USM, Partners Prepare Wellness Center

2 APR 2020

50-bed wellness shelter opening at USM's Sullivan Gym

The University of Southern Maine is working with Portland-based human services agency, Preble Street, to host a 50-bed wellness center inside the Portland Campus's Sullivan Gymnasium. The additional space is being made available for people currently experiencing homelessness in Portland so that they may practice social distancing.

The move is a response to the COVID-19 outbreak and a surge in the need for [homeless beds that conform to the social distancing guidelines](#) of the Maine CDC. Serving both men and women, the temporary Sullivan Wellness Center will be operated by Preble Street, with assistance by the Maine State Housing Authority and the Maine Department of Health and Human Services.
