Board of Selectmen,
Cutler, Maine

Gentlemen:

In accordance with Chapter 16, Section 3, Revised Statutes of 1944, and at your request, we have audited the records of the Town of Cutler for the period March 1, 1947 to March 1, 1948.

The examination was made in accordance with generally accepted standards applicable in the circumstances and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination the financial transactions of the Town appear to have been appropriately handled.

Exhibits and Schedules included in this report impartially present the financial position of the Town and the result of its operations for the period designated.

Comments and other data incorporated in the report may prove of interest to you, all of which is respectfully submitted.

Very truly yours,

SAWYER & SAWYER

By A. F. Sawyer
Accountants and Auditors
COMMENTS

Re: Audit of the Town of Cutler

March 1, 1947 to March 1, 1948

The financial status of the Town is presented on the Balance Sheet and comments regarding the various items, in the order of their appearance thereon, are as follows:

Cash—($8,621.23):

The cash balance at the close of the year was on deposit at the Eastern Trust & Banking Co., Machias, Maine.

The check book balance was reconciled with the bank statement as of March 1, 1948, and found to be in agreement.

Accounts Receivable—($3,481.39):

This receivable is due from the State for State Aid Road and Snow Removal.

Taxes Receivable:

The records of the Tax Collector were examined and the warrant of commitment was in agreement with the Assessors’ records.

The Collector has made final settlement with the Town which completes fulfillment of his warrant. The commitment was accounted for by cash collections of $12,044.26; tax deeds $66.38, and abatements of $28.11, as reflected on the records of the Collector.

Tax Deeds—($431.08):

Deeds in the amount of $66.38 were filed with the Town Treasurer and payment of $16.41 was received during the year.
Annual Town Report

Town Owned Property:

This property is known as the Ward Place.

Due Trust Funds—($1,400.00):

This represents the amount due the Ministerial School Fund which has been used by the Town.

Deferred Revenue—($569.77):

Prepaid 1948 excise taxes were received prior to the closing of the books, March 1, 1948. Credit is carried forward to the 1948 municipal year for proper application.

Surplus—($12,063.93):

At the close of the year the Town had a net surplus of $12,063.93. Of this amount, $2,512.04 has been set aside for definite purposes, leaving $9,551.89 unappropriated for any specific use. A summary of the items which make up that portion which is appropriated may be found on Exhibit D. An analysis of the change in unappropriated surplus for the year under examination is presented on Exhibit E.

General:

The fidelity bonds of the various town officials were examined and found to be in order and properly recorded.

Revenue obtained from 1947 excise taxes was checked and found to be accounted for and properly recorded. All revenue from this source was carried to Surplus. Vouchers and payrolls were examined in part and those examined appeared to be proper charges to the accounts involved.

All unexpended balances required by law to be carried forward, and all unfinished projects which had unexpended balances, have been carried forward to 1948. As previously mentioned these items make up
the $2,512.04 shown on the Balance Sheet as Appropriated Surplus.

It is our recommendation that the Town install the Uniform System of Accounting as recommended by the State Department of Audit.

We also recommend that the Ministerial School Fund be invested in accordance with the Revised Statutes of Maine.

(Note—The complete audit is on file at the Office of the Selectmen and may be examined by any interested citizen of the Town.)

To the Citizens of Cutler:

We herewith submit our annual report of the Town's business for the year ending March 1, 1949.

We have drawn 27 warrants, amounting to $20,627.34. The balance last year was $8,621.23. The balance this year is $11,014.63, showing an increase of $2,393.40.

Under State law we were compelled to have a fire escape on the No. 1 schoolhouse and to change the doors. This cost was $392.88.

We wish to thank the citizens and all members of the Board of Town Officers for their cooperation.

Respectfully submitted,

C. D. WALLACE

Balance March 1, 1949 $11,014.63
Today, more than ever before, we, the people, must work toward a better citizen for America and the World. To attain this goal, we must have good health. Leaders in the program to promote health and welfare have proven that the care of every citizen begins before he is born. Much attention should be given to the expectant mother, infant and pre-school child. By focusing attention on this group, many health problems among the school age children and young adults can be eliminated.

Your public health nurse has made 39 family visits this year. These include visits to the expectant mother, with whom she plans for the coming baby and encourages regular medical supervision; to infants, pre-school and school age children. She also works with handicapped children, adults, and on the tuberculosis and venereal disease control program.

The nurse has visited the schools regularly to plan with the teacher toward a better health program and assist her to recognize communicable disease. In the spring, inoculations were given to prevent diphtheria, whooping cough, and smallpox.

Forty-three audiometer tests were given and all children were found to have hearing within the normal limits.

The town sponsored three child health conferences during the summer. Thirty-six children were given complete physical examinations and inoculations to prevent communicable diseases. There was an oppor-
tunity for the parents to discuss with the doctor the physical condition and needs of their children.

It is impossible for your public health nurse to work alone. In order to carry out a good public health program, she needs the interest and understanding of you, the citizens of the community. We should all work together to promote health and happiness in childhood because the child of today will be the future citizen of America and the World.

Respectfully submitted,

RUTH E. LANSING, R. N.
Public Health Nurse
REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of the Town of Cutler:

I present herewith my first annual report as Superintendent of Schools, for the fiscal year ending February 28, 1949.

The consolidated statement shows a considerable unexpended balance in the general school fund, to be carried forward against the expenditures of next year.

Current statistics for the schools of Cutler follow:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Cutler Village</th>
<th>Ridge</th>
<th>Little Machias</th>
</tr>
</thead>
<tbody>
<tr>

The students currently attending Washington Academy are distributed by grades as follows:

Freshmen: Elaine Ackley, Janet Bryant, Maylon Dennison, Robert Henderson, Ralph Maker, John McGuire, Geraldine Schurman and Richard Sears.

Sophomores: Betty Beam, Frances Davis and Betty Lou Fitzhenry.
Annual Town Report

Juniors: Florence Bryant, William Davis and John McGuire.

Seniors: Lettie Ackley, Gordon Farris, Norma Fitzhenry and Elizabeth Sheridan.

The legal tuition charge for Washington Academy is $125. per student per year. Although this amount may at first glance seem high, it is actually considerably less than the actual per pupil expenditure at the Academy, which state reports show to be $152.52 per pupil for the school year of 1947-8.

Following an inspection of the Cutler school buildings by the state insurance commissioner before the end of the last school year, we were notified to rehang exit doors to open outward, provide fire extinguishers for all schools, and a fire escape for the village school. The first item was taken care of from the school repair account, and the fire escape and fire extinguishers were provided from the town's contingent fund.

Nine new sash and window casings have been installed in the village school, chalk rails at the Little Machias school, and a combination wood-coal stove at the Ridge school. The use of coal during the cold periods has contributed greatly to the comfort of the students.

Provisions for shingling the Village School, providing three new sash at the Ridge school, and painting the Little Machias school should be made in the near future.

Parents are cordially invited to visit their schools, and to confer with the teachers. By this means teachers and parents can cooperatively work for the best interests of the pupils, and parents can familiarize themselves with the needs and aims of the schools.

The critical shortage of elementary teachers continues unabated. Enrollments in the teacher training institutions are much lower than the numbers needed
for the usual replacements each year.

I wish to express my appreciation to the teachers, school committee members, and citizens who have cooperated so well during my first year as their superintendent.

Respectfully submitted,

CARROLL B. RONCO
