CARL EMERY, Chairman

LISTON GOODRICH, Treasurer

CLAIR LEWIS, Clerk
To the Superintending School Committee and Citizens of the Town of Palmyra.

It is with pleasure that I submit my annual report to you. During the past year progress in the schools has been very good. This is largely due to the fact that we have been able to have the services of steady and reliable teachers. We will be fortunate to have these teachers in the future. However, there is one thing pretty certain that we will have to pay much more salary to teachers in the future.

The enrollment by rooms is as follows:

<table>
<thead>
<tr>
<th>Teacher</th>
<th>Grade 1</th>
<th>Grade 2</th>
<th>Grade 3</th>
<th>Grade 4</th>
<th>Grade 5</th>
<th>Grade 6</th>
<th>Grade 7</th>

</tr>

</tr>
</tbody>
</table>

The secondary enrollment is 50 students, two less than last year. Enrollment is as follows: M. C. I.—25, Hartland Academy—17, Newport High School—7, Kents Hill—1.

The Budget

Our requested appropriation for next year's educational program is larger than last year's, because (1) we asked for less money last year, therefore our balance this year is less as we closed books, (2) we need another bus for the East part of the town and are asking money for same, (3) there is an increase for teacher's salaries and secondary tuition costs.

Before I close I would like to leave this thought with you. It appears now that there will be some outside financial assistance available to needy towns for school house construction. I trust that the people of Palmyra will take advantage of this aid and complete the project already begun.
I wish to express my sincere thanks for the cooperation given me during the past school year.

Respectfully submitted,

HAROLD E. CARSON
Supt. of Schools

PROGRESS REPORT ON MOUTH HEALTH PROJECT

During February 1956 the elementary and pre-school children again participated in a mouth health education and dental decay prevention project for which a registered dental hygienist from the State Department of Health and Welfare was engaged.

A total of 48 children were seen during the project. All received individual instruction in the basic principles of mouth health, a careful mouth examination and topical applications of sodium fluoride solution for decay prevention, nearly all completing the full series of 4 applications.

PALMYRA MEMORANDUM

Municipal Officers

Fred M. Berry, State Auditor

ADDITIONAL MATERIAL FOR YOUR CONVENIENCE WHEN PREPARING ANNUAL REPORT

The attached excerpts are from the audit report and are required by law to be printed in your next annual report. See Chapter 91, Section 83 of the Revised Statutes of 1954. (Exception — Available Funds and Expenditures Statement)

You will note that a Statement of Available Funds and Expenditures is included for printing purposes if the Municipal Officers so desire. It is believed such a statement will be of interest to the taxpayer.

These statements may be given to your printer for his use when preparation of the report is under way.

Fred M. Berry

State Auditor
Board of Selectmen

Palmyra,

Maine

Gentlemen:

In accordance with Chapter 91, Section 142, Revised Statutes of 1954, an audit has been conducted of the financial records of the Town of Palmyra for the fiscal year ended February 15, 1956.

The examination was in the form of a limited general audit as recommended by the National Committee on Governmental Accounting and was conducted by Auditor M. E. Libby of the State Department of Audit. Audit analysis was on a basis consistent with that of the preceding year, and included all procedures which were considered necessary.

Insofar as could be ascertained within the scope of the examination, the financial transactions of the Town were appropriately handled with such exceptions as may be noted in the accompanying comments.

The financial and statistical sections incorporated in this report present the result of the town’s financial operations for the period designated. Recommendations are also offered which are believed worthy of consideration.

All of which is respectfully submitted.

Very truly yours,

Fred M. Berry

State Auditor

FMB/IIR
An audit of the financial records maintained by the various officers of the Town of Palmyra has been completed for the municipal year ended February 15, 1956.

The examination included a review of cash transactions as well as an analysis of available funds and expenditures, and the results are incorporated in the following text, exhibits, and schedules pertaining to the financial affairs of the town.

The fiscal year's operations showed that available funds exceeded expenditures by $3,805.65, as per the following summary:

<table>
<thead>
<tr>
<th>Departmental Operations:</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Unexpended Balances</td>
<td>$7,075.52</td>
</tr>
<tr>
<td>Overdrafts</td>
<td>3,269.87</td>
</tr>
<tr>
<td><strong>Net Unexpended Balances</strong></td>
<td><strong>$3,805.65</strong></td>
</tr>
</tbody>
</table>

It was noted that an overdraft of $3,242.21 reflected in the equipment account was caused principally by repairs to trucks and snow removal equipment.

The Department of Attorney General has advised that overdrafts are not permitted by statute except in certain instances where emergencies arise in highway activities and then only to the extent of fifteen per cent of the highway appropriation.

The audit also revealed that suggestions offered in last year's audit report are believed worthy of further consideration. They relate to the commitment of supplemental taxes, deposits of excise tax collections, transfers between accounts, and cancellation of paid invoices.
ASSETS

The cash balance of $14,497.21 was reconciled with a statement furnished by the Newport Trust Company, Newport, Maine. A count of cash was made at audit date and reconciled with the closing balance.

Other assets including accounts receivable, taxes, and tax titles were reviewed and verification undertaken to determine their correctness. Unpaid accounts were tabulated and reconciled with balances shown on the selectmen's records.

Although the remaining balance of anticipated federal participation for hurricane damage may not be fully realized, no adjustment will be made until final settlement is received.

RESERVES AND SURPLUS

The appropriation accounts reflect an unexpended balance of $12,727.10 which represents various operating account balances that are carried forward to the ensuing year in accordance with legal requirements and/or customary practice.

Withholding tax deductions due the Director of Internal Revenue amounted to $226.50 at the year end.

An amount of $1,315.58 due trust funds, represents accumulated interest earnings on trust funds and the ministerial and school fund which remains in the general fund cash. Interest at six per cent on the ministerial and school fund has been appropriated and credited to the education account.

The unappropriated surplus amounted to $10,336.19, an increase of $3,469.05 for the year. This increase was occasioned principally by the excess of available funds over expenditures.

TRUST FUNDS

The total amount of the trust funds was $5,741.82 at the year end. Except for $1,315.58 representing monies due from the general fund, the funds are invested in United States Savings Bonds and a time deposit.
AVAILABLE FUNDS AND EXPENDITURES

An analysis of the comparative statement of available funds revealed a decrease of $12,870.14, as compared with the preceding year. This was occasioned principally by a lower tax levy and decreased hurricanes damage participation. An increase in State education subsidies and nonrevenue transactions; such as, transfers from surplus and changes in carrying balances were also contributing factors.

Expenditures for the same period decreased by $12,195.86, which for the most part were reflected in the debt retirement, hurricane damage, and general government accounts. However, increased expenditures in the highways and bridges, and education accounts were also factors.

GENERAL

The examination of the town clerk's records of town meetings revealed that the voters authorized the municipal officers to borrow $15,990.00 for State aid road construction; however, the loan was not made due to the lack of State participation.

SCOPE OF AUDIT

Count of cash was made and records checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as pertained to the handling of cash and other matters of financial concern. Receipts and deposits were reconciled as well as warrants and bank charges.

The property and excise tax collections were reviewed, and deposits with the treasurer analyzed, on a test basis.

Vouchers, payrolls, and cancelled checks supporting expenditures were test checked for a selected period. Education account balances were verified with those of the superintendent of schools. Trust fund transactions were reviewed; and the securities and time deposits of the funds were verified by confirmation of the depository. Bond coverages were examined.

Various laws pertaining to the fiscal operations of the municipality were reviewed to determine that related financial transactions were properly administered.

Included in this report are exhibits and schedules pertaining to the financial status of the town. Audit procedures were followed to the extent deemed advisable to develop these statements.

It is believed that the accompanying statements and supporting information present fairly the financial position of the town at February 15, 1956, and the result of its operations for the year then ended.
