I have received the first dose of a two-dose COVID-19 vaccine. Should I upload my vaccination card documenting that first dose into the UMS vaccination verification portal?

Yes. Please submit your vaccination card showing documentation of your first dose using the University of Maine System online COVID-19 vaccination verification portal [PointNClick](#). Instructions for uploading vaccination card images in the portal are [online](#).

Students are encouraged to verify their first vaccination through PointNClick as soon as they receive it and then, if receiving a two-shot COVID-19 vaccine, also enter that documentation in the vaccination verification portal.
