SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of Jackman Plantation:

I herewith submit my annual report as superintendent of schools.

HIGH SCHOOL

At the close of the school year Mr. Prince and Miss Dubay resigned after two years of successful service, and Mr. Drisko and Mr. Cunningham were elected to fill the respective vacancies. We believe that both are giving their best efforts in the service of the school and feel that the present school year is a profitable one, the enrollment is at present 38 students, nine of whom are from Moose River.

GRADES

The work in our grade schools has been carried on in the same efficient manner as in past years by Miss Veazie, Mrs. Williams and Miss McDonald.

In all grades we are following the course of study prescribed by the state, which means that if a pupil keeps up in his work he can transfer to any school in any other town without interruption in his work or forfeiture of class standing.

STATION SCHOOL

Following the custom of the past two years, we have continued to run this school on the two term plan, which at present seems to best meet the needs of the situation, and keep down the cost of conveyance. The size of this school has varied somewhat during the year depending on attendance at the convent, conveyance, etc. At the close of the fall term the register showed an enrollment of 24. During the past
two winters a fire has been kept in this building during vaca-
tion, this is of course rather expensive as regards fuel and
janitor service, but seems to be the only way of keeping the
building on its foundation.

ATTENDANCE

Attendance is still a serious problem in our schools, though
for the past year the difficulty has centered in a comparatively
few families. I feel that in the interest of the children, who
are to be our future citizens, the law should be strictly and
impartially enforced, and that this enforcement should have
the unreserved support of the citizens of Jackman.

REPAIRS

This year the greater part of the repair work done has
been at the Station school where the basement has been made
weather tight, the outhouse raised and repaired and the flag
pole re-set and painted. At the high school building one
of the furnaces was re-cemented. As for other matters be-
sides the usual necessary supplies, a flag pole has been erected
on the high school grounds, four typewriters exchanged, and
a new table made for the commercial room. We believe that
few towns have better equipment, or more favorable conditions
for effective school work than Jackman, though we realize that
due to our relatively small enrollment, the per capita cost of
education is higher than in many towns.

FINANCES

Due to the fact that we received less money from outside
sources than we had reason to expect and that the cost of
maintaining our schools somewhat exceeded our estimates, we
find ourselves rather badly overdrawn on the common school
account. A perusal of the figures, however, will show that
there has been no excessive increase in cost in any depart-
ment, and that the total net cost over last year is less than
$200.00. On the high school account our expenses were
actually less than last year, but our income was also less
which again leaves us showing a deficit. For the next few
years at least, it seems probable that the annual cost of main-
taining our schools at present standards will not materially change, which means that our common schools will cost us around $5500.00 and our high school about $2800.00, toward these amounts we can reasonably expect from the state about $2200.00 a year on the common school account, while our only outside help on the high school account is from tuition which at present averages about $100.00 a year per pupil, with the probable prospect of ten to twelve tuition pupils for the coming year, leaving the balance to be raised directly.

Respectfully submitted,

RUSSELL S. TAYLOR,

Superintendent of Schools

JOHN A. BULMER
CYRIL CYR
H. CLIFFORD YOUNG

Superintending School Committee.
Auditor's Report

Jackman, Maine, March 5, 1924.

To the Inhabitants of Jackman Plantation:

The accounts of the assessors, plantation treasurer and school committee for the fiscal year 1923 have been examined by me and I find the same correct, with all payments properly vouched for.

CHESTER H. MILLS, Auditor
Warrant for Annual Plantation Meeting

To Henry E. Armstrong, Constable for the Plantation of Jackman in the County of Somerset,

GREETING:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of said plantation qualified by law to vote in plantation affairs, to assemble at Jackman Hall, in said Jackman on the twenty-fourth day of March, A. D. 1924 at nine o'clock in the forenoon, to act on the following articles, viz:

Art. 1—To choose a moderator to preside at said meeting.

Art. 2—To choose a plantation clerk, assessors and overseers of the poor, and all other officers required by law to be chosen at the annual March meeting.

Art. 3—To see if the plantation will vote to raise a sum of money for making and repairing highways and bridges in said plantation and pass all votes respecting same.

Art. 4—To see if the plantation will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the plantation to state aid on unimproved roads under the patrol system.

Preserve This Report

A sufficient number of these reports have been printed to furnish every interested citizen with a copy. An effort has been made to get them into the hands of the voters in advance. It should be borne in mind that if copies are left at home there may not be a sufficient number at the hall to go around on town meeting day. This year or any year it is desirable for you to have a copy of the annual report as soon as issued. It is also important for you to preserve it and bring it with you town meeting day morning.
