Annual Reports of the Board of Selectmen and Superintending School Committee of the Town of Farmington, for the Year Ending February 20th, 1881

Farmington (Me.).
ANNUAL REPORTS

OF THE

BOARD OF SELECTMEN

AND

Superintending School Committee,

OF THE

TOWN OF FARMINGTON,

For the Year Ending February 20th,

1881.

FARMINGTON:
PRESS OF KNOWLTON & McLEARY,
Nos. 2 & 3 Knowlton's Block.
1881.
Selectmen's Annual Report.

To the Citizens of Farmington:—

Your Selectmen would respectfully submit the following report in relation to the financial condition of the Town, together with the amount of receipts and expenditures from February 20th, 1880, to February 20th, 1881.

After taking an inventory of the real and personal estate, we found the valuation of the Town to be fifteen hundred and twenty-three thousand and eighty dollars ($1,523,080.00), and the number of polls to be eight hundred and seventy-three (873).

Upon the Polls and Estates we have assessed the following named sums, to wit:

For State Tax, $7251 20
County Tax, 1810 91
Support of Schools, 2610 00
Support of the Poor, 2000 00
Repairs of Roads and Bridges, 4500 00
Defraying Town Charges, 1800 00
The payment of Orders on Interest, 2500 00
Paying Interest on Indebtedness, 1200 00
Repairing large Bridges, 500 00
Covering Center Bridge, 250 00
Overlayings, 1043 09

$25,465 20

On the 17th day of August, A. D. 1880, we committed lists of said assessments unto R. Hanly Smith, Esq., collector of said town.

We subsequently committed a supplemental assessment to said collector, amounting to the sum of two hundred and fifty-five dollars and sixty cents ($255.60), making the total amount committed to the collector, twenty-five thousand seven hundred and twenty dollars and eighty cents ($25,720.80), and the number of Polls, fifty-one, making the total number of Polls, nine hundred and twenty-four (924).
TREASURER'S REPORT,
For the Year Ending February 21, 1881.

To Paid for Town orders,
  Paid for School orders, 4395 10
  Paid for coupons, 652 25
  Paid for interest on town orders, 352 75

SETH C. BURNHAM,
ROBERT McCLEERY,
G. W. COTHREN,

Selectmen of the Town of Farmington.
ANNUAL REPORT
OF THE
Superintending School Committee.

Citizens of Farmington:—

Having attended to the duties of the office, your Superintending School Committee herewith present their Annual Report for your consideration.

WORK OF VISITATION.

Your committee have visited all the schools in town at least once each term, and in most cases twice or more. Our object in these visits has been to examine the course of instruction, the work of the teacher, and make such suggestions as in our opinion were necessary for the interest of the school.

In so doing the teachers have invariably complied with the suggestions, and in many cases have consulted the committee with reference to their work, as opportunity presented. In only two instances have the committee been called upon to visit schools for the purpose of investigating the discipline therein. In the first instance no one appeared to support charges against the teacher, and after examination of the work of the teacher and the method of government we saw no cause to interfere, but dismissed the case at once. In the second instance we found a case of actual insubordination and considerable excitement in the district, but after a few days' consideration and two half day's attendance on the part of many of the parents, the affair was adjusted, amicably as we believe, and the school continued till the close of the term with good success. And here we would say that if parents would visit their schools more,—at least twice in each term,—and see and hear for themselves the school work, there would in our opinion be less trouble and more interest in schools on the part of pupils generally.
SCHOOL AGENTS.

Much of the efficiency of our schools depends upon the agents, as to them belongs the employment of the several teachers, and we are pleased to say that the agents in the town generally have manifested a good degree of interest, and good judgment, in the selections they have made.

The statute of the State requires that the school agents shall give notice in writing, to the committee, of the time when their schools will commence, also the time of closing. In very few cases have the agents complied with this requirement, and some of the schools in town have been visited but once in consequence. If agents would give at least verbal notice to the committee it would very materially assist them in their labors, and it is hoped agents will in future bear this in mind.

THE TOWN GENERALLY.

Of the schools in general your committee are of opinion that they have been fully equal to the average of former years. The relation of teacher and scholar has generally been pleasant. There have been some poor schools, but this was to be expected, for the agents employed poor teachers. To some extent the old policy, supposed to be in the interest of economy, of prolonging schools by employing inexperienced teachers, who will work at low wages, has wrought its logical result in a very undesirable quality of school. Your committee, however, gladly attest the evident desire of agents to secure good teachers as shown by the fact that they have frequently conferred with your committee about teachers before engaging them.

THE SCHOOL DISTRICTS.

Your attention is invited to the following figures:

State School Fund, $429.34
State Mill Tax, 1079.30
Town School Fund 95.75
Town School Tax, 2619.00

Total School Money, 1880, 4214.39

April 1st, 1880, there were 1036 scholars in town according to agents' returns.

We apportioned of the total school money, $3.60 per scholar, the sum of $3729.60, leaving $484.79, which we divided among the smaller districts as follows:
Last year several changes were made by which the members of small districts were annexed to larger ones.

This year we would recommend that Mr. John E. Stewart be set off from District No. 21 and be annexed to District No. 5, at Fairbanks Mills.

**FREE HIGH SCHOOLS.**

The Free High School Law has given the people of the Falls District a term of excellent school at small expense. Ought not the people of this town to avail themselves of the full benefits of this law? A good education is a better legacy to bequeath than the money it costs, and the State generously proposes, to a limited amount, to pay half the expense of affording a higher education to our children. The town of Farmington, with a wide reputation as an educational center, should not be slow to avail itself of the aid proffered in the High School Law.

**THE VILLAGE SCHOOLS.—GRADED.**

It is to be regretted that the school in Room No. 4 has been obliged to have a change of teachers every term; which has been very discouraging to the pupils. Many have left our district not to return again but to cast their influence in another direction. The work under the several teachers has been varied. Mr. P. L. Paine, of Portland, who was a very efficient teacher, gave good satisfaction in his school work during the spring term.

The fall term was under the management of D. L. Morrill, of Auburn. This being his first attempt at teaching he was not as successful as we could wish.

The fall term was under the direction of Mr. F. F. Whittier, of Colby University, who has given good satisfaction, also a favorite among the pupils.

The teachers in the other departments have fully sustained their former reputation as teachers.

In connection with this subject we with pleasure express our acknowledgment to the agent for his interest manifested in the work, and his cordial co-operation with your committee in their efforts for the advancement of the school.
FALLS DISTRICT.—GRADED.

At the time of the last annual town meeting the winter term of school was in session; the upper school in charge of Mr. L. M. Perkins, and the lower in charge of Miss Alde L. Tuck. These were the first schools held in the new school house, and both were eminently successful. The rapid progress of the scholars was due to the superior quality of the teachers, the improved facilities of the new house, and the better classification of the scholars afforded by having them divided into two schools. In the summer term the two grades of scholars were consolidated into one school under Miss Tuck, where the inability of classifying as advantageously as in two schools rendered the progress of the scholars far less satisfactory.

With a subscription of upwards of $60.00, by individuals in the district, a term of twelve weeks of Free High School was had in the fall. Mr. Perkins had charge of this, and also of the upper school the past winter. In connection with the high school there was a term of primary school under Miss C. Maria Hunt, and the same grade of school was successfully taught in the winter by Miss Mae E. Norton. The people of this district are to be congratulated upon the success of their first year of maintaining graded schools. The advancement is in marked contrast with the best that was ever witnessed there before. And the enterprise and liberality shown in opening a Free High School deserve large praise.

CHANGE OF TEXT-BOOKS.

During the year the text-books in arithmetic have been changed. In place of Greenleaf's we introduced the Fish-Robinso arithmetic, and it gives us pleasure to report that these books are giving most excellent satisfaction. By this change of books we have secured vastly better work from our teachers, and we are of the opinion that our pupils have never done as good work in mathematics as in the past six months. This we ascribe to the new text-books placed in their hands. We also introduced Swinton's geographies, and have been able to gain similar results. The National series of readers has been exchanged for the Independent, which has enabled our scholars throughout the town to take more of an interest in this important subject.

We think the town has been greatly benefitted in such a change, and are of the opinion that all are fully satisfied.

SCHOOL STATISTICS, &c.

We present the following outline of the year's work. This is of special interest to the town and we hope they receive the careful attention of all. April 1st, 1880, there were in town 1036 scholars, in
The total money for 1880 is $4214.39, which was apportioned to the several districts in town by the municipal officers and committee.

No. 1.—Falls (Union with Chesterville). S. P. Morrill, Agent. 53 scholars in Farmington; money appropriated, $190.80. Summer term, entire school taught by Alde L. Tuck; length of school, ten weeks; attendance, 26; average, 78 per cent; wages, $4.00 per week; board, $2.25.

Fall and winter terms of High school taught by L. M. Perkins; length of fall term, 11 weeks; winter term, 8 weeks; wages, fall, $40.00; board $3.00; winter, $50.00, including board.
