Damariscotta, Maine
IN MEMORIAM

In memory of Francis C. Roberts, who died June 9, 1941, a member of the U. S. Navy from 1919-1922. Mr. Roberts served on the Board of Selectmen five years, three of them as Chairman.

A man without littleness, throughout a useful life he knew no rancor.

The qualities of rare men were his; he died as he had always lived, a friend to the world, and a real man.

"On God's Eternal Camping Ground
His silent tent is spread.
While Angels guard with solemn round,
The bivouac of the dead."
STATE OF MAINE
STATE DEPARTMENT OF AUDIT
Augusta
April 12th, 1941.

To the Inhabitants of the Town of Damariscotta:

In accordance with your request, this department, represented by Mr. C. G. Hawes, has completed an examination of the accounts of your town officials for the municipal year ended February 28, 1941.

Our report was prepared from your town records and, to the best of our knowledge and belief, properly reflects the true financial condition of your municipality as of the above date; subject however to a probable shrinkage in the final settlement of unpaid tax liens and deeds, as well as a substantial loss on the balance of the Huston Fund impounded cash.

The data obtained by us is summarized in the following:

Comments

Exhibit A  Comparative Balance Sheet
B  Report of Treasurer.
C  1940 Valuation and Commitment
D  State of Appropriation Accounts
Schedule 1  Reconciliation of Treasurer's Cash Balance
2  Uncollected 1940 Taxes

4  Tax Deeds
5  Accounts Receivable
6  Trust Funds
7  Analysis of Change in Net Debt
8  Bonds Payable
9  1940 Supplemental Tax
10  1940 Abatements

Respectfully submitted,

STATE DEPARTMENT OF AUDIT.

PUBLIC HEALTH NURSING REPORT FOR 1941

With the interruption necessary, caused by having three nurses in the field, the work has continued on with a fair amount of activity. Considerable time has been spent in contacting Town Officials and other people to get them acquainted with the program of the nurses.

Public Health Nursing is concerned with securing and maintaining better health for all the members of the community and especially in this time of war and defense, special emphasis must be made in the home to assure better physical and mental health during maternity, infancy and childhood and youth, which will affect the health of the adult population later.

Most of the maternity cases here in town go to the hospital for their confinement, so they do get adequate care at the time of delivery, but visits have been made.
in the home to advise them in their care and making plans for the delivery.

The mothers are interested in the welfare of their babies and in the Well Child Conference in spite of the interruption of the Public Health Nursing service this year, which made it impossible to conduct them as hoped. Plans are being made to hold a conference this spring or summer. Visits in the home are made to urge the parents to keep the baby under medical supervision and assist in the planning of daily routine for the child. Special emphasis is placed on the prevention of communicable diseases which cause many deaths in young childhood.

Vaccination clinic for the protection of smallpox and immunization clinics for protection against diphtheria were held last spring and many children availed themselves of this protection.

All the teachers in the schools were contacted and conferences held with them in solving any special problems. They are all very interested in the health program and referred many children to the nurse for home visits. The nurse was given an opportunity to talk to the group of teachers at their district meeting. The audiometer for testing the hearing was used in all schools this year.

The physicians in the community have been advised of the Pediatric Clinic held at Waterville and some have taken advantage and sent some patients to them. Also children have been sent to the Crippled Children’s Clinics and the follow-up work has been done in the homes by the nurse to assist the family in the care of the patients.

Your community is active in the Home Defense work and the nurse was privileged to talk at one of the classes of Home Hygiene and Care of the Sick on her work in the community and public control of communicable
diseases. She was also able to lend literature and demonstration material to teachers of other classes.

The nurses have attended several institutes this year which have helped them greatly in their work.

Plans are being made for tuberculin testing for high school children or any tuberculosis contacts that may need it, by the District Health Officer, Dr. Loughlin. This will probably be given early in the new year. The x-ray clinic will be held later in the spring. There was one x-ray clinic held in Waldoboro this fall for any needing x-rays.

ELSIE A. ANDERSON,
State Field Nurse.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of the Town of Damariscotta:

Your Superintendent of Schools respectfully submits the following report for the fiscal year ending February, 1942.

ENROLLMENT—CASTNER SCHOOL

While the enrollment varies from time to time, the distribution of pupils at the Castner School with the beginning of the fall term, 1941, was as follows:

<table>
<thead>
<tr>
<th>Teacher</th>

</tbody>
</table>

GENERAL ACTIVITIES

For several years meetings of teachers of this School Union have been held at the Castner School. This place of meeting has been favored because of the facilities available and desirable central location. At the last group meeting held January 12, 1942, there was 100% attendance of elementary teachers from Damariscotta, Bristol, South Bristol, and Newcastle. The object of these meetings has been to discuss problems of special interest to the teachers, and to encourage group participation in the discussion of common problems. The program of the last meeting was based on activities of Civilian Defense, Defense Savings Program, current educational problems resulting from the emergency, a "Question and Answer" period, school health
clinics, and general teaching methods. At this meeting we were fortunate in securing the assistance of Leon A. Dodge, Millard Clark, Miss Yvonne Daigle and Elsie Anderson, R. N., authorities in their respective fields. Several of the teachers presented oral or written reports having to do with Fire Drills, Conservation of Defense Materials, and the Defense Savings program. While "the Government has no desire to coerce, solicit, or urgently influence the public schools to become sales agencies" for bonds and stamps, the fundamental purpose to enable children to take part voluntarily because of a desire to do so. "Should some school or class, of its own free will, desire to cooperate with the defense savings program by instituting a plan for the purchase of bonds or stamps, it would of course be welcomed as a patriotic enterprise." It is a pleasure to be able to state that many of our teachers and schools are working along these lines as recommended by the State Department of Education and the Office of Civilian Defense. As has been reported: "Castner School children are doing a fine job in buying Defense Stamps".

TEACHERS' SALARIES

The different teachers employed during the fiscal year and the total amounts paid for teaching service are listed in the following tabulation:

RECOMMENDATIONS

Your Superintending School Committee (after giving due consideration to the needs) recommends a total of $9,150.00 for the Common School and the Secondary School Accounts. These accounts include secondary school tuition, teachers' salaries (elementary), fuel, books, supplies, pupil-conveyance, janitor service, water, lights, etc. For repairs and equipment an additional amount of $350.00 is recommended. Pursuant to the requirements of the school law, your superintendent recommends a special appropriation of $20.00 for the maintenance of the flagstaff at the Castner School Building and for the renewal of the Flag from time to time.

PRIZE SPEAKING CONTEST

Last year the Rotary Club sponsored a speaking contest for the eighth-grade pupils of Damariscotta and Newcastle, and cash prizes were provided for the winners. A preliminary elimination contest was first held in each town, and the local winners were chosen by competent judges. The boys and girls who won these preliminary contests later completed in a final public contest held at the Castner School. The judging was based on poise, voice, pronunciation, interpretation, etc. The recitations were for the most part patriotic selections and were well rendered. Many of our teachers have given emphasis to good speaking, but this competitive public contest provided the children motivation for better effort. These contests, which, I understand, the Rotarians plan to hold annually, should lead to valuable educational outcomes. The schools are indebted to the Damariscotta-Newcastle Rotary Club for this and other contributions to our common cause.

In order to make full appraisal of the work of the
school all citizens and parents are cordially invited to visit the classrooms. The teacher has many responsibilities. Under favorable conditions she devotes part of her concern to such problems as: Planning assignments and activities cooperatively with the pupils; guiding them in evaluating the quality of their oral and written contributions; providing for slow, average, and rapid workers in the same class; teaching pupils how to study, discovering children's difficulties and supplying a remedy; and making it possible for every pupil to succeed, even if his contribution is small. The most effective work of the school is achieved when the parents think of the school as an agency of education which must have the firm and complete cooperation of the home. The teacher needs the support of the parent and citizens in terms of goodwill as well as in terms of school funds.

At this time I wish to express appreciation for the unfailing cooperation received from the members of your superintending school committee, teachers, citizens, municipal officers, and members of civic organizations who have given much helpful assistance.

Respectfully submitted,

BLYNNE ALLEN,

Superintendent of Schools.
