NOTE: The Zoning Map is printed in TWO PARTS:
Part 2 shows all the Shoreland Zoning Districts and
the Streams and Wetlands Protection District;
Part 1 shows all the other districts. Every
parcel is subject to the provisions of
all districts in which it lies. When
there is a conflict in any provision
among the districts, the most
restrictive provision applies.
Wetlands are mapped using
National Wetlands inventory
data and need to be field
verified. The location of
streams is subject to
the provisions in the
definition of Streams
in the Zoning Ord-
inance itself.
