Event planning at UMaine

Planning an event at UMaine? This is the place to start.

The University of Maine is committed to facilitating safe, high-quality events on campus. Students-led events at UMaine are managed by the Division of Student Life. All other members of the UMaine community, including faculty and staff, are asked to submit their event plans to the Division of Marketing and Communications. UMaine Conferences and Institutes is the primary resource for non-university community organizations planning events on campus.
