

## Early College Faculty Forum

The Division of Lifelong Learning (DLL) is piloting two new early college initiatives and is looking to grow Academ-e offerings for fall 2019. We are interested in working with a few departments on the following three options. Please indicate your interest below.

\* Required

### EC Dual Enrollment or Academ-e HS (pilot)

Currently nine high schools have expressed interest in developing an EC Dual Enrollment or Academ-e HS partnership.

- Yes, I am interested in being part of a pilot for fall 2019
- Yes, I am interested in a future partnership starting fall 2020
- I would like more information

### EC Tracks/Guided Pathways (pilot)

This initiative seeks to develop a suite of courses around a disciplinary area. This creates an opportunity for students to focus their study and perhaps lead to matriculation into a UM degree program.

- Yes, I am interested in being part of a pilot for fall 2019
- Yes, I am interested in a future partnership starting fall 2020
- I would like more information

### Academ-e

We are seeking to grow our portfolio by adding additional Academ-e sections.

- Yes, I am interested in adding an Academ-e section to my online course
- I would like more information

Please provide your information so we can contact you about these or other EC initiatives and partnerships.
