SELECTMEN'S REPORT

It doesn't seem possible another year has gone by and, at this juncture, the winters could be so different. Last year the snow banks cut off the view of the woods across the street from my house and this year there is green grass in the back field at the end of January.

Look for the request to add a pre-K program at Sedgwick Elementary School next year. The major cost increase would be adding a new teacher in the first year. There is a room available and approximately \$35,000 in a private fund to get the program started. The school committee will provide information at Town Meeting and there have been several articles in the local newspapers regarding the benefits of early education.

The selectmen are asking for continued support of \$15,000 yearly to maintain and operate the landing at Walker Pond. The Friends of Walker Pond have donated \$3,000 to help keep the milfoil inspection team working full time and toward improvements. The relationship with Brooksville is working very well. We meet every second Wednesday in Brooksville at 9 am for anyone interested in attending the meeting.

The town has received two grants from the State of Maine to 1) plan and engineer a new dock system at the Carter Point Town Landing, and 2) matching funds to replace the dock, extra supports and new floats. This work is expected to begin this spring and be ready for the summer season. The insurance company has gotten after us to make the dock safer and up to a higher standard. Fortunately, we have saved enough to match the grants and we won't have to raise additional money.

You will see two new ordinances in this town report. The new Floodplain Ordinance needs to be enacted before July. The Special Amusement Permit Ordinance is a requirement under state law regarding establishments serving liquor. The Site Plan Review Ordinance is having some wording and definition changes. Please take some time to look at these ordinances and ask questions or make comments.

Finally, thanks to the fire department and all the volunteers who keep our town the best place to live in the area.

UNITED STATES SENATE

Washington, DC

Dear Friends:

It is an honor to represent Maine in the United States Senate. I am grateful for the trust the people of our State have placed in me and welcome this opportunity to share some key accomplishments from 2015.

Growing the economy by encouraging job creation was and remains my top priority. The tax-relief bill signed into law at the close of last year contains three key provisions I authored to help foster job creation and provide small businesses with the certainty they need to invest, grow, and, most important, hire new workers. Another provision I authored that became law last year gives a boost to both Maine's economy and traffic safety. This provision permanently changed the federal law that previously had forced the heaviest trucks onto our country roads and downtown streets, rather than allowing them to use Maine's federal Interstates. In addition, I was glad to help secure another significant award for the University of Maine's deepwater offshore wind initiative, which has the potential to advance an emerging industry and create thousands of good jobs in our state.

Maine's historic contributions to our nation's defense must continue. In 2015, I secured funding toward a much-needed additional Navy destroyer, likely to be built at Bath Iron Works. Modernization projects at the Portsmouth Naval Shipyard that I have long advocated for were also completed, as were projects for the Maine National Guard.

I was also deeply involved in crafting the new education reform law to better empower states and communities in setting educational policy for their students. The law also extends a program I co-authored that provides additional assistance to rural schools, which has greatly benefitted our state. A \$250 tax deduction I authored in 2002 for teachers who spend their own money on classroom supplies was also made permanent last year.

As a result of a scientific evaluation of the nutritional value of potatoes required by a law that I wrote, the wholesome fresh potato finally was included in the federal WIC nutrition program. I also worked on other issues important to Maine's farmers and growers, including research on wild blueberries and pollinating bees.

As Chairman of the Housing Appropriations Subcommittee, I have made combating veterans' homelessness a priority. This year's housing funding law includes \$60 million for 8,000 new supportive housing vouchers for homeless veterans. Since this program began in 2008, the number of homeless veterans nationwide has dropped by one third. Maine has received nearly 200 vouchers to support homeless veterans.

Last year, I became Chairman of the Senate Aging Committee. My top three priorities for the committee are retirement security, investing more in biomedical research, and fighting fraud and financial abuses targeting our nation's seniors. I advocated for the \$2 billion increase in funding for the National Institutes of Health to advance research on such diseases as diabetes and Alzheimer's. The Senate also unanimously passed my bill to support family caregivers. The Aging Committee's toll-free hotline (1-855-303-9470) makes it easier for senior citizens to report suspected fraud and receive assistance and has already received more than 1,000 calls.

A Maine value that always guides me is our unsurpassed work ethic. As 2015 ended, I cast my 6,072nd consecutive vote, continuing my record of never missing a roll-call vote since my Senate service began in 1997.

I appreciate the opportunity to serve Hancock County and Maine in the United States Senate. If ever I can be of assistance to you, please contact my Bangor state office at 207-945-0417, or visit my website at www.collins.senate.gov. May 2016 be a good year for you, your family, your community, and our state.

Sincerely,
Susan M. Collins
United States Senator

UNITED STATES SENATE
Washington, DC 20510

Dear Friends of Sedgwick,

It has been a privilege to serve the State of Maine since being sworn into the U.S. Senate.

Much of my time in Washington this past year has been devoted to the Senate Armed Services Committee and the Select Committee on Intelligence. Protecting our homeland and the people of Maine from terrorism and violence remains one of my top priorities. Through my work on the Armed Services Committee, I was able to secure several provisions in the 2016 National Defense Authorization Act that benefit Maine. The legislation authorizes the construction of an additional DDG-51 Arleigh Burke Class Destroyer that could be built at Bath Iron Works and expands the HUBZone program to stimulate economic growth at former military installations like the former Brunswick Naval Air Station.

Returning control to teachers, school districts, and states has also been a primary concern of mine. I am encouraged that the Every Student Succeeds Act has become law. It eliminates the burdensome requirements of the No

Child Left Behind Act and ensures access to a quality education for all students. A provision I helped author in the bill will give states the opportunity to pilot the use of their own proficiency-based assessments in lieu of federally mandated standardized tests. Also included in the bill are several measures I secured to promote local input, fund education technology initiatives, and explore new strategies to increase student access to the internet outside of school.

Communities across Maine have taken bold action to improve their broadband connectivity, and I have been proud to foster federal support for these types of projects. My amendments to the Every Student Succeeds Act will promote the type of work already occurring in Washington County, where students who lack broadband access are able to check out mobile hotspots from their local libraries. Additionally, a bill I co-sponsored, the Community Broadband Act, helped pave the way for the FCC to enact rules protecting the ability of municipalities to invest in better broadband. I am excited by Maine's leadership on this important economic development issue and will continue to support local efforts in this area.

After extensive negotiations, the Senate passed a five-year transportation bill that will increase highway and transit funding in Maine and provide stability to improve our transportation infrastructure. The legislation contains provisions I co-sponsored to cut red tape and improve predictability and timeliness by streamlining the federal permitting process for large infrastructure projects. Also incorporated in this bill are my provisions to relieve financial regulations on Maine's community banks and credit unions and to reauthorize the Export-Import Bank, a critical tool that supports communities and small business across the state.

Following my inquiries in the Energy and Natural Resources Committee, the National Park Service has announced they will begin exploring strategies to allow park visitors to purchase electronic passes online and will pilot the program at Acadia National Park. These passes would improve access to our nation's most treasured landscapes and would generate resources for years to come. I remain deeply engaged in preserving Maine's natural beauty and strengthening our outdoor recreation economy.

It is with solemn responsibility that I have focused my energy addressing the opioid epidemic in Maine. This work includes convening roundtables with a wide range of health care and law enforcement professionals to combat addiction; introducing a proposal to safely dispose of excess prescription drugs; cosponsoring a Senate-passed bill that addresses mothers struggling with addiction and the alarming effect it has on newborns; cosponsoring the TREAT Act, which expands the ability of medical specialists to provide life-saving medication-assisted therapies for patients battling heroin and prescription drug addiction; and calling on the commander of U.S.

Southern Command to increase efforts to stop the flow of heroin at our southern border.

I like to think of Maine as a big small town – and in a small town, the leaders are accessible and eager to listen. In that spirit, I've made it a priority to stay connected with people from all over Maine who e-mail, write, and call with suggestions or questions. If I can ever assist in your interaction with a federal agency, or you have thoughts, concerns, or personal input on a matter that is currently before Congress, I hope you will contact me, let me know where you stand, and engage in this critical part of democracy. Please call my toll-free line at 1-800-432-1599 or one of my offices: Augusta (207) 622-8292, Presque Isle (207) 764-5124, Scarborough (207) 883-1588, or Washington, D.C. (202) 224-5344. You can also write me on our website at www.king.senate.gov/contact.

As always, I am honored to represent the people of Maine and look forward to working with you for the betterment of our great state.

Sincerely,
Angus S. King, Jr
United States Senator

HOUSE OF REPRESENTATIVES
Washington, DC

Dear Friends,

This past year – my first as your Congressman in the U.S. House of Representatives – I am proud to have supported Maine families, local businesses and communities by working hard with Republicans and Democrats to promote policies that will preserve and create jobs and lower energy costs. I have worked to ensure our Veterans and active military members have the services they have earned and deserve, protected the individual rights and liberties they have fought for, and strengthened our national security to keep Americans safe and free.

I have fought tooth and nail to protect and create jobs for Maine. I stood up against the Washington political establishment, including Congressional leadership, to oppose granting fast-track authority to the President, a policy that allows him to facilitate massive international trade agreements that are unfair to American businesses, especially those in Maine. I am also extremely proud to have led the charge in successfully ending unfair and job-killing Canadian subsidies and to win a major victory for Maine by pushing into law a provision that will continue the FDA's use of paper inserts, efforts that preserves hundreds of traditional Maine papermaking jobs.

As a proud member of the Military Veterans Caucus, I have been fighting for our Veterans by supporting several bills to increase funding for Veterans' health programs and hold the VA accountable. I am also proud to have introduced my own bill – the Helping Our Rural Veterans Receive Health Care Act – to give our rural Veterans easier access to their earned health care services by letting local hospitals care for them instead of VA centers far from home. I extend my thanks to all who have served.

In this first year, I also had one of my own bills signed into law. My critical and bipartisan Child Support Assistance Act will help children and their families receive legally due support in a timelier manner from delinquent parents. My District offices also helped hundreds of Maine families resolve issues with federal agencies and get the answers, benefits and services they deserved.

There is much more work to be done. Our Great State and Nation face many critical challenges. Please know that I am working hard, every day, to serve you and that I will continue to work here at home and in Washington for our families, local businesses and communities.

If you ever have any concerns or if I can provide assistance, please contact my Congressional Offices in Bangor (942-0583), Lewiston (748-0768), Presque Isle (764-1968) and Washington, DC (202-225-6306), or visit my website at poliquin.house.gov. It is an honor to represent you and our fellow Mainers in Congress.

Best wishes,
Bruce Poliquin,
Member of Congress

**STATE OF MAINE
OFFICE OF THE GOVERNOR**

Dear Citizens of Sedgwick:

Maine has a long tradition of civil participation in both state and local government, and I thank you for being informed and involved citizens.

My vision for Maine is prosperity, not poverty. For this reason, one of my top priorities is the reduction and eventual elimination of the income tax. Some are pushing to raise the minimum wage, but I want Mainers to earn a maximum wage. Reducing the income tax is the biggest and most immediate pay raise for all hard-working Mainers.

Not only does an income tax cut put more money back in your pockets, but it will also attract businesses that can offer good-paying careers to keep our

young people here in Maine. It shows the nation that we are serious about wanting people and businesses to come – and stay – in Maine.

Another of my priorities is to lower the cost of student debt in Maine. If young people are struggling with too much student debt, they are unable to afford homes or vehicles. We are now offering programs to help them lower their debt, stay in Maine, begin their careers and start families.

To provide good-paying jobs for our young people, we must also work hard to reduce our energy costs. High energy costs are a major factor in driving out manufacturers, mills and other businesses that need low-cost electricity. I am committed to lowering the cost of energy, not only to attract job creators, but also to allow Maine people to heat and power their homes affordably and effectively.

And finally, we are making progress to address the drug pandemic in our state. It is my most important duty to keep the Maine people safe. While education, treatment and prevention efforts are important, we must get the dealers off the streets. I am pleased the Legislature has finally agreed to fund my proposal for more drug agents to stem the supply of deadly opiates flowing into our communities, but our law enforcement agencies are still understaffed. We must do more.

It is a pleasure serving as your Governor. If ever I can be of assistance to you or if you have any questions or suggestions, I encourage you to contact my office by calling 287-3531 or by visiting our website at www.maine.gov/governor.

Sincerely,
Paul R. LePage
Governor

ANNUAL REPORT TO THE TOWN OF SEDGWICK

A message from Senator Brian D. Langley

Dear Friends and Neighbors:

I would like to thank you one again for the opportunity to represent you in the Maine Senate during the past five years. It has been an honor to work on your behalf to make our state an even better place to live, work and conduct business. I would like to provide to you in this letter a recap of the first year of the 127th Legislature as well as my hopes for the second session, which will begin in January 2016.

The most important item on our to-do- list is clear: our state needs more jobs at all levels of the pay scale. It is our responsibility as lawmakers to develop policies that will expand economic opportunity for all Mainers. To this

end, my fellow legislators and I accomplished a great deal during the first session of the 127th Legislature.

Very few issues garnered more attention and debate than Maine's two-year budget proposal. There were a lot of things to like and dislike in the package finally approved. It included the largest tax cut in Maine history with residents seeing a net tax cut of \$135.4 million in 2017. The budget eliminated taxes on military pensions, so those who have served our country in the military can feel welcomed and at home in our state. We restructured portions of our welfare system, increasing funding for nursing homes, and put far more funding towards eliminating waitlists for services for brain-injured and intellectually disabled Mainers.

As Chair of the Education Committee, I worked hard to secure increased funding for K-12 education. This should hopefully lead to some property tax relief. The budget also maintained revenue sharing, and it increased the tax exemption for the Homestead Property Tax Exemption program.

During the second session of the Legislature, we need to make progress towards addressing the cost of energy in this state. There are a number of bills that have been proposed that would change the way our state's energy system works. I look forward to tackling legislation that would lower your energy costs. I also believe that working to provide support to areas hard-hit by recent mill closings should be a focus of the 2016 session.

Please feel free to contact me if you ever need my assistance in navigating the state bureaucracy. I would be happy to help in any way that I can. I may be reached in Augusta at 287-1505 or by email at langley4legislature@myfairpoint.net.

Sincerely,
Senator Brian D. Langley

REPORT OF THE ANIMAL CONTROL OFFICER

January 2016

To the citizens of Sedgwick:

I appreciate all those concerned citizens who help make my job a little easier and also understand that this is not a full-time position for me.

All wildlife calls should be reported to Game Warden Christopher Sargent at 941-4470 or 973-3700.

Please license your dogs with the Town Clerk. Make sure all pets are in during the cold months and if out for any period of time make sure they have proper shelter, food and water. ALL dogs should be on a run when put outside, or have some kind of fencing so they are not running freely through the neighborhood. Loose dogs will be picked up and taken to the shelter in Ellsworth. It will cost you to get your dog home.

CEO REPORT FOR 2015

Each year has varied situations that come up. At present the town has the State-mandated Shoreland Zoning Ordinance that is very comprehensive with regard to land uses within 250 feet of the ocean shore, the shore of Walker Pond, Bagaduce River and streams and brooks in some areas. Inside and outside those areas the State D.E.P. (Department of Environmental Protection)

may regulate streams and brooks and the like that are more than 250 feet outside a "Shoreland Zone" under the State's Natural Resource Protection Act (NRPA). It can get complicated but the town does stay informed and currently will need to act on an all-new mandatory revision of the Shoreland Zoning Ordinance that the state has introduced. Basically more is put on the towns and less on the State, which is an over all trend.

The town has a Subdivision Review Ordinance to deal with subdivision activity within the town and also to deal with taking a subdivision out of lot or subdivision status and reverting to the prior usage. The Planning Board has dealt with two such cases in the past year. People have taken their lots out of subdivision status due to market conditions and the extra carrying costs of taxing individual lots.

The town also has a Cell Tower Ordinance with no activity affecting that Ordinance this past year.

Another ordinance is the Wind Turbine Ordinance and there has not been any change or activity within that ordinance during the past year.

There has been activity that has brought the town attorney into play with the Site Plan Review Ordinance. This is generally the ordinance by which any new commercial activity in the town is reviewed by the Planning Board. This ordinance is under current review by the Planning Board for some needed updating. It is important that the town follow the ordinance, but also be reasonable and open to assist our tax base and improve the community.

It was found that it was necessary for the town to have a so-called Entertainment Ordinance in place, or the State will not allow any existing business to have music or outside entertainment during the warmer months which there is some call for. The Selectmen are addressing this and a normal, reasonable ordinance should be ready for a vote at this year's town meeting.

As always there are power pole permits, certain building notification forms, calls and advice to take and dispense during the year. All calls and requests are taken and dealt with as promptly as possible on a seven-day-a-week basis. If you need any of the above services, call me at 699-6844 and we will set a time to meet.

The State of Maine continues to have a State Uniform Building Code, but it only applies to town over 4,000 in population at this time.

Respectfully,
Duane Ford, CEO

Total 54		Total 910.5

The Sedgwick Volunteer Fire Department had a busy year in 2015. Our volunteer firefighters responded to 54 incidents for a total of 910.5 hours. We responded to 11 structure fires in our mutual aid communities. Our volunteers also spent 1290 hours training in 2015. Training covered a wide

variety of subjects, including structural fire attack, Firefighter 1 and 2, emergency vehicle operations, extrication, SCBA, cold water rescue and pumper operations. Our muster team placed in the top half of the competition at the Maine State Federation of Firefighters Annual Convention Muster again after training for several months. A vast amount of time has also been spent in regular monthly meetings, committee meetings, Hancock County Firefighters Association meetings, fund raising, fire prevention activities and work sessions.

Due to the outstanding support of the people of Sedgwick, we continue purchasing new SCBA cylinders to replace some of the 9 cylinders that have reached the end of their 15-year service life. By law, these cylinders have to be removed from service permanently after 15 years. At \$850 each, this is an expensive project that we will need your continued support to accomplish. Our radio repeater is greatly enhancing our ability to communicate in the Sedgwick area. This year we will begin to plan for the replacement of our Engine 3 which is scheduled to take place in 2018. The department wishes to thank the residents, town officials and taxpayers for your continued support. It is essential to the future of the department. We continue to strive to be the best we can be.

Remember to reach any emergency services for the Town of Sedgwick, you must dial **911**. The Enhanced 911 system gives dispatchers the exact location an emergency call is coming from, thus saving emergency responders critical time by providing better directions to the emergency. If you are calling from a cell phone, the location of the emergency is not pinpointed. You must give the dispatcher the best directions possible. **Dial 911 for any emergency.** It is also very important to have your house number where it is visible to emergency responders. If you have any questions regarding house numbers, please feel free to call the department.

Due to the severe weather events in recent years, we urge all the residents of Sedgwick to be prepared for extended loss of power as well as loss of phone service. Residents should have sufficient food and water to last up to a week. Check on your neighbor. If you know of someone who needs some sort of assistance, contact a member of the fire department or the town office. We can't help anyone who needs assistance if we don't know that they need help. A battery-powered radio is essential to receive bulletins and updates on the situation. Be careful with backup heat sources as well as portable generators. **Be prepared.**

Fire safety needs to be practiced in each and every home. Smoke detectors should be located on each level of your home. Check and test them regularly. Clean them and replace the batteries twice a year. Develop home fire drills, preplan your escape routes and practice them regularly. Establish a safe meeting place outside the building. If you have any questions regarding fire safety, contact the fire department.

Adequate access to your property is essential for the fire department or other emergency services. Please maintain a vegetation free buffer of at least 20 feet of width and 15 feet in height. This allows our vehicles room to access your property in case of a fire or other emergency.

Open burning permits are only available at Eggemoggin Country Store, 359-2125. **It is necessary to call well in advance** to make sure someone is available to write the permit. Remember, you must have a permit to engage in any outdoor burning.

I wish to thank all our volunteer firefighters for their dedicated service to the Town of Sedgwick. Our firefighters give a tremendous amount and many times risk their lives to protect our citizens and property. They do their job for the pride and satisfaction of providing a great service to our town. They are a very dedicated group of people. We are lucky to have them!

Anyone interested in joining the department is welcome to attend our regular monthly meeting, the first Monday of the month at 7:30 pm at the North Sedgwick station on the Sedgwick Ridge Road, or contact any member of the department for more information.

David A. Carter, Chief

LifeFlight Foundation

LifeFlight Foundation raises funds exclusively for LifeFlight of Maine, the only statewide air medical service that was founded on the belief that all people deserve care and transport regardless of location or ability to pay. Without fundraising efforts LifeFlight would not be able to upgrade or replace medical equipment or aircraft due to the high amount of charity care and bad debt incurred in caring for uninsured or underinsured people.

LifeFlight Foundation has been working hard in the past year to raise funds to add capacity and weather-tolerance to LifeFlight of Maine's fleet of two helicopters. We have successfully added an airplane that will be based in Bangor, provide more efficient long flights, fly in worse weather and free up the helicopters for more flights. Currently we are finishing a \$6.5m fundraising campaign for a third helicopter which will mean hundreds more calls for help can be answered than currently. Communities across Maine contributed almost \$35,000 last year to help ensure LifeFlight is available when needed by family, friends and neighbors. Thank you – last year Sedgwick contributed \$500 and this year we are requesting \$598 or \$.50 per person. Five Sedgwick citizens were transported by LifeFlight between 7/1/2013 and 6/30/2014.

ANNUAL REPORT OF THE MARINE RESOURCES COMMITTEE 2015

This was a very busy but good year in the harbor. Under the capable eyes of Duane Ford, Assistant Harbormaster, the active harbor season was uneventful. We issued 94 mooring permits for the summer. Mooring owners did a good job of getting their name or boat name on their moorings. The dinghy dock ran well with the usual crowding in July and August. There were few unregistered dinghies, which is a major improvement.

The big news is that work the Committee and the Selectmen have done to implement the Small Harbor Improvement Grant from the Department of Transportation (DOT). Work should begin in April with a completion date in late April and a new dock, ramp and access float. The support of the town has been instrumental in the completion of this project.

For the coming year the Committee will be looking into GPS mapping of the moorings, continued collaboration with Brooklin on harbor boundaries, and work on developing the Shore Road access in Sargentville.

PENINSULA AMBULANCE CORPS 2015 Report to the Towns

Peninsula Ambulance Corps (PAC) has operated continuously for over 47 years. That record is due to the direct participation and financial support of many people, as well as steadfast support from town governments.

Call volume – the basis upon which we are reimbursed – remained stable in 2015 with only 2 calls less than the previous year. Responses were divided among Blue Hill (630), Brooklin (51), Brooksville (52), Penobscot (125), Sedgwick (93), and Surry (48). Calls to our secondary service areas of Bucksport, Deer Isle, Ellsworth, Orland, and Stonington, together with public service calls, added another 134 for a total of 1,223. Traumatic injuries were the dominant complaints, followed by breathing problems, traffic accidents and cardiac issues. Inter-hospital patient transports, which were 37% of call volume, are also included in call totals.

We are proud of our five full-time and 20 part-time staff – the paramedics and EMTs who make the program work. PAC provides monies for continuing staff education for federally mandated and PAC-required classes, and employee turnover is minimal. Our employees like their jobs and provide real benefit to the communities served by PAC.

Our largest customers by far remain Medicare (federal government) and Medicaid/MaineCare (state government). Together they represent 71% of our billing. However, for every \$1 of that billing, we are actually paid only \$0.70. This accounts for most of our operating deficit. The remaining shortfall is the result of running a service in a large territory with a small population. (There is a modest federal reimbursement for rural ambulance services, but it is woefully inadequate and subject to constant congressional debate.) Recently PAC testified before the legislature's Health and Human Services Committee in an effort to increase MaineCare reimbursements for ambulance services. Our point was simple; the costs must be paid and basic fairness requires that the burden be carried at the state level, not locally. It is our hope that wisdom will prevail in Augusta.

We decrease our deficit in three ways: with the support of our town governments, by individual donations to our annual appeals, and by using volunteer board members to accomplish administrative and fund-raising tasks.

In 2011, PAC established an ambulance replacement reserve fund. On the recommendation of a Certified Public Accountant, we are setting aside \$39,878 each year to assure timely replacement of our vehicles (\$164,000 each without equipment) on a seven to ten year life schedule.

We are again asking for \$12.43 per capita from each town based on the 2010 census: \$8.00 for the operating budget and \$4.43 for the ambulance reserve fund. In the coming year we will be invigorating our annual campaign. Our success in that effort to completely cover the operating deficit will determine what we will ask the towns to cover at this time next year.

Staff and ambulances are the visible aspects of PAC, but community loyalty and the funds provided by the towns are its lifeblood. Our annual appeal to the public provides an essential and remarkably consistent source of support, but we must rely to the greatest extent on the common sense of town governments and citizens to understand the necessity for an ambulance service, and that, if we don't hang together and make it work, no one else will.

We are truly grateful for your unwavering support.

BLUE HILL PUBLIC LIBRARY 2015 MUNICIPAL REPORT

In 2015 the Blue Hill Public Library celebrated its 75th anniversary of providing area residents with library services at 5 Parker Point Road. In 1940 our forebears dedicated the new library building under a vision guided in part by Miss Adelaide Pearson, whose ideas for library services and cultural experiences went far beyond books, and far beyond the Blue Hill Peninsula. We hope you agree that 75 years of momentum in that general direction is something to celebrate!

During 2015 the Blue Hill Public Library:

- Welcomed 119,176 patron visits, which is a slight increase over our 2014 total. In 2015, BHPL averaged 395 visits each business day and 579 new library cards.
- Loaned 96,959 physical materials (books, audio and video on disc, etc.) which represents an average of 321 transactions on each of the 302 business days.
- Digital library use increased considerably. The library provided 6,693 downloads of digital content, audiobooks, Ebooks and sessions on Mango Languages. Digital Library use increased 24.9% compared to

the prior year. In addition Freegal, BHPL's free digital music service provided 14,884 titles (downloads and streaming), a 362% increase over 2014's total of 3,219 titles. Approximately 1,240 songs were provided free to the community each month.

- The library sponsored 405 cultural programs that attracted 9,241 attendees. This includes 201 adult programs with 5,383 attendees, and 204 youth programs enjoyed by 3,858 children, teenagers and parents. It also hosted 481 wide-ranging community meetings with an approximate attendance of 5,766.
- 9,260 computer sessions on our in-house computers and tablets were recorded. The library also provided 21,738 wireless internet sessions. Both numbers are comparable to the prior year.

During 2015, thanks to generous donors, we invested additional resources to expanding our digital library. We brought Mango Languages, a service that allows our patrons to learn foreign languages on a computer or tablet from anywhere, anytime, into our digital collections, and also added a streaming component to Freegal, the service that delivers music to computers and devices for free. We also acquired more eBook and eAudio content, improving available selections and decreasing wait times. We did all of this while maintaining our robust level of acquisitions in traditional library materials.

We are pleased to report that during 2015 we received two competitive grants to improve our energy efficiency and overall environmental footprint. Grants to Green Maine, a program of the Maine Community Foundation and the Maine Development Foundation, provided matching funds to upgrade our lighting systems. The Stephen and Tabitha King Foundation provided funds to improve our heating and cooling systems. These improvements will save the library money and also get us significantly closer to our strategic goal of carbon neutrality in day-to-day operations by the end of 2018.

Our staff is honored to serve the Blue Hill Peninsula. Patrons of all ages come to the library to check out books, borrow DVDs, read newspapers, use the internet, hold meetings, view art, attend classes, hear lectures, listen to live music, watch movies, meet friends or just enjoy a beautiful, quiet space. Many services do not require a library card: using the computers, accessing the Wi-Fi, printing, faxing, copying, reading the periodicals, attending programming, reserving meeting rooms, children's enrichment, and special research requests. No matter who you are, the Blue Hill Public Library provides essential services that enrich life, build community and support a vibrant economy. Thank you one and all for making this possible.

PRINCIPAL'S REPORT TO THE TOWN OF SEDGWICK

January 2016

For twenty six years, it has been my great privilege to work at Sedgwick Elementary School as your teaching principal. While we certainly have our challenges, our school is a vibrant, healthy, and safe place to learn.

I give credit to your school's staff members who give unstintingly of their time and money. They are a great group of people who deserve far more credit than they get for the effort they contribute to the children of Sedgwick. That many of them are taxpayers in Sedgwick speaks to their devotion.

It's my pleasure to report to you that the many changes we made over the course of the summer to improve our program and adjust to a rapidly changing population have been successful. Grades 6-8 have shifted to a semi-departmentalized program – a more traditional jr. high setting. We added an additional special education teacher to meet the rapidly growing needs of students coming to our school. We shifted personnel to positions where they were of the greatest service.

This year, the school committee has requested the inclusion of a pre-kindergarten program for 4 year olds. This program will replace the one administered by Child and Family Opportunities that closed at the end of the last school year, leaving us as the only school in the area without a pre-kindergarten program. Given our large population of special needs students, it is important to address the needs of all children at an age when they can best be remediated. High quality early childhood education builds capacity in children, their families, and our community.

I want to thank the many individuals and organizations that have contributed to the education of the children of the town. There are a large number of groups and individuals closely associated with the school who have been extremely supportive and for whom we are deeply appreciative. Community groups have also increased their efforts to help children and families. The Thursday Club has been foremost among these groups for many years and their work for our children has been truly outstanding. The Coastal Christmas for Kids campaign again provided much needed winter warmth for families. The North Sedgwick Baptist Church has contributed to the families of students as well as the general community. Sedgwick businesses like Eggemoggin Country Store, El El Frijoles, Global Education Systems, The Millbrook Company and others have contributed mightily to the school program this year. It is a gift to live in such a caring company.

Your school is in constant use by the community. We host many dinners and events over the course of the school year. All of these benefit citizens of our town in many ways. In addition to benefit suppers for families, we host several Family FEED Nights with a free dinner sponsored by the

Parents, Teachers and Friends group, entertainment from the music program, and contributions from local businesses, farmers, and others. These events serve the effort to build a sense of community in healthy ways and offset financial problems families face.

While it is clear we have more work ahead of us, the state of your school is steadily improving thanks to the efforts of our community, our staff, and the students in the school.

I encourage community members who would like an e-mail version of the bi-weekly school newsletter to e-mail me at dbuckingham@msln.net with a request. You can also access the school's website at sedgwickschool.net and follow us on Facebook. As citizens, your questions, comments, and advice are welcome in my office at any time. Feel free to 'rattle my cage' at 359-5002.

Respectfully submitted,
Donald A. Buckingham, Ed.D.

INTERIM SUPERINTENDENT'S REPORT January 20, 2016

When I got the call in November asking if I would consider returning to School Union 76 as interim superintendent, I was walking around an old farm in Sumner, ME where I was born. My wife Faith, six of my seven brothers and sisters and I were visiting places we used to haunt in bygone days. We were spending a lovely day together, when out of the blue came this call luring me back to the rough and tumble world of school administration. I agreed to help out knowing full well that I'd have to pick up quite a number of dropped balls and spend a lonely six months of weekdays away from my new home in western Maine. I was surprised that the call for help was hard to resist. So here I am once again at your service.

This budget includes a substantial increase to the taxpayers of Sedgwick. Although the school committee has not yet completed its budget work, it appears the proposed budget for 2016-17 will come in somewhere near 11% more than this year. Two thirds of this increase is driven by expenses the school committee cannot control: higher numbers of high school tuition students and rising special education costs. Much of the remaining third of the increase will pay for contracted salaries, health insurance and a new preschool education program. The increased cost for K-8 education is 3.6%.

The debate on maintaining a preschool has been on-going for at least seven years. With the demise of the Head Start preschool program last spring, a dedicated group of parents has diligently organized, networked, planned and advocated for a pre-school program at the school. Sedgwick is fortunate to

have young families moving into town. A quality preschool program is important to this in-migration. Sedgwick has a thriving future. Unlike some peninsula towns that are slowly shrinking into retirement and summer communities with fewer and fewer children and young families, Sedgwick has the largest K-8 enrollment of any of the comparable neighboring towns. Sedgwick has a good mix of retired folks, summer residents, empty nesters and families with children. A pre-school program can help continue this healthy demographic development.

The difficulties with central office administrative services in the past few years have put Sedgwick School in a deeply unsatisfactory situation. School committee members are studying central office administrative options for the future. Many people in the school and in town are looking toward School Union 93 as a possible better fit than the current arrangement within School Union 76. In addition to restoring an acceptable level of central office support for your school's operation, I will assist the school committee in its effort to explore other options for employing a superintendent. If one of the alternatives looks attractive, it will probably be a two-year process for disengagement with School Union 76. Meanwhile the search is underway for a new superintendent – a process that will not involve me.

As has been my custom in my previous nineteen reports, I close with thanks to parents, school staff, community organizations, volunteers, members of the school committee and the community at large for the support that has made quality education in Sedgwick possible. Great things happen in your school every day!

Respectfully,
Robert Webster

GEORGE STEVENS ACADEMY ANNUAL REPORT TO THE COMMUNITY

Since 1803, when known as the Blue Hill Academy, George Stevens Academy has served the citizens of the Blue Hill peninsula. As a town academy open to all residents of our sending towns, we take what is best and lasting from that proud tradition, and meld it with the best of what is new and innovative, in order to provide our students with an exceptional education.

Our curriculum is broad and deep, and we offer courses for all abilities and goals, whether students wish to enter the work force directly after high school, or continue on to a college or university. We have recently increased staffing in our Special Education Department, and next year will be offering more Advanced Placement and computer science courses, as well as several more sports.

We continue to implement our strategic plan, “Renewing the Commitment to Student Success.” (available on the GSA website), while also exploring other ways to improve our program and facilities. We welcome support from community members. If interested in getting involved with our school, please contact us at 374-2808.

Finances

The State has set the maximum tuition rate for FY 2016 at \$10,738. Our annual operating budget is \$5,520,000. We depend on a strong fund-raising effort to meet our expenses. In FY 2015 the Annual Fund raised \$150,000 in unrestricted gifts and \$77,000 in restricted funds. The FY 2016 goal is \$180,000 in unrestricted donations. Our ability to offer programs and services not funded by state tuition is a distinct advantage of an independent school.

The Annual Fund is successful thanks to the many, generous contributions of GSA’s alumni, parents and friends. In FY 15, more than 650 donors contributed to this community school.

For up-to-date information about GSA, our programs, and what’s happening on campus, visit our Web site at www.georgestevensacademy.org. Thank you!

INDEPENDENT AUDITOR'S REPORT

Members of the Board of Selectmen
Town of Sedgwick
Sedgwick, ME 04676

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the Town of Sedgwick (the Town) as of and for the fiscal year ended June 30, 2015, which collectively comprise the Town's basic financial statements as listed in the table of contents, and the related notes to the financial statements.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Town of Sedgwick, as of June 30, 2015, and the respective changes in financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of proportionate share of net pension liability, and schedule of employer contributions on pages 3 through 6, 22, 23 and 24, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Sedgwick's basic financial statements. The supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the State of Maine, and is also not a required part of the basic financial statements.

The schedule of expenditures of federal awards and supplementary information are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Respectfully Submitted,

James W. Wadman, C.P.A.

Net Change in Fund Balances - Above				(\$55,293)
Delinquent taxes are recognized as revenue in the period for which levied in the government-wide financial statements, but are recorded as unavailable (a deferred inflow) in governmental funds				\$9,191
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds, including:				
Compensated Absences				(\$20,139)
Pension Plan (Deferred Outflows, Net Pension Liability, Deferred Inflows)				(\$66,907)
Bond proceeds provide current financial resources to Governmental Funds, but issuing debt increases long-term liabilities in the Government-Wide Statement of Net Position. Repayment of bond principal is an expenditure in Governmental Funds, but the repayment reduces long-term liabilities in the Government-Wide Statement of Net Position.				
This amount represents long-term debt payments				\$1,301
Governmental funds report capital outlays as expenditures, while in the Statement of Activities, the cost of those assets is allocated over the useful lives as depreciation expense.				\$97,076
Depreciation expense on capital assets is reported in the Government-Wide Statement of Activities and Changes in Net Position, but they do not require the use of current financial resources. Therefore, depreciation expense is not reported as expenditures in Governmental Funds.				(\$229,137)

2016-2017 Sedgwick School Budget

44. To see if the town will authorize the school committee to expend \$109,211 from the school department's undesignated fund balances from fiscal years 2014-2015 and 2015-2016 to pay for over-expended school accounts in the 2014-2015 fiscal year.
School Committee Recommends \$109,211.
Approval of this article will give the school department voter approval (after the fact) for the payment of expenditures above the total authorized at the 2014 town meeting. The deficits were in the regular instruction (high school tuition), special education, system administration (legal costs) and student transportation (busing for special education).
45. To see if the Town will vote to authorize the School Committee to enter into agreements with other Towns or Schools for the 2016-2017 school year for the tuition of secondary students up to the legal limit established by the Maine Revised Statutes for the education of its secondary students.
46. To see if the Town will vote to authorize the School Committee to enter into agreements, to the best advantage of the Town, with other towns, companies and /or individuals for the 2016-2017 school year for transporting elementary and secondary students.
47. To see if the Town will vote to authorize the School Committee to expend \$1,215,898 for Pre-K-12 Regular Instruction.

School Committee Recommends: \$1,215,898.

This article includes elementary education, secondary education and gifted/talented accounts. Prior year \$1,088,593

48. To see if the Town will vote to authorize the School Committee to expend \$409,131 for Special Education.
School Committee Recommends: \$409,131.
This article includes special education instruction and special education administration accounts. Prior year \$301,692
49. To see if the Town will vote to authorize the School Committee to expend \$18,148 for Other Instruction.
School Committee Recommends: \$18,148.
This article includes co-curricular and extra-curricular accounts. Prior year 17,878
50. To see if the Town will vote to authorize the School Committee to expend \$118,575 for Student and Staff Support.
School Committee Recommends: \$118,575.
This article includes guidance, health services, instructional technology, curriculum development, staff training library and student assessment accounts. Prior year \$103,249
51. To see if the Town will vote to authorize the School Committee to expend \$84,199 for System Administration.
School Committee Recommends: \$84,199
This article includes school committee, superintendent's office, and central office services accounts. Prior year \$82,167
52. To see if the Town will vote to authorize the School Committee to expend \$130,854 for School Administration.
School Committee Recommends: \$130,854.
This article includes the principal office account. Prior year \$126,989
53. To see what sum the Town will authorize the School Committee to expend \$124,575 for Transportation and Buses.
School Committee Recommends: \$124,575

*This article includes school bus contract and bus fuel accounts.
Prior year \$139,875*

54. To see if the Town will vote to authorize the School Committee to expend \$190,328 for Facilities Maintenance.
School Committee Recommends: \$190,328.
*This article includes building maintenance and operation accounts.
Prior year \$189,768*
55. To see if the Town will vote to authorize the School Committee to expend \$26,679 for All Other Expenditures Including School Lunch.
School Committee Recommends: \$26,679
This article includes the school lunch account. Prior year \$26,679
56. To see if the Town will vote to appropriate \$1,483,000 for the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act (School Committee recommends \$1,483,000) and to see if the town will vote to raise \$1,311,000 as the town's contribution to the total cost of funding public education from pre-kindergarten to grade 12 as described in the Essential Programs and Services Funding Act in accordance with the Maine Revised Statutes Title 20-A, § 15688.
School Committee Recommends: \$1,311,000. *Prior year \$1,250,000*
Explanation: The Town's contribution to the total cost of funding public education from pre-kindergarten to grade 12 as described in the Essential Programs and Services Funding Act is the amount of money determined by state law to be the minimum amount (\$1,311,000) that the town must raise in order to receive the estimated amount (\$161,462) of state dollars.
57. **(Written Ballot Required)** To see if the Town will raise and appropriate \$832,214 in additional local funds as required to fund the budget recommended by the school committee (School Committee Recommends \$832,214) which exceeds the State's Essential Programs and Services allocation model by \$832,214.
Prior year EPS exceeded by \$547,395)

The School Committee gives the following reasons for exceeding the State's Essential Programs and Services allocation model.

Reasons: The additional local fund request exceeds the EPS funding model because the school spends more per pupil on regular education, special education, transportation, student and staff support, administration and facilities maintenance than the EPS formula recognizes.

Explanation: The additional local funds are those locally raised funds over and above the town's local contribution to the total cost of funding public education from pre-kindergarten to grade 12 as described in the Essential Programs and Services Funding Act that will help achieve the school's budget for educational programs.

58. To see if the Town will authorize the School Committee to expend \$2,318,389 for the fiscal year beginning July 1, 2016 and ending June 30, 2017 from the Town's contribution to the total cost of funding public education from pre-kindergarten to grade 12 as described in the Essential Programs and Services Funding Act , additional local funds for school purposes under the Maine Revised Statutes, Title 20 A, §15690, unexpended balances, tuition receipts, local appropriations, state subsidy, school lunch revenues and other receipts for the support of schools.

School Committee Recommends: \$2,318,389. Prior year \$2,086,936

59. To see what sum the Town will raise and appropriate for food service.
School Committee Recommends: \$26,679. Prior year \$26,679

60. Shall the Town vote to accept the categories of funds estimated below as provided by the Maine State Legislature?

<u>Category</u>	<u>Anticipated Amount</u>
N.C.L.B. Funds	\$58,068
State Minimum Subsidy	\$171,869
School Lunch Reimbursement	\$49,701
Special Educ. Local Entitlement	\$42,939

61. To see if the Town will authorize the School Committee to expend grant moneys in addition to expenditures approved in the regular school budget.

The budget committee has no recommendations for these items:

62. To see if the Town will vote to raise and/or appropriate \$4,342 for Washington Hancock Community Agency.
63. To see if the Town will vote to raise and/or appropriate \$680 for WIC (Nutrition for Women, Infants, and Children) Services.
