UMS-IT additional Zoom security updates, April 6

April 7, 2020 | [UMaine and UMM updates](#), [UMS](#)

US:IT has been working closely with Zoom on recommendations to provide the most secure web conferencing environment possible. Changes will be implemented to help secure your Zoom sessions against the practice of "Zoombombing," such as password protection of online meeting rooms by default. [They have provided instructions to prevent Zoombombing.](#)
