TOWN FARM.

Believing that if the town owned a farm it should be improved instead of allowed to deteriorate, we have endeavored, although at considerable outlay, to put the farm in as good a condition as circumstances would allow. The barn and one side of the house and ell have been newly shingled, a large arch kettle bought and set, three good cows added to the stock, pigs and hens purchased, ground for next year’s crop broken, fences put in order, stones picked, and the following is the result:

$165.82

Total cost of poor at Town Farm, 298.79

Total expense of Poor, $464.61

Total last year, $489.89.

Pauper bills less this year than last, $25.28.

Mr. Dorillus D. Bryant and wife have been in charge of the Farm for the past year, having assumed the management March 31, 1885. There was an exceeding dearth of all produce and products produced by the retiring occupant when Mr. Bryant took possession, consequently an immediate outlay was necessary. In the middle of March, 1885, Elias Dunn, a pauper dependent on Livermore, then maintained at an ever-increasing expense in Paris, was moved to our Town Farm, where he now sojourns, surrounded by every comfort that the ever-ready presence of Mr. and Mrs. Bryant can furnish. Delia Stevens, the only other pauper at the Farm, causes no trouble or inconvenience whatever. We congratulate the Superintendent and his estimable wife for the faithful and successful discharge of the duties that devolved upon them in the management of the Town Farm for the year ending March 31, 1886.

Highways.

The town voted to raise the sum of $2,000, to be expended in labor and materials on the highways. The same was duly assessed and committed to the
several Highway Surveyors, according to the requirements of the law. The town voted to raise $600 to be expended on roads and bridges, under the direction of the Selectmen. Accordingly the supervision of the road machine was assigned to Mr. C. F. Pike, and under his management $524 was used in turn-piking eleven miles of road.

Other expenditures for roads and bridges are as follows:

For Gooding Hill, 20 00
Lyford Bridge, 37 50
Snow fence on Bowles Hill, 14 70
Cutting bushes on Hathaway Hill, 6 00
Grading near Livermore Falls Bridge, 16 50
Repairing Jay Road, 15 00
Repairing Hyde Road, 3 00
Cutting bushes on Strickland's Ferry road, 6 00
Other road repairs, etc., 74 55

Total expenditures on roads and bridges, summer of 1885, $717 25

Amount of snow bills paid individuals over and above their highway tax, 371 30

Total amount expended on the highways, $1,088 55

Early in the spring a pair of oxen was purchased for the Town Farm at a cost of $162 50
In June two pairs of oxen were bought for the road machine at a cost of 332 50

$495 00

Money was hired to purchase the last two pairs, at 1 per cent., and interest amounted to 5 58

Total expense, $500 58

Besides doing the work on the Town Farm and work on roads, they earned otherwise, $17 25

They were sold without any further cost for 477 50

Total receipts, 494 75

Loss on cattle, including interest, $5 83
Loss on cattle, exclusive of interest, 25
This report includes all bills arising in the purchase, sale, etc., of oxen for 1885. We paid a bill of nine dollars for keeping oxen after service on the road in 1884.

**HEARSE.**

The hearse has been in the care of J. P. Bowles for the past year. The cost for services to this date is $21.00, of which $16.50 has been paid. $16 50

Whereas, Joseph II. Thing concluded not to collect the taxes of 1885, the duty then devolved on the Selectmen to appoint a Collector. They appointed Orrison Rollins. Believing it to be for the interest of the town to have the taxes collected within the year, in order to pay up orders long drawing interest, and to let the town know exactly how it stood, they made the following propositions: 1st. If he would settle with the town on or before January 1st, he should have 2½ per cent. 2d. On or before February 20th, 2 per cent. 3d. If within one year, 1 per cent. If not settled within one year, interest was to be charged on the bills. The result is as follows: Orrison Rollins settled the taxes of 1885, January 2, 1886; Joseph H. Thing settled with the Treasurer for the taxes of 1884, February 11, 1886; and as a result all outstanding orders, with interest on the same, have been paid, with the exception of $400 (war order), on interest at 3 per cent., which is our total town debt.

We feel a sense of pride in announcing to the tax-payers of Livermore, that for the first time in the history of the town the several sums assessed for the current year and all previous years have been paid to the respective Treasurers: that the war debt of $1,429 has been reduced to $400; that the municipal outstanding orders are but $82.22; that interest has been stopped to the amount of $407.94, and the reason for all this is, the taxes have been collected.

Respectfully submitted,

G. T. PIPER,
C. F. PIKE,
I. T. MONROE,

Selectmen, Assessors, and Overseers of Poor,
Town of Livermore.
REPORT OF S. S. COMMITTEE.

DISTRICT No. 1.

The Summer Term was taught by Miss Mary Pollard. Miss Pollard is a thorough scholar, and met with excellent success.

The Winter Term was taught by Asa Timberlake, who is one of our best teachers. His order was good, and excellent progress was made.

DISTRICT No. 2.

The Spring Term was taught by Miss Sue Gordon. Miss Gordon possesses excellent qualifications as a teacher, and the term was one of profit.

The Summer Term was taught by Miss Annie Lovewell, who worked hard, and accomplished good results. Her order was good.

The Winter Term is now in progress, taught by Miss St. Clair, who is a teacher of large experience, and is giving entire satisfaction. The school-house has been neatly repaired, and furnished with modern seats.

DISTRICT No. 3.

The Summer Term was taught by Miss Sadie Beals, who worked faithfully for the interest of the school which appeared well at our examination.

The Winter Term is now in progress, taught by James Bryant, who is giving good satisfaction, as far as known to your committee.

DISTRICT No. 4.

This school's Summer Term was taught by Miss Frannie Campbell. This was her first school. She succeeded in winning the esteem of her pupils, who made good progress in most of their studies. She displayed an ambition to awaken an interest in the scholars to do thorough work, and for one so young succeeded admirably.

The Winter Term was taught by Miss Campbell with increased success, and profit to her pupils.

DISTRICT No. 5.

The Summer Term was taught by Miss Emma Timberlake. She spared no pains to make the school a success, yet being in her own
district, there were some who took advantage of the fact, and the discipline was not as good as could be desired. Otherwise satisfaction was given.

The Winter Term was taught by Rush Bradford. Mr. Bradford was liked by all. The school did well. Some thought he was not quite as strict as he should have been, yet the scholars seemed to be deeply interested.

DISTRICT No. 6.

The Summer Term was taught by Miss Lillie Bemis. Miss Bemis is an excellent teacher and works hard for her pupils.

The Winter Term was taught by S. G. Shurtleff, who is a teacher of experience, and makes his teaching practical. The scholars showed a thorough drill.

DISTRICT No. 7.

The only term for the year in the district was taught by Miss Emma Timberlake. She succeeded in pleasing her scholars to an eminent degree. We think only two of the pupils who were present at our first visit, were present at our last; these showed good work. We think, on the whole, Miss T. did fairly good work.

DISTRICT No. 8.

The Summer Term was taught by Mrs. Hattie Coolidge. Mrs. Coolidge is an admirable teacher, and succeeded in winning the love of her pupils, and in inspiring them to prosecute their studies with enthusiasm.

The Winter Term was also taught by Mrs. Coolidge. This was a term of continued success and profit.

DISTRICT No. 9.

As a large proportion of the scholars in this District are boys who cannot attend in summer, it was thought best to have one long term in the winter. This term of seventeen weeks was taught by Miss Lillie S. Bemis. The length of the term itself gives evidence that good satisfaction was given, a good degree of interest was awakened, and thorough work was done.

DISTRICT No. 10.

Miss Annie Hinds taught the Summer Term. We were much pleased with the appearance of the school at each of our visits. We were sorry that a number of the larger scholars were not present at our last visit, but those who were present showed excellent
superior teacher.
The Winter Term
usual good success. Mr.

DISTRICT No. 12.

Miss Jennie M. Haskell taught the with good success. Miss Haskell is a scholar, and has excellent tact for teach make her one of our best teachers.

A Fall Term was taught by Miss Minnie Rice, very good school. The scholars were interested and gro

Both Summer and Winter Terms were taught by Mrs. Alma S. Eaton. Mrs. Eaton is a teacher of considerable experience, and rests with uniform success. The scholars were interested, even to enthusiasm, and a large amount of work was done in an excellent manner.

DISTRICT No. 13.

The Summer Term was taught by Miss Ella A. Adkins. At the beginning of the term a good degree of interest was manifested, and so far as we can learn, good satisfaction was given. Not receiving notice of the close of the school, we did not visit it the second time.

Miss Annie Lovewell taught the Winter Term with good success.

DISTRICT No. 14.

The Summer Term was taught by Miss Eunice C. Whittemore, of East Livermore. This was a very successful term; good order was maintained, and general satisfaction was given.

The Winter Term was taught by Mr. Albert C. Bradbury. This term was also a success and a large amount of work was accomplished. This was Mr. Bradbury's first school.

DISTRICT No. 15.

The Summer Term was taught by Miss Mamie Beals. The school was small, yet pleasant and profitable.

The Winter Term was taught by Miss Sue Gordon. Miss Gordon's discipline is good, and the results of this term were highly satisfactory.
The Winter Term was taught by the same teacher, with a much larger number of scholars. Miss Houghton evidently exerted herself to do her best work. A very good scholar, we think with added years and experience she may make a superior teacher.

FREE HIGH SCHOOL.—DISTRICT No. 2.

The Free High School in District No. 2, taught by H. M. Pratt, was one of the best. Mr. Pratt's reputation as a teacher is unsurpassed. It is to be regretted that the town does not secure the services of Mr. Pratt and establish a permanent Free High School, which could be run with very little increase in taxation.

In submitting our report we are pleased to say that, as a whole, the schools have been markedly successful. There is no trouble in having good schools if we employ good teachers. Pay a teacher a fair price and demand good work. More can be accomplished in five weeks with a good teacher, than in ten with a poor one.

We wish to impress on the minds of parents the importance of regular attendance of their children at school. The success of a school is largely influenced by the punctuality of its pupils. In closing we wish to bring this fact to our teachers notice, that while a classical education is to be desired by all, yet our country schools demand a good, thorough, practical English teacher.
