Hello!

I hope this email finds you well. I wanted to provide you an update on our Area Coordinator search. Just like many organizations across the country, the COVID-19 pandemic has disrupted normal operations.

Since March 16th most UD employees have been working from home. Around that same time, UD placed a hold on all search processes until April 15th. At this time, I do not have any updates other than UD still has placed a hold on all search processes due to a variety of factors.

You do have my word once I have an update, I will loopback. If you have any questions about the position or no longer desire to be considered, please let me know. I am sorry I do not have more positive news. I wish you the best of health and I look forward to providing you an update soon.
