The selectmen give notice that they will be in session at the Town Hall for the purpose of correcting the list of voters in said town at 12-30 P. M. on the day of said meeting.

Given under our hands this sixth day of Feb. A. D., 1900.

E. I. HERRICK, Selectmen
ABRAM ROSS, of
W. D. QUIMBY, Rangeley.
Selectmen's Report.

To the Inhabitants of the Town of Rangeley:

The Selectmen of the Town of Rangeley hereby submit the following report for the year ending February 23, 1900.

Fires.

During the past year we have had but one fire and by the prompt action of the fire department a large amount of property was saved.

Town Poor.

We have no one at the present time dependent on our town for support.

Town Debt.

At our last annual meeting it was voted to raise one thousand dollars to pay on Phillips & Rangeley R. R. bonds and to pay one thousand out of the surplus money due the town. We paid the two thousand dollars according to vote of town and now find our town in this condition: Owing $400 to First National Bank of Lewiston for money hired to build and pay land damage on new road around pitches on the big hill, $355.82 outstanding orders, and over $100 to our Treasurer for overpaid on orders besides a bill nearly due of $459.50 for schools now in session. Refering to last year's report you will observe that our total assets that were available to ever turn into cash amounted to only $1842.50. Out of this amount there was due on outstanding orders $672.64 which would only leave a surplus of $1169.76. How could we expect to pay that $1000 without having several hundred dollars in outstanding orders at the end
of the year, as our taxes were as nearly collected at the end of last year as we could expect to have them this year. The debt which we paid was on 5 per cent interest and not due, while our taxes are now drawing 12 per cent and it is not for our interest to force collection on them provided they are against good parties. We trust this will explain our indebtedness and hope the voters will be more cautious in the future in voting to use surplus money that never has existed.

**Highways and Bridges.**

Our roads have been kept in good repair during the year and out of the appropriation for highways and bridges there has been a short piece of new road built. Said road leads from Pleasant to Allen streets in the village.

**Sidewalks.**

Our sidewalks are getting in an unsafe condition and many rods of new walks must be laid the coming season to make them safe.

**Cemetery.**

We very much regret to report that we have not been able to get a deed of the cemetery which the town voted to purchase and will say we have made an effort to get the matter closed but have not done so although we have been promised a deed of all the unsold lots. While in our opinion it would be better for the town to purchase the old cemetery than land for a new one, we must acknowledge that we can see no way to close the transaction. Something must be done regarding a cemetery as it is a disgrace to our town the way the matter stands and everyone should be interested in getting it settled up.

G. A. PROCTOR, TOWN TREASURER.
Superintendent's Report.

Citizens of Rangeley:

For the second time I have the honor of submitting to you my annual report of the condition of the schools in town.

I have endeavored to select teachers who were fitted for the work, and have given no little time and thought to their selection. In one or two cases the schools have not been what we would wish, due wholly to lack of order. As a rule the teachers have given good satisfaction. They have been interested in their work and in each pupil individually. Improvement Leagues have been formed in every school district and cannot fail to be a benefit to the community.

The Course of Study has proved a great help, as it makes each pupil feel responsible for doing a certain amount of work each term. It is now very necessary to add two years to the course already laid out, thus giving those pupils who graduate from the Grammar school, also any others who pass a satisfactory examination in Grammar school studies, the benefit of a High school course.

By moving partitions a room for recitations can be made adjoining the Grammar room. The expense of this would probably not exceed $50.00. About $25.00 would be needed to furnish the room.

The principal, with an efficient assistant, would be able to conduct the work of the present Grammar school and the proposed additional grades. I therefore earnestly recommend that a sufficient sum be raised to defray the expense of these advanced grades, for unless this is done those pupils who graduate in the spring will be obliged to go out of town in order to gain a higher education.

Last year an appropriation of $150.00 was made for repairs on schoolhouses, but as nearly $50.00 of this had to be used to pay the deficit of 1898, I have to report an overdraft for 1899 of about the same amount. The Intermediate room has been ceiled and painted.
and the woodshed repaired by shingling, painting, etc., while miscellaneous repairs have been made in other schools as needed.

In other matters we have kept within the appropriations. We are glad to note the interest some of the parents take in the schools as shown by their visits, and hope the coming year there will be a still greater gain in this respect.

Thanking the members of the School Board for assistance and the people of Rangeley for their courtesy and kindness, this report is respectfully submitted.

MRS. SYLVADER HINKLEY, Supt. of Schools.
