## What will be the health and safety procedures this semester when someone in the university community tests positive for COVID-19?

January 7, 2022 | [Faculty and staff information](#), [Health and safety](#), [Student information](#), [Testing](#)

UMaine and UMaine Machias students, faculty and staff who test positive for COVID-19 are asked to submit an [online self-report form](#). The information will be used by UMaine's COVID-19 Operations Group to help identify and mitigate clustered outbreaks.

With the increased incidence of COVID-19 cases, university-based contact tracing will focus on outbreaks. Individuals who test positive are asked to open the lines of communication with those you know are your close contacts — your roommate or classmate, your coworker, etc. Also notify the faculty member of your in-person class or your workplace supervisor.

Employees who test positive for COVID-19 should submit an [online self-report form](#).

Anyone in the university community who tests positive or is exposed to someone who tests positive is asked to [follow isolation and quarantine guidelines](#).
