## Do members of the UMaine and UMM communities who have been out of state have to quarantine?

August 31, 2020 | Health and safety

Currently, the state requires anyone traveling to Maine to self-quarantine for 14 days upon arrival or to obtain through a health care provider a PCR Test for COVID-19 within 72 hours prior to arrival. If the test is negative, travelers to the state can complete the Maine certificate of compliance to waive the 14-day quarantine period. Members of the UMaine and UMM communities should arrive on campus within 72 hours of the test with a state of Maine certificate of compliance to present to the designated university official. (States exempt from this civil guidance are New Hampshire, Vermont, Connecticut, New York and New Jersey.)
