Treasurer
Auditor's Report

To the Taxpayers of the Town of Litchfield:

I hereby certify and declare that I have examined the foregoing accounts and find them correct, with all bills and necessary vouchers on file.

I have examined the books of the Treasurer and find them in balance. The Bank books show an amount of $3,369.77 standing to the credit of the Town of Litchfield; the Town owes $4,000.00 to the Maine Trust and Banking Company of Gardiner.

In none of these reports submitted do I find any mention of the School Property owned by the Town. There seems to be no insurance of any kind on same. An appraisal of this property should be made.

I observe that many of these bills paid are rather ancient, particularly in the Snow account. I recommend that in future all bills be presented to the Selectmen promptly each month.

Some saving could be affected by offering a discount of 2 per cent on all Taxes paid not later than June 15, and 1 per cent if paid not later than Sept 15, each year.

The following bills are allowed the Selectmen for services rendered, including travelling expenses, during the past year.

School Report

To the Inhabitants of the Town of Litchfield:

In accordance with the customs as required by law, your committee submit their Annual Report also the Superintendent's report of the financial standing condition and progress of the schools of Litchfield for the year ending February 13, 1925.

There have been several changes in teachers during the year, due to various causes. We were also fortunate in securing competent ones to fill the vacancies.

There has been much interest manifested in the schools during the year, and much hard work has been done by the Superintendent, teachers and pupils, with gratifying results.

In order to keep our schools up to the high standard, the following appropriations are respectfully recommended by the Superintending school committee and Superintendent of Schools for the ensuing year.

Common Schools ....................... $4,500.00
General Repairs ....................... 250.00
Supplies .............................. 100.00
Text Books ............................ 200.00
Special Repairs ....................... 300.00
Flag Account .......................... 20.00

Signed

HENRY TAYLOR, Chairman
R. W. GOSS, M.D.
ALICE MAXWELL,

School Committee, Litchfield
To the Superintending School Committee and Citizens of the Town of Litchfield:

I hereby submit my annual report of the progress, condition, and needs of your schools including the School Statistics and Financial Report for the fiscal year ending February 13, 1925.

For the past year eight schools have been maintained with teachers of considerable experience and two normal graduates. Although two of the teaching staff resigned during the fall term, the positions were at once filled with capable teachers.

The State law, in regard to renewal of teacher’s certificates, states that, at least, one summer course every three years and better two, every three years is necessary in order that a certificate may be renewed. More teachers than ever before are taking advantage of the Normal Summer Sessions in compliance with this law. New methods of teaching are constantly advancing and can be obtained only by attendance at the summer schools. The committee voted two years ago to pay one dollar per week extra for summer training but so far, one only has availed herself of the opportunity thus afforded.

The attendance, on the whole, has been good in most of the schools, due largely to the ideal weather conditions and lack of prevailing colds and distempers. Some parents, however, do not realize fully the importance of daily attendance. Absences are detrimental both to teacher and pupil; for the pupil out of school for a day or two loses interest and takes the teacher’s valuable time in repetition of work already developed for the others who were present. Tardiness is almost as harmful to a school as non-attendance, retards progress and often paves the way for absences.

REPAIRS

The Lincoln and Earle school-houses were painted outside; the Pine Tree, North, and Purgatory on the inside. Next
year it will be necessary to paint the Ferrin and South Oak Hill school-houses inside. The North school-house was shingled on one side. Underpinnings of the Waterman, Earle, North, and Purgatory school-houses were straightened and cemented.

By vote of the School Committee it was decided that the South Oak Hill school-house be raised, roof raised, petition torn out and thus enlarge the school-room. New windows should be put in to improve the lighting and an improved toilet built. We are asking for a special appropriation that this necessary repair work may be done. The toilet will be built out of the general repairs account. This will complete the building of improved toilets in this town.

LITCHFIELD ACADEMY

This institution has been progressing with the same corps of teachers as last year but with a decrease in attendance. We were fortunate to secure a music teacher and much interest is shown in this subject.

Some needed repairs were made this year. A hardwood floor was laid in the recitation room, the money for this work being raised by subscription.

Other necessary repairs will be made as soon as the financial condition of the Academy warrants.

Excellent Philomathian Society programs have been presented, reflecting credit to both faculty and students. Entertainments have and will be given for the benefit of athletics and the Senior class.

The school spirit manifested this year is as good if not better than last year. At the winter Carnival held in Augusta, Litchfield Academy was represented by four boys with their Principal, Mr. Tupper. Although this is our first attempt in State competition in winter sports, our boys did better than was expected showing up well in the relay races.

The most pressing needs now are a new heating system and an improved or chemical toilet installed.
