Chairman asked for motion to go into executive session to discuss personnel issue. Motion made by Lander, seconded by Burdin to do so. Unanimous. Began at 8:10pm. Out of executive session at 8:23pm.

5. It was decided to take no action on the issue; motion by Burdin, seconded by Dexter.

6. Martell mentioned that Barry Carleton would begin painting the medical building this week. Dexter said he was waiting for his supplier to give him names of installers for the flooring project.

7. Linda Packard spoke on the possibilities of the Library becoming a Department of the Town
of Guilford. She felt there were two ways to do this, one where the town manager ran the entire show, or one where the board of Trustees had some governing ability. Manager opined that both entities claiming 503c status may present a legal problem, and further offered that if the town owned the library, it would rely on the trustee board but have the ultimate decision. He and Linda agreed to do further research and prepare an article for the warrant if the trustees came to an agreement. Burdin asked if doing so would change the projected budget and was told no. The Library people will return at the February selectmen meeting to make a final decision.

8. Fire Department Officers names were presented for approval and appointment as was Registrar of Voters. Moved by Burdin and seconded by Dexter to appoint the fire officers as presented and to appoint Michelle Nichols as registrar. Unanimous.

11. Manager questioned the town’s membership with PVCOG and agreed to gather facts before deciding whether to belong further or drop out.

12. Manager again asked for articles from the board for the March warrant, should they have any issues or changes contemplated.

13. Moved by Burdin, seconded by Lander to adjourn; unanimous; adjourned at 8:29 pm

15. The board went through the annual budget and made recommendations by line for presentation to the budget committee on February 7th.

16. Next to last call for warrant articles; none offered.

11. Manager reviewed some articles pending for March warrant; appropriation articles not completed as yet.

12. Under other business, the manager related that our new Sterling dump truck had arrived and was now at Fairfield’s having a sanding body installed. A liquor license renewal was granted to G&D Grille operating from the Piscataquis Country Club. Moved by Lander, seconded by Martell; unanimous. Mike Dexter stated that he was still waiting for a flooring replacement estimate for the medical building. Lander suggested calling Dover-Foxcroft to see if they have need for a compactor truck after their recent fire.

13. Moved by Burdin, seconded by Lander to adjourn; unanimous; adjourned at 8:49 pm.
TOWN OF GUILFORD SELECTMEN’S MEETING

April 5, 2005

1. Meeting called to order by Chairman Bill Thompson at 7:00 PM. Present were selectmen Kent Burdin and Rick Lander.

2. Motion made by Lander, seconded by Burdin, to approve minutes of previous meeting. Unanimous.

4. Manager reported on opinion from town attorney regarding trust funds management. The funds were given to the town to invest and changing investment vehicles is well within that authority. It is costly for the town to have these many small accounts wherein the annual interest is a dollar or two and the labor to track the statements each month far exceeds that interest. It was moved by Lander and seconded by Burdin to have the Maine Community Foundation manage these funds from now on. Unanimous.

5. The town attorney also replied to the cemetery issue. If the current corporation votes to dissolve and if the town votes to accept the transfer of assets, a petition needs to be filed in Superior Court to complete the transfer. Once done, the original corporation can dissolve as there are no remaining funds or assets. Manager was directed to determine the desires of Elmwood Cemetery Corporation in this matter.

6. The new Sterling gravel truck is ready except for a passenger side seat. As soon as this is installed, the truck will be delivered.

7. Maine Municipal Risk Management Services has indicated that unless the town adopts a policy on alcohol consumption on public property, they will be surcharging our premiums and
dropping our host liquor liability coverage. We are awaiting receipt of a model policy acceptable to underwriting before making a decision on this. All other aspects of loss control were acceptable, as required updates have all been completed.

8. Manager announced that Doug Villone was chosen the Animal Control Officer of the year. A letter from PCEDC regarding their accomplishments and their part in the accomplishments of others was read. A letter from Dover-Foxcroft town manager thanking Guilford Fire Department for their assistance in the transfer station fire was also read.

9. It was moved by Lander, seconded by Burdin to appoint Keith Doore as Code Enforcement Officer for the current year. Unanimous.

10. Manager’s Discussion and Analysis report was distributed. This report is now a required process of our annual audit as per the GASB rules.

11. Assessor’s books distributed to the assessors. These books divide the taxable properties into five sections so that each assessor reviews one fifth of the total.

12. Moved by Burdin, seconded by Lander to adjourn; unanimous; adjourned at 7:38 pm.
TOWN OF GUILFORD SELECTMEN’S MEETING

May 3, 2005

1. Meeting called to order by Chairman Bill Thompson at 7:00 PM. Present were selectmen Kent Burdin, Michael Dexter, Rick Lander, and Peter Martell, and several guests representing the interests of all terrain vehicle riders.

2. Motion made by Lander, seconded by Dexter, to approve minutes of previous meeting. Unanimous.

4. Manager read elements of the proposed drug and alcohol policy as requested by the town insurance carrier concerning town employees and firemen.

5. The new Sterling Dump Truck is now at the municipal garage.

6. The Trash Truck has been sold to Huff Disposal Service of Harmony after no reasonable bids were received through the bid process. It had been advertised in the Bangor Daily News and the Maine Townsman and letters were sent requesting offers to all area trash companies.

7. Andrea Gilbert, on behalf of area ATV users, requested that the town reconsider opening Butter Street and the Applebee Hill Road to ATV traffic as there is no suitable alternative trail. She cited numbers of visitors to her store and to the Covered Bridge Motel as an economic benefit of allowing this use and thus maintaining a trail from Newport to Greenville. She also requested a public forum that would lead to a vote being taken on this issue and presented a list of signatures of residents of these streets who were in favor of opening the roads. Dorothy and Herb Flint spoke in opposition, citing danger, speed, noise, hours of operation, disrespect, being
awakened at night and lack of economic benefit in their opinion as reasons to leave these roads closed. Melissa Stearns agreed with Flint’s assessment and said this was an accident waiting to happen. It was pointed out that Sheriff Goggin had spoken to the manager earlier against this use as well. Jim Lane, an officer with a state-wide ATV organization spoke of the need to work out a trail plan and quoted numbers of machines, registrations, and dollars spent in Maine and this area, as well as on the need for legislation to help with the continuity problem. Dexter reminded that the roads had been opened on a temporary basis and nobody had contemplated the actual high volume of usage, again with safety being a major concern. It was agreed to revisit this issue at the June 7th selectmen’s meeting.

8. Manager announced intentions of town clerk to purchase calendar stickers to remind residents to license their dogs.

9. It was moved by Burdin, seconded by Martell to accept the Oil Bid from A. E. Robinson’s presented to the local purchasing group. Unanimous.

10. A return premium of $458.00 was received following an audit of our Workers’ Compensation policy. No action required.

11. Manager announced that Ben Stearns would be returning to head up the summer recreation program and that Tracey Dewey would also be returning to assist. It was agreed that some new equipment was needed by the Peewee group.

12. Under assessors’ issues, two Veterans’ exemptions were granted, two Homestead exemptions were denied pending further evidence, and the Declared Certified Ratio of 100% was claimed.

13. Moved by Burdin, seconded by Lander to adjourn; unanimous; adjourned at 8:46 pm.
1. Meeting called to order by Chairman Bill Thompson at 7:00 PM. Present were selectmen Kent Burdin, Michael Dexter, and Rick Lander. Guests were Sally Pearson, resident; Andrea Gilbert, Arthur Watson, Susan Charette, Richard pike and James Lane representing ATV interests; and Paul Ruksznis and Duane Huff representing Elmwood Cemetery Corporation.

2. Motion made by Lander, seconded by Burdin, to approve minutes of previous meeting. Unanimous.

4. Read request from Abaris Club for town to pay one month rental on Port-a-potty at the athletic complex, $80.00. Moved by Lander, seconded by Burdin to do so. Unanimous.

5. Read request from American Red Cross asking for donation to be made now, as summer is a needy time for them. Moved by Burdin, seconded by Lander to send them $700.00. Unanimous.

6. Distributed Summary findings developed by Standard and Poor naming M.S.A.D. #4 one of Maine’s outperforming school districts.

7. Paul Ruksznis spoke on behalf of Elmwood Cemetery Corporation. He explained that the corporation had voted to turn their assets over to the town as they were no longer able to maintain their cemeteries. This involves records, trust funds, and real estate and encompasses two cemeteries, Lawn and Elmwood. Manager explained remaining steps in this process: town would be required to formally accept these assets, the State Attorney General would need to accept the petition to transfer the trust funds to the town, and then the corporation could dissolve. This vote will be taken at the next regularly scheduled town meeting unless a special
meeting is called in the interim.

8. Andrea Gilbert asked if the board had reconsidered opening Butter Street and Applebee Hill Road to ATV traffic. Chair stated that this meeting was intended to continue the dialogue from the prior meeting and that no decision had been made. Andrea added information about ATV users taking wrong turns and ending up on private property, often lost as to which way they could go next. Lander mentioned that signs had been placed to assist in this. Arthur Watson spoke of trying to locate an alternate route that would lead from the Academy in Dover, proceed out the Dawes Road, Gray Hill Road, travel near Sebec Lake in the Guilford Mountain/ Tim’s Cove area. Continue to the Bates Road in Abbot and on to the Howard Siding Road. It was mentioned that several private landowners are involved and would need to agree. After more discussion, Lander moved to open Butter Street, Burdin seconded the motion. It was pointed out that if Butter Street were opened, there is still no certain trail leading to or away from either end, at this time. It was suggested that the group contact various landowners and propose an alternative trail as the motion was defeated 2-1.

9. The 2004 audit was presented in final form for review. No action required.

10. Residents of Alice & Loring Drive requested that the town take over winter plowing of said roadway. It was determined that a town cannot legally plow a private road and that the public would need to vote to accept this as a town way. There was recollection that when the subdivision was planned that the town had agreed to consider this action if the road were built to town specifications, including a paved surface. It is currently graveled. It was suggested that the association contact the town’s contractor to ascertain whether or not he would plow this road for them at the town rate per mile during his rounds.

11. On a motion from Burdin with a second from Dexter, it was voted to approve the Animal Control warrant authorizing the prosecution of owners of unlicensed dogs. Unanimous.

12. Manager detailed plans to obtain part time summer help at hourly rates.

13. Moved by Burdin, seconded by Dexter to approve junkyard permit for Lyle Cookson. Unanimous.
14. Assessing consistency and issues were discussed with the assessors agreeing to meet after the school budget meeting on June 14th.

15. Moved by Burdin, seconded by Dexter to adjourn; unanimous; adjourned at 9:26 pm.

The budget appears to be adequate for the work planned; however the latest suggestion for a rock wall to complete the landscaping will require an additional fourteen thousand dollars. Thompson requested that this idea be revisited at the October meeting.

13. Manager outlined his long term plans for municipal equipment including a small truck with a plow and one yard sander, a replacement police vehicle, using the retiring police vehicle as a first responder unit for the fire department, and trading the bucket loader for a later model. Pricing and timing will dictate the schedule and a town vote will be needed for most of these proposals.

14. Prior to entering executive session, a citizen raised some questions regarding taxes. Don Ebbeling asked how many signatures would be required for a petition and was told that ten percent of the number of voters in the last gubernatorial election would be about 90, the amount needed. He also asked if the board had an agenda to straighten out some details on the tax cards, supplying more information on the properties taxed, such as a separate amount for each building rather than a total figure. Thompson replied that they were trying to get this done and the manager noted that software to assist in this process is being contemplated. The citizen said he felt there were several inequities in the application of assessments and gave as an example the manager’s personal office building, which he claimed was taxed for less than his garage, although this proved to be false. Lander asked if had gotten an abatement on his own garage and he said he did not know. The manager pointed out that that was untrue as Mr. Ebbeling had been in twice last week and the deputy tax collector had made a point of asking
him if he understood that he had been given his abatement and that his bill had been reduced accordingly. Ebbeling said there were lots more examples but offered no specifics. Lander advised him to come up with some concrete examples and said he would then meet with him.

At 8:02 pm, on a motion from Burdin, seconded by Dexter, the board went into executive session under Title 1, M.R.S.A. ss 05 (6) (A) to discuss a personnel matter. At 8:27 pm on a motion from Lander, seconded by Burdin, the board came out of executive session. No action taken.
