The University of Maine Counseling Center's objectives are to: • Initiate and provide individual and group services for the academic, career, and personal development of students. • Promote and provide education, prevention and outreach activities, and crisis intervention services programs for students. • Coordinate referrals and access to resources for academic skill and learning enhancement, safety, mental health treatment and personal success. • Improve the living and learning environment through consultation, training, and community interventions.

The Center offers counseling for students and faculty/staff and delivers outreach and education including various workshops, presentations, and suicide prevention efforts which was helped made possible by the grant funded Touchstone Project. The Center also serves as a training site for masters and doctoral students interested in developing clinical and/or outreach-focused skills. The Center is based at the Cutler Health Center.
Scope and Contents

The records contain textual information created by the University of Maine Counseling Service. The record series Center Publications includes: copies of Center annual reports, brochure, flyer, and various Testing and Counseling Reports on a range of subjects.

Arrangement

An attempt had originally been made to arrange the Testing And Counseling Service Reports into alphabetical order, but many were misfiled and the processing archivist felt they should be rearranged into chronological order.

Some box numbers have changed:
