Our Academic Affairs Forum scheduled for 3:00-4:30 in Wells on Thursday (3/12/2020) will now be focused on planning to support faculty in creating and using appropriate approaches for finishing the term well. We are gathering questions and issues that need to be resolved and want to ensure that the faculty voice continues to be heard early in this process. Interim Provost Faye Gilbert may be joined by President Ferrini-Mundy and Faculty Senate President Dave Townsend to engage participants in discussions and share information about potential strategies. Thank you for attending this session, if you can.

We are also working to provide workshops and sessions on Blackboard, Zoom, Kaltura. A schedule of options should be complete by tomorrow.

Thank you for bringing your ideas and questions for this gathering.
