deposited into the general fund checking account. The remaining funds are expected to be repaid upon need of the funds for the specified purpose of the trust funds that the interest is earned on.

Note 6 - Long-Term Debt

The following is a summary of long-term debt transactions of the Town of Isle au Haut, Maine for the fiscal year ended January 31, 2013.

<u>Long-Term Debt payable at February 1,</u>		\$20,000
	<i>Long-Term Debt Issued</i>	\$0
	<i>Long-Term Debt Retired</i>	<u>(\$5,000)</u>
<u>Long-Term Debt payable at January 31,</u>		<u>\$15,000</u>

General Obligation bonds and notes are direct obligations and pledge the full faith and credit of the Town of Isle au Haut, Maine. Outstanding bonds at January 31, 2013 are as follows:

In February 2008, the Town issued bonds for a land purchase with Bar Harbor Bank & Trust. The bonds were authorized by the Town for \$35,000. The bonds are to be repaid over a 7 year period with interest of 3.49%. The principal balance at January 31, 2013 was \$15,000.

Annual debt service requirements to maturity of the general obligation bonds including estimated interest are as follows:

TOWN OF ISLE AU HAUT

<i>Year</i>	<i>Principal</i>	<i>Interest</i>	<i>Total</i>
2014	\$5,000	\$524	\$5,524
2015	\$5,000	\$349	\$5,349
2016	\$5,000	\$175	\$5,175
	\$15,000	\$1,047	\$16,047

Note 7 - Defined Benefit Employee Pension Plan

Most employees of the School Department participate in the Maine Public Employees Retirement System. The Maine Public Employees Retirement System is a multiple-employer, cost-sharing pension plan. Benefits provided by the Retirement System arise from employee and employer contributions determined on a statutory actuarial reserve basis.

School Department employees are eligible for normal retirement at age 60, provided that they have 25 years of services credited under the System. School Department employees over age 60 who become permanently disabled receive normal retirement benefits. School Department employees under the age of 60 who become permanently disabled receive 2/3 of their average final compensation, reduced by other forms of disability benefits received.

School District employees contribute 7.65% of their salaries to the Retirement System while the School District's share is the responsibility of the State of Maine. The School District is responsible for the employer contributions for employees paid with Federal funds. The cost of these benefits is charged to the applicable Federally funded program. The School District's total earnings covered by the program were \$73,232 for the fiscal year ended June 30, 2012. Employee contributions totaled \$5,602. Employer contributions made to the pooled account by the State, estimated at a rate of 14.32% are \$10,487. Employer contributions made by the School District for Federal programs totaled \$68. A financial report for the Maine Public Employees Retirement System can be obtained at: Maine Public Employees Retirement System, 46 State House Station, Augusta, Maine 04333-0046.

Note 8 - Restricted Net Position

The Town reports restricted net position totaling \$111,752 on its statement of net position. This restricted net position represents the nonspendable and restricted fund balances detailed in the Governmental Fund Balances note above.

Note 9 - Commitment and Contingencies

The School Department participates in a number of federal and state assisted grant programs. These programs are subject to financial and compliance audits. The amount of expenditures, if any, which may be disallowed by the granting agencies is not determinable at this time, however, the School Department does not believe such amounts would be significant.

Note 10 - Risk Management

The Town is exposed to various risk of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions, injuries to employees; and natural disasters for which the Town purchases municipal and commercial insurance. The Town is not aware of any material actual or potential claim liabilities which should be recorded at January 31, 2013.

Note 11 - Pending Litigation

According to management, there are no matters that would result in material adverse losses, claims or assessments against the Town of Isle au Haut, Maine through the date of the audit report.

**WARRANT
COUNTY OF KNOX STATE OF MAINE**

To: Kirsten Barter, a citizen, in the Town of Isle au Haut: GREETINGS:

In the Name of the State of Maine, you are hereby required to notify the inhabitants of said Town of Isle au

Haut, qualified to vote in town affairs, to assemble at Revere Memorial Hall in said Town on Monday, March

31, 2014 at eight thirty (8:30) A.M. in the morning to act on the following articles to wit:

Article 1. To choose a Moderator to preside at said meeting and vote his/her compensation.

Article 2. To choose a Town Clerk for the ensuing year and vote his/her compensation.

Article 3. To choose a First Selectman for the ensuing year and vote his/her compensation.

Article 4. To choose a Second Selectman for the ensuing year and vote his/her compensation.

Article 5. To choose a Third Selectman for the ensuing year and vote his/her compensation.

Article 6. To choose a Treasurer for the ensuing year and vote his/her compensation.

Article 7. To choose a Collector of Taxes and Excise Taxes for the ensuing year and vote his/her compensation.

Article 8. To choose an Assessor of Taxes for the ensuing year and vote his/her compensation.

Article 9. To choose an Assessor of Taxes for the ensuing year and vote his/her compensation.

Article 10. To choose an Assessor of Taxes for the ensuing year and vote his/her compensation.

- Article 11. To choose a Road Commissioner for the ensuing year and vote his/her compensation.
- Article 12. To choose a Fire Chief for the ensuing year and vote his/her compensation.
- Article 13. To choose a Member of the School board for a three year term.
(Outgoing –Susan MacDonald- Chair)
- Article 14. To choose a Member for the Colwell Ramp Waterfront Access Board from the Board of Selectmen for a one year term.
- Article 15. To choose a Member for the Colwell Ramp Waterfront Access Board for a two year term. (Outgoing – William Stevens)
- Article 16. To see if the Town will vote to maintain and operate the Isle au Haut Elementary School for the 2014-2015 school year.
- Article 17. To see if the Town will vote to hear a report from the Superintendent of Schools on education.
- Article 18. To see what sum the Town will authorize the School Committee to expend for K-12 Regular Instruction. School Committee Recommends: \$100,401
- Article 19. To see what sum the Town will authorize the School Committee to expend for Special Education. School Committee Recommends: \$59,497
- Article 20. To see what sum the Town will authorize the School Committee to expend for Other Instruction. School Committee Recommends: \$738
- Article 21. To see what sum the Town will authorize the School Committee to expend for Student and Staff Support. School Committee Recommends: \$200
- Article 22. To see what sum the Town will authorize the School Committee to expend for System Administration. School Committee Recommends: \$10,405
- Article 23. To see what sum the Town will authorize the School Committee to expend for School Administration. School Committee Recommends: \$975
- Article 24. To see what sum the Town will authorize the School Committee to expend for Transportation and Buses. School Committee Recommends: \$27,504
- Article 25. To see what sum the Town will authorize the School Committee to expend for Facilities Maintenance. School Committee Recommends: \$22,968

Article 26. To see what sum the Town will appropriate for the school administrative unit's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act. (School Committee Recommends: \$70,937) and to see what sum the town will raise as the municipality's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act in accordance with the Maine Revised Statutes Title 20-A, § 15690, subsection 1. School Committee Recommends: \$65,937

Explanation: The town's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act is the amount of money determined by state law to be the minimum amount that the town must raise in order to receive the full amount (\$5000*) of state dollars.

*This is an estimate. State subsidy has not been approved by the legislature.)

Article 27. To see what sum the Town will raise and appropriate in additional local funds as required to fund the budget recommended by the school committee. The school committee recommends \$127,751 which exceeds the State's Essential Programs and Services funding model by \$127,751.

Explanation: The additional local funds are those locally raised funds over and above the school administrative unit's local contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act that will help achieve the town's budget for educational programs.

The school committee gives the following reasons for exceeding the State's Essential Programs and Services funding model.

Reasons: The additional local fund request exceeds the EPS funding model because the EPS funding model fails to adequately fund small schools. The school's teacher/student ratio is smaller than the EPS model as are most other costs such as transportation, building maintenance, special education, and system administration. EPS formulas are based on what works in larger schools - not what is realistic for a small, isolated island school.

Article 28. To see what sum the Town will authorize the School Committee to expend for the fiscal year beginning July 1, 2014 and ending June 30, 2015 from the school administrative unit's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act, additional local funds for school purposes under the Maine Revised Statutes, Title 20 A, §1569, unexpended balances, tuition receipts, high school tuition reserve account, local appropriations, state subsidy and other receipts for the support of schools. School Committee Recommends: \$222,688

Article 29. To see what sum the Town will raise and appropriate for the Roof Reserve Account. School Committee Recommends: \$2,000.

Article 30. Shall the Town vote to accept the categories of estimated funds listed below as provided by the Maine State Legislature?

Category	Anticipated Amount
State Subsidy	\$5,000
Special Education Local Entitlement	\$3,000

Article 31. To see if the Town will authorize the School Committee to expend grant moneys in addition to expenditures approved in the regular school budget.

Article 32. To see what sum of money the Town will raise and appropriate for Town Landing Parking Lot. (No Recommendation)

Article 33. To see what sum of money the Town will raise and appropriate for General Government Administration. (Sel. Recommend \$70,000.00- last year \$65,000.00)

Article 34. To see what sum of money, if any, the Town will authorize the Selectmen to transfer from Boat Excise Taxes to Town Landing. (Sel. Recommend \$1,553.80)

Article 35. To see what sum of money the Town will raise and appropriate for Town Landing. (No Recommendation - last year \$5,000.00)

Article 36. To see what sum of money, if any, the Town will raise and appropriate for Isle au Haut Boat Services operations for the year 2014. (Board of Directors request \$45,000.00 - last year \$45,000.00)

Article 37. To see what sum of money the Town will raise and appropriate for Revere Memorial Hall. (Sel. Recommend \$15,000.00 - last year \$15,000.00)

Article 38. To see what sum of money the Town will raise and appropriate for Revere Memorial Library. (No Recommendation - last year \$3,500.00)

Article 39. To see what sum of money the Town will raise and appropriate for Isle au Haut Historical Society. (Recommendation \$1000.00-last year \$1,000.00)
