Welcome to Day 2 of the COVID-19 Misinformation Challenge!

Yesterday, you [looked at the accuracy of several social media posts](#).

Today's Challenge: Determine the Validity of Treatment Options for COVID-19

Many treatments are being considered for people who have contracted COVID-19, but it's not always clear what to believe about the options that exist. This is especially true given that new information is coming at us rapidly, and the science around COVID-19 is dynamic as drug trials continue.

Let's Get Started with Day 2: Trick or Treatment! [Follow this link to test your knowledge of ways to treat people with COVID-19](#).

If you have questions and/or comments about today's task, please be in touch.

Warm wishes,

Jen Bonnet
