Dear Friends:

It is an honor to represent Maine in the United States Senate. I am grateful for the trust the people of our State have placed in me and welcome this opportunity to share some key accomplishments from this past year.

Maine has the oldest average age in the nation. As Chairman of the Senate Aging Committee, my top three priorities for the Committee are fighting fraud and financial abuse directed at our nation's seniors, increasing investments in biomedical research, and improving retirement security. Following the Committee's investigation into skyrocketing prescription drug costs, I authored bipartisan legislation to foster generic competition, which was signed into law. The Aging Committee's toll-free hotline (1-855-303-9470) makes it easier for seniors to report suspected fraud and receive assistance. To support the 40 million family caregivers in the United States, I am proud to have authored the RAISE Family Caregivers Act to create a coordinated strategy to support family members who make countless personal and financial sacrifices to care for their loved ones.

The opioid crisis touches families and communities across our state. As a member of the Appropriations Committee, I fought for significant increases in funding to support community, law-enforcement, and public health efforts. In April, the State of Maine was awarded over \$2 million to fight this devastating public health crisis. Additionally, I have authored legislation to support grandparents and other extended family members who are raising grandchildren as a result of the nation's opioid epidemic.

Biomedical research has the potential to improve and save lives, and also supports good jobs at research facilities here in Maine. Last year, the Appropriations Committee approved a \$2 billion increase for the National Institutes of Health for the third consecutive year. This includes an increase of nearly 30 percent for research on Alzheimer's, our nation's most costly disease. As founder and co-chair of the Senate Diabetes Caucus, I work to raise awareness of the threats posed by diabetes, invest in research, and improve access to treatment options. My bill to establish a national commission of health care experts on diabetes care and prevention was signed into law in 2017.

We owe our veterans so much. Last year, I worked to secure the authorization of a Community-Based Outpatient Clinic in Portland to support the health care of Maine's veterans in the southern part of our state. I also worked to secure funding extensions to help veterans throughout rural Maine receive health care within their communities. I also worked to secure funding for housing vouchers for veterans to reduce veterans' homelessness.

Maine's contributions to our national security stretch from Kittery to Limestone. I successfully advocated for critical funding for projects at the Portsmouth Naval Shipyard for construction of an additional ship that will likely be built at Bath Iron Works. This funding will strengthen our national security and preserve great jobs in our state.

As chairman of the Transportation and Housing Appropriations Subcommittee, I worked to increase funding for the TIGER program that has provided Maine with more than \$122 million for vital transportation projects. For housing, I worked to provide \$160 million to help communities protect children from the harmful effects of lead poisoning.

Growing our economy remains a top priority. I supported the comprehensive tax reform bill because it will help lower- and middle-income families keep more of their hard-earned money; boost the economy; and encourage businesses, both small and large, to grow and create jobs here in Maine and around the country. This legislation contains key provisions I authored that are important to Mainers, including preserving the deduction

for state and local taxes, expanding the deduction for medical expenses, and enabling public employees such as firefighters, teachers, and police officers, as well as clergy and employees of nonprofits, to make “catch-up” contributions to their retirement accounts. I led the effort to ensure that the tax cut will not trigger automatic budget cuts to Medicare or any other programs.

A Maine value that always guides me is our unsurpassed work ethic. As of December 2017, I have cast more than 6,500 consecutive votes, continuing my record of never missing a roll-call vote since my Senate service began in 1997.

I appreciate the opportunity to serve Sanford and Maine in the United States Senate. If ever I can be of assistance to you, please contact my York County office at 207-283-1101 or visit my website at www.collins.senate.gov. May 2018 be a good year for you, your family, your community, and our state.

Sincerely,

Susan M. Collins
United States Senator

CHELLIE PINGREE
CONGRESS OF THE UNITED STATES
1ST DISTRICT, MAINE

Dear Friend,

I hope this letter finds you well. It's a privilege to share an update on my work to represent you and your family in Washington and in Maine.

Even though Washington is so bitterly divided these days, I've continued to look for bipartisan opportunities to address issues important to our state. Nearly all the bills I've introduced this Congress have Republican cosponsors.

One piece of legislation would help protect our state's economy by investing in working waterfronts. Another would allow Mainers to import less expensive prescriptions from Canada. And several bills would help our farmers capitalize on the fastest growing areas of agriculture—local and organic sales—by investing in research, increasing consumer access to healthy food, and improving farmer programs.

I'm happy to report bipartisan victories for our veterans as well. After working for years with Maine's Congressional Delegation, we were finally able to push a much-needed expansion of the Portland VA Community Based Outpatient Clinic through Congress. Legislation I introduced to help veterans who find themselves in debt to the Department of Veterans Affairs unanimously passed the House of Representatives. And full GI Bill benefits were extended to a group of veterans who had been denied them previously—an issue I've introduced legislation to address.

While I strive to find common ground with my colleagues on everything from rural broadband access to economic development, there are many areas where I will not compromise. I have serious concerns about direction the Trump Administration and its allies in Congress are taking our country. In so many ways, they have abandoned America's leadership in the world, made our country less safe, and are jeopardizing our future. They've weakened our health care system, rigged the tax code against working families, and endangered the environment. With one hand, they are taking away resources our families and communities need. With the other, they are offering generous giveaways to giant corporations and the wealthiest Americans.

Over the last year, I've received an unprecedented amount of feedback on these issues from my constituents. With their concerns and interests in mind, I have fought hard against these policies. I will continue using my role in Congress and the Appropriations Committee to hold the Administration and the President accountable.

Please keep in touch with your views or if there is anything I might be able to help you with. My office assists hundreds of constituents every year who have issues with federal programs or agencies. It's an honor to serve you.

Take care,

Chellie Pingree
Member of Congress

Senator David C. Woodsome
3 State House Station
Augusta, ME 04333-0003
(207) 287-1505

Dear Friends and Neighbors,

Let me begin by thanking you for allowing me the honor of serving you in the Maine Senate. I am humbled that you have put your trust in me for a second term and can assure you I will continue to work tirelessly on your behalf. This is a brief recap of the 127th Legislature, as well as my hopes for the upcoming 128th Legislature, which convened in December.

Last year we continued the work of reforming our state's welfare system and achieved the long sought-after goal of banning the purchase of alcohol, tobacco and lottery tickets with welfare benefits. While there is more work to be done, I believe these efforts will help to deter such abuse of the system and help ensure that benefits are going to those who truly need them.

The Legislature also worked in a bipartisan fashion to begin addressing the drug crisis affecting our state. We approved putting 10 new drug enforcement agents on the street, as well as provided funding for treatment programs and drug use prevention efforts. I believe such a comprehensive approach is essential and I look forward to continuing to address this problem facing our state. We must also continue to fight the drug epidemic threatening our state and hurting our families.

In the upcoming session, it is clear that we must continue to do all we can to attract more jobs to Maine. To that end, I will work to advocate for proposals which will expand economic opportunity for all Mainers. It is my hope the Legislature can once again work together to find solutions to these widespread problems.

You have my humble and sincere thanks for allowing me to represent you in Augusta. Please feel free to contact me at 287-1505 or dcwoodsone@gmail.com if you have comments, questions or if you would like assistance in navigating our state's bureaucracy.

Sincerely,

A handwritten signature in cursive script that reads "David C. Woodsome".

Dave Woodsome
State Senator, District 33

Matthew A. Harrington

Representative to the Legislature

Term Expires: December 5, 2018

Address: P. O. Box 457, Sanford, ME 04073

Financial Statement Presentation

June 30, 2017

Presented by:

Christian Smith, CPA, CFE
Principal

Macpage LLC

Relationship With The Auditors

- Independent auditors work for the Council.
- Auditors work with management to perform the audit.
- Auditors express an opinion on the financial statements that are the responsibility of management.
- The auditors' opinion is an “unmodified opinion”, this is a clean opinion, the financial statements are fairly stated and have been presented in accordance with Generally Accepted Accounting Principles (GAAP)

Reports Issued

- Financial reports– City and School Department
- Management letters – City and School Department
- Comment letters – City and School Department
- Governance letters – City and School Department
- Single audit report and data collection form
- State of Maine Department of Audit Procedural Form
- Reconciliation of MEDMS upload to financial report
- Compliance with the Maine School Finance Act
- MSMA Wage Certification

Management Letter and Comments Letter - City

- Management letter - No material weaknesses or significant deficiencies
- Comments letter – 4 comments or best practice recommendations
- Comment
