Together for Maine Daily Briefing and COVID-19 Data Update: 9/20/20

20
SEP 2020

University of Maine System COVID Data by Campus

1 — Known Case of UMS students or employees in public health agency Isolation

- 1 USM: New case involving an off-campus student isolating in a private residence

There are no known cases at the other University of Maine System universities.

The above Data reflects ACTIVE known cases identified through the UMS asymptomatic screening and other testing venues. When an individual is released from an isolation order by a public health agency the active case number shared in the Together for Maine daily update is reduced to reflect that change. UMS is reporting one known case today, one more than the number reported in the [9/19/20 update](#).

Asymptomatic Screening Update for Fall Safe Return

- 15,546 Tests Results to Date
- 13 positives results representing new diagnoses of COVID-19

The Asymptomatic Screening Dashboard posted at [Together.Maine.edu](#) has been updated and is active again. Data presented on the dashboard represents known results on all asymptomatic tests going back to July 22, 2020. About 48 hours passes from the time a test sample is collected and when the results are known.
