WHAT IS CHEAP?

People get what they pay for and no more. Cheap insurance is not cheap if it does not meet every emergency.

Dependable Insurance gives peace of mind. It stands between you and financial loss. Why not let us analyze your policies to make sure you are properly protected? This service is free and you owe it to yourself to take advantage of it.

SPECIAL TERMS

For the benefit of those who find it inconvenient to pay cash, and in order that they may not go without the insurance protection they need, we have a plan whereby insurance may be secured for a small payment, the balance to be paid on special terms.

Our plan is unique and different than any offered by any other organization. If interested, call this office for details.

No one need feel obligated to buy, but everyone should become acquainted with this service.
