University of Maine System COVID Data by Campus

22 — Known Case of UMS students or employees in public health agency Isolation

- 15 UMaine: 7 new cases affiliated with UMaine — see UMaine News below for details
 - 5 employees
 - 2 non-residential students
- 1 UMF:
- 1 UMFK: 1 new positive case involving a residential student
- 1 UMPI:
- 4 USM: 2 individuals released from isolation, 2 new cases involving non-residential students

There are no known cases at the other University of Maine System universities.

The above Data reflects ACTIVE known cases identified through the UMS asymptomatic screening and other testing venues. When an individual is released from an isolation order by a public health agency the active case number shared in the Together for Maine daily update is reduced to reflect that change. UMS is reporting 22 known cases today, eight cases more than the cases reported in the [11/6/20 update](#).

Asymptomatic Screening Update for Fall Safe Return

- 29,166 Test Results to Date
- 32 positives results representing new diagnoses of COVID-19

The Asymptomatic Screening Dashboard at [Together.Maine.edu](#) represents known results on all asymptomatic tests going back to July 22, 2020. About 48 hours passes from the time a test sample is collected and when the results are known.
